Maramataka
In Māori culture, a Kaitiaki image is a guardian who can be responsible for watching over and protecting the people and treasures of a place. This contemporary Kaitiaki, carved in totara by Māori artist John Bevan Ford, greets patrons of the University’s library from its position on the first floor bridge. The sculpture’s constant presence signifies that the library, as a house of valued knowledge, learning processes and knowledge seekers, is worthy of protection.

Born in Leeston, John Bevan Ford was part of a pioneering generation of Māori artists in the 1960s using traditional symbols, patterns and motifs in modern contexts. He was also a strong advocate for professional art education in New Zealand, introducing a Māori visual arts programme to Massey University. His works intersect painting, weaving, carving, and sculpture, four of which reside here in the University’s collection.

Academic Dates 2023

JANUARY | IWA (KOHI-TATEA)
---
Monday 9  January Summer School commences
EAP Module 1 commences
Wednesday 11  University opens for 2023
Thursday 12  Deadline to enrol in, or change, January Summer School courses.
Deadline to apply for prerequisite dispensations and partial waivers for January Summer School.
Friday 13  Last day to withdraw from January Summer School (with refund)
Friday 20  Last day to withdraw from January Summer School (no refund).

FEBRUARY | KAHURU (HUI-TANGURU)
---
Wednesday 1  Deadline for Practical Work reports if wishing to resubmit for Graduation 2023
Monday 6  Waitangi Day – University closed
Tuesday 7  EAP Module 2 commences
Thursday 9  January Summer School lectures end
Friday 10  Exams for Full Summer School and January 2023 Summer School
Mon 13 - Fri 17  Preparation Week for new students starting in Semester 1
Wednesday 15  Submission of Full Summer School and January 2023 Summer School results by examiners (by 4pm)
Thursday 16  January Summer School Examiners’ meeting (9.00am) AAC
Examinations’ Meeting (3pm)
Friday 17  Summer School results released
Monday 20  Semester 1 lectures start
University Powhiri
Final deadline for submission of Practical Work reports for Graduation 2023
Sunday 26  Deadline for pre-requisite dispensations and partial waiver applications for Semester 1 courses
Monday 27  Deadline to enrol in, or change, Semester 1 courses

MARCH | KAHURU-KAI-PAEKA (POUTU-TE-RANGI)
---
Friday 3  Field trip day
Friday 10  Last day to withdraw from Semester 1 (with refund)
Monday 13  EAP Module 3 commences
Thursday 16  Field trip day
Friday 17  Deadline for recount/reconsideration applications and return of examination scripts for January Summer School
Monday 27  Field trip day
Friday 31  Last day of lectures before mid-term break

APRIL | KAI-TE-HAERE (PAENGA-WHĀWHĀ)
---
Monday 3- Friday 21  Mid-term break. Week 1 of the break may be used for Experiential Learning.
Friday 7  Public Holiday - Good Friday
Monday 10  Public Holiday - Easter Monday
Tuesday 11  University Holiday
Monday 17  EAP Module 4 commences
Monday 24  Lectures resume
Tuesday 25  Public Holiday – ANZAC Day
Wednesday 26  Field trip day

MAY | MĀTAHI Ā TE TAU (HARATUA)
Tuesday 9  Field trip day
Friday 12  Graduation Ceremony
Monday 22  Semester 1 examination scripts due
           EAP Module 5 commences

JUNE | MARUAROA (PIPIRI)
Friday 2  Semester 1 lectures end
Monday 5  King’s Birthday – University closed
Mon 12– Fri 23  Semester 1 examinations
Friday 23  Semester 1 ends

JULY | TORU (HŌNGONGOI)
Monday 3  EAP Module 6 commences
Monday 10  Faculty Examiner’s Meetings
Tuesday 11  AAC Examinations meeting
Wednesday 12  Semester 1 examination results released
           Final date for submission of honours dissertations for students
           registered in Semester 1
Friday 14  Matariki – Public Holiday
Monday 17  Semester 2 lectures start
Sunday 23  Deadline for pre-requisite dispensations and partial waiver
           applications for Semester 2
Monday 24  Last day on which students may enrol in, or change courses for
           Semester 2
Wednesday 26  Field trip day
Monday 31  EAP Module 7 commences

AUGUST | WHA (HERE-TURI-KŌKĀ)
Friday 4  Deadline to withdraw from Semester 2 courses (with refund)
Monday 7  Field trip day
Wednesday 9  Deadline for recounts, reconsiderations, and exam script returns for
           Semester 1
Tuesday 22  Field trip day
Friday 25  Last day of lectures before semester 2 mid-term break
Mon 28 August - Fri 8 September
           Mid-term break

SEPTEMBER | RIMA (MAHURU)
Monday 4  EAP Module 8 commences
Monday 11  Semester 2 lectures continue
Friday 22  Field trip day
OCTOBER | ONO (WHIRINGA-Ā-NUKU)
Friday 1  Enrolment opens for 2024
Applications due for halls accommodation for Semester 1 2024
Thursday 5  Field trip day
Monday 9  Semester 2 examination scripts due
EAP Module 9 commences
Friday 20  Semester 2 lectures end
Monday 23  Labour Day – University closed
Mon 30 Oct - Fri 10 November  Semester 2 examinations

NOVEMBER | WHITU (WHIRINGA-Ā-RANGI)
Friday 10  Semester 2 ends
Monday 13  November Summer School lectures begin
EAP Module 10 commences
Tuesday 15  Submission of Semester 2 examination results by Examiners
Thursday 16  Deadline to enrol in, or change, November Summer School courses
(5 weeks)
Deadline for pre-requisite dispensations and partial waivers for
November Summer School (5 weeks)
Friday 17  Public Holiday – Canterbury Anniversary Day
Monday 20  Last day to withdraw from November Summer School (5 weeks)
with refund
Deadline to enrol in November Summer School (full semester
period)
Wednesday 22  Faculty Examiner’s Meetings
Thursday 23  AAC Examinations’ meeting
Final date for submission of honours dissertations for students
registered in Semester 2
Friday 24  Semester 2 examination results released

DECEMBER | WARU (HAKIHEA)
Friday 1  Deadline to withdraw from November Summer School (full semester
period), with refund
Thursday 14  November Summer School (5-week) lectures end
Friday 15  November Summer School exams
Wednesday 20  Faculty Examiner’s meetings
Submission of results by examiners AAC Examinations meeting
(3pm)
Thursday 21  Deadline for recounts / reconsideration and return of examination
scripts for Semester 2
November Summer School results released

Academic Staff

This list is compiled as at 31 December 2022, but may include staff known to be taking up appointments and redesignations known to be occurring after that date. The year shown is the year of taking up the first appointment.

Distinguished Professors

Philip Hulme BSc(Hons) PhD London, FRSNZ (Distinguished Professor since 2019)

Caroline M. Saunders ONZM, BSc(Hons) Wales, PhD Newcastle (Distinguished Professor since 2020)

Emeritus Professors

Bruce J. Ross MAgrSc Cant, Agricultural Economics (Emeritus Professor since 1983)

David W. Bullock MAgrSc R’dg, PhD Ill, DSc Nott, Biochemistry (Emeritus Professor since 1997)

Richard N. Rowe BAgrSc Melb, MS PhD Calif, Horticulture (Emeritus Professor since 1999)

Ian S. Cornforth BSc(Hons) Durh, PhD Lond, FNZIAS, CPAg (Emeritus Professor since 2000)

Roger J. Field BSc(Hons), PhD Hull, FNZIM Plant Science (Emeritus Professor since 2004)

Tony Zwart BAgSc, MSc Cant, PhD Guelph (Emeritus Professor since 2007)

Christopher Kissling MA Cant, PhD McGill, FCILT FRAeS (Emeritus Professor since 2010)

Alan E. McKinnon BE, PhD Cant, (Emeritus Professor since 2011)

Ronald G. McLaren BSc(AgrSc)(Hons) Lond, PhD Nott, FRSNZ, FNZSSS (Emeritus Professor since 2012)

Roy Bickerstaffe BSc(Hons), PhD Liv (Emeritus Professor since 2012)
Andrew R. Sykes  
DSc Wales, PhD Edin (Emeritus Professor since 2012)

Ian F. Spellerberg  
MSc Cant, PhD LaTrobe (Emeritus Professor since 2013)

Alison Stewart  
BSc(Hons) Glas, PhD Stir, FNZIAHS, CNZM, FAPPS (Emeritus Professor since 2013)

Ross Cullen  
BCom(Hons), PhD Otago, DipAgr, DipVFM Lincoln (Emeritus Professor since 2014)

Grant Cushman  
MSc, PhD Ill, DipPhEd Otago, DipTchg, MRSNZ (Emeritus Professor since 2014)

Penny Carnaby  
BA, DipEd UNSW, FLIANZA, CILIP, RLIANZA (Emeritus Professor since 2015)

Sheelagh Matear  
MSc CNAA, PhD Plym (Emeritus Professor since 2016)

Simon Swaffield  
MA Camb, DipLD Manc, DipTP(h-W), PhD (Emeritus Professor since 2018)

Tony C. Bywater  
BSc(Hons) Reading, PhD Nott (Emeritus Professor since 2018)

David G. Simmons  
BSc, MApplSc Cant, PhD Wat (Emeritus Professor since 2020)

S. Ravi Gooneratne  
BVSc Ceyl, DipTox Sask, PhD Murd, FRCPath (Emeritus Professor since 2020)

Brian Jordan  
PhD Newcastle, Hon Dr Ōrebro (Emeritus professor since 2020)

David Palmer  
BSc(Hons) Cant, MSc Toronto, PhD Massey (Emeritus Professor since 2020)

Keith C. Cameron  
ONZM, BSc(Hons) Aberdeen, PhD Reading, FNZIAS, FNZSSS, FRSNZ (Emeritus Professor since 2020)

Geoffrey N. Kerr  
MA Cant, PhD Lincoln (Emeritus Professor since 2022)

Kenneth F.D. Hughey  
BA, MSc, PhD Cant, DipTchg (Emeritus Professor since 2022)
Faculty of Agriculture and Life Sciences

Dean  Professor James Morton

Lincoln University

History
Lincoln University has a history dating back to 1877 when land was purchased at Lincoln by the Canterbury College Board for the purpose of establishing a school of agriculture. The first director of the Lincoln School of Agriculture took up duties in 1878 and the school opened in 1880. In 1896, control of the school was removed from the board of Canterbury College and the school became known as Canterbury Agricultural College. The College was recognised as a school of agriculture by the University of New Zealand and a degree in agriculture was instituted. In 1927, the College became a constituent college of the University of New Zealand. On the dissolution of the University of New Zealand in 1962, the College was renamed Lincoln College and became a constituent college of the University of Canterbury. On 1 January 1990, Lincoln College was renamed Lincoln University (Education Amendment Act 1989) and with the passing of the Education Amendment Act 1990, Lincoln University became an autonomous university. On 1 January 2011, following a merger, Telford Rural Polytechnic was incorporated into the University as the Telford Division of Lincoln University. Subsequently the Telford Division was renamed the Lincoln-Telford Division. On 31 July 2017 the Telford Division was transferred to the Taratahi Agricultural Training Centre.

Governance
The governing body of the University is the Council, which is chaired by the Chancellor. The Vice-Chancellor, the University’s Chief Executive Officer, is also a member of Council.

Faculties
Three Faculties (Agribusiness and Commerce; Agriculture and Life Sciences; Environment, Society and Design) deliver teaching and research and are headed by a Dean.

Division
One Division (University Studies and English Language) delivers non-degree teaching and is headed by a Director.

Research Centres
Lincoln University hosts a stand-alone research centre, the Agribusiness and Economics Research Unit, which is the second oldest social science research centre in New Zealand. The University also hosts the TEC-funded Centre of Research Excellence, Bioprotection Aotearoa. A number of other research centres are aligned to the Faculties.

Farms
Lincoln University operates a variety of farms across New Zealand, which contribute to one or more activities: education, training, demonstration, research, and scholarship support. The farms’ purposes cover dairy, arable and cropping activities, high country runs and light land research predominantly devoted to intensive pastoral systems and sheep research programmes. The Te Waihora campus also hosts a vineyard and winery, the National Vine Collection and the Biological Husbandry Unit, which features a diverse range of established model organic agricultural and horticultural systems used for research, demonstration and education.
Lincoln University’s crest or ‘coat of arms’ (technically ‘armorial bearings’) is an amalgam of design elements from three sources and periods of time. Together these sources provided the basis for a fourth unifying design commissioned in 1939 and adopted in 1940.

The three initial sources and times were the Canterbury Association’s emblem of 1849, the Canterbury Agricultural College’s Seal of 1896 and the Canterbury Agricultural College Students’ Association’s badge from its foundation year of 1919.

The unified design dates from 1939-1940 when Professor Eric Hudson, Director of Lincoln University’s antecedent institution Canterbury Agricultural College, invited the School of Art at Canterbury University College to draft an appropriate heraldic crest for official and formal use. In 2018, the design was simplified for the purposes of publications but the original design remains on the parchments.

The Students’ Association badge of 1919, with its motto Scientia et Industria cum Probitate (Science and Industry with Integrity) contributed by College veterinarian AA Taylor, had been widely used on sports blazers and trophies throughout the 1920s and 1930s but its design had never conformed fully with heraldic principles.

The ‘coat of arms’ as designed by the School of Art incorporates ecclesiastical, agricultural and other symbols on the background of a shield. A cross and two bishops’ pallia (vestments) are drawn from the Canterbury Association’s emblem and indicate Canterbury’s original association with the Church of England and the connection of the early settlers with the church-based Canterbury Association. The animal heads (ox and sheep) represent the pastoral industries and the sheaf represents agriculture in the husbandry sense. The mortar and pestle refer to science. The dominating chevron across the centre of the shield, also taken from the Canterbury Association emblem, is an architectural symbol indicating the pursuit of activities as being combined under one roof.

The 1940 crest was approved by the College of Heralds in London, but never taken to the final step of registration, the cost at the time being regarded as prohibitive. It has, however, gone on to become enshrined as Lincoln University’s ‘coat of arms’ and has been used down to the present day.

The colours used in the crest are red, white, gold and navy. Red for the ecclesiastical elements, gold for the agricultural and science symbols, white for the chevron and as the background to the cross and pallia, and blue as background for the remainder of the shield.

Statutes and General Regulations

Admission
With reference to its Admission Regulations, the University reserves the right to make changes to these regulations, including fees changes, at any point during the Calendar year. Any such changes will be posted on the University’s website. Students who have already received an Offer of Place are assured that their admission status will not be affected by any changes to these regulations.

A. GENERAL
1. Any person is academically qualified to matriculate who:
   (1) Satisfies the requirements for entrance to a degree at a university in New Zealand; or
   (2) Transfers from another university in New Zealand as qualified to enrol for a degree; or
   (3) Is granted Special Admission to a degree; or
   (4) Is admitted with equivalent status (ad eundem statum) as qualified to enrol for a degree; or
   (5) Is granted Discretionary Entrance to a degree.

   Notes: (a) The requirements referred to in (1) above are set out in the N.Z. Qualifications Authority (Assessment, Examinations and Certification) Regulations, 1993.
   (b) Discretionary Entrance, referred to (5) above is specified in the Universities New Zealand Discretionary Entrance Regulations 2008.
   (c) For information on Special Admission and admission with equivalent status (ad eundem statum), refer to C and D below.

2. Any person qualified to matriculate may, subject to Regulation 5, enrol for an undergraduate degree or for a Certificate of Proficiency in a course for a degree.

3. Subject to Regulations 5 and 6, any person may enrol for a qualification other than an undergraduate degree who satisfies the requirements for admission specified in the regulations for that qualification.

4. (1) Any person who is qualified to matriculate must, upon first enrolling, sign the following matriculation declaration: I solemnly promise that I will faithfully obey the statutes and regulations of Lincoln University so far as they apply to me.

   (2) A matriculation declaration must be made not later than six working days from the start of semester each year of a student’s first enrolment, provided that a declaration may be made within 21 days after that date if accompanied by a late fee and approved.

   Note: See the Schedule of Fees for the late fee.

5. Tuition for every programme offered by Lincoln University is conducted in the English language. Within some programmes, certain of the courses offered may be taught in Te Reo Māori. Enrolment in the University shall be declined or cancelled unless the applicant can satisfy the Academic Board of his or her competence in one of the official languages of New Zealand.
Note: 1. While the official languages of New Zealand are English and Te Reo Māori, tuition at Lincoln University is conducted in the English Language. In certain courses, however, parts of the tuition will be conducted in Te Reo Māori. Students who satisfy the requirements of Note 2 below in the medium of Te Reo Māori are advised, in addition, to meet one of the English language competency requirements.

Students wishing to be examined in any course in the medium of Te Reo Māori are advised to contact the Chief Academic Officer to obtain a copy of the University’s procedures for examination in Te Reo Māori.

2. For the purposes of this regulation, any applicant meets the language competency requirements of the Academic Board if either the conditions in a) or b) are met:

   (a) (1) The applicant has a New Zealand university entrance qualification through study and examination in Te Reo Māori; or
   (2) The applicant in the case of special admission, can provide evidence of competency in Te Reo Māori acceptable to Academic Board;

   (b) Applicants for admission to the University must satisfy the Academic Board of their competence in both written and spoken English. The Academic Board will be satisfied of an applicant’s competence in English if one of the following criteria is met:

   (1) English is the applicant’s first language;
   (2) (a) The applicant has a New Zealand university entrance qualification which includes evidence of competence in English.
   (b) The applicant has a New Zealand qualification that meets the admission requirements for a non-matriculant programme and one which includes evidence of competence in English.
   (3) The applicant has an overseas entrance qualification from a country where the main language is English, the instruction for that qualification was in English and includes evidence of competence in English.

   (a) Evidence of competence in English can be the NCEA literacy component of University Entrance, or a passing grade in an English rich subject in NCEA Level 3 or an equivalent qualification. For the purposes of these regulations an English rich subject is one which includes a significant written and/or spoken English component.
   (b) The University reserves the right to request additional evidence of competency in English.
   (4) The applicant performs to a satisfactory level in an approved English language test (as set out below).
   (5) The applicant provides other evidence of competence in English acceptable to the Academic Board.
   (6) He or she meets the requirements of the Academic Board in any other test of an official language of New Zealand recognised by the Academic Board for that purpose.

3. The University does not accept responsibility for any academic failure by any student, attributable to the student’s lack of competence in written or spoken English or Māori, despite the student having satisfied the Academic Board through meeting any of the requirements in 2 above.

Note: It is expected that on entry to Lincoln University degree and diploma programmes, students will be able to:

   (a) Write grammatically correct English. Students must be able to develop ideas and to express themselves in well-structured, accurate and extended written English. Typically essays or reports of about 1,000 words are expected of first-year students. Even in courses where mathematical and scientific symbols are the main means of expression, the ability to write clear, accurate English is required. Most assignments and examinations use essays and reports as the main type of written work.
(b) Read English actively and with understanding. Students must be able to find relevant information, without special guidance, to follow the structure of a narrative and to comprehend and analyse a line of argument.

(c) Listen to and discern key points in English. Students must be able to follow complex and technical discussion in both formal lectures and informal groups.

(d) Speak freely and clearly in English. Students will be expected to contribute actively to discussion and to present ideas in classes.

6. **Declined or cancelled admission or enrolment**

Admission to the University, or enrolment in any particular programme or course, may be declined or cancelled for any of the following reasons:

(1) The applicant has not attained the age of 16 years before 1 January in the year of enrolment;

(2) The applicant is enrolled for full-time instruction in a secondary school;

(3) The applicant is enrolled at a university other than Lincoln University;

(4) The applicant does not satisfy the requirements for entrance to a degree at a university in New Zealand, as stipulated under Regulation A.

(5) The applicant fails to satisfy any requirement or condition specified in a programme regulation;

(6) In the opinion of the Vice-Chancellor, there is an insufficiency of accommodation or of teachers in the course or courses in which the applicant wishes to enrol;

(7) In the opinion of the Vice-Chancellor, there are insufficient enrolments;

(8) The applicant’s academic record is such that:
   
   (a) the applicant has been declined enrolment at Lincoln University or at another university; or
   
   (b) if it were subject to review in accordance with the Unsatisfactory Progress Regulations, then it would warrant the applicant’s exclusion from the University or from any particular course or courses in the University;

(9) The application for admission or enrolment contains untrue or misleading statements, or is supported by untrue or misleading evidence;

(10) Misconduct or a breach of discipline on the part of the applicant;

(11) The applicant is not a person of good character.

7. **Right of Appeal**

(a) Any applicant aggrieved by a decision under Regulation 6 may appeal to the Convenor of the Academic Administration Committee, within 14 working days of the date of the decision being communicated to the applicant, or such longer period as the Convenor may determine.

(b) Any appeal must be made in writing and supported by such evidence as the applicant wishes the Convenor to consider.

(c) The decision of the Convenor is final, and will be communicated to the applicant within 14 working days.
B. TRANSFER
1. Any person who has been enrolled at another university in New Zealand may transfer:
   (1) As a candidate for a degree or other qualification with such credit or status as the Academic Board may determine; or
   (2) On the terms that they may enrol for a degree or other qualification on attaining a qualifying standard in such courses as the Academic Board may determine; or
   (3) On the terms that they may become eligible for the award of a degree or other qualification on passing such courses as the Academic Board may determine.

2. A student who transfers with the status of a holder of a degree or other academic award is deemed to satisfy any academic requirement which a holder of this award may satisfy, but not to be a holder of this award.

3. The enrolment of any student who transfers is provisional and the matriculation of such a student will not be completed until the Vice-Chancellor has accepted the student's record as satisfactory.

C. ADMISSION WITH EQUIVALENT STATUS (AD EUNDEM STATUM)
1. Any person who has gained academic qualifications at any other university or place of learning may be admitted with equivalent status (ad eundem statum):
   (1) As a candidate for a degree or other qualification with such credit or status as the Academic Board may determine; or
   (2) On the terms that they may enrol for a degree or other qualification on attaining a qualifying standard in such courses as the Academic Board may determine; or
   (3) On the terms that they may become eligible for the award of a degree or such other qualification on passing such courses as the Academic Board may determine.

2. A student admitted with equivalent status (ad eundem statum) with the status of a holder of a degree or other academic award is deemed to satisfy any academic requirement which a holder of this award may satisfy, but not to be a holder of this award.

3. Applications for admission with equivalent status (ad eundem statum) must be addressed to the Academic Board or delegated authority and supported by:
   (1) Evidence identifying the applicant; and
   (2) Original certificates of the academic qualifications on which the application is based (or certified copies thereof).

Note: Applications may be made at any time, but to be certain of receiving notification of acceptance in time to complete the formalities (especially in the case of overseas applications), applicants must make sure that the necessary material to support an application is submitted a minimum of six weeks prior to the beginning of the teaching period in which the applicant plans to begin studies.
D. SPECIAL ADMISSION

1. Any person who has attained the age of 20 years on or before the first day of the semester in which the course commences may be granted Special Admission as a candidate for a degree or other academic qualification.

Note: Except in special circumstances, applications for Special Admission are accepted only from citizens and permanent residents of New Zealand. Temporary residents seeking admission as candidates for a degree normally must be admitted with equivalent status (ad eundem statum).

2. The enrolment of any person granted Special Admission shall be subject to Regulations A5, A6 and A7 of the Admission Regulations.

3. Applications for Special Admission must be addressed to the Academic Board or delegated authority and supported by satisfactory evidence of age no later than the first day of the first semester of study.

E. INTERNAL ENROLMENT

1. The academic year is divided into two semesters and three Summer Schools: Full, November and January.

2. Enrolment
   (1) All students are required to enrol in each year of enrolment.
   (2) All students are required to complete their enrolment after payment of the prescribed fees.
   (3) All students are required to maintain their address details via the Student Portal.
   (4) (a) With the exception of thesis candidates, no student shall enrol or register in a semester one, semester two or full summer school course any later than six working days after the first day of the semester in which the course is offered.
   
   (b) No student shall enrol or register in a January or November summer school course any later than three working days after the first day of the semester in which the course is offered.
   
   (c) Students intending to enrol in the following programmes should refer to the Lincoln University website and/or Student Administration for final enrolment dates: Diploma in Horticultural Business, Master of Business, Master of Professional Accounting, Pathway Certificate for MPA Entry, Postgraduate Certificate in Commerce (online), Vintage semester (Viticulture and Oenology students only).

   (5) The Academic Board or delegated authority may - in exceptional circumstances only - permit students to enrol or register after the due date without penalty, provided application is made in writing before the due date.
F. ENROLMENT FOR CERTIFICATE OF PROFICIENCY
1. With the approval of the Vice-Chancellor, a student may enrol in any course or courses offered at Lincoln University for which credit to a degree, diploma or certificate is not sought and may receive a Certificate of Proficiency for each course in which the examiner is satisfied that a pass has been gained.

2. A student enrolled for a Certificate of Proficiency in a course shall attend such lectures, sit such examinations and do such other work as is required of students enrolled in the course for a degree, diploma or certificate.

3. A student who has received a Certificate of Proficiency for a course may, at a later date, have that course credited to a degree, diploma or certificate if, at the time it was passed for a Certificate of Proficiency, the conditions for crediting that course were fulfilled.

4. A student enrolled for a Certificate of Proficiency shall pay such tuition, Students’ Association and other fees as are set out in the Schedule to the Fees Regulations.

G. OCCASIONAL ENROLMENT
1. Subject to the following conditions, enrolled students, members of staff and other persons may be permitted to attend lectures in courses offered by the University for purposes other than credit towards a degree, diploma or certificate or other qualification. Attendance at lectures under these circumstances shall be considered as occasional enrolment.

2. Permission to take any course on an occasional enrolment basis shall be subject to facilities being available in the course concerned and shall be at the discretion of the Faculty Dean concerned. Such permission shall not extend to the sitting of formal examinations or any other form of assessment, or normally to practical classes.

3. Enrolled students and current and retired members of staff shall not be required to enrol formally for courses being taken under the provisions of these regulations and no fee shall be payable. Other persons must enrol formally for the course concerned and pay the prescribed fee.

4. No exemption or credit shall be conferred under these regulations if the course taken is subsequently taken for credit towards a degree, diploma, certificate or other qualification.

H. COURSE ADVICE AND APPROVAL OF COURSES OF STUDY
1. Course Advisors and Academic Coordinators are appointed for each programme offered at the University.

2. All students are encouraged to obtain academic advice prior to enrolment.

3. Postgraduate students must obtain approval from the relevant Academic Coordinator for all enrolments and any changes to those enrolments.

4. Students admitted to Graduate Certificates or Graduate Diplomas must obtain approval from the relevant Academic Coordinator for all enrolments and any changes to those enrolments.

5. Students admitted to pre-degree programmes must obtain approval from the relevant Academic Coordinator for all enrolments and any changes to those enrolments.
I. FEES REGULATIONS

1. Interpretation:
   In this section, ‘University’ means Lincoln University, including all faculties, divisions, departments, units, agencies and operations of Lincoln University, including all subsidiaries of Lincoln University which provide services to students.

2. Fees Payable:
   (1) All students of the University shall pay such tuition fees and course fees as are set out in the schedule to these regulations.
   (2) In addition to a tuition fee, all students registered at Lincoln University shall be required to pay a student services fee, as set out in the schedule to these regulations.
   (3) A refund or exemption from payment of part of the student services fee may be made in the following circumstances.
      (a) To any students who are absent from the University during the teaching year in pursuit of their studies or associated work, in which case their fee shall be reduced as provided in the schedule to these regulations.
      (b) On hardship grounds.
   (4) (a) Applications for relief or exemption made under the provisions of this regulation will be considered by a committee comprising a nominee of the Vice-Chancellor, a postgraduate student nominated by the staff representative on the University Council, and the Lincoln University Students’ Association President.
      (b) Students may appeal against the decision of the Committee to the Vice-Chancellor. The decision of the Vice-Chancellor is final.
   (5) A deposit may be charged to any student given possession of University property or equipment. The deposit, in these cases, will be refunded to the student on the return of the property or equipment in question in good order. If the property or equipment in question is not returned, or is returned in a damaged state, then all or part of the deposit may be withheld.
   Note: The schedule of fees is established annually by the Council. The schedule will take effect from the first registration in any year and will apply until the day before the first registration in the following year.

3. When payable
   (1) All tuition, course and student services fees relating to a student’s approved course of study are payable in full at registration.
   (2) Residential fees are payable in full at the beginning of each year, but may be paid a semester in advance.
   (3) All other fees are payable at application.
   (4) A student whose fees remain unpaid after the due date, or who has outstanding fines or owes debts to the University may be excluded from classes and/or from obtaining other services provided by the University, unless some prior arrangement has been made with the Academic Board or delegated authority and that arrangement has been adhered to. The references to ‘fees’ and ‘debts’ above include all fees and debts owed to the University by a student of whatever nature.
4. Refund of Fees

(1) Domestic Students

Any student who cancels their enrolment and withdraws from the University no later than 21 days after the first day of a full semester or five days after the start of Summer School shall be entitled to a refund of 100% of the tuition fee payable for that semester. Research students who cancel their enrolment or withdraw will be charged up to and including the month that they withdraw in and refunded the credit balance remaining.

(2) International Students

A withdrawal fee will be charged to all international students who request a tuition fee refund as a result of:

- A semester or module cancellation or withdrawal
- Transferral to another educational institution or
- Enrolling but not registering; no later than:
  - 21 days after the first day of full semester
  - five days after the start of a summer school
  - five days after the start of an initial enrolment period in English language programmes, and five days after the start of additional modules

Students who are currently registered and entitled to a refund that is due solely to an overpayment, which is to be refunded by cheque or to a New Zealand bank account, will not be charged a refund fee.

All refunds being deposited into an overseas bank account will be charged an additional administration fee of $50, including GST.

Note: Domestic or International students who do not cancel or withdraw from an entire semester’s enrolment will be entitled to a full refund of fees for that course which is dropped.

5. Students whose fees are covered by grants, etc.

In compliance with government statutes, regulations and conditions governing Student Loans, Government Study Awards, teachers’ assistance and other awards, the University will claim the appropriate portion of tuition fees and other allowable charges from the authority concerned. Students whose fees are claimed under such awards and who discontinue their courses of study or parts thereof, are liable to have their grants or assistance suspended and are strongly advised to consult the agency providing the assistance regarding the regulations for their particular award.

6. Subject to the provisions of the Education Act 1989, the Vice-Chancellor shall have power to make special provision in individual cases of hardship arising from Regulations 3 and 4 of these regulations and Section 6 of the Schedule to the Fees Regulations.
Schedule to the Fees Regulations

1. TUITION FEES: NEW ZEALAND STUDENTS
   (1) Domestic tuition fees are based on the courses for which a student is enrolled.
   (2) Any student who fails to pay tuition fees or an installment by the due date may be excluded from classes and/or from obtaining other services provided by Lincoln University.
   (3) Lincoln University may refer any unpaid debt to a debt collecting agency for recovery.
      (a) Collection Costs
          Costs of collection, including any legal fees or court costs, will be the responsibility of the student and will be charged to the student’s account.
          Unless otherwise agreed in writing, all fees and charges must be paid by the due dates. If payment is not made by the due dates, then, without prejudice to any other remedies available to Lincoln University, interest shall be charged on overdue amounts at the rate of 2% per calendar month.
      (b) The Privacy Act
          All students authorise Lincoln University to collect and hold personal information from any source considered appropriate, to be used for the purposes of determining credit worthiness, for debt collection purposes or for any other related purposes.
          All students further authorise Lincoln University to disclose personal information held for the purposes set out above to any other parties, including subsidiaries and related companies.

2. PAYMENT OF TUITION AND OTHER FEES
   Note: (1) Sub Clause (2) below applies to New Zealand citizens and New Zealand permanent residents only. International students wishing to pay other than in full at or before registration should make enquiry to the Chief Operating Officer.
   (2) Payments should be made before or during registration. Visa and MasterCard payments are accepted either in person or over the internet. Note that Lincoln University does not accept payment by cheque or cash.
   (1) Scheme One: Payment at Registration
       A student who, on registration, pays all of the:
       a. Tuition fees
       b. Student services and other fees shall not be charged any administrative fee and shall be deemed to have met the registration requirement.
   (2) Scheme Two: Payment by Semester
       All students may elect to pay tuition fees on a semester or teaching period basis, with the exception of thesis students, who are required to pay for the full academic year.
3. **PAYMENT OF TUITION FEES BY STUDENT LOAN**

If a student agrees to pay tuition and other authorised fees through the student loans scheme and either does not authorise StudyLink to make the payment, revokes an earlier authority, or is ineligible for a student loan, then the student shall be deemed to be in default of their payment and to remain liable for payment in full of all outstanding fees and charges.

