## Quote from student

**Paige Abernethy**  
**Bachelor of Agricultural Science**

“If you are thinking about going on exchange, all I can say is, do it. You will have the most amazing experience and get to travel while completing a semester of your degree. It is easy enough to find the balance between school work and travel. Some of the weekends I spent away included a canoe trip in a national park, trips to New York City and Niagara Falls, visiting the cool bars in Toronto and spending thanksgiving in French Canada – Montreal and Quebec City. The classes are very similar to the ones at Lincoln, however, Guelph offers extra classes that Lincoln does not have, such as equestrian, modern history, etc. I made amazing friends from all over the world who I can stay in contact with. I would highly recommend studying abroad. I have no regrets from my trip and you can benefit so much from studying overseas.”