INTERNATIONAL STUDENT TUITION FEES 2023

International Programme Package Fees for new international students in 2023 (and those students who have not previously completed their qualification in the ordinary time and who return from an absence of study of two semesters or more) are as follows:

(Note that continuing international students will pay the Programme Package Fees set for their year of initial enrolment, provided they have maintained good progress).

General Course and Examination Regulations

A. ENROLMENT IN PROGRAMMES

1. The personal course of study of every candidate for a degree or other academic qualification must be approved by the Academic Board. In special cases a course of study may be approved that does not conform to the programme regulations. Applications for exemptions under this regulation must be submitted in writing to the Academic Board or delegated authority.

2. Subject to specific exemptions made in accordance with Regulation 1 above and to exemptions listed in the programme regulations, a student may be enrolled in a course only after having satisfied the prerequisites, if any, for the course, and only while concurrently enrolled in, or after having satisfied, every corequisite, if any, for the course.

3. (1) A student who is granted an exemption from the prerequisite requirements for any course may subsequently enrol in the prerequisite course.

(2) A prerequisite dispensation shall only apply to the course for the semester for which it is granted.

(3) The granting of an exemption from the prerequisite requirements for any course does not exempt the candidate from the requirement to pass the prerequisite course as a compulsory course in a degree or major.

4. A student may enrol for no more than two degrees or diplomas in the same year. When a student enrols for two degrees or diplomas in the same year, the Academic Board shall determine the number of courses for which the student may enrol.

5. Where prescriptions provide options, a student must consult the Faculty Dean concerned before any selection is made.

Note: (1) For the purpose of these regulations the term Faculty Dean includes the Academic Coordinator of an interdisciplinary course.

(2) Not all of the options listed in the prescriptions are necessarily offered in any one year.

6. If a student enrols again in a failed course or in a course in which a restricted credit has been received, the Faculty Dean concerned may grant exemption from laboratory, practical or field work in that course.

B. GENERAL CONDITIONS FOR CREDIT

1. A student seeking credit in any course must attend such lectures and perform satisfactorily such oral, practical, written and other work as the Faculty Dean concerned may require. The Faculty Dean shall give reasonable notice of these requirements.

2. If a student’s attendance or work in a course during the year is such that he or she will not in any event be credited with a pass in that course, the Faculty Dean shall take reasonable steps to inform him or her not later than the last day of lectures in that course.

3. No student may receive credit for two substantially equivalent courses.

4. Where a degree allows students to take one or more majors or minors in addition to the specific requirements of the degree, the following regulation shall apply:
   i. Any course required to be taken from the degree's own schedules to meet the 300-level requirements of the degree may not be credited to meet the requirements of any additional major or minor.
   ii. Any course credited at the 300-level to an additional major, may not be credited towards any other additional major or minor.

(2) For degrees that contain named majors (B.Com., B.E.S and B.Sc.), any course credited at the 300 level to a major or minor may not be credited to any other major or minor.

5. A student not enrolled in a course may not receive credit for that course without the leave of the Academic Board.

6. Credit may be withheld from any student who fails to pay any fee, fine or debt owed to the University or who fails to return University property.
   Note: This applies, for example, to library and parking fines and to costs incurred on behalf of students who are required to take part in field work or excursions at their own expense.

7. (1) All new students, with the exception of English Language, CUS, Research Masters and PhD students, must complete the Learning and Information Skills module during their first semester of study.
   (2) All undergraduate students are required, by the end of the first semester of their enrolment at Lincoln University, to complete the Respectfully Lincoln workshop administered by the Wellbeing team, unless they have been approved to opt out by the Wellbeing Manager.

8. A student shall take reasonable care of all University apparatus, equipment, machinery and other material with which they work and may be required to replace or repair, to the satisfaction of the Faculty Dean or Division Director concerned, any apparatus, equipment, machinery or other material lost or damaged through lack of reasonable care on their part. A student who fails to comply with these requirements may, at the discretion of the Academic Board, be excluded from laboratories and workshops or from using any such equipment, machinery or other material.

C. ASSESSMENT

1. Examiners shall be appointed by the Vice-Chancellor on the recommendation of the Faculty Dean.

2. The performance of each student enrolled for credit in a course shall be assessed on the basis of such examinations, tests and other work as the examiner for the course shall determine.

3. The Faculty Dean must inform the Academic Board or delegated authority and students, no later than the first day of teaching in each course, of the basis of assessment for each course and the value apportioned to work of various kinds.
   Note: Although the Faculty Dean is obliged to provide this information, students are responsible for ensuring that they acquire and understand it.

4. The examiner in each course shall give reasonable notice of the conditions applying to all work required in that course, including the dates of tests and the dates of submission of other work.
5. For the purpose of these regulations the term ‘work’ includes the following:

(1) formal examinations supervised by the Academic Board or delegated authority;
(2) major tests in the form of supervised written examinations, each worth not less than 10% of the total assessment;
(3) major work, other than major tests, each item of which is worth not less than 10% of the total assessment;
(4) minor work, each item of which is worth less than 10% of the total assessment.

These items of assessed work are referred to in these regulations as:

(1) Formal examinations
(2) Major tests
(3) Other major work
(4) Minor work

Classes (2), (3) and (4) are referred to collectively as ‘continuous assessment’.

6. The examiner for a course shall submit a signed report to the Academic Board or delegated authority recording the assessment, by both a percentage mark and a letter grade, of the performance of each student enrolled for credit in the course.

Note: (i) The following grading scale shall be used to award letter grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
</tr>
<tr>
<td>A</td>
<td>85-89</td>
</tr>
<tr>
<td>B+</td>
<td>80-84</td>
</tr>
<tr>
<td>B</td>
<td>75-79</td>
</tr>
<tr>
<td>B-</td>
<td>70-74</td>
</tr>
<tr>
<td>C+</td>
<td>65-69</td>
</tr>
<tr>
<td>C</td>
<td>60-64</td>
</tr>
<tr>
<td>C-</td>
<td>55-59</td>
</tr>
<tr>
<td>D</td>
<td>50-49</td>
</tr>
<tr>
<td>E</td>
<td>0-39</td>
</tr>
</tbody>
</table>

(ii) This grading scale came into force on 1 January 2009

(iii) Honours and Distinction

The grading system used to determine honours and distinction is as follows:

<table>
<thead>
<tr>
<th>Weighted Average Mark</th>
<th>Class of Honours</th>
</tr>
</thead>
<tbody>
<tr>
<td>80% or more</td>
<td>First Class Honours, or Distinction</td>
</tr>
<tr>
<td>70 – 79%</td>
<td>Second Class Honours, Division I, or Merit</td>
</tr>
<tr>
<td>60 – 69%</td>
<td>Second Class Honours, Division II</td>
</tr>
<tr>
<td>50 – 59%</td>
<td>Third Class Honours (where the regulations allow for the award of third class honours)</td>
</tr>
</tbody>
</table>

Honours refers to First Class Honours, or Second Class Honours, Division I, or Second Class Honours, Division II, or Third Class Honours

Distinction refers to Distinction and Merit (where Merit may be awarded also).
7. A pass or credit is awarded when a student achieves a final mark of 50% or above. In special circumstances, students may be awarded an ungraded pass (P) or an ungraded fail (F).

Note (i): Candidates who were awarded restricted credits (47-49%) in accordance with the grading scale that was effective up to and including 2008, may credit those restricted passes to their programmes according to the limitations placed on the use of restricted credits printed in the 2008 Lincoln University Calendar.

Note (ii) The following Special Grades may also be awarded and appear on a student’s academic transcript. These grades and all grades from A+ to F are included in the Grade Point Average calculations.

- * Eligible to sit special examination
- A, # The letter A in front of a grade, or # after a mark, indicates that the result was determined following aegrotat assessment.
- DNS Did Not Sit – counts as a fail grade. Use of DNS was discontinued from and including Semester 1, 2020.
- F Fail
- FFT Failed Field Test. Counts as a fail grade.
- NC Not Complete: this indicates that a prerequisite or mandatory component of the course has not been completed. Outstanding work must be completed within 4 months from the release of examination results otherwise a fail grade will be awarded.
- NR No Recommendation following an aegrotat application.
- P Pass. The P is equal to a C- grade.

Note (iii) The following Special Grades may also be awarded and appear on a student’s academic transcript, but are not included in the Grade Point Average calculations.

- CC Course Continuing. This grade is used for courses split over two semesters. The CC grade indicates completion of part A and a grade will be received for part B. The CC does not count towards the GPA calculation, however the grade received for part B will be included in the GPA calculation.
- CM Course Complete. This grade is used for the completion of a micro-credential course.
- CR Cross Credit. Credit awarded on the basis of prior learning.
- EX Exemption. Exempt the requirement to pass the course.
- IC Incomplete. This indicates that further assessment will be made before a grade is determined. Outstanding work must be completed by the date determined by the examiner or four calendar months from the release of examination results, after which a final grades will be awarded.
- IP In Progress. This indicates that work is in progress.
- MP Mark Pending. This indicates that work has been submitted for grading but that grading is not complete. No further action is required by the student.
- NCP No Credit Permitted.
- NRD No Recommendation During Disruption. Available for grades D, E and F.
- PDD Pass During Disruption. Available for grades C- through to A+.
- P* Pass
- RC Restricted Cross Credit. Restricted credit on the basis of prior learning. Counts as a restricted pass.
- RP Result Pending. This indicates that work has been submitted for grading but that grading is not complete. No further action is required by the student.
- SE Special Exam.
- TC Transfer Credit. Credit transferred on the basis of prior learning.
- WDN Withdrawn within the allowable withdrawal period.
8. The examiner for any course must make a permanent record of marks or grades for all individual components of assessment and these shall be retained by the examiner’s Faculty for a period of seven years.

D. FORMAL EXAMINATIONS

1. Formal examinations shall be conducted at such times and places and in accordance with such instructions as the Vice-Chancellor and the Academic Board may from time to time determine and subject to the regulations of this part.

Note: (1) Examinations may take place within the University precincts or online.

Where a student is to be absent from formal examinations on the grounds of sporting or other representative activities, an alternative venue and/or time may be nominated and approved by the Examinations Office.

(2) In certain cases of medical disability the University will make concessions regarding the conduct of formal examinations. Candidates who consider that, as a result of medical or other problems or because of physical handicap, they would benefit from special facilities at examination, should contact the Academic Board or delegated authority, the Inclusive Education Coordinator, or a member of the Student Health or Counselling Services.

(3) In the event that the University is officially closed and prevents formal examinations from being held, students scheduled to attend cancelled formal examinations will be granted automatically consideration under the aegrotat process for the course(s) affected by the closure. Students’ transcripts will have the following statement added: University officially closed: examination cancelled.

2. Three hours shall be allowed for an examination unless the Faculty Dean specifies otherwise to the Academic Board or delegated authority.

3. Students shall write answers in the presence of an examination invigilator, which may include an online invigilation service. Examination invigilators shall be appointed by the Vice-Chancellor or delegated authority. Some examinations may be open-book, in which case, invigilation is not normally a requirement.

4. Until the results have been published, no student shall communicate with any examiner about an examination paper in a completed course except through the Academic Board or delegated authority.

5. All final assessments shall be deemed provisional until such time as they have been ratified by the Academic Board or delegated authority.

6. The scripts shall be preserved for six months from the date of publication of results by the Academic Board or delegated authority, except that, where a special examination in a course is held later than six months from the date of publication of the results for that course, the scripts for that course shall be held until four weeks from the date of publication of the results of the special examination.

7. Aegrotat Assessment

(1) Illness or Injury

A candidate who has been prevented by illness or injury from presenting himself or herself at any examination in any course, or who considers that his or her performance in any examination in any course has been seriously impaired by illness or injury (including preparation for the examination) may, on application to, and with the approval of the Academic Board, be granted an ungraded pass, or a pass at an appropriate level in such course(s) or may, with the permission of the Academic Board, be allowed to sit a further examination in the course(s) concerned.
(2) Bereavement, Trauma, Critical Circumstances or Acts of God

A candidate who has been prevented from presenting himself or herself at an examination or who considers that his or her performance in an examination (including preparation for the examination) in any course has been seriously impaired:

(i) On account of exceptional circumstances, beyond his or her control, that have caused grief, distress or trauma to the candidate; or

(ii) On account of an act of God or war or similar exceptional circumstances; or

(iii) On account of other unusual exceptional circumstances beyond his or her control may apply for special consideration.

A candidate whose application has been approved may be granted an ungraded pass or a pass at an appropriate level in such course(s) or may, with the permission of the Academic Board, be allowed to sit a further examination in such course(s).

(3) Special Consideration - Misadventure

A candidate who, through oversight or mechanical failure or for any other reason, has missed an examination may apply to the Academic Board to be awarded an ungraded pass in the course concerned or may, with the permission of the Academic Board, be allowed to sit a further examination in the course concerned.

(4) For an application made under Regulation 7(1), (2) or (3) above to succeed, the following conditions must be satisfied:

(a) the candidate is enrolled as an internal student for the course of instruction at this University in the course(s) in question; and

(b) the illness, injury or other circumstance has been reported in writing to the Academic Board or delegated authority and an application on the prescribed form lodged with the Academic Board or delegated authority not later than two working days after the last examination affected; provided that, if an applicant satisfies the Academic Board that it was beyond his or her control to comply with the requirement, a late application may be considered, provided that it has been submitted at the earliest subsequent opportunity and before the publication of the examination results; and

(c) Applications lodged under 7(1)

As soon as practicable after the illness or injury, the candidate shall furnish a certificate (on the prescribed form) from a registered medical or dental practitioner or other professional person able to attest to the circumstances of the application relating to a consultation that has taken place, wherever possible, before the examination(s) or otherwise, within two working days of the examination(s).

The report shall include the following information:

(i) that the practitioner examined the candidate and on what date; and

(ii) that in the practitioner’s opinion, the candidate was unable, through illness or injury, to sit the examination or that, in the practitioner’s opinion, the extent to which the candidate’s illness or injury was likely to have impaired the candidate’s performance in the examination(s); and

(iii) sufficient detail of the illness or injury to show clearly that the candidate was not responsible for his or her disability; and
(iv) the nature of the illness or injury set out in sufficient detail and in a form suitable for submission, in cases of doubt, to a qualified referee; and

(v) the period over which the student’s performance has been affected.

(d) Applications lodged under 7(2) above

As soon as practicable after the critical circumstances, the candidate shall furnish to the Academic Board or delegated authority a certificate (on the prescribed form) from a registered medical practitioner, counsellor or other professional person able to attest to the circumstances of the application, where appropriate relating to a consultation that has taken place, wherever possible, before the examination(s) or otherwise, within two working days of the examination(s).

Where the application relates to bereavement, an act of God or other exceptional circumstances, beyond the candidate’s control, the candidate shall furnish to the Academic Board or delegated authority within two working days of the last affected examination, a report (on the prescribed form) on the circumstances involved.

Where the application relates to grief, distress or trauma, the report from the medical practitioner or counsellor shall include the following information:

(i) that the practitioner examined the candidate and on what date; and

(ii) that in the practitioner’s opinion, the candidate was unable, through grief, distress or trauma to sit the examination or that in the practitioner’s opinion, the extent to which the candidate’s grief, distress or trauma was likely to have impaired the candidate’s performance in the examination(s); and

(iii) the nature of the circumstances leading to grief, distress or trauma set out in sufficient detail and in a form suitable for submission to a qualified referee; and

(iv) the period over which the student’s performance has been affected.

Where the application relates to exceptional circumstances the report to be included in the application should include evidence of the circumstances described in the application or a statement from an independent person able to attest to the circumstances described in the application, should indicate the period over which the student’s performance has been affected and should be in a form suitable for submission to a qualified referee.

(e) Applications lodged under 7(3) above

As soon as practicable after the examination affected by the application, the candidate shall furnish to the Academic Board or delegated authority on the prescribed form an account of the circumstances that led to the application, including a statement from an independent person able to attest to the circumstances described in the application.

(5) An aegrotat pass or ungraded pass will be awarded only in cases where an applicant’s work (as defined in Regulation C.5 of these regulations) before the examination concerned, has been considerably above pass level, and permission to sit a further examination will be granted only where the candidate’s class work gives the Academic Board reasonable grounds to think that he or she will be successful.
(6) In the case of an application under Regulation 7(3) above, for special consideration, other than in exceptional circumstances, no candidate shall be permitted for this reason to sit a further examination or to be awarded an ungraded pass on more than one occasion during the course of his or her enrolment at Lincoln University. The result of any further examination offered in an undergraduate course as a result of a successful appeal under Regulation 7(3) shall be recorded as pass, fail or restricted pass, as the case may be.

8. Reconsiderations and Recounts

(1) General

Any student may apply to the Academic Board or delegated authority for a recount or reconsideration of an examination script.

(2) Application Process

(a) Applications for a recount or reconsideration of an examination script shall be made online and shall be accompanied by the prescribed fee.

Note: For the prescribed fees, refer to the Schedule to the Fees Regulations, in this Calendar.

(b) If an application for a recount or reconsideration results in a change of grade or mark, then the Academic Board or delegated authority shall refund to the applicant the fee payable under (a) above.

(c) Subject to (d) below, applications made under these regulations for a recount or reconsideration of an examination script shall be made within 28 days of the date of publication of the results.

(d) Where a student has sought a return of the examination script within 28 days of the date of publication of the results, an application for a recount or reconsideration will be accepted provided the application is lodged within 28 days of the return of the script.

(3) Recounts

On receipt of an application for a recount of an examination script, the examiner shall check the applicant’s script in order to ensure:

(a) that each part of the script has been considered in the marking of the script; and

(b) that the marks assigned for the components of the script have been correctly recorded; and

(c) that the mark awarded for the script as a whole has been correctly derived from the component marks; and

(d) that the mark awarded for the course as a whole has been derived correctly from the continuous assessment and examination components.

If the checks in (a) to (d) above show that an error has occurred in the marking of the script, the examiner shall recommend to the Faculty Dean that the mark or the grade be amended appropriately. A mark may be unchanged, raised or lowered following the recount.
(4) Reconsiderations

On receipt of an application for a reconsideration of an examination script, the examiner shall perform each of the checks prescribed in (3) (a) to (d) above and, in addition, shall remark the whole of the script.

If the checks above show that an error has occurred in the marking of the script, the examiner shall recommend to the Faculty Dean that the mark or the grade be amended appropriately. A mark may be unchanged, raised or lowered following the reconsideration.

E. CONTINUOUS ASSESSMENT

1. Faculty Deans and Division Directors shall, not later than three weeks prior to the start of the semester, notify students through the Course Outline of the dates of major tests. Times and venues may be notified by the Examiner and/or displayed on a departmental notice board.

2. Major tests shall normally be supervised by a member of the academic staff nominated by the Faculty Dean concerned.

3. Unless excluded from enrolling in a course by the Academic Administration Committee, a student may repeat a course in which they have been previously enrolled. An exemption from any in-term assessment may be granted, at the discretion of the relevant examiner of the course. Applications for a Partial Waiver of Assessment must be made before the final date for completing enrolment. In all cases, students must fully enrol in the course, sit the final assessment if applicable, and pay the full tuition fee.

4. (1) A student prevented from performing any major test or other major work, or who considers that his or her performance was seriously impaired by illness or injury or personal bereavement or other critical circumstances, may apply for special consideration.

(2) Applications for special consideration must be made to the Faculty Dean no later than seven days after the test was held or the work was due, or within such other period as may be determined in a particular case by the Faculty Dean. In the case of illness or injury or other medical circumstances, the application must be accompanied by a certificate from a registered medical practitioner, dental surgeon or student counsellor approved by the Academic Board describing the nature of the illness or injury and stating an opinion about its effects on the student’s ability to perform that test.

5. (1) Any student may apply to the Faculty Dean for a recount or a reconsideration of any major test, major work or minor work in a course.

(2) Applications for a recount or reconsideration, in the terms of (1) above, shall be made in writing on the prescribed form to the Faculty Dean within seven days of the date on which the results of the work in question are made known.

(3) Recounts

On receipt of an application for a recount of a major test, a major work or minor work, the examiner shall check the applicant’s script in order to ensure:

(a) that each part of the script has been considered in the marking of the script; and

(b) that the marks assigned for the components of the script have been correctly recorded; and
(c) that the mark awarded for the script as a whole has been correctly derived from the component marks.

If the checks in (a) to (c) above show that an error has occurred in the marking of the test or work, the examiner shall recommend to the Faculty Dean that the mark or the grade be amended appropriately.

(4) Reconsiderations

On receipt of an application for a reconsideration of a major test, major work or minor work, the examiner shall perform each of the checks prescribed in (3) (a) to (c) above and, in addition, shall remark the whole of the test or work.

If the checks above show that an error has occurred in the marking of the test or work, the examiner shall recommend to the Faculty Dean that the mark or the grade be amended appropriately.

6. Assessments will normally be returned within three weeks of the date of the assessment. They will be accompanied by sufficient oral or written information to allow students to form an accurate appraisal of their performance. The requirement to return assessments will not apply to any assessment which constitutes the final examination in a course.

F. ACADEMIC INTEGRITY

Note: All forms of academic dishonesty are unacceptable to Lincoln University.

The following are non-exhaustive examples of what may constitute academic dishonesty:

- Cheating. To act dishonestly or unfairly in order to gain advantage, including the possession of forbidden material (e.g. notes) or communication devices during an assessment activity.
- Collusion. The submission of work performed in whole or in part with another person/s but submitted as if it had been completed by the named author alone (or joint authors if a group item of work).
- Double-dipping (self-plagiarism). Submitting work previously submitted to meet the requirements of another assessment for the same course or another course.
- Fabrication of data. Knowingly presenting data which is not obtained through experimentation or research.
- Ghost writing. The use of another party (with or without any form of payment) to prepare all or part of an item of work submitted for assessment or publication.
- Plagiarism. The presentation of work that has been produced by somebody else as it is one's own work.
- Possession of a cell phone during a test or examination.

1. In the case of formal examinations, any academic dishonesty shall be deemed to be a breach of discipline and the Discipline Regulations shall apply.

2. In the case of tests and other work being taken for credit (excluding formal examinations) academic dishonesty is categorised according to the degree of seriousness of the offending:

(1) Serious incidents of academic dishonesty shall be deemed to be a breach of discipline. All such incidents are reported directly to a Proctor. The student is subject to the terms of the Discipline Regulations and has resort to the Appeals provisions, Section 30, of those Regulations. Serious incidents may include cheating in any form of assessment, fabrication of data and repeat incidents of
academic dishonesty as well as the failure to attend scheduled meeting with Examiners.

(2) Other incidents of academic dishonesty are handled by the Examiner, according to the provisions detailed in the Academic Integrity Policy and Procedure. Any student aggrieved by a decision made by the Examiner may appeal to the Faculty Dean. Examples of offences in this category may include collusion in assignments and plagiarism, including unacknowledged copying of material from the web.

Note: Where improper academic practice occurs, such as neglect of referencing requirements, and where the Examiner believes no dishonesty was intended, Examiners will handle such incidents themselves, using their discretion and according to the provisions detailed in the Academic Integrity Policy and Procedure.

(3) The University’s Academic Integrity Policy and Procedures, contained in the University’s Policy Library, forms part of these Calendar regulations.

G. UNSATISFACTORY PROGRESS

1. The Vice-Chancellor may exclude any student from further enrolment at the University, or from further enrolment in a particular course, or may suspend any student for a specified period on the grounds of unsatisfactory academic progress.

2. In the following regulations, ‘registered’ means that the student has confirmed their enrolment and has not cancelled the registration in writing to the Academic Board or delegated authority within three weeks of the commencement of either semester one, two or the Full Summer semester (reduced to one week for the November and January Summer Schools).

3. A student, having registered in a course or programme, who formally withdraws from that course or programme within three weeks of the commencement of either semester one, two or the Full Summer semester (reduced to one week for the November and January Summer Schools) will not be regarded under these regulations as having failed to pass in the course or programme concerned.

4. A student who is excluded from the University will not normally be readmitted. Readmission will normally only be considered if the Vice-Chancellor is satisfied that the applicant is likely to pursue their studies effectively.

5. In determining liability for exclusion or suspension, the student’s academic record at any other university will be taken into account.

6. Time spent on practical work required by the regulations for a programme shall not be counted when assessing the period a student has been registered for a course or programme.

7. An application for registration by a student who has been excluded from another university (or has become liable for such exclusion or suspension) will not normally be accepted, but may be considered if the student’s record is such that they would not be liable to exclusion or suspension from Lincoln University.

8. The records of all students who have failed to make satisfactory academic progress shall be reviewed by the Academic Administration Committee after the final formal examinations each semester. The Academic Administration Committee shall thereupon submit to the Vice-Chancellor the names of those students in respect of whom action is recommended together with proposals for appropriate action.

9. The following shall constitute reasons for review of a student’s record of academic progress:

   (1) In respect of Bachelor’s degrees:
(a) Failure in all courses in which a full-time first year student is registered; or

(b) Failure to pass at least half the total number of credits for which the student has been registered by the University, provided that the student has been registered for three or more semesters; or

(c) Failure to pass the examination in a particular course in which the student has been registered twice.

(2) In respect of the sub-degree and undergraduate diplomas and certificates:

(a) Failure in all courses in which a full-time student is registered; or

(b) Failure to pass at least half the total number of course assessments for which the student has been first registered.

10. When the academic performance of a student has been found to be unsatisfactory, a written warning will be provided.

11. After considering the recommendation of the Academic Administration Committee, the Vice-Chancellor may make one or more of the following determinations:

(1) The student may be permitted to reregister subject to such conditions as may be specified.

(2) The student may be declined registration for the future, or for such future period as may be specified in a particular course or programme or, in exceptional circumstances, at Lincoln University.

12. The Vice-Chancellor shall report to the Council the number of all students declined registration.

13. Students who have had their programme of study restricted by the Vice-Chancellor shall have their progress reviewed at the end of each semester and, provided sufficient progress has been made, may have the conditions applied lifted.

14. Students whose results indicate that they may be liable to be suspended or excluded shall be informed of their rights under these regulations.

15. These regulations shall not apply to a student who, over the previous two years of their academic studies, has been registered at the University for a part-time course of study and has passed at least half of the credits for which he or she has registered.

H. CREDITS AND EXEMPTIONS

1. Interpretation

In these regulations, unless the context otherwise requires:

(1) ‘Cross Credit’ refers to the recognition of learning through the award of credits towards a qualification on the basis of passes that have also been credited to another qualification;

(2) ‘Transfer of Credit’ refers to the recognition of learning through the award of credits towards a qualification on the basis of passes that have been obtained at an institution of higher learning other than Lincoln University while studying for another qualification but not credited to that or any other qualification;

(3) ‘Non credentialed learning’ refers to learning that has been acquired through means other than through passes obtained while studying for a recognised award or qualification offered by a recognised institution of learning;

(4) An ‘exemption’ is a ruling that, on the basis of prior learning, a student is not required to pass a particular course, either for the purposes of meeting core requirements or for prerequisite purposes;
(5) An `unspecified credit’ is a credit awarded, either through transfer of credit or through cross credit, that does not correspond to any course of the Schedule of Courses available for the degree or diploma for which the student is a candidate;

(6) A `specified’ credit for a particular course is a credit awarded, either through transfer of credit or through cross credit, on the basis of a pass or passes in courses that are substantially equivalent in content and level to the course in question.

2. Authorities and Process

(1) The authority to award credits and exemptions rests with the Academic Board, acting on the advice of the Academic Board or delegated authority (or his or her delegate) and, in the case of the award of an exemption or a specified credit, on the advice of the Dean / Director of the relevant Faculty / Division.

(2) Where these regulations are in conflict with the regulations for a degree, diploma or otherwise of the University, then the course regulations shall prevail.

(3) The Academic Board (or its delegated authority) is empowered to make rules to govern the award of credits and exemptions.

(4) Students applying for credits or exemption on the basis of prior learning shall do so on the prescribed form and shall pay the prescribed fee.

(5) Having assessed an application for credit, the Academic Board may award an applicant specified credit for a course of the University, unspecified credit or exemption from a course of the University or no credit as it sees fit.

(6) Candidates for a certificate, diploma or degree who wish to use credits from courses obtained more than five years before the date in which they are first registered for a current qualification, must seek approval of the Academic Board before such credit can be transferred. Beyond that time, applications will be considered on a case by case basis.

3. Bachelor’s Degrees

(1) (a) A candidate for a three-year Bachelor’s degree or the Bachelor of Agricultural Science will not normally be awarded credit, whether through cross credit or transfer of credit, on the basis of non-credentialed learning, or on the basis of study at any university or institution of higher learning to meet the courses required for the degree at the 300-level or higher.

(b) A candidate for a Bachelor of Landscape Architecture (undergraduate entry) will not normally be awarded credit, whether through cross credit or transfer of credit, on the basis of non-credentialed learning, or on the basis of study at any university or institution of higher learning to meet the courses required for the degree at the 400-level.

(2) A candidate for a three or four year Bachelor’s degree will not normally be awarded, through cross credit, more than the equivalent of one year’s full-time study towards the degree.

(3) (a) The total credit awarded to any candidate for a three-year Bachelor’s degree, whether through cross credit or transfer of credit, on the basis of non-credentialed learning, or on the basis of study at any university or institution of higher learning, shall not normally exceed the equivalent of two years’ full-time study towards the degree.

(b) The total credit awarded to any candidate for a four-year Bachelor’s degree, whether through cross credit or transfer of credit, on the basis of non-credentialed learning, or on the basis of study at any university or institution of higher learning, shall not normally exceed two-thirds of the number of credits required for completion of the degree.
4. Postgraduate Qualifications

(1) No candidate for any postgraduate qualification may be awarded any credit through cross credit or through credit on the basis of non-credentialed prior learning, to the postgraduate programme.

(2) A candidate for a Master’s degree by thesis and examination or by examination only may transfer to the Master’s degree credit for no more than the equivalent of one half of one year’s full-time study.

(3) A candidate for the stand alone Bachelor’s Degree with Honours will not normally be awarded credit, whether through cross credit or transfer of credit, on the basis on non-credentialed learning, or on the basis of study at any university or institution of higher learning, towards the degree.

(4) A candidate for a graduate certificate may not normally transfer credit on the basis of study at any university or institution of higher learning for more than 15 credits in the programme.

(5) A candidate for a graduate diploma may not normally transfer credit on the basis of study at any university or institution of higher learning for more than 30 credits in the programme.

(6) A candidate for a postgraduate certificate may not normally transfer credit on the basis of study at any university or institution of higher learning for more than 20 credits in the programme.

(7) A candidate for a postgraduate diploma may not normally transfer credit on the basis of study at any university or institution of higher learning for more than 40 credits in the programme.

5. Diploma Qualifications

(1) No candidate for the Diploma in Agriculture, Diploma in Horticulture, Diploma in Organic Husbandry, Diploma in Farm Management or Diploma in Horticultural Management may be awarded exemption or credit through cross credit or credit transfer for more than the equivalent of one semester of full-time study.

(2) No candidate for the Diplomas in Applied Science, Commerce, and Natural Resources may be awarded exemption or credit through cross credit or credit transfer for more than 45 credits in the programme.

6. Exemptions

Bachelor of Landscape Architecture. No candidate for the degree of Bachelor of Landscape Architecture (undergraduate entry) may be awarded exemption on the basis of prior study for more than the equivalent of two years’ full-time study.

7. Non-Credentialed Learning

(1) The total credit awarded to any candidate for a Bachelor’s degree on the basis of non-credentialed prior learning shall not exceed the equivalent of one year’s full-time study.

(2) The total credit awarded to any candidate for the one-year undergraduate diplomas on the basis of non-credentialed prior learning shall not exceed 45 credits.

(3) The total credit awarded to any candidate for the Graduate Certificate in Academic English on the basis of non-credentialed learning shall not exceed one module of ACEN 301 Academic English for Postgraduate Study.
8. **Subsuming: Credit from a Conferred Qualification**

(1) At the discretion of the Academic Board, a completed postgraduate certificate or diploma, from Lincoln University, may be subsumed into a higher qualification with the following requirements:

(a) the postgraduate certificate or diploma must be from Lincoln University; and  
(b) the subsumed credits must be from a qualification at the same or higher level; and  
(c) the subsumed credits must adhere to the regulations of the higher qualification, including time limits.

(2) Credit from a postgraduate certificate or diploma will only be subsumed when the higher qualification has been completed.

(3) A student may apply to the Academic Board to subsume their postgraduate certificate or diploma when they enrol in the higher or different qualification.

9. **Concessions**

In a particular case, the Academic Board may relax or vary these regulations, or any rules made under these regulations in order to mitigate hardship.

10. **Version**

These Regulation came into force on 1 January 2019.

I. **THESIS**

1. Where a thesis is required to be presented for a degree of the University, it shall be presented in the form prescribed by the Academic Board unless prior approval has been obtained from the Board for a dispensation from this form.

   Note: Students preparing theses should obtain from the Library a document setting out the requirements of the Academic Board.

2. The required number of copies of the completed thesis shall be handed in to Student Administration from where it shall be forwarded to the examiners.

   Note: Three copies of theses are required.

3. The work shall be examined by such persons as are appointed by the University, in accordance with the regulations of the appropriate degree, on the recommendation of the Academic Board in consultation with the Faculty Dean, the supervisor and the associate supervisor.

4. When a thesis is forwarded to an examiner it shall be accompanied by a certificate from the supervisor stating that the thesis embodies work carried out by the candidate under his or her direct supervision, and setting out the part played by the supervisor(s) and/or adviser(s) in the preparation of the thesis.

5. As soon as the examination has been completed, the candidate, under direction from the candidate's supervisor, shall be responsible for the digital deposit of the thesis in the University Library. The copy will be made publicly accessible under the terms of the Lincoln University Open Access Policy: this may include requirements for embargo or restricted access.
6. If full open access is not possible, a complete digital copy will be made available to Lincoln staff and students only. A second digital copy with the restricted material removed will be made openly available.

J. DISSERTATIONS
1. Where a dissertation is required to be presented for a degree or diploma of the University, it shall be presented in the form prescribed by the Academic Board, unless prior approval has been obtained from the Board for a dispensation from this form.

Note: Students preparing dissertations should obtain from the Library a document setting out the requirements of the Academic Board.

2. One copy of the completed dissertation shall be handed in to Student Administration from where it shall be forwarded to the examiners.

3. The work shall be examined by such persons as are appointed by the University, in accordance with the regulations of the appropriate degree or diploma, on the recommendation of the Academic Board in consultation with the Faculty Dean and the supervisor(s).

4. When a dissertation is forwarded to an examiner, it shall be accompanied by a certificate from the supervisor stating that the dissertation embodies work carried out by the candidate under his or her direct supervision and setting out the part played by the supervisor(s) and/or adviser(s) in the preparation of the dissertation.

5. As soon as the examination has been completed, the candidate, under direction from the candidate’s supervisor, shall be responsible for the digital deposit of the dissertation in the University Library. The copy will be made publicly accessible under the terms of the Lincoln University Open Access Policy: this may include requirements for embargo or restricted access.

6. If full open access is not possible, a complete digital copy will be made available to Lincoln staff and students only. A second digital copy with the restricted material removed may be made openly available.

7. One digital copy of the dissertation shall be deposited in the supervisor’s Faculty.

K. DISAGREEMENT BETWEEN EXAMINERS
1. (1) In the event of any disagreement between the examiners of a thesis or dissertation presented for any degree or diploma, the Vice-Chancellor shall appoint an additional examiner who will be external to Lincoln University.

   (2) In that case, the result of the examination will be determined by the Academic Board, taking account of the original examiners’ reports and the report of the additional examiner.

L. HARDSHIP
1. Where it is shown to the satisfaction of the Vice-Chancellor that hardship has been, or will be, caused to any student by:

   (1) An alteration to or amendment of a University statute, or a regulation or prescription involving a change in a course of study or in examination requirements; or

   (2) A misinterpretation of these or any other regulations by an authorised member of the University staff; or

   (3) A decision of the Academic Board;

       the Vice-Chancellor may make such provision as the Vice-Chancellor thinks fit for the relief of such hardship.
M. TRANSITIONAL PROVISION
Lincoln University reserves the right to introduce such changes (including the addition, deletion, or restructuring of courses and programmes) as it may judge to be necessary or desirable. Reasonable provision shall be made to enable students to complete any qualification which is discontinued or has had its structure substantially altered, so students are not disadvantaged as a result of those changes, but such provision shall not normally extend for more than five years.
Library Regulations

1. Admission to the Library and use of its material and services are conditional upon observation of the rules and of such directions as from time to time may be given by the Librarian.

2. Members of the University shall be eligible to use the Library for reading, reference, borrowing, and shall have full access to databases and other electronic resources.
   
   2.1 The Members of the University for this purpose include:
   
   (a) Members of the Council;
   
   (b) Members of the University staff;
   
   (c) Students who have paid tuition fees for the current session.

3. The following shall be eligible to use the Library for reading, reference, borrowing, but shall have only limited access to databases and other electronic resources as governed by the specific database licences:

   3.1 Retired members of the staff.

   3.2 Individuals who, though not members of staff, have a close working relationship with the University (including honorary appointments, and sabbatical visitors), at the recommendation of a senior manager and with the approval of the Librarian.

   3.3 Staff of local organisations, which are closely affiliated to the University through joint working relationships, and which have been approved for free admission by the Vice-Chancellor. Such approval would be for an initial period of 5 years.

   3.4 Staff and students of tertiary institutions included within the Canterbury Tertiary Alliance and University Library Aotearoa New Zealand.

   3.5 The following persons who shall pay an annual fee:
   
   (a) Alumni;
   
   (b) Staff and students of tertiary institutions not covered by 3.4 above;

   (c) Other persons wishing to make serious use of the Library whose applications have been approved by the Librarian.

4. Members of the general public may use the Library for reading and reference purposes only.

5. The University Librarian, with approval of the Deputy Vice-Chancellor Student Life, may make rules for the operation of the Library. A copy of the rules for the time being in force shall be prominently displayed in the Library and on the Library web site. Copies shall be made available to Library users on request.
Library Rules

DEFINITIONS: FOR THE PURPOSES OF THESE RULES:

a  The word ‘material’ shall be taken as meaning any physical or virtual items made available through the Library and shall include books, serials, CD-ROMs, maps, microforms, audio/visual material and all other property of the library.

b  The word ‘Librarian’ shall be taken as meaning the University Librarian or any member of Learning, Teaching and Library (LTL) Staff properly authorised by the University Librarian.

c  The word ‘user’ shall be taken as meaning any person making use of the facilities of the Library.

d  ‘Library card’ shall be taken as also meaning ‘Staff or Student ID card’.

1. CONDUCT OF LIBRARY USERS

1.1 Everyone in the Library shall respect the rights of other users.

1.2 Anyone using the Library shall identify themselves on request to any member of the academic or LTL staff.

1.3 Silence must be observed in designated noise-free zones of the Library.

   Quiet study related conversation is permitted elsewhere. Conversations about matters other than study should occur in the Lounge, Time Out areas, enclosed LTL staff will use Lift lobbies or Library foyer. Note: Library Policy at: http://library.lincoln.ac.nz/Documents/Library/Policies/policy-intrusive-noise. pdf

1.4 All cell phones should be switched to “silent ring” when entering the Library.

1.5 Lincoln University is a Clean Air campus. Smoking and vaping are not permitted in or around the Library.

1.6 Non-alcoholic drinks in spill proof containers are permitted.

1.7 Food and non-alcoholic drinks may be consumed in the Library. LTL staff will use their discretion in determining which types of food and drink are suitable to be consumed in the public areas.

1.8 Anyone leaving the Library shall, if called upon to do so by a Librarian, present for inspection all books and property being carried out from the Library.

1.9 No one shall reserve a working place in the Library by leaving library material or personal property on a reading table. Material and property left at a vacated working place may be removed by a Librarian after the table has been vacated for more than 15 minutes. Any user unable to find a working place may ask a Librarian to clear a table.

1.10 The University accepts no responsibility for any personal property brought into the Library.

1.11 A Librarian may require any person guilty of disorderly or inconsiderate conduct or of any breach of these Rules to leave the Library immediately. A Librarian may withdraw Library privileges from that person for such period as considered fit or apply charges as appropriate. Serious breaches of the Rules by students shall be reported to the University Proctor.

1.12 No unauthorised person shall enter or be in the Library building for any
purpose when the building is formally closed.

1.13 The University’s Policy on Internet use, including the Information and IT Security Policy, applies to the use of all IT equipment within the Library.

2. CARE OF LIBRARY MATERIAL

2.1 No one shall deliberately or carelessly mutilate, deface or misplace any library material or piece of library equipment.

2.2 Anyone responsible for deliberate or careless mutilation or defacement or misplacing of library material, furniture or equipment may be required to pay the full cost of replacement of any article defaced, mutilated or lost in addition to any financial charge or other disciplinary measure imposed.

2.3 Material consulted in the Library should be left on the tables and not replaced on the shelves, except when the user is certain of the correct location.

3. LIBRARY CARDS

3.1 Registered Library users must hold a current Library card, which must be produced on request.

3.2 If a Library card is lost the user shall report the loss to a Librarian immediately.

3.3 A Librarian may issue a new Library card in the place of one that is lost or damaged on payment of the prescribed charge.

3.4 Library users are responsible for notifying a Librarian immediately of any change of address, via LUCAS for student users, and by contacting library staff for other users. Failure to notify change of address, email or physical will not be an acceptable reason for not receiving Library notices.

4. BORROWING

4.1 General

4.1.1 Material shall not be issued to anyone who does not hold a current Library Card. Material may be issued only to the borrower in person or to a person having the written authority of the borrower. Library users shall be held responsible for any material which is issued on their card.

4.1.2 A Librarian has discretion to limit the period for which any material may be borrowed by one person at any one time, and to grant special borrowing privileges to meet particular circumstances.

4.1.3 Material marked ‘For Reference Only’ shall not normally be made available for loan.

4.1.4 No user shall remove from the Library any material that is the property of the Library without its issue being properly recorded.

4.1.5 All borrowed material being returned to the Library shall be returned to the Service Point or by mail addressed to: The Librarian, PO Box 85064, Lincoln University, Lincoln 7647 When the Library is closed, books may be returned via the returns slot at the entrance to the Library.

4.1.6 The privilege of borrowing from the Library is forfeited by a borrower who retains any book overdue for return, or who has any fine or other Library charge exceeding $4.00 for one week or more.
4.2 Period of Loan

4.2.1 All registered undergraduate and external users may borrow books for 28 days, and multimedia and serials for 7 days.

4.2.2 University staff, Council members and postgraduate students may borrow books for 60 days, and multimedia and serials for 7 days.

4.2.3 Loans of library material may be renewed twice, provided that they are not required in the Library or by another borrower.

4.2.4 Any item on loan will be recalled if it is required by another borrower. Recalled items become due for return on the date specified on the recall notice, whatever the original period of loan may have been. Failure to return items on the date specified shall render the borrower liable to the appropriate fine from that date.

4.2.5 Borrowers are entitled to have items for 7 days of uninterrupted use except when the item is required for Short Loan or in exceptional circumstances.

4.3 Fines

4.3.1 The Library does not accept payments in cash.

4.3.2 Any borrower failing to renew or return recalled or short loan items by the due date shall be liable to pay a fine calculated on the following scale:

(a) recalled items: $4.00 per day;
(b) 24 open hours Short Loan material $1.00 per hour; or
(c) 1 - 2 hour Short Loan material: 10 cents per minute.

4.3.3 Fines are calculated from the date due, or new date for recalled items.

4.3.4 Unpaid fines will result in the borrower’s record being blocked as per 4.1.6.

4.3.5 Fines shall be payable at the LTL Service Point on normal weekdays between 8.00am and 4:30pm, or if by cash, at the University Cashier between 8:30am and 4:30pm.

4.3.6 If payment is not made within 1 month of the imposition of a fine, the borrower may be invoiced for the full amount outstanding, which shall include an administrative charge of $5.00.

4.3.7 The Library is under no obligation to notify borrowers when material is overdue. It is the borrower’s responsibility to keep track of loans.

4.3.8 Fines on short loan and recalled items shall be charged when material is returned after the due date, even though no notice may have been sent to the borrower. Fines relating to any overdue material that is lost by a borrower shall accrue until such time as the loss is reported to a Librarian.

4.4 Lost Material

4.4.1 Library material leaving the Library remains the personal responsibility of the borrower until its return to the Library. It shall not be privately lent. In the event of loss or serious damage, the borrower shall be responsible for reporting to the Librarian such loss or damage and may be liable to pay the full cost of replacement, to which may be added an administrative cost of $5.00.

4.4.2 Material may be assumed by a Librarian to have been lost by a borrower if that borrower fails to return the material to the Library within ten days.
of the despatch of a final overdue notice.

5. **SHORT LOAN**
   5.1 The loan of certain material in heavy demand may be restricted either permanently or for limited periods.
   
   5.2 2 Hour Loan - Material may be borrowed for use within the Library only and must be returned or renewed at the correct due time. Failure to do this shall render the borrower liable to the appropriate fine.
   
   5.3 24 Open Hours - Material is permitted to leave the Library but must be returned on the correct due day and at the correct due time. Failure to do this shall render the borrower liable to the appropriate fine.

6. **INTER-LIBRARY LOAN**
   
   6.1 Members of the University Staff and postgraduate students may apply for material essential to their work to be obtained for them from other libraries on conditions imposed by the lending library in each case.
   
   6.2 This service may be made available to undergraduate students on the written recommendation of a member of the academic staff in each instance.

7. **COPYING & PRINTING**
   
   7.1 Any person making use of the copying, printing and scanning facilities of the Library shall comply with the current law on copyright and any licences that shall from time to time be enforced.
Student Discipline Regulations

Lincoln University expects that Students will act reasonably towards one another and toward all members of the University community, tenants, contractors to and guests of the University. Every student must comply with Lincoln University Statutes, Regulations, Rules, Policies, Procedures and Guidelines and with directions given to them.

The laws of New Zealand apply to all members of the Lincoln University community and all who visit its facilities. Any actual or suspected breach of the law will be referred to the police for investigation and action. Other than for the purpose of maintaining the safety of alleged victims and preserving good order on campus, the University will not generally initiate any disciplinary measure against a student until any external process is complete.

All matters of student discipline will be addressed in accordance with, and by reference to, these regulations and any related policies and procedures as noted at the end of this document. The officers of Lincoln University will have respect for any external agencies and laws but will act in accordance with the expectations of its own regulations and policies.

INTERPRETATION

1 In these regulations, unless the context otherwise requires:

1.1 ‘Academic Board’ means the Academic Board of Lincoln University.

1.2 ‘Class’ means any lecture, tutorial, seminar, laboratory, practical session, placement, field trip or other assembly of students conducted on behalf of Lincoln University at which a learning activity is taking place, including online delivery, and includes any lecture or address (whether within or external to the University precincts) at which students are present.

1.3 ‘Council’ means the Council of Lincoln University.

1.4 ‘Member of the University’ includes students (those enrolled in full or part-time degree programmes, diplomas, certificates or other courses) Lincoln University employees, contractors, appointees and volunteers.

1.5 ‘Misconduct’ is as defined in clause 2 below.

1.6 ‘Natural Justice’ means ensuring that the standards of procedural fairness are met at all times, including the following basic requirements:

1.6.1 The student who is the subject to the disciplinary process must be given notice of the complaint and the process to be used.

1.6.2 The student must be given opportunity to respond to the complaint normally within ten working days of notification.

1.6.3 The decision-maker(s) must act impartially, honestly and without bias at all times.

1.7 ‘Negative Service Indicator’ means a hold that prevents a student from receiving certain services e.g., enrolment or academic transcript holds, access to examination results. It is recorded administratively and removed once the specified penalty is discharged;

1.8 ‘Proctor’ is an officer of the University who has disciplinary functions. The University Proctor(s) shall be responsible in the first instance for the investigation and resolutions of complaints about breaches of discipline and the imposition of penalties.
1.9 ‘Student’ means any person who has registered at Lincoln University and is still to receive from the University an examinations results notice, and any person attending any examination conducted by the University. Student also includes any person on practical work and any student on summer break while completing a qualification through the University.

1.10 ‘University’ means Lincoln University, including all faculties, subsidiaries, departments, units, agencies and operations of Lincoln University which provide services to students.

1.11 ‘University Precincts’ means all premises, grounds and buildings owned by, in the possession of, or controlled by the University including its subsidiaries. For the avoidance of doubt, this includes Halls of Residence.

1.12 ‘Vice-Chancellor’ means the Vice-Chancellor of Lincoln University.

2 MISCONDUCT

Action may be taken against any student on the grounds of breach of discipline by that student. ‘Misconduct’ includes the breach of any regulation, policy, procedure or guideline of the University or of any instruction to students issued by or under the authority of the Council, Academic Board or Vice-Chancellor, and also includes any conduct which could reasonably be held to be prejudicial to the functioning or interests of the University, or to the interests of its students and staff.

2.1 Without limiting the generality of (2) above, no student shall:

2.1.1 Engage in behaviour which constitutes physical, psychological, sexual or racial assault or harassment, discrimination, personal harassment or bullying of any person. Please note that a noticeable change in the demeanor of an alleged victim may constitute evidence of misconduct.

2.1.2 Damage or deface, or wilfully move without authority, any property of the University, or any other property within the University precincts.

2.1.3 Act in a manner contrary to the good government of the University or prejudicial to its functioning as such, or bring, or tend to bring, discredit on the University, whether on the University precincts or elsewhere or via any electronic or social media.

2.1.4 Impede the activities of the University, whether in teaching, research, or otherwise.

2.1.5 Create any nuisance in or on the University precincts.

2.1.6 Obstruct any Member of the University in the due performance of the functions or of the work that Member is required to perform.

2.1.7 Be in part of the University precincts in which that student is not at that time entitled to be, knowing or reasonably being expected to know that the student is not entitled to be there at that time.

2.1.8 Fail to comply with any reasonable directions of the University relating to maintaining the health and safety of the University community.

2.1.9 Fail to comply with the directions on any notice erected with the authority of the Council relating to the entry, speed, parking or exit of vehicles, and the location of parking spaces within the University.

2.1.10 Commit any dishonest or improper practice in relation to formal
examinations, tests or other work being taken for credit.

2.1.11 Fail to comply with any reasonable direction given to that student by the person in charge of a group of students going to, engaged in, or returning from a class conducted by the University beyond the University precincts, or, while a member of such a group, do anything which would constitute misconduct if done within the University precincts.

2.2 Any student who is party to any offence under these regulations committed by another student shall be liable to be charged with the same offence and be subject to the same disciplinary proceedings. In this regulation ‘a party’ includes any student who in any way aids, assists, counsels, procures or encourages another to commit an offence under these regulations.

3 DISCIPLINARY POWERS OF THE VICE-CHANCELLOR

The Vice-Chancellor is responsible for all matters relating to the maintenance of discipline amongst the students of the University. Pursuant to section 295 of the Education and Training Act 2020, the Vice-Chancellor may delegate the disciplinary powers conferred by these Regulations to any member of staff of the University, including the Proctor.

4 PROCTOR

4.1 The Vice-Chancellor shall appoint a Proctor.

4.2 The University Proctor shall be responsible in the first instance for the investigation of complaints about breaches of discipline as defined in these regulations.

5 DISCIPLINARY COMMITTEE

5.1 The Vice-Chancellor shall establish a Disciplinary Committee.

5.2 The Disciplinary Committee shall comprise:

5.2.1 A Chairperson, who shall be a member of the staff, appointed by the Vice-Chancellor in consultation with the President of the Lincoln University Students’ Association;

5.2.2 Four members of the academic or general staff of the University appointed by the Vice-Chancellor; and

5.2.3 Two student representatives nominated by the Lincoln University Students’ Association.

5.3 Members of the Disciplinary Committee have a duty to avoid actual or perceived conflict of interest while a disciplinary matter is being considered. Members must remain impartial throughout and exercise judgement based on the information before the Disciplinary Committee and not otherwise. Members should refrain from any improper engagement with the student and not discuss with the student, third parties or publicly any matter that is before the Disciplinary Committee.

5.4 The Chairperson or their nominee shall control all proceedings of the Disciplinary Committee and shall rule on all matters of procedure.

5.5 The Disciplinary Committee will be quorate when there are five members present, including at least two staff members, one student member and the Chairperson or the Chairperson’s nominee.

5.6 The Disciplinary Committee may seek advice and assistance from any legal or other expert person or body it considers appropriate. It may co-opt additional members to the Disciplinary Committee if required. It may also seek advice on instances of
alleged disciplinary breaches from the Executive Committee of the Lincoln University Students’ Association.

6 APPEALS COMMITTEE

6.1 The Appeals Committee of the Council shall comprise

6.1.1 Chancellor or Pro-Chancellor;
6.1.2 a Council member nominated by the Lincoln University Students’ Association;
6.1.3 a Council member nominated by the Council; and
6.1.4 an external legal representative appointed by the Council.

6.2 The Appeals Committee may seek advice and assistance from any legal or other expert person or body it considers appropriate. It may co-opt additional members to the Appeals Committee if required. It may also seek advice on instances of alleged disciplinary breaches from the Executive Committee of the Lincoln University Students’ Association.

Process

7 GENERAL

7.1 At all steps of the disciplinary process, informal resolution is available providing it is with the agreement of all its parties.

7.2 At all stages in the disciplinary process, the student and any other relevant party (such as a complainant) should be advised of the existence of appropriate formal or informal support, such as the LUSA Student Advocacy Service, Student Health facility and whānau support.

7.3 If, during the investigation process the Proctor determines that alternative dispute resolution processes such as but not limited to mediation (internal or external), restorative justice, or a process facilitated in accordance with the requirements of Tikanga Māori may assist in resolution of the complaint or allegation, such processes may be put in place with the agreement of those directly involved in the disciplinary matter.

7.4 Where Misconduct includes matters which relate to other aspects of student behaviour such as rights and obligations pertaining to Halls of Residence or matters which fall for determination under procedures for dishonest and improper academic practice, the conduct will be referred as appropriate to be dealt with under relevant procedures, instead of or in addition to the process under these Student Discipline Regulations.

7.5 Where investigations disclose conduct of a potentially unlawful nature, the University will inform relevant external enforcement agencies accordingly. If those agencies determine to take action on the matter, the University will, if necessary, modify its own investigation and always have regard to the nature of any external investigation and ensuring that this is not in any way compromised.

8 INVESTIGATIONS BY THE PROCTOR

8.1 The Proctor will be responsible in the first instance for the investigation of all complaints and/or allegations about breaches of student discipline within the University or relating to Lincoln University students elsewhere in circumstances where they are clearly identified as being associated with the University. The exception is matters occurring within the Halls of Residence which are in the first instance dealt with under the Conditions, Community Standards and Student Management Policy at the direction of the Accommodation Manager.
8.2 Complaints and/or allegations will be investigated as soon as reasonably practicable. It may be necessary to implement temporary measures under urgency, such as non-contact orders or prohibition on individuals entering specified parts of the University, if there are reasonable grounds to consider that there is a health or safety issue involved. Complaints will be investigated in accordance with the requirements of Natural Justice. Any complainant who wishes to be informed of the progress of any complaint will be informed in writing by the Proctor.

8.3 If, after investigating the complaint, the Proctor considers that Misconduct has occurred, the Proctor will deal with the matter and may, after giving the student and any other affected person a reasonable opportunity to make representations, impose any one or more of the following penalties:

8.3.1 Reprimand the student.
8.3.2 Require the student to provide a formal undertaking of future behaviour.
8.3.3 Order the student to apologise in an appropriate manner.
8.3.4 With the agreement of all parties to an offence, arrange for the facilitation of a restorative justice process with the goal to share experiences and impacts from students and staff of the offence and to reach a consensus as to what can be done to repair the harm from the offence.
8.3.5 Fine not exceeding $2,000.
8.3.6 Require that the student make restitution in respect of property stolen, lost, or damaged, or of costs incurred by the University through unauthorized activities.
8.3.7 Require the student to undertake unpaid University community service not exceeding 120 hours in duration.
8.3.8 Deny credit or partial credit in any course or courses (if the matter involves a Misconduct involving assessment).
8.3.9 Where all credit for a course is denied, an F grade may be recorded on the student’s record in relation to that course.
8.3.10 Exclude the student from all or any designated part or parts of the University precincts for any time period the Proctor deems necessary under the circumstances.
8.3.11 A direction that there will be no direct or indirect contact with a specified person or persons.
8.3.12 A requirement that the student write an essay on a topic determined by the Proctor and designed to reflect on matters relevant to the misconduct.
8.3.13 Recommend to the Vice-Chancellor that the student be excluded from the University or that the student be suspended from enrolment at the University or in a particular course. The procedure following such a recommendation is outlined in 13 below.

8.4 In addition to the penalties outlined above, the Proctor may also require the student to undertake any other action that the Proctor deems to be of assistance to resolving the matter, for example, undertaking counselling or mediation, anger management, or culturally appropriate training or activity.

8.5 In addition to the penalties outlined above, the Proctor may impose a Negative Service Indicator as appropriate to be administratively recorded and removed
once the penalty period has expired or the penalty has been performed.

8.6 A student who does not satisfy the requirements of a penalty imposed by the Proctor will be referred by the Proctor to the Disciplinary Committee.

8.7 In a case of very serious misconduct, such as physical, sexual or psychological harm, where the matter may also relate to criminal proceedings and where the penalty is potentially suspension or expulsion from the University, the Vice-Chancellor, in consultation with the Proctor, may elect to determine a matter under urgency as provided in 13.1 and 13.2 below.

8.8 As appropriate, the Proctor may issue a statement outlining how an offence was resolved and the nature of any penalty. Any such statement must consider the requirements of the Privacy Act in respect of all parties involved in the proceedings.

9 APPEAL TO THE DISCIPLINARY COMMITTEE

9.1 Any party to an offence may appeal a decision of the Proctor or the Vice-Chancellor to the Disciplinary Committee. Such an appeal must be made in writing within ten working days of a decision being conveyed to the student. There are two possible exceptions:

9.1.1 it may be determined by the Proctor in consultation with the Vice-Chancellor that any decision under 8.7 above may be appealed direct to the Appeals Committee of Council rather than the Disciplinary Committee. Such an appeal must be made in writing within ten working days of a decision of the Proctor being conveyed to a student.

9.1.2 where a student appeals a decision of the Proctor in respect of a first offence of academic dishonesty or poor academic performance in a Test or Examination, as per 7: Type 3 of the Academic Integrity Policy and Procedure, that appeal may be heard by the Chair of the Disciplinary Committee alone. In the case of a second or subsequent offence, or any offence for which the Proctor imposes a fine, the appeal is to the full Disciplinary Committee. Such an appeal must be made in writing within ten working days of a decision of the Proctor being conveyed to a student.

10 ASSISTANCE AND SUPPORT

10.1 University Support Services are available to provide advice and assistance to the student with their disciplinary process and/or appeal. University Support Services include the Wellbeing Team and International Student Advisors, Te Manutaki and Inclusive Education.

10.2 This assistance is to ensure that the student has had the opportunity to understand the appeals procedure and that the University is able to give due consideration of the cultural and other factors that may be relevant in how the student raises their appeal, before the appeal is received. While University Support Services can provide advice and assistance, they will generally not be able to prepare an appeal on behalf of a student.

10.3 University Support Services may contact in advance the person or group who will consider the appeal to ensure that the student is able to raise an appeal in a culturally appropriate and safe environment, and to confirm any arrangements that support this. Without limitation, this may include the student making an oral submission in addition to submitting an appeal in writing, holding the meeting in a
specific location on campus, or other actions.

10.4 Any student who wishes to prepare an appeal on their behalf should contact LUSA or Te Awhioraki (for tauira Māori) or LUPISA (for Pasifika students).

11 **PROCEDURE OF THE DISCIPLINARY COMMITTEE**

11.1 The Disciplinary Committee must hold a hearing to hear the appeals or matters referred to it. Where the Disciplinary Committee is hearing an appeal, such an appeal may be but need not be a full rehearing of evidence.

11.2 The Disciplinary Committee may determine the procedure to apply at an appeal hearing. However, in the interests of Natural Justice, certain procedures should be adhered to, namely;

11.2.1 All parties to the investigation including the Proctor, Vice-Chancellor and/or any other party who made an earlier decision the subject of the appeal, must be given notice in writing of a hearing of the Disciplinary Committee no less than ten working days in advance of the date set down for hearing.

11.2.2 Notice is deemed to be received by the student where it has been sent to the student at their last known email address(es) and a copy sent to their last known postal address.

11.2.3 The Disciplinary Committee should ensure that the student has all relevant material prior pertaining to their case prior to the hearing.

11.2.4 The student, the Proctor who investigated the misconduct, and any other Member of the University who, in the opinion of the Disciplinary Committee has a special interest in the proceeding, have the right to appear at the hearing in person or online, and to be accompanied/represented by a person of their choice and should be informed of this right.

11.2.5 All of the above parties have the right to make submissions at the hearing and should be given reasonable time in which to do so. A written submission must be provided to the Disciplinary Committee in advance of any hearing and contain all of the information that the parties seek to rely on.

11.2.6 Following a finding of misconduct by the Disciplinary Committee, any previous upheld findings of misconduct against the student and relevant to the matter at hand may be taken into account by the Disciplinary Committee when the penalty for the misconduct is being considered.

11.2.7 All hearings shall be conducted in private and remain confidential.

11.2.8 If a student fails to appear, the matter shall be determined in the absence of the student but taking into account any submissions the student may have submit.

11.2.9 Before making any determination, the Disciplinary Committee must consider the decision of the Proctor in the case of an investigation or appeal; any relevant evidence, and all written and oral submissions presented to it;

11.2.10 The Disciplinary Committee reserves the right to amend (increase or decrease) any penalty imposed by the Proctor in line with penalties outlined in 12.

11.2.11 The Disciplinary Committee must reserve its decision and confirm it with the Vice-Chancellor as soon as possible after the hearing. It must then communicate its decision in writing to all parties who attended the hearing within ten working days of the hearing.

12 **POWERS OF THE DISCIPLINARY COMMITTEE**

12.1 The powers of the Disciplinary Committee will include the power to:
12.1.1 Discharge the student with or without conditions;
12.1.2 Counsel and/or reprimand the student;
12.1.3 Require the student to provide a formal undertaking of future behaviour;
12.1.4 Order the student to apologise in an appropriate manner;
12.1.5 Require that the student make restitution in respect of property stolen, lost, or damaged, or of costs incurred by the University through unauthorised activities;
12.1.6 Require the student to undertake unpaid University community service, not exceeding 120 hours in duration;
12.1.7 Deny credit or partial credit in any course or courses (if the matter involved a Misconduct involving assessment);
12.1.8 Where all credit for a course is denied, an F grade may be recorded on the student’s record in relation to that course.
12.1.9 Exclude the student from any designated part or parts of the University precincts;
12.1.10 A direction that there will be no direct or indirect contact with a specified person or persons;
12.1.11 A requirement that the student write an essay on a topic determined by the Disciplinary Committee and designed to reflect on matters relevant to the misconduct.
12.1.12 Fine not exceeding $2,000;
12.1.13 recommend to the Vice-Chancellor that the student be exluded from the University or that the student be suspended from enrolment at the University or in a particular course for such periods as the Disciplinary Committee deems fit. The Disciplinary Committee shall consider any impact on visa status where relevant in reaching its decision;
12.1.14 In addition to the penalties outlined above, the Disciplinary Committee may impose a Negative Service Indicator as appropriate to be administratively recorded, and removed once the penalty period has expired or the penalty has been performed.
12.1.15 Impose any penalty the Disciplinary Committee is empowered to impose under any Statute, Rule, Regulation or Policy not provided for above.

12.2 If a student does not satisfy the requirements of the penalty imposed on them, then the Disciplinary Committee may direct that until the requirements of the penalty are satisfied:
12.2.1 Examination results be withheld;
12.2.2 The conferment of any certificate, diploma or degree to which the student is entitled be deferred;
12.2.3 Recommend to the Vice-Chancellor that the student be suspended or excluded; and/or:
12.2.4 Recommend to the Vice-Chancellor that the student not be permitted to re-enrol at the University.

12.3 Any fine imposed under these regulations shall be paid to the University within ten working days of the notification of the decision or at such later date as the Vice-Chancellor may direct. If a student fails to pay moneys owing by way of fine or
compensation, the Vice-Chancellor may direct that until the moneys have been paid:

12.3.1 The examination results of that student be withheld;
12.3.2 The award of any certificate, diploma or degree to which that student is entitled be deferred;
12.3.3 The student be suspended;
12.3.4 The student not be permitted to re-enrol at the University.

12.4 Subject to:

12.4.1 the limited right to seek leave to appeal to the Appeals Committee of Council;
12.4.2 the discretion of the Appeals Committee of Council to hear an appeal, the decision of the Disciplinary Committee on appeal from a decision of the Proctor shall be final.

13 THE UNIVERSITY MAY ACT IN MATTERS OF URGENCY

13.1 Urgent action may be taken when necessary because the conduct of a student:

13.1.1 Endangers or threatens to endanger the health or safety of others, or of the student themselves; or
13.1.2 Is so disruptive that it prevents effective teaching and learning, research or the effective functioning of a part or parts of the University.

13.2 The Proctor shall immediately refer the matter to the Vice-Chancellor with a recommendation that the matter requires urgent attention. The Vice-Chancellor, after determining that the threshold for exclusion or suspension has been met, may make any of the following orders:

13.2.1 An order that the student be excluded from some or all University premises, and/or
13.2.2 An order that the student be excluded from events organised by or for the University; and/or
13.2.3 An order that the student's enrolment be suspended or cancelled.

13.3 Matters under 13.2.1 and 13.2.2 may be appealed to the Disciplinary Committee. Matters under 13.2.3 may be appealed direct to the Appeals Committee of Council.

14 INFORMATION SHARING

Where the student is enrolled at another institution or institutions as part of a joint qualification with Lincoln University, and the nature and extent of any disciplinary finding of a breach of these Discipline Regulations is relevant to the student’s enrolment at such other institution or institutions, the University may report the outcomes of its investigation to the other institution as appropriate, provided that any communication is also copied to the student and student’s legal advisor if applicable.

15 APPEAL TO THE APPEALS COMMITTEE

Where the Proctor or Disciplinary Committee finds a student has engaged in misconduct and imposes some penalty or consequence, in limited circumstances the student is entitled to appeal the decision to the Appeals Committee of Council.
15.1 The letter setting out the finding should inform the student of how to appeal the decision. The student has ten working days to appeal a decision and a late application to appeal will be accepted only in exceptional circumstances.

15.2 An application for leave to appeal to the Appeals Committee of the Council will be accepted if the student can show that there was a breach of process or that there is new evidence or information that was not available to the student at the time of the original decision. The Appeals Committee of Council may also exercise discretion to hear an appeal. The student shall have no right to be heard in person by the Committee, which shall consider applications for leave to appeal on the papers. The Committee may decline to hear an appeal. The Chairperson of the Appeals Committee shall have the power to regulate the procedure of the Committee. Subject to this discretion, in the interests of Natural Justice, the procedures set out above for Disciplinary Committee hearings should be adhered to.

15.3 If the Appeals Committee of Council declines to grant the student leave to appeal, then there is not further appeal rights available within the University.

16 REPORTS

If a student believes that the University’s appeal process has been conducted incorrectly or that the outcome is unreasonable in relation to the evidence, then a student may have the right to raise the matter for external and independent review.

16.1 The Pastoral Care Code

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 ("the Code") provides a pathway for learners to raise concerns about a University’s compliance with the Code. In the first instance any concerns about potential breaches of the Code should be raised through the University’s complaints process. If the complaint is not effectively addressed, a student may be able to escalate the matter to the New Zealand Qualifications Authority. Information about the Code and about how students can complain if they feel that the University is in breach of the Code can be found online.

16.2 Dispute Resolution Schemes

Both domestic and international students can make a complaint about a financial or contractual dispute to the Dispute Resolution Scheme set up under the Code. Further information about the Scheme can be found online. International students can contact iStudent Complaints, which is an independent service which has experience in helping people resolve disputes. Students can use the service for free. Further information about the services provided by iStudent Complaints can be found online.

17 REPORTS

The Proctor shall make annual reports in or about February of each year to the Vice-Chancellor, and Academic Board containing summaries of all disciplinary proceedings during the previous year. An objective of the annual report will be encouraging transparency by making an annual summary of disciplinary statistics available to staff and students (whether via the intranet or website). The Proctor may also additionally report as they see fit if they consider it useful to do so in respect of any decisions, issue or trend and make recommendations or seek feedback as appropriate.
18 MANAGEMENT OF RECORDS

18.1 Secure and confidential records of incidents of academic dishonesty and disciplinary breaches will be maintained by the Proctor with the support of the Records and Research Data Analyst. The Proctor shall retain these records for the period mandated by the General Disposal Authority for New Zealand Universities, a regulatory document issued by Archives New Zealand in support of the Public Records Act 2005.

18.2 When the records reach the end of their retention period, the Records and Research Data Analyst will carry out a Retention and Disposal action to remove and dispose of those records that are judged to be of minor significance. Before any records are destroyed, the Records and Research Data Analyst will meet with the Proctor to review results of the Retention and Disposal Action and obtain the Proctor’s approval.

RELATED POLICIES AND PROCEDURES

The following policies and procedures may be found in the online Lincoln University Policy Library:

- Academic Integrity Policy and Procedures
- Appeals Committee of Council Terms of Reference
- Code of Conduct Policy (Staff)
- Discipline Policy and Procedure (Staff)
- Prevention of Bullying, Harassment Discrimination Policy
- Prevention of Bullying, Harassment Discrimination Guidelines
- Sexual Harm Policy and Procedures
Lincoln University Student Charter

ABOUT THE CHARTER

The Student Charter establishes a formal and enduring partnership between students, staff and the Lincoln University Students’ Association (LUSA). Lincoln University students and staff jointly developed the charter.

The Charter is not a binding contract but students are encouraged to read it to know what to expect of the University and LUSA, and understand what is expected of them, as a student.

The Charter is reviewed every three years and approved by the Vice-Chancellor and Student President.

For further information about the review process, please contact:

• Student President, LUSA
• Academic Quality and Policy Manager

The Students

In a commitment to getting the best out of their student experience, Lincoln University students will:

• Take personal ownership of academic success by understanding the requirements for success, monitoring learning progress, knowing the academic pathways available and proactively seeking help, asking questions or raising concerns.

• Act responsibly as a proud member of the Lincoln University whānau (family) by being true to our values which are based on Manaakitaka — Looking After People, and behaving respectfully towards others regardless of ethnicity, spirituality or sexuality.

• Understanding their responsibilities as outlined in the Student Code of Conduct and other student regulations, policies and procedures.

• Engage with student representative organisations, such as the class representative system and LUSA or any association of students as defined by s. 159 (1) of the Education Act, with a mandate to represent students.

• Be an active and engaged member of the student body by taking up opportunities to provide feedback to the University about their student experiences through surveys, interviews and other student voice mechanisms.

• Take advantage of opportunities provided at Lincoln University to help reach their full potential by being involved in aspects of student life aimed at developing personal skills which appeal to industry and future employers.

The Students’ Association

In its commitment to the student experience, the Lincoln University Students’ Association (LUSA) or any association of students, as defined by s. 159(1) of the Education Act, will:

• Work alongside the University to put students at the centre of everything to stimulate the betterment of the student experience.

• Align decisions and actions with LUSA’s Strategic Plan, including its Mission:

• To represent and advocate for the interests and ambitions of all students at Lincoln University, and Values: Sustainability, Representation, Community, Diversity and Integrity.
• Endeavour to ensure fair and diverse student representation on all relevant University committees and working groups; contributing constructively to discussions, advocating for equality and acting in the best interests of all student cohorts.

• Aim at all times towards decisions reflective of the collective student voice through wide consultation and by offering a variety of feedback mechanisms for students to state their needs and have their say.

• Be there to provide confidential advice, service and support for students on academic, wellbeing, financial or social concerns; and facilitate connections and discussions with relevant University entities.

• Actively encourage a bicultural campus that enables the togetherness of students from all cultures and assists in growing cross-cultural friendships, connections and understanding.

• Ensure that student executives, student representatives and club leaders understand their roles and responsibilities, and are supported through sufficient training and mentorship.

The University

In its commitment to providing a distinctive student experience and putting students at the centre of everything, Lincoln University will:

• Maintain a high standard of education practices to ensure modern, relevant and globally competitive standards which support the delivery of quality teaching and enable students to reach their highest possible level of learning. In practice this means:
  – Keeping programme and course information, including course outlines, learning resources and materials up-to-date and easily accessible through reliable online and mobile accessible tools; so that students can prepare before class, reiterate their learning after class and effectively plan their education career path.
  – Ensuring mechanisms are in place for students to easily access and monitor their progress and receive constructive learning feedback in a timely manner at programme, course and assessment levels to assist continuous learning progression.

• Provide and promote opportunities for active participation within learning and extra-curricular contexts; support students to grow personally by encouraging open academic discussion and debate, improving their soft skills, providing work integrated learning opportunities and enhancing their employability.

• Provide a harmonious bicultural learning and research environment that is built on authentic social interactions and behaviours that respect and foster individual privacy and difference, including ethnicity, spirituality, sexuality and wellbeing.

• Acknowledge the global climate crisis and work alongside students on shared initiatives to support environmental sustainability as we aim to achieve carbon neutrality by 2030.

• Ensure all student-relevant regulations, policies and procedures are kept up to date and published in a manner easily accessible by all students.

• Make available a variety of impartial and approachable points of contact and tools which allow all student cohorts to easily access consistent, high quality standards of service to support and facilitate their health, safety, wellbeing and academic success.

• Maintain a high standard of pastoral care by adhering to relevant New Zealand codes of practice for the pastoral care of international and domestic tertiary students.

• Partner with LUSA to ensure inclusive and diverse student representation on the University’s committees and working groups responsible for making decisions affecting the student body.
• Take responsibility for putting mechanisms in place that endeavour to ensure the collective student voice is listened to, and for developing clear programmes and action plans focused on continuously enhancing the student experience.

Student Policies, Complaints and Grievances
All students are encouraged to familiarise themselves with the Student Code of Conduct which provides guidance on the standards of conduct expected at Lincoln University, outlines procedures and policies relating to disciplinary action, complaints, grievances and appeals, and contains a concise list of University documents students should be familiar with. Students are encouraged to talk to LUSA’s Student Advocacy and Voice Coordinator for advice in the first instance.
Academic Awards

1. Academic awards are the degrees, diplomas or certificates awarded by Lincoln University under the terms of the relevant regulations.

2. A candidate qualifies for an award on that date when he or she is credited with all courses and completes all other requirements for the award.
   Note: See C.7 General Course and Examination Regulations.

3. Degrees are conferred and diplomas awarded in person or in absentia at Graduation Ceremonies normally within twelve months following completion of the requirements for the qualification.

4. Every academic award shall be conferred or presented at a ceremony of Lincoln University called for the purpose or at a meeting of the Council of Lincoln University.

5. In order to receive an award in person or in absentia at an annual Graduation Ceremony, a candidate must have qualified and applied no later than 1 March on the prescribed online form.

6. In order to defer the award of the qualification, either in person or in absentia, a candidate must apply for permission to defer no later than 1 March, on the prescribed online form.

7. After a period of 12 months from completion of the requirements for the qualification, any graduand who has not applied to graduate at the annual Graduation Ceremony nor applied for a deferral, will automatically have their qualification awarded in absentia at the next annual Graduation Ceremony; parchments will only be produced and despatched on confirmation of full legal name and address.

8. Subject to the provisions of Regulation 4, every candidate who has qualified and applied for the conferment of a degree or presentation of a diploma or certificate shall receive a document under the hand of the Chancellor of Lincoln University or, in his or her absence, the Pro-Chancellor or Vice-Chancellor, sealed with the University seal, certifying that the degree has been conferred or diploma presented. In the case of a candidate who qualifies for a degree or diploma with honours or distinction, the document shall certify this fact and, if appropriate, show the course or courses for which honours or distinction is awarded and the class of honours.

9. If a candidate who qualifies for an award dies before receiving the award, the following provisions shall apply:
   (1) If the candidate has before death applied to receive the award, then the award shall be granted posthumously unless the candidate's personal representative or next of kin has, with the consent of the Council, withdrawn the application.
   (2) In any other case, the candidate's personal representative or next of kin may apply and the award shall thereupon be granted.

10. The Council may withdraw or refuse to grant any academic award if satisfied that the candidate made any untrue or misleading statement or was guilty of any breach of regulations or dishonest practice in relation to the award.

11. Once a qualification for any certificate, diploma or degree has been awarded to a candidate by the University Council, a candidate will not be permitted to have that qualification revoked unless the courses in that certificate, diploma or degree can be credited in partial fulfilment of the requirements for a higher level qualification.
Academic Dress

1. Members of the University attending or taking part in public ceremonies for which academic dress is prescribed shall wear the academic dress appropriate to their degree or diploma.

2. The robes for the Officers of the University are black grosgrain gowns with full sleeves and gathered yoke at the back, facings of ultramarine (B.C.C. 148) satin, with a gold button and cord just above the sleeve, with a replica of the University Coat of Arms worn just above the gold button on each shoulder.

3. (1) For the Chancellor the facings for the gown continue over the shoulder into a flap collar on the back and the sleeves are lined with Indian yellow (B.C.C. 6) satin.
   (2) For the Vice-Chancellor the facings for the gown continue into the gathered yoke at the back. The sleeves of the gown are lined with Indian yellow (B.C.C. 6) satin.

4. The cap for the Officers of the University is a black velvet Tudor cap with a gold cord and tassel.

5. (1) The gown for Bachelor’s degrees is as for the Cambridge Bachelor of Arts.
   (2) The gown for Master’s degrees is as for the Cambridge Master of Arts.
   (3) The gown for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts but fitted with facings of ultramarine (B.C.C. 148) 100mm wide the full length of the front.
   (4) The gown for the degree of Doctor of Science is as for the Cambridge Master of Arts, but the colour is signal red (B.C.C. 208) and the gown is fitted with facings of ultramarine (B.C.C. 148) 100mm wide the full length of the front.
   (5) The gown for the degree of Doctor of Natural Resources is as for the Cambridge Master of Arts, but the colour is signal red (B.C.C. 208) and the gown is fitted with facings of pea green (B.C.C. 172) 100mm wide the full length of the front.
   (6) The gown for the degree of Doctor of Commerce is as for the Cambridge Master of Arts but the colour is signal red (B.C.C. 208) and the gown is fitted with facings of Indian yellow (B.C.C. 6) 100mm wide the full length of the front.

6. (1) The hood for every degree is the same size and shape as for degrees of the University of Canterbury.
   (2) The colour of the hood for Bachelor’s degrees shall be slate grey (B.C.C. 154) and the hood shall be lined with material of the colour appropriate to the degree, as set out in Regulation 7 below.
   (3) The hood for Bachelor’s degrees with honours and for the degrees of B.Agr.Sc. and B.Hort.Sc. shall be as for the Bachelor’s hood, but the lining colour shall be extended 25mm onto the outside of the hood.
   (4) The hood for Master’s degrees shall be as for the Bachelor’s hood, but the lining shall be extended 75mm onto the outside of the hood.
   (5) The hood for the degree of Doctor of Philosophy shall be of the colour ultramarine (B.C.C. 148) and lined with Indian yellow (B.C.C. 6).
   (6) The hood for the degree of Doctor of Science shall be as for the Canterbury Bachelor of Arts made entirely of ultramarine (B.C.C. 148) silk.
(7) The hood for the degree of Doctor of Natural Resources shall be as for the Canterbury Bachelor of Arts made entirely of pea green (B.C.C. 172) silk.

(8) The hood for the degree of Doctor of Commerce shall be as for the Canterbury Bachelor of Arts made entirely of Indian yellow (B.C.C. 6) silk.

7. The colour of the linings of the hoods for bachelor’s and master’s degrees shall be as follows

8. (1) The headgear for bachelor’s and master’s degrees shall be a black trencher with tassel.

(2) The headgear for doctor’s degrees shall be a black bonnet as for the University of St Andrews.

9. (1) The gown for an undergraduate diploma awarded by the University is of black cloth with a loosely gathered yoke and elbow-length sleeves and facings of emerald green (B.C.C. 213) satin continued into the gathered yoke at the back.

(2) Except as provided in (3) below, a holder of a graduate certificate, a graduate diploma, a postgraduate certificate or a postgraduate diploma shall wear the dress of the highest degree he or she holds.

(3) The dress for a holder of a graduate certificate, a graduate diploma, a postgraduate certificate or a postgraduate diploma who does not hold a degree shall be:

   (a) A black trencher with tassel;

   (b) A gown as for the University of Cambridge Bachelor of Arts;

   (c) An unlined hood, of the same size and shape as the hood for the degrees of the University of Canterbury, of slate grey (B.C.C. 154).

10. The dress for any degree of the University of Canterbury offered at Lincoln College prior to 1990, but which is not provided for in these Regulations shall be as prescribed in the Academic Dress Regulations of the University of Canterbury in 1989.
Vehicle Registration and Traffic Statute

All vehicle users on campus must comply with the University’s Vehicle Registration and Traffic Statute. A range of enforcement measures are prescribed in the Statute, including fines, clamping of vehicles, and towing of vehicles. The fees applicable for 2023 are listed in the Schedule below.

**Doctoral Degrees**

**The Degree of Doctor of Philosophy**

These regulations are to be read in conjunction with all other relevant statutes and regulations, including the Ph.D. House Rules.

1. Every intending candidate for the degree of Doctor of Philosophy shall first apply to the Academic Board to be enrolled for the degree showing:
   
   (1) that he or she has the preliminary qualifications set out in Regulation 2 hereof; and
   
   (2) that he or she has adequate training and ability to pursue the proposed course, including an appropriate research background.

   The Board may, if satisfied, approve the candidate’s enrolment and in that case shall determine the date of enrolment, provided that the Board may, at its discretion, require the candidate to complete to his or her satisfaction a course of study prescribed for the purpose, either as a prerequisite to or concurrently with, the course of study for the degree of Doctor of Philosophy.

2. The preliminary qualifications shall be as follows:

   (1) qualifying for admission, at any university in New Zealand, to a bachelor’s degree, with first or second class honours division one, or a master’s degree at the standard of first or second class honours division one, or
   
   (2) attaining the standard of first or second class honours in a Certificate of Proficiency examination for a bachelor’s degree with honours subsequent to obtaining a bachelor’s degree or bachelor’s degree with third class honours at any university in New Zealand; or
   
   (3) attaining the standard of first or second class honours in a Certificate of Proficiency examination for a master’s degree subsequent to obtaining a master’s degree at any university in New Zealand; or
   
   (4) in the case of a graduate of a university other than any university in New Zealand, having been admitted ad eundem to the status of a graduate, holding a preliminary qualification under any of the preceding clauses of this regulation.

3. Notwithstanding the provisions of Regulations 1 and 2 hereof, the Board may, in special circumstances, approve the registration of a graduate who does not hold a preliminary qualification, but who has produced evidence satisfactory to the Board of ability to proceed to the degree of Doctor of Philosophy.

4. (1) After being enrolled as a candidate for the degree of Doctor of Philosophy, the candidate shall pursue a course of advanced study and research for a minimum of three years (360 credits) from the date of enrolment, during which he or she shall work full-time at the advanced study and research.

   (2) Research may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Academic Board.

5. Notwithstanding any provision in Regulation 4, the following persons may be enrolled as candidates for the degree of Doctor of Philosophy:

   (1) a full-time member of the academic staff who is not a Faculty Dean and/or Centre Director, Institute CEO, or equivalent; or
(2) a full-time member of the non-academic staff whose work in the University is considered by the Academic Board to be of an appropriate nature; or

(3) a candidate who by reason of occupation or other responsibilities cannot meet the criteria of Regulations 4 or 5(1) or (2) but who is able to satisfy the Academic Board that he or she meets all the other requirements for the degree and can reasonably expect to present a thesis within the time specified in Regulation 9.

After being so enrolled, he or she shall pursue a course of advanced study and research over a period of at least four calendar years from the date of enrolment, or, in exceptional cases approved by the Academic Board, over a shorter period of not less than three calendar years from the date of enrolment. Included in this period of enrolment must be a period of continuous full-time study of at least six months at the University or such other period as the Academic Board shall determine.

6. Once enrolled, the candidate shall work under the guidance of an academic or research scientist to develop a research proposal. Within six months of enrolment for the degree, the candidate shall present such proposal to the Faculty Dean and/or Centre Director, Institute CEO, or equivalent for consideration. The proposal shall be formally registered after approval of the Faculty Dean and/or Centre Director, Institute CEO, or equivalent and the Academic Board has been obtained. Failure to obtain such approval may lead to termination of enrolment as provided under Regulation 8(2).

7. Upon approval of the research proposal, the Academic Board shall appoint as supervisor of the research, an academic or research scientist who shall supervise the work of the candidate. The Board shall also appoint from among the academic staff an associate supervisor.

8. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified.

9. Subject to fulfilment of the requirements of these regulations, a candidate may at any time apply to the Academic Board or delegated authority to be examined. Except with the prior permission of the Academic Board, this must be done within five years of first enrolling for the degree, or, in the case of any candidate enrolled under the provisions of Regulation 5 of these regulations, within six years of first enrolling for the degree. The candidate shall then submit four copies of a thesis* embodying the results of the research. This shall be accompanied by a certificate from the supervisor, stating that the work described in the thesis was carried out under his or her immediate supervision and, where appropriate, that the conditions laid down in Regulation 4 or Regulation 5 (as the case may be) have been satisfied. A candidate may attach as an appendix to the thesis any of his or her published work. This shall be accompanied by a statement signed by the candidate identifying the candidate's own contribution.

10. A candidate must indicate in the thesis any part which he or she has previously used for another degree.

11. When the thesis is to be examined, all of those who are to carry out the examination are to be appointed by the Council on the recommendation of the Academic Board. Council shall appoint two examiners, each of whom is to prepare and submit a report; one shall be an independent examiner normally from an external New Zealand university; the other shall be an international examiner also normally from a university. Each examiner will independently prepare and submit a written report to the Academic Board or delegated authority. In exceptional circumstances, which in the opinion of Academic Board render it necessary, then one or more of the examiners may be
replaced. The supervisor shall prepare a ‘context’ report that will be provided to the independent examiner participating in the oral examination immediately prior to that exam.

12. A senior member of the University staff, appointed by the Academic Board and normally not of the Faculty or Research Centre concerned, shall preside over the examination but shall not have an examination role.

13. The independent New Zealand examiner (and occasionally the international examiner) shall examine the candidate orally on the subject of the thesis and on the general field to which the subject belongs, so long as the oral examination is the recommended next step in the examination process. The examiners shall, after consultation, make a report to the Academic Board or delegated authority on the whole examination and the recommended outcome and process steps resulting. The principal options are: award the degree of Doctor of Philosophy; award the degree with minor or more substantive emendations required; require the student to revise and resubmit the thesis (on only one further occasion); fail the student; recommend the award of the Master of Applied Science, without honours and with a pass grade only.

14. Unless otherwise specified by the examiners (and in consultation with the supervisor), candidates normally have three months following notification of the outcome of the examination in which to complete any changes required following examination. Students who fail to satisfy this requirement are liable to the provisions of the unsatisfactory progress regulations and shall be awarded a lesser qualification or no qualification, as appropriate.

15. After a candidate has been approved for the award of the degree of Doctor of Philosophy one digital copy of the thesis shall be deposited in the Library of the University.

16. These regulations shall apply to candidates enrolling for the degree of Doctor of Philosophy on or after 1 December 2014 or for those who submit their thesis for examination after 1 December 2014.

* Refer also to Theses Regulations.

** The General Course and Examination Regulations make provision for the resolution of disagreements between examiners.
Doctor of Science  

1. The degree of Doctor of Science shall be awarded for an original contribution (or contributions) of special excellence in some branch of pure or applied science.

2. A candidate for the degree of Doctor of Science shall hold a degree of Lincoln University, the University of Canterbury, or of any university in New Zealand or shall have been admitted ad eundem to the status of such degree. No candidate shall apply for admission to the degree of Doctor of Science until five years after graduation to the qualifying degree.

3. The degree shall be awarded for published work by the candidate, or, in special circumstances, for unpublished work, provided that these special circumstances are acceptable to the Academic Board.

4. With the application, a candidate shall forward to the Academic Board or delegated authority:

   (1) three copies of the work upon which the application is based;
   (2) three copies of any additional work, published or unpublished, which is submitted in support of the application; and
   (3) a statutory declaration identifying the work which is the candidate’s own, and stating that the principal work had not been previously accepted for a degree or diploma in any university.

EXAMINATION PROCEDURE

5. As soon as possible after the application has been lodged, the Academic Board shall appoint a moderator who shall:

   (1) consider the work and submit, through the Convenor, Academic Administration Committee, a preliminary report to the Academic Board, which shall indicate whether, in his or her opinion, the examination should proceed or whether the candidate should be advised to withdraw his or her application; and
   (2) state the names of not fewer than three persons recommended as suitable examiners in the field covered by the work submitted, provided that the Academic Board, in appointing Examiners under Regulation 7(1) of these regulations, shall not be restricted to the persons so named.

6. If the moderator recommends that the candidate should be advised to withdraw the application, the candidate shall be notified of the recommendation by the Academic Board or delegated authority and in such a case the candidate may:

   (1) withdraw the application, whereupon he or she shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of the Fees Regulations; or
   (2) elect to proceed with the examination.

7. (1) If the examination is to proceed, the Academic Board shall appoint three independent examiners. One of the examiners shall be the director of the appropriate faculty of the University and at least one shall be an authority in the field from outside New Zealand.

   (2) The contents of the moderator’s report shall not be communicated to the examiners.
8. The duties of each examiner shall be:

   (1) to report independently on the quality of the work and its value as a significant contribution to learning; and

   (2) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded, the examiner may recommend that the candidate be permitted to resubmit the work with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

9. All reports and other communications shall be sent to the Academic Board or delegated authority who shall refer them to the moderator.

10. The moderator shall consider the reports of the examiners and prepare a final report based upon them, which, together with the reports of the examiners, shall be placed before the Academic Board.
Doctor of Commerce  

D.Com.

1. The degree of Doctor of Commerce shall be awarded for an original contribution (or contributions) of special excellence in some branch of commerce.

2. A candidate for the degree of Doctor of Commerce shall hold a degree of Lincoln University, the University of Canterbury, or of any university in New Zealand or shall have been admitted ad eundem to the status of such degree. No candidate shall apply for admission to the degree of Doctor of Commerce until five years after graduation to the qualifying degree.

3. The degree shall be awarded for published work by the candidate, or, in special circumstances, for unpublished work, provided that these special circumstances are acceptable to the Academic Board.

4. With the application, a candidate shall forward to the Academic Board or delegated authority:
   (1) three copies of the work upon which the application is based;
   (2) three copies of any additional work, published or unpublished, which is submitted in support of the application; and
   (3) a statutory declaration identifying the work which is the candidate’s own, and stating that the principal work had not been previously accepted for a degree or diploma in any university.

EXAMINATION PROCEDURE

5. As soon as possible after the application has been lodged, the Academic Board shall appoint a moderator who shall:
   (1) consider the work and submit, through the Convenor, Academic Administration Committee, a preliminary report to the Academic Board, which shall indicate whether, in his or her opinion, the examination should proceed or whether the candidate should be advised to withdraw his or her application; and
   (2) state the names of not fewer than three persons recommended as suitable examiners in the field covered by the work submitted, provided that the Academic Board, in appointing Examiners under Regulation 7(1) of these regulations, shall not be restricted to the persons so named.

6. If the moderator recommends that the candidate should be advised to withdraw the application the candidate shall be notified of the recommendation by the Academic Board or delegated authority and in such a case the candidate may:
   (1) withdraw the application, whereupon he or she shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of the regulations; or
   (2) elect to proceed with the examination.

7. (1) If the examination is to proceed, the Academic Board shall appoint three independent examiners. One of the examiners shall be the director of the appropriate faculty of the University and at least one shall be an authority in the field from outside New Zealand.
   (2) The contents of the moderator’s report shall not be communicated to the examiners.
8. The duties of each examiner shall be:

   (1) to report independently on the quality of the work and its value as a significant contribution to learning; and

   (2) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded, the examiner may recommend that the candidate be permitted to re-submit the work with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

9. All reports and other communications shall be sent to the Academic Board or delegated authority who shall refer them to the moderator.

10. The moderator shall consider the reports of the examiners and prepare a final report based upon them, which together with the reports of the examiners, shall be placed before the Academic Board.
Doctor of Natural Resources  D.Nat.Res.

1. The degree of Doctor of Natural Resources shall be awarded for an original contribution (or contributions) of special excellence in some branch of study of natural resource management or primary production management.

2. A candidate for the degree of Doctor of Natural Resources shall hold a degree of Lincoln University, the University of Canterbury, or of any university in New Zealand or shall have been admitted ad eundem to the status of such degree. No candidate shall apply for admission to the degree of Doctor of Natural Resources until five years after graduation to the qualifying degree.

3. The degree shall be awarded for published work by the candidate, or, in special circumstances, for unpublished work, provided that these special circumstances are acceptable to the Academic Board.

4. With the application, a candidate shall forward to the Academic Board or delegated authority:
   (1) three copies of the work upon which the application is based;
   (2) three copies of any additional work, published or unpublished, which is submitted in support of the application; and
   (3) a statutory declaration identifying the work which is the candidate’s own, and stating that the principal work had not been previously accepted for a degree or diploma in any university.

5. As soon as possible after the application has been lodged, the Academic Board shall appoint a moderator who shall:
   (1) consider the work and submit, through the Convenor, Academic Administration Committee, a preliminary report to the Academic Board, which shall indicate whether, in his or her opinion, the examination should proceed or whether the candidate should be advised to withdraw his or her application; and
   (2) state the names of not fewer than three persons recommended as suitable examiners in the field covered by the work submitted, provided that the Academic Board, in appointing Examiners under Regulation 7(1) of these regulations, shall not be restricted to the persons so named.

6. If the moderator recommends that the candidate should be advised to withdraw the application, the candidate shall be notified of the recommendation by the Academic Board or delegated authority and in such a case the candidate may:
   (1) withdraw the application, whereupon he or she shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of the regulations; or
   (2) elect to proceed with the examination.

7. (1) If the examination is to proceed, the Academic Board shall appoint three independent examiners. One of the examiners shall be the director of the appropriate faculty of the University and at least one shall be an authority in the field from outside New Zealand.
   (2) The contents of the moderator’s report shall not be communicated to the examiners.
8. The duties of each examiner shall be:
   (1) to report independently on the quality of the work and its value as a significant contribution to learning; and
   (2) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded, the examiner may recommend that the candidate be permitted to re-submit the work with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

9. All reports and other communications shall be sent to the Academic Board or delegated authority who shall refer them to the moderator.

10. The moderator shall consider the reports of the examiners and prepare final report based upon them, which together with the reports of the examiners, shall be placed before the Academic Board.
Master’s Degrees

Master of Agricultural Science  M.Agr.Sc.
Master of Applied Computing  M.App.Comp.
Master of Business in Finance  M.Bus.Finc.
Master of Business in Global Management and Marketing  M.Bus.GMM.
Master of Commerce (Agricultural)  M.Com.(Ag.)
Master of Commerce and Management  M.C.M.
Master of Disaster Risk and Resilience  M.D.R.R.
Master of Environmental Policy and Management  M.E.P.M.
Master of Fintech and Investment Management  M.F.I.M.
Master of Horticultural Science  M.Hort.Sc.
Master of International Nature Conservation  M.I.N.C.
Master of International Rural Development  M.I.R.D.
Master of Landscape Architecture  M.L.A.
Master of Management in Agribusiness  M.Mgmt.Agrib.
Master of Natural Resources Management and Ecological Engineering  M.Na.R.M.&E.E.
Master of Pest Management  M.Pest.Mgmt.
Master of Planning  M.Plan
Master of Precision Agriculture  M.Pr.Agr
Master of Professional Accounting (CPA)  M.Prof.Acct.(CPA)
Master of Science  M.Sc.
Master of Science in Food Innovation  M.Sc.(Food.Innov)
Master of Science (Plant Breeding)  M.Sc.(Plnt.Brdng)
Master of Sport and Recreation Management  M.S.R.M.
Master of Tourism Management  M.Tour.Mgt.
Master of Wine and Viticulture  M.Wine.&Viticulture

Note: In these regulations, unless indicated otherwise by the particular context, the word year shall mean a period of 12 months.
**General Regulations**

These regulations are to be read in conjunction with all other relevant statutes and regulations, including the Master’s House Rules.

2. (1) Except with the prior approval of the Academic Administration Committee, a full-time candidate for a master’s degree must complete the requirements for the degree within two years of the expiry of the minimum time for completion of the degree.

(2) Except with the prior approval of the Academic Administration Committee, any candidate for a master’s degree must complete the requirements for the degree within five years of first enrolling for the degree.

3. Where the course regulations for a master’s degree make provision for the award of honours or distinction, the following conditions shall apply:

   (1) There shall be two classes of honours: First Class Honours and Second Class Honours. Candidates obtaining Second Class Honours shall be listed in two divisions (Division I or Division II).

   (2) Honours shall not be awarded if examination papers which a candidate sits are unsatisfactory or if the thesis at its first presentation is unsatisfactory. However, where performance at a written examination has been seriously impaired by illness (as certified under the aegrotat regulations), a candidate may elect, instead of applying for an aegrotat award, to present himself or herself once at a subsequent written examination and still be eligible for the award of honours.

   (3) There shall be two classes of distinction: Distinction and Merit.

   (4) Distinction shall not be awarded if examination papers which a candidate sits are unsatisfactory. However, where performance at a written examination has been seriously impaired by illness (as certified under the aegrotat regulations), a candidate may elect, instead of applying for an aegrotat award, to present himself or herself once at a subsequent written examination and still be eligible for the award of distinction.

   (5) A candidate may be eligible for the award of honours or distinction only if the requirements for the award are completed within three years of first enrolling for the degree or, in the case of a candidate who has studied on a part-time basis throughout the course of study, within four years of first enrolling for the degree. This period may, in special cases, be extended by the Academic Board.

Note: 240 credit research Masters are awarded with Honours (being one of: First Class; Second Class Division I; Second Class Division II). 180 credit taught Masters and the 120 MLA are awarded with either Distinction or Merit.

4. Where the course regulations for a master’s degree require a thesis the following conditions shall apply:
(1) The requirements of the General Course and Examination Regulations, Part I, shall be met.

(2) The Faculty Dean concerned shall, before the candidate commences the investigation to be described in the thesis, secure the approval of the Academic Board for the topic chosen and for the proposed course of the investigation.

(3) The Faculty Dean concerned shall recommend to the Academic Board the appointment of a supervisor and an associate supervisor.

(4) The candidate shall work under the direction of his or her supervisors and shall meet with and report to his or her supervisors as directed. Except with the permission of the Academic Board, the candidate shall work on the University campus and laboratory work shall be carried out within a university.

(5) When a thesis is examined, two examiners’ reports shall be submitted; one from an examiner who is external to Lincoln University and normally from a university, and the other an independent member of the academic staff at Lincoln University.

(6) The examiners may require the candidate to undertake an oral examination on the subject of the thesis and on the general field to which the subject belongs.

(7) A candidate shall not present a thesis in which any part has previously been accepted for any degree or diploma.

(8) If the thesis at its first presentation is unsatisfactory, the Academic Board may, on the recommendation of the examiners, permit the candidate to revise the thesis and resubmit it by a specified date.

Note: Students will be allocated to a faculty which will be responsible for the supervision of their studies.

5. Where a thesis has been presented for the degree of Doctor of Philosophy by a candidate from Lincoln University, and the examiners are of the opinion that it does not justify the award of that degree, they may recommend the award of a master’s degree without honours or distinction.

6. Unless otherwise specified by the examiners, candidates normally have three months following notification of the outcome of the examination in which to complete any changes required following examination. (Where advice from the Faculty Deans or their nominee is compelling, the Academic Administration Committee may approve a longer term.) Students who fail to satisfy this requirement are liable to the provisions of the unsatisfactory progress regulations and shall be awarded a lesser qualification, or no qualification, as appropriate.

7. These regulations shall apply to candidates enrolling for a master’s degree on or after 1 December 2014, or those who submit their thesis for examination after 1 December 2014.
Master of Agricultural Science M.Agr.Sc.

1. (1) Every candidate for the degree of Master of Agricultural Science shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of the degree of Bachelor of Agricultural Science; or
   (b) qualify for the award of the degree of Bachelor of Agricultural Science with Honours; or
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board and successfully complete a qualifying course in such subjects of the degree of Bachelor of Agricultural Science as may be required by the Academic Board; or
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Agricultural Science.

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Agricultural Science shall be approved by the Academic Board.

If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. (1) A candidate who has been admitted to the degree of Bachelor of Agricultural Science shall:
   (a) present a thesis in a subject approved by the Academic Board; and
   (b) pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

(2) A candidate who has been admitted to the degree of Bachelor of Agricultural Science with Honours shall present a thesis in a subject approved by the Academic Board and, if the Board so determines, complete to its satisfaction a course of study prescribed for the purpose.

(3) In the case of a candidate who is not a graduate in Agricultural Science, the Academic Board shall determine whether the course of study to qualify for the degree shall be:
   (a) by thesis; or
   (b) by examination and thesis; and shall determine the subject matter of the thesis and the number of credits and the topics of the courses in which the candidate presents for examination, as applicable.

4. (1) A candidate for the degree of Master of Agricultural Science by examination and thesis shall be enrolled in an approved course of study normally for a minimum of two academic years.

(2) A candidate for the degree of Master of Agricultural Science by thesis alone shall be enrolled in an approved course of study for a minimum of one academic year.
5. The Master of Agricultural Science may be awarded with honours in accordance with the Master's Degree General Regulation 3.

Courses
The examinations prescribed under Regulations 3(1)(b) and 3(3)(b) of the M.Agr.Sc. Regulations consist of no fewer than 120 credits chosen with the approval of the Academic Board from the courses listed in the Schedule of Master's Degree Course Prescriptions which appears later in this Calendar.
Master of Applied Computing

1. Every candidate for the degree of Master of Applied Computing shall, before entry upon a course of study for the degree, fulfil the following conditions:
   (a) Qualify for the award of a bachelor’s degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board;
      (i) Entry to the programme will be limited to students with a prior undergraduate qualification at above average standard (normally a B average or better is to be obtained in the student’s undergraduate preparation).
      (ii) Be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Applied Computing.

2. The course of study of every candidate for the degree of Master of Applied Computing shall be approved by the Academic Board.
   If at any time during a candidate’s enrolment for the degree, the Academic Board find the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue a provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate who has been admitted to the degree of Master of Applied Computing shall:
   (a) Enrol in and pursue a course of study for not less than 12 months;
   (b) Pass examinations in the courses as determined by the Academic Board.

4. (a) The examination for the degree of Master of Applied Computing comprises the 180 credits listed in Schedule A to these regulations.
   (b) In exceptional circumstances, the Academic Board may approve a course of study for a candidate that does not conform in every detail to the requirements set out in these regulations.

5. A candidate who, in the opinion of the examiners, completes with special merit the requirements for the degree of Master of Applied Computing may be awarded the degree with distinction.

6. These regulations came into force from 01 November 2020.
Schedule of Courses
Note: All courses are the equivalent of 20 credits unless otherwise stated.

<table>
<thead>

</table>

1. (1) Every candidate for the degree of Master of Applied Science shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete to its satisfaction a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Applied Science; or
   (b) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Applied Science.

   Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Applied Science shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. The Academic Board shall determine, for each candidate, whether the course of study to qualify for the degree shall be:
   (1) by examination and thesis; or
   (2) by thesis and shall determine the subject matter and weighting of the thesis and the number of credits and the topics of the courses in which the candidate presents for examination, as applicable.

4. A candidate for the degree of Master of Applied Science by examination and thesis shall:
   (1) enrol in and pursue a course of study normally for two years, except that the Academic Board may, in special circumstances, vary this period;
   (2) pass an examination in the courses as determined by the Academic Board;
   (3) present a thesis and satisfy the examiners therewith, and, if so required, present for an oral examination on the subject of the thesis and related courses; In recommending the award of the degree, the Academic Board may take into consideration the combined results of the thesis and of the courses and of the oral examination, if any.
   (4) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.

5. A candidate for the degree of Master of Applied Science by thesis shall:
   (1) enrol in and pursue a course of study for not less than one year; and
   (2) satisfy the requirements of Regulation 4(3) above.

6. The Master of Applied Science may be awarded with honours in accordance with the Master's Degree General Regulation 3.

7. These regulations came into force from 1 January 2015
Schedule of Courses

A candidate for the degree of Master of Applied Science by thesis and examination as prescribed under Regulation 3 of the Master of Applied Science regulations may enrol in one of the following areas of specialisation and shall pass such courses as listed in the accompanying schedule:

<table>
<thead>
<tr>
<th>Environmental Management</th>
<th>Compulsory Courses (40 credits)</th>
</tr>
</thead>
<tbody>
<tr>
<td>ERST 601</td>
<td>Advanced Theory in Resource Studies</td>

Note: students may substitute another 600-level Research Methods course from the Lincoln University Calendar with approval from Academic Board.

### Specialist Courses

Plus at least two courses (40 credits) from:
- COMP 626  Interaction Design
- COMP 627  Neural Networks Applications
- COMP 634  Visual Analytics
- COMP 635  Agent-Based Computing
- ERST 606  Advanced Geographic Information Systems A
- ERST 607  Advanced Geographic Information Systems B
- ENGN 636  Advanced Precision Agriculture Technologies

Plus at most two courses (40 credits) from:
The Schedule of Master’s Degree courses (600-level) listed in the Lincoln University calendar to form a coherent programme of study.

Plus:
- 120 credit Thesis

### International Rural Development

#### Compulsory Courses (60 credits)
- MGMT 615  Planning and Assessing International Development Projects
- SOCI 608  Advanced International Rural Development
- Plus one of:
- ECON 615  Applied Research Methods
- MGMT 611  Management Research Methods
- SOCI 601  Social Science Research Methods (Quantitative)
- SOCI 602  Social Science Research Methods (Qualitative)

Plus two courses (40 credits) from:
The list of courses in Schedule A to these Regulations;

Plus one course (20 credits) from:
The Schedule of Master’s Degree courses (600-level) listed in the Lincoln University Calendar to form a coherent programme of study, and approved by Academic Board.

Plus:
- 120 credit Thesis

**Plus:**

120 credit Thesis
1. (1) Every candidate for the degree of Master of Business in Finance shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

(a) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require such a person to complete to its satisfaction a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Business in Finance;

i. Entry to the programme will be limited to students with a prior undergraduate qualification at above average standard (normally a B average or better is to be obtained in the student’s undergraduate preparation); or

(b) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Business in Finance.

2. The course of study of every candidate for the degree of Master of Business in Finance shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue a provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate who has been admitted to the degree of Master of Business in Finance shall:

(a) enrol in and pursue a course of study for not less than one calendar year;

(b) pass examinations in the courses as determined by the Academic Board.

4. (a) The examination for the degree of Master of Business in Finance comprises the 180 credits listed in Schedule A to these regulations.

(b) In exceptional circumstances the Academic Board may approve a course of study for a candidate that does not conform in every detail to the requirements set out in these regulations.

5. A candidate who, in the opinion of the examiners, completes with special merit the requirements for the degree of Master of Business in Finance may be awarded the degree with distinction.

Master of Commerce (Agricultural)  M.Com.(Ag.)

1. (1) Every candidate for the degree of Master of Commerce (Agricultural) shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

(a) qualify for the award of the degree of Bachelor of Commerce (Agricultural); or
(b) qualify for the award of the degree of Bachelor of Commerce with Honours; or
(c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Commerce (Agricultural); or
(d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Commerce (Agricultural).

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Commerce (Agricultural) shall be approved by the Academic Board.

If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. (1) A candidate who has been admitted to the degree of Bachelor of Commerce (Agricultural) shall:

(a) present a thesis in a subject approved by the Academic Board; and
(b) pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

(2) A candidate who has been admitted to the degree of Bachelor of Commerce with Honours shall present a thesis in a subject approved by the Academic Board and, if the Board so determines, complete to its satisfaction a course of study prescribed for the purpose.

(3) In the case of a candidate who is not a graduate in Commerce (Agricultural), the Academic Board shall determine whether the course of study to qualify for the degree shall be:

(a) by thesis; or
(b) by examination and thesis;

and shall determine the subject matter of the thesis and the number of credits and the topics of the courses in which the candidate presents for examination, as applicable.
4. (1) A candidate for the degree of Master of Commerce (Agricultural) by examination and thesis shall be enrolled in an approved course of study normally for a minimum of two academic years.

(2) A candidate for the degree of Master of Commerce (Agricultural) by thesis alone shall be enrolled in an approved course of study for a minimum of one academic year.

5. The Master of Commerce (Agricultural) may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Courses
The examinations prescribed under Regulations 3(1)(b) and 3(3)(b) of the M.Com.(Ag.) regulations consist of no fewer than 120 credits chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Course Prescriptions which appears later in this Calendar.
Master of Commerce and Management

1. (1) Every candidate for the degree of Master of Commerce and Management shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

(a) qualify for the award of the degree of Bachelor of Commerce and Management; or

(b) qualify for the award of the degree of Bachelor of Commerce with Honours; or

(c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Commerce and Management; or

(d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Commerce and Management.

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Commerce and Management shall be approved by the Academic Board.

If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. (1) A candidate who has been admitted to the degree of Bachelor of Commerce and Management shall:

(a) present a thesis in a subject approved by the Academic Board; and

(b) pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

(2) A candidate who has been admitted to the degree of Bachelor of Commerce with Honours shall present a thesis in a subject approved by the Academic Board and, if the Board so determines, complete to its satisfaction a course of study prescribed for the purpose.

(3) In the case of a candidate who has been granted entry to a course of study for the degree under Regulation 1(1)(c) or 1(1)(d) above, the Academic Board shall determine whether the course of study to qualify for the degree shall be:

(a) by thesis; or

(b) by examination and thesis;

and shall determine the subject matter of the thesis and the number of credits and the topics of the courses in which the candidate presents for examination, as applicable.
4. (1) A candidate for the degree of Master of Commerce and Management by examination and thesis shall be enrolled in an approved course of study normally for a minimum of two academic years.

(2) A candidate for the degree of Master of Commerce and Management by thesis alone shall be enrolled in an approved course of study for a minimum of one academic year.

5. The Master of Commerce and Management may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Courses
The examinations prescribed under Regulations 3(1)(b) and 3(3)(b) of the M.C.M. regulations consist of no fewer than 120 credits chosen with the approval of the Academic Board and shall normally include QMET 615, one of ECON 615 or ACCT 614, plus four other courses chosen from the B.Com.(Hons) schedule.
Master of Disaster Risk and Resilience  
M.D.D.R.

This degree is jointly awarded with the University of Canterbury. This programme is closed to new enrolments in 2022)

1. (1) Every candidate for the degree of Master of Disaster Risk and Resilience shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

   (a) qualify for the award of a degree with a B average or better from an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete to its satisfaction a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Disaster Risk and Resilience or

   (b) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Disaster Risk and Resilience.

   (2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Disaster Risk and Resilience shall be approved by the Academic Board. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue with provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate for the degree of Master of Disaster Risk and Resilience by coursework shall:

   (1) enrol in and pursue a course of full-time study normally for three sequential semesters, except that the Academic Board may, in special circumstances, vary this period;

   (2) pass an examination in the courses as determined by the Academic Board

   (3) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.

4. A candidate for the degree of Master of Disaster Risk and Resilience by coursework and dissertation shall:

   (1) enrol in and pursue a course of full-time study normally for two sequential semesters plus a summer trimester, except that the Academic Board may, in special circumstances, vary this period;

   (2) pass an examination in the courses as determined by the Academic Board

   (3) present a dissertation and satisfy the examiners therewith, and, if so required, present for an oral examination on the subject of the dissertation and related courses; In recommending the award of the degree, the Academic Board may take into consideration the combined results of the dissertation and of the courses and of the oral examination, if any.

   (4) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.
5. The Master of Disaster Risk and Resilience may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

6. These regulations came into force from 1 January 2016.

**Schedule of Courses**

A candidate for the degree of Master of Disaster Risk and Resilience as prescribed under Regulations 3 and 4 shall pass the courses listed in the accompanying schedule:

Note: All courses are the equivalent of 20 credits unless otherwise stated.

<table>
<thead>
<tr>
<th>Compulsory Courses (85 credits)</th>
</tr>
</thead>
<tbody>
<tr>
<td>DRRE 401 Introduction to Disaster Risk and Resilience</td>
</tr>
<tr>
<td>HAZM 403 Hazard and Disaster Investigation</td>
</tr>
<tr>
<td>DRRE 402 Natural Hazard Risk Assessment</td>
</tr>
<tr>

</tbody>
</table>

Notes:

(i) **DRRE 408** is strongly recommended for students without significant prior experience in GIS.

(ii) Students may substitute 400-level Research Methods or GIS courses from the University of Canterbury Calendar, or 600-level Research Methods or GIS courses from the Lincoln University Calendar with approval from the Director of Postgraduate Studies in Disaster Risk and Resilience.

**Plus: Either:**

(i) **HAZM 691** Dissertation (60 credits)

Or:

(ii) Additional courses at the 400 (UC) or 600 (LU) level to attain a minimum of 180 credits in total, approved by the Director of Postgraduate Studies in Disaster Risk and Resilience.
Master of Environmental Policy and Management M.E.P.M.

1. Every candidate for the degree of Master of Environmental Policy and Management shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of an undergraduate degree in a related discipline at an above average standard (normally B) of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   (b) qualify for the award of an undergraduate degree with Honours in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   (c) qualify for the award of a degree of an accredited higher education institution at an above average standard (normally B) in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Environmental Policy and Management; or
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Environmental Policy and Management

2. Approval of every candidate will be based on the relevance and standard of undergraduate studies.

3. Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   The course of study of every candidate for the degree of Master of Environmental Policy and Management shall be approved by the Academic Board. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue with provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

   All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. (1) A candidate for the degree of Master of Environmental Policy and Management shall be enrolled in an approved course of study normally for a minimum of three academic semesters.
   (2) The minimum period of enrolment set out in 4(1) above shall include any period of provisional enrolment required under Regulation 3 of these Regulations.

5. The Master of Environmental Policy and Management may be awarded with distinction in accordance with the Master's Degree General Regulation 3.

Schedule of Courses

The examinations prescribed under Regulation 3 of the M.E.P.M. regulations consist of not fewer than 180 credits chosen from the courses listed in Schedule A below, to define a coherent programme of study.

Note: All courses are the equivalent of 20 credits.

Master of Horticultural Science  M.Hort.Sc.

1. (1) Every candidate for the degree of Master of Horticultural Science shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of the degree of Bachelor of Horticultural Science; or
   (b) qualify for the award of the degree of Bachelor of Horticultural Science with Honours; or
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board and successfully complete a qualifying course in such subjects of the degree of Bachelor of Horticultural Science as may be required by the Academic Board; or
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Horticultural Science.

   (2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Horticultural Science shall be approved by the Academic Board.

   If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. (1) A candidate who has been admitted to the degree of Bachelor of Horticultural Science shall:
   (a) present a thesis in a subject approved by the Academic Board; and
   (b) pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

   (2) A candidate who has been admitted to the degree of Bachelor of Horticultural Science with Honours shall present a thesis in a subject approved by the Academic Board and, if the Board so determines, complete to its satisfaction a course of study prescribed for the purpose.

   (3) In the case of a candidate who is not a graduate in Horticultural Science, the Academic Board shall determine whether the course of study to qualify for the degree shall be:
   (a) by thesis; or
   (b) by examination and thesis;

   and shall determine the subject matter of the thesis and the number of credits and the topics of the courses in which the candidate presents for examination, as applicable.
4. (1) A candidate for the degree of Master of Horticultural Science by examination and thesis shall be enrolled in an approved course of study normally for a minimum of two academic years.

(2) A candidate for the degree of Master of Horticultural Science by thesis alone shall be enrolled in an approved course of study for a minimum of one academic year.

5. The Master of Horticultural Science may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Courses
The examinations prescribed under Regulations 3(1)(b) and 3(3)(b) of the M.Hort.Sc. Regulations consist of no fewer than 120 credits chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Courses which appears later in this Calendar.
Master of International Nature Conservation  M.I.N.C.

This degree is jointly awarded with the University of Göttingen, Germany.

1. (1) Every candidate for the degree of the Master of International Nature Conservation shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

   (a) qualify for the award of a Bachelor's degree in science or resources studies or environmental studies; or

   (b) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of International Nature Conservation; or

   (c) be admitted with equivalent status (ad eundem statum), as entitled to proceed to the degree of Master of International Nature Conservation.

   (2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

2. The course of study of every candidate for the degree of Master of International Nature Conservation shall be approved by the Academic Board, having regard to coherence and ensuring that there is no significant duplication of academic content in the course of study undertaken at both institutions.

   If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditional as may be specified.

3. A candidate who has been admitted to the degree of Master of International Nature Conservation shall:

   (1) pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board;

   (2) present a thesis in a subject approved by the Academic Board; and

   (3) undertake a period of three months field work to a required standard.

4. A candidate for the degree of Master of International Nature Conservation shall take no more than the equivalent of 60 taught credits at either university.

5. A candidate for the degree of Master of International Nature Conservation shall be enrolled for a period of study normally for a period of at least two years.

6. The Master of International Nature Conservation may be awarded with honours in accordance with the Master's Degree General Regulation 3.
Schedule of Courses
A candidate for the Master of International Nature Conservation shall normally pass:

Note: All courses are the equivalent of 20 credits unless otherwise stated

Practical Work Regulations for M.I.N.C. students
Before graduating, candidates for the M.I.N.C. degree shall complete 12 weeks of approved practical work experience in accordance with the following provisions:

1. Students will normally be required to complete at least 12 weeks of approved practical work after completing at least one semester of courses at either Lincoln University or University of Göttingen.

2. (1) Students must complete the practical work requirements before undertaking the thesis.
   
   (2) Practical work undertaken to satisfy the requirements of the Practical Work component may not be used as part of the thesis.

3. (1) Students are required to submit to the Academic Coordinator both evidence of practical work completed and satisfactory written reports. The deadline for submission is four weeks following the completion of the component.
   
   (2) Any report considered by the Academic Board to be unsatisfactory will be required to be revised and resubmitted.

4. The Academic Board may modify the application of these regulations in particular cases, provided a formal request to exercise this discretion is submitted in writing to the Academic Board or delegated authority.
Master of International Rural Development  
M.I.R.D.

Note: This programme is closed in 2022

1. (1) Every candidate for the degree of Master of International Rural Development shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   
   (a) qualify for the award of an undergraduate degree in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (b) qualify for the award of an undergraduate degree with honours in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete to its satisfaction a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of International Rural Development; or
   
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of International Rural Development.

   (2) Approval of every candidate by the Academic Board will be based on the relevance and standard of their undergraduate studies.

2. The course of study of every candidate for the degree of Master of International Rural Development shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue with provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. (1) A candidate for the degree of Master of International Rural Development by examination shall be enrolled in an approved course of study normally for a minimum of three academic semesters.

   (2) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these Regulations.

5. The Master of International Rural Development may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Schedule of Courses

The examinations prescribed under Regulation 3 of the Master of International Rural Development Regulations consist of not fewer than 180 credits chosen from the courses listed in Schedule A below, to form a coherent programme of study.

Note: All courses are the equivalent of 20 credits unless otherwise stated.

#### Electives (40 credits)

Any two courses from the Schedule of Master’s Degree courses listed in the Calendar, to form a coherent programme of study.
Master of Landscape Architecture

This degree comprises three programmes of study: the 120-credit MLA by thesis; the 120-credit MLA by examination; and the 240-credit MLA by examination, the latter being an accredited degree. The programmes are differentiated on the basis of the candidate's achievement at the time of enrolment.

1. (1) Every candidate for the 120-credit Master of Landscape Architecture by thesis shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of the degree of Bachelor of Landscape Architecture with first class or second class division one Honours; or
   (b) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Landscape Architecture and be determined by the Academic Board to qualify for the degree by thesis.

   (2) Every candidate for the 120-credit Master of Landscape Architecture by examination shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
      (a) qualify for the award of the degree of Bachelor of Landscape Architecture with first or second class division one honours; or
      (b) qualify for the award of the Postgraduate Diploma in Landscape Studies; or
      (c) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Landscape Architecture and be determined by the Academic Board to qualify for the degree by examination.

(3). Every candidate for the 240-credit Master of Landscape Architecture by examination shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
      (a) qualify for the award of the degree of Bachelor of Landscape Architecture with a minimum B+ average; or
      (b) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Landscape Architecture and be determined by the Academic Board to qualify for the 240-credit degree by examination; or
      (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete to its satisfaction a prescribed course of study, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Landscape Architecture.

Note: it is unlikely that a candidate qualifying for the BLA, who does not benefit from the accreditation, would pursue the 240-credit degree.

(4) Every candidate for the degree shall have been approved as a candidate by the Academic Board. Note: relevance and standard of undergraduate studies will be the criteria for approval.
2. The course of study of every candidate for the degree of Master of Landscape Architecture shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. The Academic Board shall determine, for each candidate, whether the course of study to qualify for the degree shall be:
   (1) by thesis (120-credit); or
   (2) by examination (120-credit); or
   (3) by examination (240-credit).

4. A candidate for the 120-credit Master of Landscape Architecture by thesis shall:
   (1) enrol in and pursue a course of study for not less than one year or the equivalent in part-time study; and
   (2) present a thesis and satisfy the examiners therewith, and, if so required, present for an oral examination on the course of the thesis and related courses.
   (3) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.

5. A candidate for the 120-credit Master of Landscape Architecture by examination shall:
   (1) enrol in and pursue a course of study for not less than one year or the equivalent in part-time study taken from Schedule A; and
   (2) pass the prescribed examination comprising a dissertation (40 credits) plus completion of 80 credits from Schedule A.
   (3) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.

6. A candidate for the 240-credit Master of Landscape Architecture by examination shall:
   (1) complete a course of study that is usually for a period of two calendar years, or the equivalent in part-time study taken from Schedule B;
   (2) pass the prescribed examination comprising a dissertation (40 credits) plus completion of 200 credits from Schedule B.
   (3) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these regulations.

7. A candidate who completes the requirements for the degree of Master of Landscape Architecture under the provisions of Regulations 4, 5, or 6 may be awarded the degree with honours in accordance with the Master’s Degree General Regulation 3.

Master of Management in Agribusiness  M.Mgmt.Agrib.

1. (1) Every candidate for the degree of Master of Management in Agribusiness shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

   (a) qualify for the award of an agricultural or agribusiness degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or

   (b) qualify for the award of an agricultural or agribusiness degree with honours of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or

   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Management in Agribusiness; or

   Note: Relevance and standard of undergraduate studies and experience will be the criteria for approval. Entry to the programme will be limited to students with a prior undergraduate qualification in an appropriate discipline at above average standard (normally a B average or better is to be obtained in the student's undergraduate preparation).

   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Management in Agribusiness.

   (2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   Note: The relevance and standard of undergraduate studies and experience will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Management in Agribusiness shall be approved by the Academic Board. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. (1) A candidate for the degree of Master of Management in Agribusiness by examination shall be enrolled in an approved course of study normally for a minimum of one academic year.

   (2) The minimum period of enrolment set out in 4.(1) above shall include any period of provisional enrolment required under Regulation 2 of these Regulations.

5. The Master of Management in Agribusiness may be awarded with honours in accordance with the Master's Degree General Regulation 3.
Schedule of Courses

The examinations prescribed under Regulation 3 of the Master of Management in Agribusiness Regulations consist of not fewer than 180 credits chosen from the courses listed in Schedule A below, to define a coherent programme of study.

Note: All courses are the equivalent of 20 credits, unless otherwise stated.

Master of Natural Resources Management and Ecological Engineering

1. (1) Every candidate for the degree of Master of Natural Resources Management and Ecological Engineering shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

   (a) qualify for the award of a Bachelor’s degree in Science, Environmental Policy, Environmental Planning or Environmental Management.

   (b) qualify for the award of a degree of a university in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Natural Resources Management and Ecological Engineering.

   (c) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Natural Resources Management and Ecological Engineering.

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Natural Resources Management and Ecological Engineering shall be approved by the Academic Board.

If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified.

3. A candidate who has been admitted to the degree of Master of Natural Resources Management and Ecological Engineering shall:

   (a) pass such examinations as the Academic Board may from time to time approve and at a standard satisfactory to the Board; and

   (b) present a thesis in a subject approved by the Academic Board;

4. A candidate for the degree of Master of Natural Resources Management and Ecological Engineering must pass an equivalent of 240 credits (120 ECTS points) comprising:

   (i) 60 credits from an approved course of study at Lincoln University; and

   (ii) 60 credits (30 ECTS points) from an approved course of study at the University of Natural Resources and Life Sciences (BOKU) (Austria); and

   (iii) 120 credit thesis at Lincoln University.

Note: Subject to approval by Academic Board, a student may, where appropriate, receive thesis co-supervision from BOKU.

5. A candidate for the degree of Master of Natural Resources Management and Ecological Engineering shall be enrolled in an approved course of study normally for a period of two academic years.
6. Subject to approval by Academic Board, a student may undertake the degree as an Individual Major, by submitting an appropriate thesis and selecting an approved set of courses listed in the Schedule of Master’s Degree Courses which appears later in the Calendar.

7. The Master of Natural Resources Management and Ecological Engineering may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Schedule of Courses

A candidate for the Master of Natural Resources Management and Ecological Engineering shall normally pass:

Note: All courses are the equivalent of 20 credits unless otherwise stated.

**Part II**

The remaining courses shall be selected from the Schedule of Master’s Degree Courses offered at Lincoln University, which appear later in the Calendar, and approved courses from the Schedule of Master’s Degree Courses offered at BOKU, Vienna, Austria.

To allow students to specialise in a particular area, a number of relevant disciplines at Lincoln University have been identified to guide selection of relevant courses in order to meet Part II requirements of the schedule. The current areas of specialisation are:

1. **Ecological Engineering**

   Courses beginning with the prefix ECOL, ERST, MAST, MICR, PHSC, PLPT, SOCI, SOSC and WATR chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Courses which appears later in this Calendar.

2. **Nature Conservation and Wildlife Management**

   Courses beginning with the prefix ECOL, ERST, MAST and PLPT chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Courses which appears later in this Calendar.

3. **Risk Management (RM)**

   Courses beginning with the prefix ERST, MAST, PHSC, SOSC and WATR chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Courses which appears later in this Calendar.

4. **International Business and Sustainability (IB)**

   Courses beginning with the prefix BMGT, ECON, ERST and SOCI chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Course Prescriptions which appears later in this Calendar.
Master of Pest Management  M.Pest.Mgmt.

1. (1) Every candidate for the degree of Master of Pest Management shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   
   (a) qualify for the award of an undergraduate degree in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (b) qualify for the award of an undergraduate degree with Honours of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Pest Management; or
   
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Pest Management.
   
   (2) Approval of every candidate by the Academic Board will be based on the relevance and standard of their undergraduate studies.

2. The course of study of every candidate for the degree of Master of Pest Management shall be approved by the Academic Board. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. (1) A candidate for the degree of Master of Pest Management by examination shall be enrolled in an approved course of study normally for a minimum of three academic semesters.
   
   (2) The minimum period of enrolment set out in (4.1) above shall include any period of provisional enrolment required under Regulation 2 of these Regulations.

5. A candidate who completes the 180 credits from the Schedule to these regulations to meet the requirements for the Master of Pest Management may be awarded the degree with distinction, in accordance with the Master's Degree General Regulation 3.

6. These regulations came into force on 1 January 2023.
Schedule of Courses

The examinations prescribed under Regulation 3 of the Master of Pest Management Regulations consists of not fewer than 180 credits chosen from the courses listed in Schedule A below, to define a coherent programme of study.

Note: All courses are the equivalent of 20 credits unless otherwise stated.

Master of Planning  

1. Every candidate for the degree of Master of Planning shall, before entry upon a course of study for the degree, have:
   (1) (a) either qualified for the award of a bachelor’s degree at above average standard (normally a B grade average) of an accredited higher education institution in New Zealand; or
   (b) been admitted with equivalent status (ad eundem statum) with graduate status; and
   (2) been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be criteria for approval.

2. The course of study of every candidate for the degree of Master of Planning shall be approved by the Academic Board.

   If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate for the degree of Master of Planning shall:
   (1) enrol in and pursue a course of study normally for a minimum of two academic years, or the equivalent in part-time study; and
   (2) pass the prescribed examination.

4. The examination for the degree of Master of Planning shall comprise 200 credits chosen from the Schedule to these regulations, plus a project where the written results shall be submitted in the form of a dissertation to the Academic Board or delegated authority. For the purposes of assessing the performance of candidates for the degree, the dissertation shall be regarded as being equivalent to 40 credits.

5. A candidate who meets the requirements for the degree of Master of Planning may be awarded the degree with honours, in accordance with the Masters Degree General Regulation 3.
## Schedule of Courses

A candidate for the degree of Master of Planning shall pass the courses listed in Schedule A.

Note: All courses are the equivalent of 20 credits unless otherwise stated

Master of Precision Agriculture  

1. (1) Every candidate for the degree of Master of Precision Agriculture shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

   (a) qualify for the award of an undergraduate degree in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (b) qualify for the award of an undergraduate degree with Honours in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Precision Agriculture; or
   
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Precision Agriculture.

   (2) Approval of every candidate by the Academic Board will be based on the relevance and standard of their undergraduate studies.

2. The course of study of every candidate for the degree of Master of Precision Agriculture shall be approved by the Academic Board. If, at any time during a candidate's enrolment for the degree, the Academic Board finds the candidate's progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate's enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. A candidate for the degree of Master of Precision Agriculture by examination shall:

   (1) be enrolled in an approved course of study for not less than one calendar year; the minimum period of enrolment shall include any period of provisional enrolment required under Regulation 2 of these Regulations;
   
   (2) pass the prescribed examinations.

5. A candidate who completes the 180 credits from the Schedule to these regulations to meet the requirements for the Master of Precision Agriculture may be awarded the degree with distinction, in accordance with the Master's Degree General Regulation 3.

6. Pathway to other qualifications

   (1) Candidates who have completed the academic requirements of the Master of Precision Agriculture with a 40-credit dissertation with a grade of not less than B+, may be admitted to the Doctor of Philosophy, with the permission of the Dean of the relevant Faculty.
   
   (2) A candidate who has not met the academic requirements for the Master of Precision Agriculture and who wishes to exit with a Postgraduate Certificate in Applied Science or a Postgraduate Diploma in Applied Science may apply to the Academic Administration Committee for admission and waiver of Regulation H, 4 (6) and (7) [General Course and Examination Regulations], where appropriate.

7. These regulations come into force from 01 January 2023.

**Elective Courses:**
20 credits from the Schedule of Master’s Degree courses (600-level) listed in the Lincoln University Calendar to form a coherent programme of study, and approved by the Academic Coordinator.

1 Students who have demonstrated sufficient academic ability may be permitted to substitute ENGN 698-699 with a 40-credit dissertation ENGN 660.
### Master of Professional Accounting (CPA) M.P.A.(CPA)

1. Every candidate for the degree of Master of Professional Accounting (CPA) shall, before entry upon a course of study for the degree, fulfil the following conditions:
   - **(a)** Qualify for the award of a bachelor’s degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board;
     - **(i)** Entry to the programme will be limited to students with a prior undergraduate qualification at above average standard (normally a B average or better is to be obtained in the student’s undergraduate preparation).
   - **(b)** Meet the requirements of CPA Australia for eligibility for admission to the CPA Program.

2. The course of study of every candidate for the degree of Master of Professional Accounting (CPA) shall be approved by the Academic Board.
   
   If at any time during a candidate’s enrolment for the degree, the Academic Board find the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue a provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate who has been admitted to the degree of Master of Professional Accounting (CPA) shall:
   - **(a)** Enrol in and pursue a course of study for not less than three academic semesters;
   - **(b)** Pass examinations in the courses as determined by the Academic Board.

4. **(a)** The examination for the degree of Master of Professional Accounting (CPA) comprises the 180 credits listed in Schedule A to these regulations.
   - **(b)** In exceptional circumstances the Academic Board may approve a course of study for a candidate that does not conform in every detail to the requirements set out in these regulations.

5. A candidate who, in the opinion of the examiners, completes with special merit the requirements for the degree of Master of Professional Accounting (CPA) may be awarded the degree with distinction.

6. A candidate enrolled in the Master of Professional Accounting (CPA) must also enrol in CPA Australia’s CPA Program for the CPA courses required to complete the degree, and make appropriate payment for such enrolment to CPA Australia.

   The examinations prescribed under Regulations 3(a) and 3(b) of the M.P.A.(CPA) Regulations consist of no fewer than 180 credits as specified in Schedule A below. Students who have successfully completed up to three of the MPA (CPA) courses, i.e. any three from ACCT 620 to ACCT 626, may apply for transfer credit based on recognition of non-credentialed learning for these courses.

Together with 20 credits from the Schedule of Master's Degree courses offered at Lincoln University to form a coherent programme of study.
Master of Science M.Sc.

1. (1) Every candidate for the degree of Master of Science shall before entry upon a course of study for the degree fulfil one of the following conditions:
   
   (a) qualify for the award of the degree of Bachelor of Science; or
   
   (b) qualify for the award of the degree of Bachelor of Science with Honours; or
   
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board, provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Science.
   
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Science.

   (2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. (1) The course of study of every candidate for the degree of Master of Science shall be approved by the Academic Board.

   If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

   (2) Programmes for the degree shall be offered in the following streams:
   
   Biochemistry
   Conservation and Ecology
   Environmental Science

   The requirements for the examination in each of the named streams are set out in the schedules to these regulations.

   Candidates may complete the requirements for the degree with or without satisfying the requirements for one of the three streams listed above.

   Other specialisations may be approved by the Academic Board on application.

   (3) The course of study of every candidate for the degree shall be approved by the Academic Board. In approving a course of study the Academic Board shall have regard for the coherence of the proposed course of study.

3. (1) A candidate for the degree of Master of Science by thesis and examination shall be enrolled in an approved course of study normally for a minimum of two academic years.

   (2) A candidate for the degree of Master of Science by thesis alone shall be enrolled in an approved course of study for a minimum of one academic year.

4. A candidate for the degree of Master of Science, 180 credits, by examination shall:

   (1) enrol in and pursue a course of study not less than one calendar year;

   (2) pass the prescribed examination.
5. The Master of Science may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Courses
The examinations prescribed under Regulation 3(1)(b) of the M.Sc. regulations consist of no fewer than 120 credits chosen with the approval of the Academic Board from the courses listed in the Schedule of Master’s Degree Courses which appears later in this calendar.

For the designated streams, candidates must take a minimum of 80 credits from the courses listed in the schedules. The other 40 credits may be chosen with the approval of the Academic Board from the Schedule of Master’s Degree Courses which appears later in this calendar.

Master of Science in Food Innovation

1. (1) Every candidate for the degree of Master of Science in Food Innovation shall, before entry upon a course of study for the degree, fulfil one of the following conditions:

(a) qualify for the award of the degree of Bachelor of Science; or

(b) qualify for the award of the degree of Bachelor of Science with Honours; or

(c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Science in Food Innovation; or

(d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master Science.

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Science in Food innovation shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue with provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. A candidate for the degree of Master of Science in Food Innovation, 180 credits, by examination shall:

(1) enrol in and pursue a course of study not less than one calendar year;

(2) pass the prescribed examination.

5. The Master of Science in Food Innovation may be awarded with distinction, in accordance with the Master’s Degree General Regulation 3.

6. These regulations come into effect from 01 January 2019.

Master of Tourism Management

1. Every candidate for the degree of Master of Tourism Management shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   (a) qualify for the award of a Tourism Management (or equivalent) degree at above average standard (normally B) of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   (b) qualify for the award of a Tourism Management (or equivalent) degree with Honours of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   (c) qualify for the award of a Tourism Management (or equivalent) degree at above average standard (normally B) of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Tourism Management; or
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Tourism Management.

2. Approval of every candidate will be based on the relevance and standard of undergraduate studies, and Tourism Management-relevant work.

3. Every candidate for the degree shall have been approved as a candidate by the Academic Board.

   The course of study of every candidate for the degree of Master of Tourism Management shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue with provisional enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

   All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

   (1) A candidate for the degree of Master of Tourism Management shall be enrolled in an approved course of study normally for a minimum of three academic semesters.

   (2) The minimum period of enrolment set out in (1) above shall include any period of provisional enrolment required under Regulation 2 of these Regulations.

4. The Master of Tourism Management may be awarded with distinction in accordance with the Master’s Degree General Regulation 3.

Schedule of Courses

The examinations prescribed under Regulation 3 of the Master of Tourism Management regulations consist of not fewer than 180 credits chosen from the courses listed below, to form a coherent programme of study.

Note: All courses are the equivalent of 20 credits unless otherwise stated.

*Note: These courses are worth 10 credits each. They are available in Summer School, Semester 1 and Semester 2.*
Master of Water Science and Management  M.WSM

This qualification is jointly awarded by the University of Canterbury and Lincoln University.

These regulations must be read in conjunction with the General Regulations for the University of Canterbury.

1. Version
   (a) These Regulations came into force on 1 January 2023.
   (b) This degree was first offered in 2023.

2. Variations
   In exceptional circumstances the Amo Matua, Pūtaiao | Executive Dean of Science or delegate may approve a personal programme of study which does not conform to these Regulations.

3. The structure of the qualification
   To qualify for the Master of Water Science and Management a student must have been credited with 180 points of courses selected from the Schedule to these Regulations including:
   (a) all courses listed in Schedule C to these Regulations; and
   (b) 30 points of courses selected from Schedule E to these regulations and approved by the Kaihautū | Director of the Waterways Centre for Freshwater Management.
   (c) On approval of the Kaihautū | Director, Waterways Centre for Freshwater Management a maximum of 15 points from Schedule C may be substituted with an alternative elective.

4. Admission to the qualification
   A student for the Master of Water Science and Management, before enrolling for the degree, must have:
   (a) either
      i. qualified for a university degree which is relevant to Water Science and Management, with a B (5.0) Grade Point Average or above in the final year; or
      ii. been admitted with Academic Equivalent Standing.
   (b) and been approved as a student by the Amo Matua Pūtaiao | Executive Dean of Science or delegate.

5. Subjects
   There are no majors, minors, or endorsements for this qualification.

6. Time limits
   The qualification adheres to the General Regulations for the University of Canterbury with a time limit of 36 months.

7. Transfers of credit, substitutions, and cross-credits
   This qualification adheres to the Credit Recognition and Transfer Regulations, with no additional stipulations.
8. Progression

This qualification adheres to the General Regulations for the University of Canterbury, which permits 30 points of course failures to qualify for the qualification, with the following stipulations:

(a) Unless an exemption is granted by the Amo Matua Pūtaiao | Executive Dean of Science or delegate, failed courses may only be those listed in Regulation 3(b).

9. Honours, Distinction and Merit

This qualification adheres to the General Regulations for the University of Canterbury and may be awarded with Distinction and Merit.

10. Exit and Upgrade Pathways to other Qualifications

(a) A student who has graduated with the MWSM, with a GPA of B+ (6.0) or above, may apply to be admitted to the Master of Science in Water Science and Management by thesis only.

(b) A student who passes all the courses for Schedule C and E except for WATR691 (the 60-point project), with a GPA of B+ (6.0) or above, may apply to transfer to the Master of Science in Water Science and Management.

(c) A student who passes all the courses for Schedule C and E except for WATR691 (the 60-point project) or chooses not to proceed, can apply to graduate, and exit to the Postgraduate Diploma in Water Science and Management.

Course Prescriptions

**WATR411 Water Governance** (15 points, Semester 2)

The aim of this course is to provide students with an understanding of the governance of freshwater resources from a social-ecological systems perspective. The course will explore water science and management as embedded in complex social and ecological contexts, shaped by interactions among culture, politics, economics, and ecologies. Drawing on examples from local to global, the course will examine major paradigms of water resource management, and how these are applied and contested by diverse societal actors and stakeholders in politics and decision-making at different scales, incorporating examples from Aotearoa New Zealand.

**WATR412 Hydrological Extremes** (15 points, Semester 2)

This course aims to provide students with an understanding of the drivers, processes, and consequences of hydrological hazards. Focusing on the mechanistic processes generating floods and droughts, students will gain insights and experience using state-of-the-art data and modelling tools to estimate the frequency and forecast the consequences of extreme events. The course will also explore the management paradigms that have evolved to mitigate and adapt to hydrological hazards and transitional steps needed to build resilient communities.

**WATR413 Freshwater Restoration and Recovery** (15 points, Semester 2)

The aim of this course is to provide students with an understanding of freshwater restoration. The course will explore the importance of restoration from physical, ecological, and cultural perspectives, and will examine the current state of freshwater restoration practice both locally and globally. Students will gain insight into factors which may limit restoration success and explore strategies to overcome these. The course will also examine key considerations when designing and implementing monitoring programmes, including data analysis and statistics.

**WATR690 Water Science and Management Thesis** (120 points)

Research thesis on a topic of relevance to Water Science and Management.

**WATR691 Water Science and Management Project** (60 points, GENERAL NON-CALENDAR BASED)

This course comprises an individual supervised investigation, professional project or internship in a subject area relevant to water science and management and approved by the Master of Water Science and Management programme staff. The final report presents the results of the investigation, professional project or internship.
The Degree of Master of Science, Water Science and Management (MSc WSM– 240 points) 
This qualification is jointly awarded by the University of Canterbury and Lincoln University. 
These regulations must be read in conjunction with the General Regulations for the University of Canterbury.

10. Exit and Upgrade Pathways to other Qualifications 
(e) A student who has presented Part 1 of the Master of Science, Water Science and Management, but who has not submitted Part II, may apply to the Amo Matua, Pūtaiao | Executive Dean of Science or delegate to be admitted to the Postgraduate Diploma in Water Science and Management or the Masters in Water Science and Management and have credits transferred.

For full course information, go to www.canterbury.ac.nz/courses

Part I - 90 points of courses from Schedule C, Group 1, and 30 points of courses from Schedule E of the regulations for the Master of Water Science and Management.

Part II – A thesis (WATR690).

In order to proceed to Part II, the Tumuaki Kura|Head of School normally requires a student to have attained a B+ grade average in Part I. A student who fails to meet this requirement, and who is declined entry to Part II by the Tumuaki Kura | Head of School, may apply to have the courses credited towards the Postgraduate Diploma in Water Science and Management.
Master of Water Resource Management  M.Water.R.M.

This degree is closed to new entrants from 2022.

This degree is jointly offered with the University of Canterbury.

1. Every candidate for the degree of Master of Water Resource Management shall, before entry upon a course of study for the degree, have:
   (1) (a) either qualified for the award of a bachelor’s degree of an accredited higher education institution in New Zealand; or
       (b) been admitted with equivalent status (ad eundem statum) with graduate status; and
   (2) been approved as a candidate by the Academic Board.

   Note: Relevance and standard of undergraduate studies will be the criteria for approval.

2. The course of study of every candidate for the degree of Master of Water Resource Management shall be approved by the Academic Board.

   If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. A candidate for the degree of Master of Water Resource Management shall (with the exception of those students seeking entry under the conditions outlined in 5) outlined below:
   (1) enrol in and pursue a 240-credit course of study, normally for a minimum of two academic years, or the equivalent in part-time study; and
   (2) pass the prescribed examinations.

4. The examinations for the degree of Master of Water Resource Management shall therefore comprise:
   (1) 120 credits chosen from the schedule to these regulations, and (/or, for thesis only)
   (2) 120 credits from a research thesis (WATR 690)

5. Under some circumstances a candidate for the degree of Master of Water Resource Management may complete the degree by thesis only, enrolling in the 120-credit thesis course (WATR 690) for a minimum of one academic year, or the equivalent in part-time study, and passing the examination of this course. Entry for a Master’s by thesis only will require the approval of the Academic Board and the Director of the Waterways Centre, and will be based on the candidate’s ability to meet the prerequisites of the WATR 690 research thesis course.

6. The Master of Water Resource Management may be awarded with honours in accordance with the Master’s Degree General Regulation 3.

Schedule of Courses
A candidate for the degree of Master of Water Resource Management shall pass the courses listed in Schedule A.

Note: All courses are the equivalent of 20 credits unless otherwise stated.
### Schedule A

**Note:** Candidates’ attention is drawn to the fact that the coherence of the course of study is the criterion for approval of the choice of optional courses.
Master of Wine and Viticulture  

1. (1) Every candidate for the degree of Master of Wine and Viticulture shall, before entry upon a course of study for the degree, fulfil one of the following conditions:
   
   (a) qualify for the award of an undergraduate degree in a related discipline of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (b) qualify for the award of an undergraduate degree with Honours of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; or
   
   (c) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board; provided that the Academic Board may, at its discretion, require any such person to complete, to its satisfaction, a course of study prescribed for the purpose, either as a prerequisite to, or concurrently with, the course of study for the degree of Master of Wine and Viticulture; or
   
   (d) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Master of Wine and Viticulture.

   (2) Approval of every candidate by the Academic Board will be based on the relevance and standard of their undergraduate studies.

2. The course of study of every candidate for the degree of Master of Wine and Viticulture shall be approved by the Academic Board. If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House Rules, including the requirements to meet grade averages for courses taken by examination.

3. All candidates shall pass such examinations as the Academic Board may from time to time prescribe and at a standard satisfactory to the Board.

4. A candidate for the degree of Master of Wine and Viticulture by examination shall:
   
   (1) be enrolled in an approved course of study for not less than one calendar year; the minimum period of enrolment shall include any period of provisional enrolment required under Regulation 2 of these Regulations;
   
   (2) pass the prescribed examination.

5. A candidate who completes the 180 credits from the Schedule to these regulations to meet the requirements for the Master of Wine and Viticulture may be awarded the degree with distinction, in accordance with the Master’s Degree General Regulation 3.

6. These regulations come into effect from 01 January 2019.

Bachelor’s Degrees with Honours

Bachelor of Commerce with Honours B.Com.(Hons)
Bachelor of Environmental Management with Honours B.E.M.(Hons)
Bachelor of Environment and Society with Honours B.E.S.(Hons)
Bachelor of Science with Honours B.Sc.(Hons)
Bachelor of Sport and Recreation Management B.S.R.M.(Hons)
with Honours
Bachelor of Tourism Management with Honours B.Tour.Mgt.(Hons)
Bachelor of Viticulture and Oenology with Honours B.V.&O.(Hons)

1. In these regulations, the term ‘Bachelor’s Degree with Honours’ means the Bachelor of Commerce with Honours, the Bachelor of Environmental Management with Honours, the Bachelor of Environment and Society with Honours, the Bachelor of Science with Honours, the Bachelor of Sport and Recreation Management with Honours, the Bachelor of Tourism Management with Honours, and the Bachelor of Viticulture and Oenology with Honours.

Note: The regulations for the Bachelor of Agricultural Science with Honours, the Bachelor of Environmental Policy and Planning with Honours and the Bachelor of Landscape Architecture with Honours can be found with the relevant Bachelor’s Degrees.

2. (1) before entry to a course of study for a Bachelor’s Degree with Honours, every candidate shall fulfil one of the following conditions:

(a) qualify for the award of a relevant Lincoln University undergraduate degree and have achieved an average of B+ or higher in 300-level courses; or

(b) qualify for the award of a degree of an accredited higher education institution in New Zealand approved for the purpose by the Academic Board and have achieved an average of B+ or higher in 300-level courses or their equivalents; provided that the Board may, at its discretion, require any such person to complete to its satisfaction a course of study prescribed for the purpose by the Board, either as a prerequisite to, or concurrently with, the course of study for the Bachelor’s Degree with Honours; or

(c) be admitted with equivalent status (ad eundem statum) as entitled to proceed to the Bachelor’s Degree with Honours.

Relevance and standard of previous studies will be the criteria for approval.

(2) Every candidate for the degree shall have been approved as a candidate by the Academic Board.

If, at any time during a candidate’s enrolment for the degree, the Academic Board finds the candidate’s progress to be unsatisfactory, then the Board may, at its discretion, cancel the candidate’s enrolment or allow the candidate to continue the enrolment subject to such conditions as may be specified in the relevant House rules, including the requirement to meet grade averages for courses taken by examination.
3. (1) A candidate for the Bachelor’s Degree with Honours shall be enrolled for an approved course of study for a minimum of two semesters and, other than in those degrees in 3(2) below, will normally complete the requirements for the degree within two academic years.

(2) Candidates for the B.Com.(Hons), B.Sc.(Hons) and B.V.&O.(Hons) will normally complete the requirements for the degree within one academic year.

4. Candidates for the Bachelor of Commerce with Honours, Bachelor of Environmental Management with Honours, Bachelor of Sport and Recreation Management with Honours, Bachelor of Science with Honours, Bachelor of Tourism Management with Honours and the Bachelor of Viticulture and Oenology with Honours shall:

(a) take an honours examination which comprises 80 credits at the postgraduate level and chosen with the approval of the Dean(s) of the Faculty(s) concerned from the courses listed in the schedule to these regulations, to provide a coherent course of study; and

(b) undertake a project, the written results of which shall be submitted, in the form of a dissertation, to the Academic Board or delegated authority, Lincoln University, not later than the fourteenth day following the conclusion of the examination session in the semester in which the candidate completes the honours examination. For the purposes of assessing the performance of candidates for the degree, the dissertation shall be regarded as being equivalent to 40 credits at 600-level.

5. Candidates who complete the requirements for the honours examination may be awarded the Bachelor’s Degree with Honours in the First Class, or Honours in the Second Class (Division I) or Honours in the Second Class (Division II) or Honours in the Third Class.

6. For the Bachelor of Commerce with Honours, Bachelor of Environmental Management with Honours, Bachelor of Sport and Recreation Management with Honours, Bachelor of Science with Honours, Bachelor of Tourism Management with Honours and the Bachelor of Viticulture and Oenology with Honours, the class of honours is calculated on the first 80 credits completed by examination plus the dissertation.

7. Should a candidate fail to qualify for the award of Honours, they may transfer credit for courses completed towards the appropriate Master’s Degree, Graduate Certificate, Graduate Diploma, Postgraduate Certificate or Postgraduate Diploma with the approval of Academic Board.

8. Course prescriptions may be found in the Schedule of Master’s Degree Course Prescriptions.

9. These regulations came into force on 1 January 2006.

The remaining 20 credits may be chosen from the courses listed above or from the Schedule of Master’s Degree Course Prescriptions offered at Lincoln University.
Schedule of Master’s Degree Course Prescriptions

This information is correct at the time of printing; it is possible that some changes to course details may be made after this date. Examination dates and times are published on the Lincoln University website at the end of week five in each semester.

Unless otherwise stated, all Master’s degree courses are worth 20 credits with an EFTS value of 0.167.

ACCOUNTING

ACCT 609 Advanced Taxation
An advanced study of taxation concepts and principles relevant to New Zealand taxpayers.
Restriction: ACCT 306
Semester: One
Contact Person: M. Zhang, Department of Financial and Business Systems

ACCT 620 CPA Ethics and Governance
An advanced study of the application of ethical principles, together with a strong knowledge of key corporate governance principles and mechanisms.
Prerequisite: Eligibility for admission to the CPA program
Semester: July
Contact Person: C. Beattie, Department of Financial and Business Systems

ACCT 621 CPA Strategic Management Accounting
Prerequisites: Eligibility for admission to the CPA program
Semester: January
Contact Person: Refer to the Head of Department of Financial and Business Systems

ACCT 622 CPA Financial Reporting
An advanced study of the application of accounting standards, together with the interpretation of financial reports.
Prerequisites: Eligibility for admission to the CPA program
Semester: July
Contact Person: G. Hao, Department of Financial and Business Systems

ACCT 623 CPA Global Strategy and Leadership
An advanced study of the application of strategic analysis to address complex business issues in a competitive and uncertain business environment.
Prerequisites: Eligibility for admission to the CPA program, plus ACCT 620, ACCT 621 and ACCT 622.
Semester: Early February and July
Contact person: C. Cheong, Department of Financial and Business Systems
ACCT 624 CPA Advanced Audit and Assurance
An advanced study of external and internal audit procedures along with the application of international standards to complex audits.
Prerequisites: Eligibility for admission to the CPA program
Semester: January
Contact Person: M. Zhang, Department of Financial and Business Systems

ACCT 625 CPA Financial Risk Management
An advanced study of the financial risks faced by businesses along with the key mechanisms and frameworks used to address and manage risk.
Prerequisites: Eligibility for admission to the CPA Program
Semester: July
Contact Person: M. Zhang, Department of Financial and Business Systems
Note: This course is not offered in 2023

ACCT 626 Special Topic CPA Digital Finance
Explores the knowledge and skills necessary to deal with accounting and finance in a digital world, equipping students with the tools to apply to emerging technologies in a real-world context.
Prerequisites: Eligibility for admission to the CPA Program
Semester: July
Contact Person: M. Zhang, Department of Financial and Business Systems

Animal Science

ANSC 635 Advanced Livestock Production (40 credits)
Integrated studies of an advanced nature specifically orientated towards systems of production for ruminants (sheep, beef, dairy, deer and goats) in pastoral agricultural industries.
Restrictions: ANSC 609-616, ANSC 623-630 and ANSC 634, ANSC 636, WOSC 601
Semesters: One and Two
Contact Person: P. Gregorini, Department of Agricultural Sciences (EFTS value: 0.333)

ANSC 636 Topics in Advanced Livestock Production
A selection of topics of an advanced nature specifically orientated towards systems of production for ruminants (sheep, beef, dairy, deer and goats) in pastoral agricultural industries.
Restrictions: ANSC 609-616, ANSC 623-630, ANSC 634, ANSC 635, WOSC 601
Semesters: One or Two
Contact Person: P. Gregorini, Department of Agricultural Sciences

ANSC 637 Advanced Animal Science (40 credits)
Advanced topics in animal science including general, reproductive and growth physiology, animal nutrition, animal health and immunology.
Restrictions: ANSC 601-605, ANSC 617-621, ANSC 638, WOSC 602-603
Semesters: One and Two
Contact Person: O. Al Marashdeh, Department of Agricultural Sciences (EFTS value: 0.333)
ANSC 638 Topics in Advanced Animal Science
A selection of advanced topics in animal science including general, reproductive and
growth physiology, animal nutrition, animal health and immunology.
Restrictions: ANSC 601-605, ANSC 617-621, ANSC637, WOSC 602-603
Semesters: One or Two
Contact Person: O. Al Marashdeh, Department of Agricultural Sciences

Biochemistry

BICH 601 General Biochemistry (40 credits)
Glycoprotein structure and biosynthesis, protein transport, the cytoskeleton, enzyme
structure and mechanisms, intracellular messengers.
Semester: One
Contact Person:  H. Lee, Department of Wine, Food and Molecular Biosciences
(EFTS value: 0.333)

BICH 605 Animal Biochemistry
Advanced study of recent progress in animal biochemistry.
Semester: One and Two
Contact Person: Refer to the Head of Department, Agricultural Sciences
Note: This course is not offered in 2023.

BICH 633 Protein Biochemistry
An advanced study of recent progress in moderating the structure, function, interaction
and manipulation of proteins.
Restriction: BICH 602
Semester: Two
Contact Person: J. Morton, Department of Wine, Food and Molecular Biosciences

BICH 634 Plant Cell Physiology
An advanced study of plant cell physiology and its application to agricultural or
horticultural situations.
Recommended Preparation: PLSC 325, 332, BICH 321 or BICH 326
Restriction: BICH 604
Semester: Two
Contact Person: R. Hofmann, Department of Wine, Food and Molecular Biosciences

BICH 636 Plant Biochemistry
An advanced study of plant biochemistry and its application to agricultural or horticultural
situations.
Recommended Preparation: PLSC 325, 332, BICH 321 OR BICH 326
Restriction: BICH 604
Semester: One
Contact Person: C. Winefield, Department of Wine, Food and Molecular Biosciences
**BICH 638 Bioinformatics**

Methods, algorithms and computational tools for information retrieval and analysis in molecular biology.

Restriction: QMET 606

Semester: Two

Contact Person: Refer to the Head of Department, Wine, Food and Molecular Biosciences

Note: This course is not offered in 2023.

---

**Biological Science**

**BIOS 604 Advanced Toxicology A**

A critical study of toxicology with emphasis on biotransformation, pesticides, heavy metals, teratogenic chemicals and endocrine disruptors.

Recommended Preparation: BIOS 306 or BIOS 206, PHSC 315

Restriction: BIOS 306 (up to 2003)

Note: This course is not offered in 2023.

**BIOS 606 Quantitative Genetics**

An advanced study of recent progress in quantitative genetics, including animal and/or plant breeding.

Restriction: ANSC 632

Contact Person: C. Winefield, Department of Wine, Food and Molecular Biosciences

---

**Business Management**

**BMGT 611 Human Resource Management**

Critical exploration of advanced theory, research and application in the field of human resources management.

Restriction: BMKT 611

Semester: Two

Contact Person: Refer to the Head of Department, Global Value Chains and Trade

Note: This course is not offered in 2023.

**BMGT 618 Advanced Business Strategy**

Advanced strategic analysis of business units, corporations and industries.

Semester: Two

Contact Person: H. Ahmed, Department of Global Value Chains and Trade

---

**BMGT 672 Organisational Research Methods**

A study of the theory and practice of quantitative and qualitative research methods as applied in organisational settings.

Restriction: SOCI 601, SOCI 602, MGMT 611, ECON 615, ACCT 614

Contact Person: Refer to the Head of Department, Global Value Chains and Trade

Note: This course is not offered in 2023.
BMGT 681 Action Research and Management Learning
Key theories and practice of action research and management learning, involving reflective learning and professional practice.
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

BMGT 682 Contemporary Issues in Management And Leadership
Principles, concepts, processes and theories associated with creativity, creative problem solving and innovation.
Restrictions: BMGT 619
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

BMGT 683 Managing Strategy
An integrative perspective on established and advanced theory and practice in managing strategy.
Restrictions: BMGT 673, BMGT 618
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

BMGT 684 Management Project (40 credits)
The application of business administration principles to identifying and solving a real world problem.
Contact Person: Refer to the Head of Department, Global Value Chains and Trade.
Note: This course is not offered in 2023. (EFTS value: 0.333)

BMGT 685 Governing Organisations
Advanced study of theory and practice in governing organisations.
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023

BMGT 686 Managing Programmes of Change
Integration of theory and practice in managing programmes of change.
Semester: One
Contact Person: A. Brien, Department of Global Value Chains and Trade

Commerce

COMM 601 Principles of Managerial Economics (10 credits)
The theory and practice of economic decision making; the structure of markets and business enterprise and their relationships with the environment, other companies, customers and employees; macroeconomic variables and conditions that influence economic behaviour and decision-making.
Semester: One, Two, Summer
Contact Person: Refer to the Head of Department, Global Value Chains and Trade (EFTS value: 0.0835)
COMM 602 Principles of Accounting and Finance (10 credits)
The theory and practice of accounting and finance in the context of making effective financial management decisions.
Semester: One, Two, Summer
Contact Person: L. Zhaohua, Department of Financial and Business Systems
(EFTS value: 0.0835)

COMM 603 Principles of Business Management (10 credits)
The theory and practice in managing business activities, in the context of Global Value Chains.
Semester: One, Two, Summer
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
(EFTS value: 0.0835)

COMM 604 Principles of Marketing (10 credits)
An examination of the processes for creating, communicating, delivering and pricing products that have value for consumers, marketers, other stakeholders and society at large. A theoretical and practical background for managing marketing activities.
Semester: One, Two, Summer
Contact Person: D. Dean, Department of Agribusiness and Markets
(EFTS value: 0.0835)

COMM 605 Research for Managers
An examination of the theory and function of the business research and decision making process, and quantitative and qualitative techniques for the collection and analysis of relevant data.
Semesters: One, Two and Summer
Contact Person: Refer to the Head of Department, Global Value Chains and Trade

COMM 606 Strategic Business Analysis
An integrative course that draws together the theories and models learned in the Master of Business programmes and utilises conceptual, analytical, problem identification and problem-solving skills to formulate holistic business solutions in the agri-business sector.
Semester: One and Two, June and November intakes
Contact Person: C Gan, Department of Financial and Business System
Note: This course is normally only available to students who are in their last semester of the Master of Business programme.

Communication

COMN 604 Communication for Development Professionals
Theories of communication and learning related to the process of bringing about change in development contexts.
Semester: Summer
Contact Person: Refer to the Head Department, Department of Agribusiness and Markets
Note: This course is not offered in 2023.
Computing (Information Technology)

COMP 622 Computer Modelling of Environmental and Biological Systems
The study of environmental and biological systems by implementing and experimenting with computer models.
Semester: Two
Contact Person: D. Kulasiri, Department of Wine, Food and Molecular Biosciences

COMP 627 Neural Networks Applications
Recommended Preparation: First year calculus  Semester: Two
Contact Person: S. Samarsinghe, School of Landscape Architecture

COMP 635 Agent-Based Computing
Prerequisite: A programming course to Bachelor’s degree level Semester: Two
Contact Person: P. Anthony, School of Landscape Architecture
Note: This course is not offered in 2023.

COMP 636 Software Development
A practical approach to software development focusing on industry standard skills and practices.
Semester: Full Summer School, One, Two.
Contact Person: S. Charters, School of Landscape Architecture

COMP 637 User Engagement & Business Analysis
A practical approach to engaging with users to ascertain their business requirements for software development projects.
Semester: Full Summer School, One
Contact Person: S. Charters, School of Landscape Architecture

COMP 639 Studio Project
Create software solutions using software engineering development methods for external clients.
Prerequisite: COMP636
Semester: One, Two
Contact Person: P. Anthony, School of Landscape Architecture

COMP 640 User Experience
A practical exploration of the theoretical foundations, evolution, and issues relating to the ways in which humans interact with computers.
Semester: Two
Contact Person: S. Charters, School of Landscape Architecture
**COMP 642 Advanced Programming**  
Advanced programming focusing on object-oriented approach.  
Prerequisite: COMP636  
Semester: Two  
Contact Person: P. Anthony, School of Landscape Architecture

**COMP 643 Advanced Database Management**  
Advanced topics in database management systems (DBMS).  
Prerequisite: COMP636  
Semester: One  
Contact Person: P. Anthony, School of Landscape Architecture

**COMP 671 Information Systems**  
The effective use of information technology in modern organisations. Selected current technologies and techniques, and their role in business management practice.  
Contact Person: Refer to the Associate Dean (Academic), Faculty of Agribusiness and Commerce  
Note: This course is not offered in 2023.

**COMP 693 Industry Project**  
Participation in an applied computing project in collaboration with an external organisation.  
Prerequisite: COMP639  
Semester: One, Two  
Contact Person: S. Samarasinghe, School of Landscape Architecture

**Design**

**DESN 601 Strategic Design**  
The strategic application of design-based theories and methods to identify and conceptualise innovative services, systems, products and environments.  
Restrictions: LASC 611  
Semester: One  
Contact Person: M. Abbott, School of Landscape Architecture  
Note: This course is not offered in 2023.

**DESN 602 Design Process and Critique**  
Methods for advanced design process and critical enquiry.  
Restrictions: LASC 614  
Semester: One  
Contact Person: J. Bowring, School of Landscape Architecture

**DESN 603 Advanced Design Project**  
An advanced, complex design project.  
Prerequisite: DESN 602  
Restriction: LASC 611  
Semester: Two  
Contact Person: W. McWilliam, School of Landscape Architecture
DESN 604 Design Research Methods
Theory and practice of research methods relevant to design-directed research and development.
Restrictions: LASC 604 Semester: One
Contact Person: M. Abbott, School of Landscape Architecture
Note: This course is not offered in 2023.

Ecology

ECOL 608 Research Methods in Ecology
Application of the scientific method to applied ecological problems. Analysis, interpretation and presentation of research findings. Management and evaluation of client-based ecological research projects and programmes.
Semester: One
Contact Person: A. Paterson, Department of Pest Management and Conservation

ECOL 609 Conservation Biology
An advanced study of the ecological, genetic and biogeographical principles underlying conservation biology and their application to conservation management issues.
Semester: One
Contact Person: N. Dickinson, Department of Pest Management and Conservation

ECOL 612 Wildlife Management
Study of the principles and techniques involved in the manipulation of populations, habitats and people in order to manage wild animal populations. Detailed investigations of selected case studies.
Semester: Two
Contact Person: J. Ross, Department of Pest Management and Conservation

ECOL 630 Advanced Ecology
An advanced study of current topics in ecology.
Semester: Two
Contact Person: W. Godsoe, Department of Pest Management and Conservation.

ECOL 631 Animal Behaviour
A study of the behaviour of animals and the methodology used in behavioural research.
Semester: One
Contact Person: A. Paterson, Department of Pest Management and Conservation
Economics

**ECON 602 International Trade**
An advanced study of international trade theory and policy.
Semester: Two
Contact Person: P. Vatsa, Department, Global Value Chains and Trade

**ECON 603 Development Economics**
A discussion of the problems of low and middle income countries in an economic context. Critical analysis of the theory and practice of economic policy for such countries.
Semester: Two
Contact Person: N. Ratna, Department of Global Value Chains and Trade
Note: This course is not offered in 2023.

**ECON 609 Quantitative Economic Analysis**
Advanced study in economic research methodology and economic modelling. Topics include the methodology of testing economic theories, specification analysis and model validation techniques, and analysis of dynamic econometric models.
Semester: Two
Contact Person: B. Hu, Department of Global Value Chains and Trade

**ECON 611 Financial Macroeconomics**
The role financial markets and financial institutions play in modern macroeconomics, particularly focusing on the causes of recession and depressions internationally. The course also takes a closer look at the role that governments do and should play in moderating (not intervening) financial and economic fluctuations. It is important that students have a basic 200-level macroeconomic and financial management background to successfully complete this course.
Recommended Preparation: QMET 101, ECON 202 or ECON 216
Semester: Two
Contact Person: C. Gan, Department of Financial and Business Systems
Note: This course is not offered in 2023.

**ECON 615 Applied Research Methods**
Research methods with an emphasis on applications in agribusiness/commerce.
Restrictions: ACCT 614, SOCI 601, MGMT 611
Semester: One
Contact Person: C. Gan, Department of Financial and Business Systems

Engineering

**ENGN 676 Agricultural Engineering**
Advanced development and management of agricultural and horticultural production, regarding land and water resources, machinery, and infrastructure.
Recommended Preparation: Basic knowledge about New Zealand agriculture and recent agricultural technologies.
Semester: One
Contact Person: M. Safa, Department of Land Management and Systems
Entomology

ENTO 612 Advanced Entomology
Advanced studies of the biology, systematic evolution, ecology and behaviour of terrestrial arthropods (insects, arachnids, etc).
Restriction: ENTO 601, ENTO 611
Recommended Preparation: QMET 101 or QMET 102
Semester: Two
Contact Person: A. Paterson, Department of Pest Management and Conservation

Environmental and Resource Studies

ERST 601 Advanced Theory in Resource Studies
Theoretical and methodological issues in the interdisciplinary study of resources.
Semester: One
Contact Person: S. Edwards, Department of Environmental Management

ERST 604 Advanced Urban, Regional and Resource Planning
Urban, regional and resource planning theory, practice and politics.
Semester: One
Contact Person: Refer to the Head of Department of Environmental Management

ERST 606 Advanced Geographic Information Systems A
Geographic Information Systems in the modelling and analysis of spatial problems emphasising natural resource-based applications.
Restriction: ERST 202
Semester: One
Contact Person: C. Doscher, School of Landscape Architecture

ERST 607 Advanced Geographic Information Systems B
Advanced spatial analysis techniques and applications. Selected aspects of programming and customisation.
Prerequisite: ERST 606
Semester: Two
Contact Person: C. Doscher, School of Landscape Architecture

ERST 608 Advanced Energy and Transport Planning
Energy and transport planning and policy at the local, national and international scales.
Restrictions: ERST 612 or TRAN 601
Semester: One
Contact Person: S. Page, Department of Environmental Management

ERST 609 Advanced Risk and Resilience
A critical evaluation of advanced theory, policy and planning practice associated with risk and resilience.
Recommended Preparation: ERST 205 or ERST 340
Semester: One
Contact Person: Refer to the Head of Department of Environmental Management

Note: (i) Students who have completed ERST 330 should seek approval from the examiner in the first instance.
(ii) This course is not offered in 2023

**ERST 620 Advanced Environmental Management Systems**
Basis of environmental management systems (EMS). Contexts for development and application. Types, uses and limitations of EMS. EMS in New Zealand and elsewhere. Application in a variety of environmental, resource and organisational contexts. Integrating multi-disciplinary risk management principles. The role and practice of environmental auditing. Integration within industry and with policies at local and central government level.

Semester: One
Contact Person: Refer to the Head of Department of Environmental Management

**ERST 621 Principles of Environmental Impact Assessment**
The theories and methods of environmental impact assessment and their application in New Zealand.

Semester: Two
Contact Person: Refer to the Head of Department, Environmental Management

**ERST 624 Advanced Professional Planning Methods and Practice**
A critical study and evaluation of issues in the provision of professional planning services and the use of professional planning methods.

Prerequisite: Admission to the Master of Planning
Recommended preparation: ERST 604, ERST 630

Semester: Two
Contact Person: Refer to the Head of Department, Environmental Management

Note: This course is normally only available to students studying towards a Master of Planning.

**ERST 625 Systems Thinking and Dynamics**
Fundamentals of systems thinking and dynamics of systems behaviour. Applications of systems thinking for addressing complex challenges in land-based systems.

Recommended Preparation: Familiarity with basic logic and mathematics.

Semester: Two
Contact Person: S. Samarasinghe, School of Landscape Architecture

**ERST 630 Environmental Policy and Planning**
History of policy analysis and planning; theoretical perspectives on policy and planning and their application to environmental policy and planning; issues in environmental policy development.

Semester: One
Contact Person: H. Rennie, Department of Environmental Management

**ERST 631 Environmental Sciences in Environmental Policy**
A critique of scientific approaches and their links to environmental policy. Key ecosystem processes, including the connections between cycles and human interactions with the natural environment, by resource category, and through environmental policy.

Semester: One
Contact Persons: S. Edwards, Department of Environmental Management

Note: This course is only offered in an Online format
ERST 632 Economics in Environmental Policy
Semester: One (Online only)
Contact Person: Refer to the Head of Department of Environmental Management

ERST 633 Integrated Environmental Management
Problem definition and the analysis of environmental management issues from a variety of perspectives, and the development of applied integrated environmental management strategies, from an interdisciplinary basis.
Semester: Two
Contact Person: S. Urlich, Department of Environmental Management

ERST 634 Applied Policy Analysis
The formulation, critical analysis and evaluation of contemporary policy.
Semester: Two
Contact Person: S. Nissen, Department of Environmental Management
Note: This course is not offered in 2023.

ERST 635 Group Case Study
An interdisciplinary group case study; identification of resource management problems. Analysis of resource management issues and development and communication of strategies for their management.
Semester: One
Contact Person: R. Montgomery, Department of Environmental Management
Note: This course is normally available only to students studying the Master of Planning, or the Bachelor of Environmental Policy and Planning (Honours).

ERST 636 Aspects Of Sustainability: An International Perspective
A critical analysis of the concept of sustainability in both national and international contexts, involving the active and facilitated comparison, analysis, synthesis and evaluation of sustainability issues. The international context includes: international approaches to conservation and to sustainable and equitable use of natural resources; international laws, multilateral agreements, conventions and organisations.
Semester: Two
Contact Person: Refer to the Head of Department of Environmental Management

ERST 671 Environmental Impact Assessment
Assessment of the likely social and environmental effects of development actions, including approaches to assessment, statutory regulations, and typical procedures.
Semester: Two
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

ERST 672 Sustainability and Organisations
Strategies and management systems to promote and improve sustainable environmental performance in different types of organisation.
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.
Environmental Science

ENSC 601 Advanced Climate Change and Land Use
An advanced study of the science that underpins our understanding of climate change; the effects of climate change on New Zealand’s land use; mitigation of future greenhouse gas emissions and building future resilience in land systems.
Restriction: ENSC 301
Recommended Preparation: Bachelor’s degree in an appropriate discipline
Semester: Two
Contact Person: T. Clough, Department of Soil and Physical Sciences

Finance

FINC 601 Finance Theory and Corporate Policy
Semester: Two
Contact Person: Z. Li, Department of Financial and Business Systems

FINC 603 Commercial Banking
A critical study of practical and analytical aspects of commercial banking within a wider context of financial markets and the management of risk.
Semester: One
Contact Person: C. Gan, Department of Financial and Business Systems

FINC 604 Finance, Futures and Options
A critical review of the theory and practice of models used to value standard futures and options contracts.
Semester: Two
Contact Person: C. Nguyen, Department of Financial and Business Systems

FINC 605 Microfinance
A critical study of how microfinance operations provide financial services to poor and low-income people on a sustainable basis.
Recommended preparation: A general understanding of development economics and financial management and analysis is highly recommended
Semester: Two
Contact Person: C. Gan, Department of Financial and Business Systems
Note: This course is not offered in 2023.

FINC 611 Fintech, Blockchain and Cryptoassets
A comprehensive study of blockchain technology, cryptoassets, and other fintech related practices.
Prerequisite: COMM 602
Semester: One
Contact Person: C Nguyen, Department of Financial and Business Systems
FINC 612 Big Data and Machine Learning Tools and Technology
A comprehensive study of the techniques in big data management, machine learning, and artificial intelligence used in finance.

Prerequisite: COMP 636
Semester: Two
Contact Person: C Nguyen, Department of Financial and Business Systems

FINC 615 Financial Reporting and Analysis
Current practices in corporate financial reporting and analysis.

Semester: Two
Contact Person: W. Yang, Department of Financial and Business Systems

FINC 616 Investment Management
An examination of equity and fixed income securities and investment portfolio management.

Semester: One
Contact Person: L. Ho, Department of Financial and Business Systems

FINC 681 Managing Organisational Finances
Key theories and practice of managing organisational performance and finance.

Contact Person: Refer to the Head of Department, Financial and Business Systems
Note: This course is not offered in 2023.

Food Sciences

FOOD 601 Food Processing and Quality
Thermal and non-thermal processing; extrusion technology; product quality assessment; food composition and chemistry; food processing, links between food composition, processing and product evaluation.

Restriction: BICH 622
Semester: One
Contact Person: L. Kumar, Department of Wine, Food and Molecular Biosciences

FOOD 602 Food and Nutritional Biochemistry
A study of the constituents of human and animal food, the biological availability of nutrients and their functions. Contemporary issues in food and nutritional biochemistry.

Restrictions: BICH 606, BICH 635, BICH 637
Semester: One
Contact Person: K. Burrow, Department of Wine, Food and Molecular Biosciences

FOOD 604 Food Product Innovation
A study of the theoretical and practical challenges in the development and marketing of new food products. The course links food processing – sensory analysis – consumer preference – marketing and ingredient technology.

Semester: Summer
Contact Person: L. Serventi, Department of Wine, Food and Molecular Biosciences
FOOD 606 Food Safety and Security
Advanced study of microbiological and chemical (pesticides, heavy metals) hazards, and climate change on food safety and security aspects across food processing sectors (e.g. dairy, meat, poultry, seafood, ready-to-eat/processed foods, etc.).
Prerequisite: Bachelor degree in an appropriate discipline.
Semester: Two
Contact Person: S. On, Department of Wine, Food and Molecular Biosciences

FOOD 607 Sensory Science and Techniques
The study of the sensory analysis procedures in evaluating the quality of food, beverage, and packaging stimuli as well as interpreting consumer acceptability and preference of these products.
Prerequisite: Bachelor’s degree in an appropriate discipline.
Semester: Two
Contact Person: D. Torrico, Department of Wine, Food and Molecular Biosciences

FOOD 697 Research Issues in Food
Advanced studies in current issues facing both national and global food industry.
Prerequisite: Bachelor degree in an appropriate discipline.
Semester: Summer
Contact Person: V. Chelikani, Department of Wine, Food and Molecular Biosciences

FOOD 698 Research Essay
Literature review on advanced aspects of food science.
Prerequisite: Bachelor degree in an appropriate discipline.
Semester: Summer
Contact Person: V. Chelikani, Department of Wine, Food and Molecular Biosciences

Forestry

FORS 601 Biophysical Relations in Agroforestry
Study of the physical and biological factors and their interactions as a basis for the design of agroforestry systems.
Contact Person: Refer to the Dean, Faculty of Agriculture and Life Sciences
Note: This course is not offered in 2023.

FORS 605 Silviculture
Plantation silviculture; species selection, tree improvement nurseries, establishment, nutrition and tending. The relationship of silviculture to economics, harvesting, wood quality and forest protection. Silvicultural systems and an introduction to natural forest silviculture.
Semester: One
Contact Person: Refer to the Dean, Faculty of Agriculture and Life Sciences
Note: This course is not offered in 2023.
FORS 671 Forest Valuation
Advanced study of the theory and methods of forest valuation, including forest modelling and current New Zealand practice.
Contact Person: H. Bigsby, Department of Global Value Chains and Trade
Note: This course is not offered in 2023.

FORS 672 Wood Products, Markets and Marketing
Restriction: FORS 606
Semester: One or Two
Contact Person: H. Bigsby, Department of Global Value Chains and Trade
Note: This course is not offered in 2023.

Genetics

GENE 601 Advanced Breeding and Genetics
An advanced study of contemporary gene technologies and molecular genetics. The application of gene technology to the breeding of plants, animals and other organisms.
Prerequisite: GENE301 or equivalent
Restriction: BIOS607, BICH608
Semester: One
Contact Person: J. Hickford, Department of Agricultural Sciences

International Rural Development

IRDV 601 Development Policy, Theory and Issues
An overview of theory and analysis of economic, social and environmental policy applied in developing and emerging economies.
Semester: Summer
Contact Person: N. Ratna, Department of Global Value Chains and Trade
Note: This course is not offered in 2023.

IRDV 602 Field Techniques for Development Practice
Applied techniques and approaches used in development activities including participatory rural appraisal, monitoring and evaluation. Data gathering and analysis required for identifying focal development problems. Issues of professional practice.
Semester: Summer
Contact Person: Refer to the Head of Department, Tourism, Sport and Society
Note: This course is not offered in 2023.
**Landscape Architecture**

**LASC 610 Advanced Site Design**  
Advanced, complex and multidisciplinary site planning and design.  
Semester: One  
Contact Person: A. Wesener, School of Landscape Architecture

**LASC 612 Advanced Practice in Landscape Architecture**  
An advanced study of contemporary issues in professional practice and project implementation.  
Semester: Two  
Contact Person: D. Royds, School of Landscape Architecture

**LASC 613 Advanced Theory in Landscape Architecture**  
Advanced studies in landscape theory.  
Semester: Two  
Contact Person: J. Bowring, School of Landscape Architecture

**LASC 615 Advanced Landscape Planning and Policy**  
Advanced landscape policy analysis and development.  
Restriction: LASC 601  
Semester: One  
Note: This course is not offered in 2023.

**LASC 616 Landscape Management**  
Critical analysis of contemporary theories and techniques of landscape management, and their application to a range of case study applications.  
Restriction: LASC 602  
Semester: Two  
Contact Person: W. McWilliam, School of Landscape Architecture  
Notes: (i) This course includes a weekend block course component  
(ii) This course is not offered in 2023

**LASC 617 Advanced Design Study**  
An individual design study of an issue of contemporary theoretical significance.  
Semester: One or Two  
Contact Person: G. Lawson, School of Landscape Architecture

**LASC 620 Landscape Assessment**  
A critical examination of the theory and practice of landscape assessment within its statutory context.  
Restriction: LASC 318  
Semester: One  
Contact Person: G. Lawson, School of Landscape Architecture
LASC 621 Advanced Site Engineering and Design Detailing  
Restriction: LASC 217  
Semester: One  
Contact Person: J. Rae, School of Landscape Architecture

Law Studies

LWST 602 Advanced Resource Management and Planning Law  
An examination of topical aspects of the law relating to resource management and planning in New Zealand.  
Semester: Two  
Contact Person: H. Rennie, Department of Environmental Management

LWST 603 Advanced Valuation Law  
A study of the Valuation of Land and Land Acts with associated case law. Further study may be selected from: (i) a study of compensation and condemnation law and the expansion of principles to valuation practice in New Zealand; or (ii) an advanced study of land use planning law, its associated case law and its relationship to valuation practice.  
Contact Person: Refer to the Head of Department, Land Management and Systems  
Note: This course is not offered in 2023.

Management

MGMT 601 Advanced Topics in Agricultural Investment  
The analysis of capital growth. Theories of interest and investment criteria; the optimisation of investment, consumption and production; distortion of investment decisions; inflation, taxation, financial leverage, risk and uncertainty. Case study applications.  
Semester: November Summer School  
Note: This course is not offered in 2023.

MGMT 608 Management Information Systems  
Management of information and use of information technology on primary producing properties. Information as a resource; hardware, software and information transfer considerations and interactions; transaction processing systems and decision support systems.  
Semester: One or Two  
Contact Person: Refer to the Head of Department, Land Management and Systems  
Note: This course is not offered in 2023.

MGMT 609 Systems Research  
A study of the concepts of systems theory; the characteristics of systems and hierarchical structures in agricultural systems. Modelling and simulation in systems research; modelling objectives, model identification, parameter estimation, model evaluation and use.  
Semester: One or Two  
Contact Person: Refer to the Head of Department, Land Management and Systems  
Note: This course is not offered in 2023.
MGMT 611 Management Research Methods
Management research methods with an emphasis on applications in primary sector industries.
Restrictions: ACCT 614, ECON 615, SOCI 601
Semester: One
Contact Person: C. Gan, Department of Financial and Business Systems

MGMT 615 Planning and Assessing International Development Projects
An applied course critically investigating approaches used to deliver development assistance. Identification, design, appraisal, management and evaluation of rural development projects. Factors influencing the success of development projects.
Semester: One
Contact Person: J. Kambuta, Department of Land Management and Systems

MGMT 624 International Agribusiness Systems
The application of theoretical frameworks to systematically describe and analyse agribusiness industry systems in different countries.
Recommended Preparation: Understanding of agricultural production and marketing systems
Semester: Two
Contact Person: S. Lucock, Department of Agribusiness and Markets

MGMT 628 Agribusiness in Developing Economies
Relationships between agriculture, rural development and economic growth; institutional arrangements and their implications for resource use and livelihoods; linking small producers to economic opportunities.
Semester: Two
Contact Person: M. Lyne, Department of Agribusiness and Markets
Note: This course includes a field trip.

MGMT 634 Research for Agricultural Systems Managers
The interpretation of research applied to problems that confront managers of agribusiness and agricultural systems.
Restrictions: ACCT 614, BMGT 681, COMM 605, ECON 615, MGMT 611, MKTG 620
Semester: One, Two and Summer
Contact Person: S. Kaitibie, Department of Agribusiness and Markets

MGMT 635 Advanced Agricultural Systems Management
Theoretical and case study analyses of the management systems on large-scale farms.
Recommended Preparation: MGMT 639; Knowledge of agriculture and/or a strong interest in agricultural businesses.
Restrictions: MGMT 603 and MGMT 607
Semester: Two
Contact Person: V. Westbrooke, Department of Land Management and Systems
Note: This course includes a field trip.
MGMT 636 Innovation In Agricultural Systems
Contemporary research on innovation as it relates to agricultural management systems.
Recommended Preparation: Understanding of agricultural production systems
Restriction: MGMT 602
Semester: One
Contact Person: B. Greig, Department of Land Management and Systems

MGMT 637 Agribusiness Value Chains
The analysis and evaluation of agribusiness value chains in terms of chain relationships and performance.
Recommended Preparation: Knowledge of, or strong interest in, agribusiness
Restrictions: MGMT 627 and MGMT 674
Semester: One
Contact Person: S. Kaitibie, Department of Agribusiness and Markets

MGMT 638 Agribusiness Organisations
The economic and financial implications of different types of agribusiness organisations, with particular focus on producer-owned marketing cooperatives.
Recommended Preparation: Knowledge of, or strong interest in, agribusiness
Restrictions: MGMT 627 and MGMT 673
Semester: One
Contact Person: M. Lyne, Department of Agribusiness and Markets
Note: This course includes a field trip.

MGMT 639 Decision Tools for Agricultural Systems Management
The use of computer based decision tools in the physical and financial analysis of the current management practices of selected case study farms/firms using a ‘whole system’ approach.
Recommended Preparation: Knowledge of agriculture and/or a strong interest in agricultural systems management.
Restriction: MGMT 610
Semester: One
Contact Person: Refer to the Head of Department of Land Management and Systems
Note: This course is not offered in 2023.

MGMT 640 Advanced Horticultural Management
An advanced study of the application of problem solving techniques in the horticultural industry. A case study approach to the analysis, development and management of horticultural enterprises.
Semester: One
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023. 

MGMT 642 Advanced Labour Management
Advanced study of labour relations incorporating a research based approach to labour management practices.
Semester: Two
Contact Person: J. Kambuta, Department of Land Management and Systems
MGMT 643 Consultancy and Extension for Agribusiness Systems
The practice and theory of consultancy, extension and evaluation in an agribusiness context. Includes decision making, co-innovation technology adoption, group facilitation, development of extension and evaluation plans and consultancy processes.
Semester: Two
Restriction: MGMT 343
Contact Person: V. Westbrooke, Department of Land Management and Systems

MGMT 675 Project Management
Project management processes, including planning, cost, time, quality and risk management, integration of the project management process, the role of senior management in projects.
Semester: Two
Contact Person: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

Māori Studies

MAST 603 Mana Kaitiaki (Māori Resource Management)
An examination of Māori environmental values and attitudes, customary and contemporary Māori approaches to managing natural resources and an analysis of the Treaty of Waitangi and selected resource statutes from a Māori perspective.
Semester: Two
Contact Person: H. Matunga, Department of Environmental Management
Note: This course includes a field trip.

MAST 604 Kaupapa Matua (Advanced Māori Policy And Planning)
Advanced studies in Māori policy and planning, including application of theoretical and conceptual frameworks and analysis and critique of current practice.
Contact Person: H. Matunga, Department of Environmental Management

MAST 605 Te Puawaitaka (Advanced Māori Development)
A critical engagement with discourses on Māori development and Māori conceptions of growth and advancement.
Contact Person: H. Matunga, Department of Environmental Management
Note: This course is not offered in 2023.

MAST 606 Indigenous Planning and Development
A critical engagement with discourses, theories, frameworks and models for indigenous planning and development, indigeneity and being indigenous.
Note: This course is not offered in 2023.
Marketing

MKTG 605 Advanced Services Marketing and Management
An advanced study of services marketing theory and application to service organisations.
Semester: Two
Contact Person: M. Clemes, Department of Agribusiness and Markets

MKTG 608 Supply Chain Theory
A critical perspective on the marketing activities and relationships which occur between and amongst firms, focusing on the evolution of distribution channel theory into contemporary supply chain theory. Analysis will be applied to specific New Zealand industries so as to better understand their structure, problems and potential solutions.
Restrictions: MKTG 604
Semester: Two
Contact Person: M. Wilson, Department of Global Value Chains and Trade

MKTG 672 Marketing Strategy
Advanced analysis of marketing approaches, the marketing strategy development process at the strategic business unit level, and segmentation and positioning strategies. Emphasis on the development of product, price, promotion, and distribution strategies.
Semester: One
Contact Person: Refer to the Head of Department, Agribusiness and Markets

MKTG 681 Managing Marketing
Developing an integrative perspective on key theory and practice in managing marketing.
Semester: Two
Contact Person: V. Manna, Department of Agribusiness and Markets

Microbiology

MICR 604 Advanced Microbiology
Advanced topics in food, soil, environmental, wine or general microbiology.
Restrictions: MICR 604A
Semester: One
Contact Person: S. On, Department of Wine, Food and Molecular Biosciences

Philosophy

PHIL 602 History And Philosophy of Science
An advanced study of issues concerning the history of science; the logical foundations of science; scientific explanations and laws of nature; realism and anti-realism; the ontology of natural and social kinds.
Semester: One
Contact Person: G. Tavinor, Department of Tourism, Sport and Society
Note: This course is not offered in 2023
**Plant Protection**

**PLPT 611 Integrated Plant Protection**
Design and implementation of integrated plant protection programmes based on an understanding of population ecology, sampling, economics and interactions with other management procedures.
Semester: Two
Contact Person: E. Jones, Department of Pest Management and Conservation

**PLPT 613 Plant Pathology**
Advanced study of fungi, bacteria and viruses and other causal agents of plant diseases. Pathogen interactions with host plants and the environment.
Semester: One
Contact Person: M. Kularathna, Department of Pest Management and Conservation

**PLPT 616 Insect Pest Management**
Advanced study of the interactions of control strategies with the biology of insect and mite pests with special reference to biological control, cultural control, chemical intervention and plant resistance.
Contact Person: Refer to the Head of Department of Pest Management and Conservation
Note: This course is not offered in 2023

**Plant Science**

**PLSC 601A & PLSC 601B AGRONOMY**
An advanced study of topics in agronomy with particular reference to specialised aspects of crop agronomy.
Semester: One and Two
Contact Person: M. Andreucci, Department of Agricultural Sciences
Note: Students do not need to take both PLSC 601A and 601B.

**PLSC 610 Pasture Ecosystems (40 credits)**
An advanced study of temperate pasture ecosystems including soil, plant, animal, environmental and management interactions.
Semester: One and Two
Contact Person: D. Moot, Department of Agricultural Sciences (EFTS value: 0.333)

**PLSC 611A & PLSC 611B Plant and Crop Physiology**
An advanced study of the physiology of whole plants, crops and pastures in agricultural systems.
Semester: One and Two
Contact Person: D. Moot, Department of Agricultural Sciences
Note: Students do not need to take both PLSC 611A and 611B.
Note: This course is not offered in 2023
PLSC 625 Pasture Management Science
Comprehensive studies of pasture plants, their responses to environment and defoliation; pasture quality, herbage conservation; grazing shrubs and trees and agroforestry.
Semester: One or Two
Contact Person: D. Moot, Department of Agricultural Sciences

PLSC 626 Plant Breeding and Genetics
An advanced study of the methods used in professional plant breeding. All breeding methods are discussed, with emphasis on the selection-nursery and natural reproduction. Other issues include disease resistance, hybrid vigour, inbreeding and dispersion, cultivar release, and an overview of molecular and conventional genetics.
Recommended Preparation: PLSC 325, PLSC 332, BIOS 606
Restriction: PLSC 619
Semester: One or Two
Contact Person: C. Winefield, Department of Wine, Food and Molecular Biosciences

Psychology

PSYC 602 Advanced Social Psychology of Wellbeing
Advanced investigation of accounts, theories and concepts of social psychological wellbeing and their application within a range of social, cultural and environmental contexts.
Semester: Two
Contact Person: K. Moore, Department of Tourism, Sport and Society

Quantitative Methods

QMET 602 Mathematical Models Of Dynamic Systems
The development and analysis of mathematical models of dynamic systems.
Semester: One
Contact Person: Refer to the Head of Department, Wine, Food and Molecular Biosciences
Note: This course is not offered in 2023.

QMET 608 Experimentation
Applied studies in biological experimentation.
Recommended Preparation: QMET 201 or other basic biological statistics course. Familiarity with Microsoft Excel. Familiarity with a statistical software package. Understanding of purpose of significance hypothesis testing.
Restriction: QMET 306
Semester: One
Contact Person: J. Tanner, Department of Agricultural Sciences
Note: The course content must not duplicate any course previously completed by the student.

QMET 615 Business Statistics
Quantitative analysis for commerce, including topics such as: cross section analysis; time series analysis; panel data analysis; and multivariate analysis. Theoretical issues and applied empirical analysis.
Semester: One
Contact Person: B. Hu, Department of Global Value Chains and Trade
Recreation

RECN 604 Sport, Physical Activity and Fitness
An advanced study of sport, physical activity and fitness. Research in and critical analysis of the relationships between, and factors affecting, sport, physical activity, fitness and health.
Semester: One
Contact Person: M. Hamlin, Department of Tourism, Sport and Society

RECN 626 Natural Resource Recreation and Tourism
Advanced study and analysis of natural resource-based recreation and tourism. The sociological, social-geographical and social-psychological components of these phenomena. Impacts of recreation and tourism activities on natural resource areas.
Restriction: RECN 638
Semester: Two
Contact Person: S. Espiner, Department of Tourism, Sport and Society

RECN 627 Advanced Sport and Recreation Management
Theoretical issues and their application in the strategic management of sport and recreation.
Semester: Two
Contact Person: T. Kavanagh, Department of Tourism, Sport and Society

RECN 640 Events and Festivals: Contexts and Concepts
An advanced study of the characteristics of the event and festival sector. Critical analysis of the external environments that impact on events and festivals, and the impacts of such events on a range of scales from local to global.
Semester: One
Contact Person: Refer to the Head of Department of Tourism, Sport and Society

Science

SCIE 601 Laboratory Experimentation
Exploration of the application of laboratory techniques to solve biological problems. Design, analysis and presentation of scientific experiments.
Prerequisite: Bachelor degree in an appropriate discipline
Semester: Two
Contact Person: H. Lee, Department of Wine, Food and Molecular Biosciences

Social Science

SOCI 601 Social Science Research Methods (Quantitative)
A study of the theory and practice of quantitative social scientific research. Special attention will be given to the theory and practice of social survey research methods.
Semester: One
Contact Person: G. Steel, Department of Tourism, Sport and Society
SOCI 602 Social Science Research Methods (Qualitative)
A study of the theory and practice of qualitative social scientific research. Special attention will be given to the theory and practice of participant observation, intensive interviewing, life histories, and document analysis.
Semester: Two
Contact Person: E. Stewart, Department of Tourism, Sport and Society

SOCI 608 Advanced International Rural Development
A critical review of strategies used in international rural development. International development theories, approaches and practice in NZ and less developed counties. Participatory development (including gender issues), poverty reduction and food security, rural micro-enterprise, adult education, extension, aid and aid programmes.
Restriction: SOCI 638
Semester: Two
Contact Person: Head of the Department of Environmental Management
Notes: (i) This course includes a field trip.
(ii) This course is not offered in 2023

SOCI 641 Advanced Society and Environment
A critical engagement with the study of society and environment relationships, with particular reference to human geography and its interconnections with other social scientific disciplines.
Semester: Two
Contact Person: C. Rosin, Department of Tourism, Sport and Society
Note: This course is not offered in 2023.

Soil Science

SOSC 627 Soil Resources
Advanced case studies of land and soil resources, the factors determining soil development and distribution and the implications for land use.
Semester: One and Two
Contact Person: P. Almond, Department of Soil and Physical Sciences

SOSC 628 Soil Chemistry
An advanced study of topics in soil chemistry. The structure, composition and properties of soil organic matter, primary minerals, clays, oxides and other inorganic components. Surface chemistry of soils including: adsorption, desorption, precipitation and charge characteristics and their effect on plant nutrients. The chemistry of soil solution and transport of nutrients in soils. The chemistry of soil nutrients including soil solution and gas phase transformations.
Semester: Two
Contact Person: N. Lehto and N. Wells, Department of Soil and Physical Sciences
SOSC 629 Soil Physics
Semester: One and Two
Contact Person: Refer to the Head of Department of Soil and Physical Sciences

SOSC 630 Soil Fertility and Management
An advanced study of the principles and practices of soil and fertiliser management in agriculture and horticulture. Sustainable soil management practices.
Semester: One
Contact Person: J. Moir, Department, Soil and Physical Sciences

Tourism

TOUR 603 Tourism Management
An advanced study of: the construction and definitions of tourism systems; market failures within tourism systems which indicate the need for management interventions; and, processes that contribute to tourism’s impact at destination areas. Sustainable tourism.
Restrictions: RECN 634, TOUR 602
Semester: One
Contact Person: G. Degarege, Department of Tourism, Sport and Society

TOUR 604 Tourist Behaviour
Restrictions: RECN 632, TOUR 601
Semester: Two
Contact Person: D. Fisher, Department of Tourism, Sport and Society

TOUR 611 Food, Wine and Agritourism: Principles and Practice
The advanced study of the role of food, beverage and agritourism in visitir experiences and regional development.
Recommended Preparation: Some background knowledge of tourism, agribusiness or marketing would be an advantage.
Semester: Full Summer School
Contact Person: J Fountain, Department of Tourism, Sport and Society

Valuation and Property Management

VAPM 602 Advanced Valuation Methodology
The application of feasibility, market analysis and computerised techniques to the valuation process. Contemporary topics, research and advanced theories of valuation theory and applications.
Semester: One
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.
VAPM 603 Advanced Property Management
Investment analysis of commercial property portfolios. Measurement of risk related to various property types. Case studies on New Zealand property companies or property unit trusts. Study of existing computer based programmes.
Semester: Two
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.

VAPM 671 Property Investment and Portfolio Analysis
Investment performance criteria and techniques for evaluating both individual property investments and property portfolios. The structure of property vehicles and the application of portfolio theory in the analysis of risk and return.
Semester: One
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.

VAPM 672 Property Market Analysis
An advanced study of urban property markets, including their causation, operation and the techniques available for their analysis and interpretation.
Restriction: VAPM 607
Semester: Two
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.

VAPM 673 Property Asset Management
An in-depth study of strategic property asset management concepts, theories and techniques as applied to individual properties, property investment portfolios and in a corporate real estate setting.
Restriction: VAPM 608
Semester: Two
Contact Person: Refer to the Head of Department of Department of Land Management and Systems
Note: This course is not offered in 2023.

VAPM 674 Property Development
The property development process, including analysis of demographic, economic and socio-political forces and their effects, the options for processes of project delivery, and the assessment of property development outcomes within a risk environment.
Restriction: VAPM 604
Semester: One
Contact Person: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.
VAPM 675 Sustainable Building Practices
Sustainable building practices that enhance environmental performance and property value; a review of the current status of sustainable building practices in NZ; the rating of sustainable buildings, and a critical analysis of government policies to increase the uptake of sustainable building practices.

Recommended Preparation: Ideally, students will have an understanding of the development process, as well as the operation and analysis of property markets.
Semester: Two
Contact Person: Refer to the Head of Department of Land Management and Systems
Note: This course is not offered in 2023.

Water Resource Management

WATR 601 Advanced Water Resources
Freshwater resource definition, characterisation, use, and impacts of exploitation and their management or mitigation. Topics will include: perspectives/values (including cultural) associated with water bodies, anthropogenic stresses and their effects on resources, key aquatic and ecosystems processes, methods of characterisation and impact assessment, hazards, NZ legislative frameworks relation to water and environmental resources, and catchment management approaches.
Prerequisite: Bachelor’s degree or equivalent qualification in a field of relevance to water resource management.
Semester: One
Contact Person: L. Morgan, University of Canterbury
Notes: (i) This course includes a one day field trip
(ii) This course is not offered in 2023.

WATR 602 Water Quality and Quantity Assessment
Quantification of freshwater resources and methods for environmental impact control and mitigation. Topics include: measuring flow, quality and ecosystem health, development and application of national standards, indicators (including cultural indicators) and guidelines for water quantity and quality, point- and non-point source contaminant characterisation, monitoring programme design implementation, modelling resource change and drinking/waste water treatment methods.
Prerequisite: Bachelor’s degree or equivalent qualification in a field of relevance to water resource management.
Semester: One or Two
Contact Person: Refer to the Head of Department of Environmental Management
Notes: (i) This course includes a one day field trip
(ii) This course is not offered in 2023.
WATR 603 Water Management, Policy and Planning
Resource management models, policy and planning, within the context of environmental legislation and sound resource management. Topics will include: resource management models for integrating environmental, social, economic and cultural water values; legislative frameworks for water governance and management, including local, regional, national and international policy development and water management strategies; hazard risk assessment and management for resilience; professional ethics; RMA policy, planning and consenting procedures, using case studies of water use; projections of future issues, alternative sustainable management and legislative strategies.

Prerequisite: Bachelor's degree or equivalent qualification in a field of relevance to water resource management.
Semester: Two
Contact Person: E. Challies, Department of Environmental Management
Notes: (i) This course includes a compulsory one day field trip.
(ii) This course is not offered in 2023

WATR 605 Research Methods and Communication
This course will convey the type of research undertaken to solve water resource management problems, and how to communicate research results and information effectively in different forums and to different audiences. Topics include: literature search and analysis, research hypothesis development, proposal preparation, research programme design, ethical, cost and health and safety considerations, and effective techniques for oral and written communication

Restrictions: This course is restricted to students enrolled in the Master of Water Resource Management and/or the Postgraduate Diploma in Water Resource Management/ECOL 608.
Semester: One
Contact Person: J Brasington, Department of Environmental Management

Note: This course is not offered in 2023.

Winegrowing

WINE 601 Grapevine Physiology
In-depth analysis of grapevine physiology and its interactions with the environment and management.
Semester: One
Contact Person: A. Parker, Department of Wine, Food and Molecular Biosciences

WINE 602 Topics In Oenology
Principles of winemaking; chemical and physical properties of juice and wine; wine processing and storage; and chemical and sensory analysis of wines.
Semester: One
Contact Person: L. Dias Araujo, Department of Wine, Food and Molecular Biosciences

WINE 603 Physiology Of Grape Berry Development
Analysis of grape berry development from flower initiation through to harvest. Critical review of recent findings in the grape development literature, including areas such as flowering and fruit set, source and sink relationships, evolution of phenolics and other characteristics that contribute to fruit quality.
Semester: Two
Contact Person: Refer to the Head of Department, Wine, Food and Molecular Biosciences
Note: This course is not offered in 2023.
WINE 604 Advanced Oenology
Juice handling and modification; enzymatic changes in musts and wines; the chemistry of fermentation and aging; colour, aroma, taste and mouthfeel; advanced methods of chemical and sensory analysis.
Semester: Two
Contact Person: L. Dias Araujo, Department of Wine, Food and Molecular Biosciences

Design/Research Essay and Research Placement

(PREFIX) 697 Research Issues In (Prefix)
Advanced studies in current issues for a particular area of research.
Semester: Open
Contact Person: Refer to the Dean of the relevant Faculty.
Notes: (i) The course content must not duplicate, in part or in whole, any essay or assignment previously submitted by the student as part of the assessment for another course, including their thesis or dissertation.
(ii) Students must obtain the agreement of a Lincoln University faculty member to examine this course before enrolling.
(iii) The prefix will reflect the subject area of the current issue and is restricted to codes associated with Lincoln University 300 and 600-level courses.
(iv) Students may credit a maximum of one each of Research Issues, Research Essay and Research Placement to their degree.

(PREFIX) 698 Design Or Research Essay
A design or research essay.
Restriction: ERST 602
Semester: Open
Contact Person: Refer to the Dean of the relevant Faculty.
Notes: (i) The research essay may extend but not duplicate material covered in other courses and may inform but not form a significant basis for any work submitted for credit in another course.
(ii) Students must obtain the agreement of a Lincoln University Faculty member to supervise the essay.
(iii) The prefix will reflect the subject area of the design or research project.
(iv) Students enrolled in the Master of Management in Agricultural Systems or the Master of Management in Agribusiness need not obtain supervisor approval to enrol in MGMT 698.

(PREFIX) 699 Research Placement
Participation in a research project in collaboration with an external organisation (in the public or private sector). Submission of a research report reviewing pertinent literature and documenting the research undertaken, the value of the experience gained, any negative aspects and conclusions reached.
Restriction: (PREFIX) 399 Semester: One or Two
Contact Person: Refer to the Dean of the relevant Faculty.
Notes: (i) The research placement may extend but not duplicate material covered in other subjects and may not form the basis for any work submitted for credit in another course. Students must obtain the agreement of a Lincoln University staff member to supervise the placement, and if appropriate, the agreement of an external organisation or individual to supervise the work and the topic must be approved by the Examiner / Supervisor.
(ii) The prefix will reflect the subject area of the research project.
Postgraduate Certificates

Postgraduate Certificate in Informatics*  P.G.Cert.Inf.
Postgraduate Certificate in International Rural Development  P.G.Cert.I.R.D.
Postgraduate Certificate in Parks, Recreation and Tourism  P.G.Cert.P.R.&T.

* This programme is closed.

1. In these regulations, the term ‘Postgraduate Certificate’ means the Postgraduate Certificate in Applied Science, the Postgraduate Certificate in Commerce, the Postgraduate Certificate in Environmental Management, the Postgraduate Certificate in Informatics, the Postgraduate Certificate in International Rural Development, the Postgraduate Certificate in Land and Society, the Postgraduate Certificate in Landscape Studies, and the Postgraduate Certificate in Parks, Recreation and Tourism.

2. Before entry to a course of study for a Postgraduate Certificate, every candidate shall have:

   (1) (a) qualified for the award of an appropriate degree of an accredited higher education institution in New Zealand; or
   (b) been admitted with equivalent status (ad eundem statum) as entitled to proceed to a Postgraduate Certificate; and

   (2) been approved as a candidate for a Postgraduate Certificate by the Vice-Chancellor.

3. Every candidate for a postgraduate certificate shall follow a course of study for not less than one full-time semester equivalent and shall pass the appropriate examinations.

4. (1) The course of study of every candidate for a Postgraduate Certificate shall be subject to the approval of the Academic Board.

   Note: The criterion for approval is the coherence of the course of study.

   (2) The course of study for a Postgraduate Certificate shall comprise 60 credits at the 600-level.

   (3) The courses of examination are set out in the schedule to these regulations.

5. A candidate who completes the course of study for a Postgraduate Certificate with outstanding merit may be awarded the certificate with distinction.

6. This qualification adheres to the General Course and Examination Regulations for Credits and Exemptions.
Schedule to the Regulations for Postgraduate Certificates

Part I: Postgraduate Certificate in Applied Science
The courses for the examination for the Postgraduate Certificate in Applied Science are those listed in the Schedules of Courses for the degrees of:

- Master of Science;
- Master of Agricultural Science;
- Master of Horticultural Science; or
- Master of Applied Science.

Part II: Postgraduate Certificate in Commerce
The courses for the examination for the Postgraduate Certificate in Commerce are those listed in the Schedules of Courses for the degrees of:

- Master of Commerce (Agricultural);
- Master of Commerce and Management.

Part III: Postgraduate Certificate in Environmental Management
The courses of examination for the Postgraduate Certificate in Environmental Management are:

One of ERST 601 or ERST630 or MAST603; at least 20 credits from 600-level courses with ERST, LWST, WATR, ECOL or MAST prefixes; plus, a maximum of 20 credits chosen from the Schedule of Master’s Degree Courses, which together must form a coherent programme of study with approval from the Academic Coordinator.

Note: Any student who anticipates progressing to the M.Appl.Sc.(Env. Mgt.) must take a methods course.

Part IV: Postgraduate Certificate in Informatics (closed)
The courses of examination for the Postgraduate Certificate in Informatics are:

At least 40 credits from COMP 626, COMP 627, COMP 633, COMP 634, COMP 635, ERST 606, ERST 607, ENGN 636, plus a maximum of 20 credits chosen from the Schedule of Master’s Degree Courses.

Part V: Postgraduate Certificate in International Rural Development
The courses of examination for the Postgraduate Certificate in International Rural Development are:

At least 20 credits from MGMT 615, SOCI 608 plus a maximum of 40 credits from Schedule A of the Master of Applied Science (International Rural Development) and ECON 615, MGMT 611, SOCI 601, SOCI 602 to form a coherent programme, and approved by the Academic Board.

Part VI: Postgraduate Certificate in Land and Society
The courses of examination for the Postgraduate Certificate in Land and Society are:

20 credits from ERST 601, SOCI 641; 20 credits from SOCI 601, SOCI 602; 20 credits from ERST 634, MAST 603, PHIL 602, PSYC 602.

Part VII: Postgraduate Certificate in Landscape Studies
The courses for the examination for the Postgraduate Certificate in Landscape Studies are those listed in the Schedules of Courses for the degree of:

- Master of Landscape Architecture.

Note: The criterion for approval is the coherence of the course of study. Students who wish to enrol in studio based courses (LASC 610, 611 and 617) must satisfy the prerequisite requirements specified in the regulations for the Master of Landscape Architecture.

Part VIII: Postgraduate Certificate in Parks, Recreation and Tourism
The courses for the examination for the Postgraduate Certificate in Parks, Recreation and Tourism consist of not fewer than 60 credits from ERST 601, either SOCI 601 or SOCI 602, MAST 603, RECN 604, RECN 626, RECN 627, RECN 640, TOUR 603 and TOUR 604.
Postgraduate Diplomas

Postgraduate Diploma in Commerce  P.G.Dip.Com.
Postgraduate Diploma in Disaster Risk and Resilience*  P.G.Dip.D.R.R.
Postgraduate Diploma in Environmental Management  P.G.Dip.Env.Mgt.
Postgraduate Diploma in Informatics*  P.G.Dip.Inf.
Postgraduate Diploma in International Rural Development  P.G.Dip.I.R.D.
Postgraduate Diploma in Land and Society  P.G.Dip.L.Scty.
Postgraduate Diploma in Landscape Studies  P.G.Dip.L.Studs.
Postgraduate Diploma in Parks, Recreation and Tourism  P.G.Dip.P.R.&T.

*These programmes are closed to new entrants from 2021.

1. In these regulations, the term Postgraduate Diploma means the Postgraduate Diploma in Agricultural Science, the Postgraduate Diploma in Applied Science, the Postgraduate Diploma in Commerce, the Postgraduate Diploma in Disaster Risk and Resilience, the Postgraduate Diploma in Environmental Management, the Postgraduate Diploma in Horticultural Science, the Postgraduate Diploma in Informatics, the Postgraduate Diploma in International Rural Development, the Postgraduate Diploma in Land and Society, the Postgraduate Diploma in Landscape Studies, the Postgraduate Diploma in Parks, Recreation and Tourism, and the Postgraduate Diploma in Water Resource Management.

2. Before entry to a course of study for a Postgraduate Diploma, every candidate shall have:
   (1) (a) qualified for the award of an appropriate degree of an accredited higher education institution in New Zealand; or
   (b) been admitted with equivalent status (ad eundem statum) as entitled to proceed to a Postgraduate Diploma; and
   (2) been approved as a candidate for a Postgraduate Diploma by the Vice-Chancellor.

3. Every candidate for a Postgraduate Diploma shall follow a course of study for not less than two semesters and shall pass the appropriate examinations.

4. (1) The course of study of every candidate for a Postgraduate Diploma shall be subject to the approval of the Academic Board.
   
      Note: The criterion for approval is the coherence of the course of study.

      (2) Except as provided in (4) the course of study for a Postgraduate Diploma shall comprise 120 credits at the 600-level.

      (3) The courses of examination are set out in the schedule to these regulations.

      (4) With the permission of the Academic Board, a candidate may substitute for 40 credits at the 600-level a dissertation (40 credits).
5. A candidate who completes the course of study for a Postgraduate Diploma with outstanding merit may be awarded the diploma with distinction.

6. This qualification adheres to the General Course and Examination Regulations for Credits and Exemptions.

**Schedule to the Regulations for Postgraduate Diplomas**

**Part I: The Postgraduate Diploma in Agricultural Science**

The courses for the Postgraduate Diploma in Agricultural Science are the courses listed in the Schedules to the regulations for the degree of:

- Master of Agricultural Science.

**Part II: Postgraduate Diploma in Applied Science**

The courses for the Postgraduate Diploma in Applied Science are the courses listed in the Schedules to the regulations for the degrees of:

- Master of Science;
- Master of Agricultural Science;
- Master of Horticultural Science; or
- Master of Applied Science.

**Part III: Postgraduate Diploma in Commerce**

The courses for the Postgraduate Diploma in Commerce are the courses listed in the Schedules to the regulations for the degrees of:

- Master of Commerce (Agricultural);
- Master of Commerce and Management.

**Part IV: Postgraduate Diploma in Disaster Risk and Resilience**

*(Jointly taught with the University of Canterbury)*

Closed to new entrants from 2022

The courses for the Postgraduate Diploma in Disaster Risk and Resilience are listed below.

<table>
<thead>
<tr>
<th>Compulsory Courses (85 credits)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>DRRE 401</td>
<td>Introduction to Disaster Risk and Resilience</td>

Notes: (i) DRRE 408 is strongly recommended for students without significant prior experience in GIS.

(ii) Students may substitute a 400-level GIS course from the University of Canterbury Calendar or 600-level GIS courses from the Lincoln University Calendar with approval from the Director of Postgraduate Studies in Disaster Risk and Resilience.
Part V: Postgraduate Diploma in Environmental Management
The courses for the Postgraduate Diploma in Environmental Management are:
One of ERST 601 or ERST630 or MAST603; at least 60 credits from 600-level courses with ERST, LWST, WATR, ECOL or MAST prefixes or an approved research methods course; plus, a maximum of 40 credits chosen from the Schedule of Master’s Degree Courses, which together must form a coherent programme of study with approval from the Academic Coordinator.

Note: Any student who anticipates progressing to the M.Appl.Sc (Env.Mgt.) must take an approved methods course.

Part VI: Postgraduate Diploma in Horticultural Science
The courses for the Postgraduate Diploma in Horticultural Science are the courses listed in the Schedules to the regulations for the degree of:
- Master of Horticultural Science.

Part VII: Postgraduate Diploma in Informatics
Note: This programme is closed from 2022.
The courses for the Postgraduate Diploma in Informatics are: One of ECON 615, ECOL 608, SOCI 601, SOCI 602 and QMET 615, at least 60 credits from COMP 622, COMP 626, COMP 627, COMP 634, COMP 635, ERST 606, ERST 607, ERST 625, plus a maximum of 40 credits chosen from the Schedule of Master’s Degree Courses.

Note: Students may substitute another 600-level Research Methods course from the Lincoln University Calendar for ECON 615, ECOL 608, SOCI 601, SOCI 602 and QMET 615 with approval from the Academic Board.

Part VIII: Postgraduate Diploma in International Rural Development
The courses of examination for the Postgraduate Diploma in International Rural Development are: MGMT 615, SOCI 608; 20 credits from ECON 615, MGMT 611, SOCI 601 or SOCI 602; 40 credits from Schedule A to the Master of Applied Science (International Rural Development) regulations; 20 credits from any course from the Schedule of Master’s Degree Courses listed in the Calendar to form a coherent programme of study, and approved by Academic Board.

Part IX: Postgraduate Diploma in Land and Society
The courses of examination for the Postgraduate Diploma in Land and Society are:
60 credits from ERST 601, SOCI 641 and one of either SOCI 601 or 602, 40 credits from ERST 621, ERST 634, MAST 603, PHIL 602 and PSYC 602 and a maximum of 20 credits chosen from the Schedule of Master’s Degree Courses to form a coherent course of study, and approved by Academic Board.

Part X: Postgraduate Diploma in Landscape Studies
The courses for the Postgraduate Diploma in Landscape Studies are the courses listed in the Schedules to the regulations for the degree of:

- Master of Landscape Architecture.

Note: The criterion for approval is the coherence of the course of study. Students who wish to enrol in studio based courses (LASC 610, 611 and 617) must satisfy the prerequisite requirements specified in the regulations for the Master of Landscape Architecture.

Part XI: Postgraduate Diploma in Parks, Recreation and Tourism
The courses for the Postgraduate Diploma in Parks, Recreation and Tourism are:

ERST 601, one of SOCI 601 or SOCI 602, at least 60 credits from MAST 603, PSYC 602, RECN 604, RECN 626, RECN 627, RECN 640, TOUR 603 and TOUR 604 plus a maximum of 20 credits chosen from the Schedule of Master’s Degree Courses.

Note: Students may substitute another 600-level Research Methods course from the Lincoln University Calendar for SOCI 601 or SOCI 602 with approval from Academic Board.

Part XII: Postgraduate Diploma in Water Resource Management (Jointly offered with the University of Canterbury)
The courses for the Postgraduate Diploma in Water Resource Management are the courses listed in the Schedule to the Regulations for the degree of:

**Postgraduate Qualifying Programme**

1. A candidate for a Postgraduate Qualifying Programme shall:
   (1) have been admitted ad eundem statum with graduate status;
   (2) satisfactorily complete a course of study for such period as the Academic Board shall determine.

2. The satisfactory completion of a Postgraduate Qualifying Programme shall have the effect of meeting the requirements for admission to a master’s degree or the degree of Doctor of Philosophy at Lincoln University and shall have no other effect or purpose whatsoever.

3. The course of study for a Postgraduate Qualifying Programme shall comprise:
   (1) a course in quantitative methods unless the Academic Board, in a particular case, determines otherwise; and
   (2) such courses and research projects which are specified by the Academic Board to be prerequisite work for the postgraduate degree to which admission is sought.

4. Except with the approval of the Academic Board, courses passed for a postgraduate qualifying programme may be credited to a qualification offered at Lincoln University only if the candidate does not proceed to a postgraduate degree programme at the University, or, if the candidate does so proceed to a postgraduate degree programme, the candidate subsequently withdraws from, or fails, that programme.
## Graduate Certificates

| Graduate Certificate in Academic English          | Grad.Cert.A.E.             |
| Graduate Certificate in Informatics*             | Grad.Cert.Inf.             |
| Graduate Certificate in Landscape Studies        | Grad.Cert.L.Studs.         |

* This programme is closed.

1. In these regulations, the term ‘Graduate Certificate’ means the Graduate Certificate in Applied Science, the Graduate Certificate in Business and Sustainability, the Graduate Certificate in Commerce, the Graduate Certificate in Informatics, the Graduate Certificate in Landscape Studies, the Graduate Certificate in Recreation Management, the Graduate Certificate in Resource Studies, and the Graduate Certificate in Tourism Management.

2. Before entry to a course of study for a Graduate Certificate, every candidate shall have:
   1. (a) qualified for the award of an appropriate degree of an accredited higher education institution in New Zealand; or
   2. (b) been admitted with equivalent status (ad eundem statum) as entitled to proceed to a graduate certificate; and
   3. been approved as a candidate for a graduate certificate by the Vice-Chancellor.

3. Notwithstanding the provisions of 2 above, the Vice-Chancellor may admit as a candidate for a Graduate Certificate a person with appropriate qualifications who is not qualified under Regulation 2, but may require such a candidate to undertake a course of study, prescribed for the purpose of the Academic Board, either as a prerequisite to, or concurrently with, the course of study for the Graduate Certificate. In either case, the prerequisite or corequisite course must be passed before the graduate certificate may be awarded.

4. Every candidate for a Graduate Certificate shall follow a course of study for not less than one full-time semester equivalent and shall pass the appropriate examinations.

5. (1) The course of study of every candidate for a Graduate Certificate shall be subject to the approval of the Academic Board.

   Note: The criterion for approval is the coherence of the course of study.
(2) (i) The course of study for all Graduate Certificates, except the Graduate Certificate in Business and Sustainability, shall comprise 60 credits with a minimum of 45 credits at the 300-level. These 45 credits at the 300-level shall be chosen for their coherence and 30 of those credits shall normally be taken from the relevant undergraduate programme as set out in the schedule to these regulations.

(ii) The remaining 15 credits may be chosen from the Schedule of Bachelor’s Degree Courses offered at Lincoln University, at any level, to ensure coherency of the student’s overall course of study.

(3) The courses of examination for the Graduate Certificate in Business and Sustainability is set out in Part II of the schedule to these regulations.

(4) With the permission of the Academic Board, a candidate may substitute for 15 credits at the 300-level appropriate credits at the 600-level.

6. A candidate who completes the course of study for a Graduate Certificate with outstanding merit may be awarded the certificate with distinction.

7. A candidate who completes a Graduate Certificate and subsequently enrols in a graduate diploma or a postgraduate diploma or a degree at Lincoln University may transfer to the diploma or the degree any credits taken at the appropriate level and passed as part of the course of study for the Graduate Certificate, provided that:

   (1) the certificate has not been presented to the candidate; or

   (2) if the certificate has been presented to the candidate, then the candidate surrenders the certificate and the award of the certificate is removed from the candidate’s record.

Schedule to the Regulations for Graduate Certificates

Part I: Graduate Certificate in Applied Science
The courses for the Graduate Certificate in Applied Science are the 300-level courses listed in the Schedules to the regulations for the degrees of:
- Bachelor of Agricultural Science;
- Bachelor of Science; or:
- Bachelor of Viticulture and Oenology.

Part II: Graduate Certificate in Business and Sustainability
The courses for the Graduate Certificate in Business and Sustainability are: BMGT 301 Business and Sustainability
Plus three appropriate courses (45 credits) planned in consultation with the Academic Coordinator.

Part III: Graduate Certificate in Commerce
The courses for the Graduate Certificate in Commerce are the 300-level courses listed in the Schedules to the regulations for the commerce degrees offered at Lincoln University.
Part IV: Graduate Certificate in Informatics (closed)

At least 30 credits for the Graduate Certificate in Informatics shall be chosen from the courses below:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>BMGT 323</td>
<td>Business Information Systems</td>
</tr>
<tr>
<td>COMP 307</td>
<td>End-User Computing</td>
</tr>
<tr>
<td>COMP 308</td>
<td>Computer Modelling and Simulation</td>
</tr>
<tr>
<td>COMP 317</td>
<td>Development of Data-Driven Systems</td>
</tr>
<tr>
<td>COMP 318</td>
<td>Image Processing and Computer Vision</td>
</tr>
<tr>

<td>Robotic and Autonomous Platforms</td>
</tr>
<tr>
<td>COMP 321</td>
<td>Sensors and Sensor Networks</td>
</tr>
<tr>
<td>COMP 322</td>
<td>Mobile and Web Applications</td>
</tr>
<tr>
<td>ERST 310</td>
<td>GIS and Applications in Natural Resource Analysis</td>
</tr>
<tr>
<td>ERST 314</td>
<td>Programming and Customisation with GIS</td>
</tr>
</tbody>
</table>

The remaining 30 credits must be planned in conjunction with the Academic Coordinator.

Part V: Graduate Certificate in Landscape Studies

The courses for the Graduate Certificate in Landscape Studies are the 300-level courses listed in the Schedules to the regulations for the degree of:

• Bachelor of Landscape Architecture.

Note: The criterion for approval is the coherence of the course of study. Students who wish to enrol in studio based courses (LASC 215, 216, 316, 319, 322, 406, 409) must satisfy the prerequisite requirements specified in the regulations for the Bachelor of Landscape Architecture.

Part VI: Graduate Certificate in Recreation Management

The courses for the Graduate Certificate in Recreation Management are the 300-level courses listed in the Schedules to the regulations for the degree of:

• Bachelor of Sport and Recreation Management.

Part VII: Graduate Certificate in Resource Studies

The courses for the Graduate Certificate in Resource Studies are the 300-level courses listed in the Schedules to the regulations for the degree of:

• Bachelor of Environmental Management.

Part VIII: Graduate Certificate in Tourism Management

The courses of examination for the Graduate Certificate in Tourism Management are the 300-level courses listed in the schedules to the regulations for the degree of:

• Bachelor of Tourism Management.
General Regulations for The Graduate Certificate in Academic English

1. For entry to the course of study for the Graduate Certificate in Academic English, an applicant shall be approved as a candidate by the Vice-Chancellor.
   (a) Every candidate shall hold a bachelor’s degree or equivalent.
   (b) Every candidate shall satisfy the Vice-Chancellor of his or her English language proficiency to a level of 6.0 in IELTS or equivalent with no individual component less than 5.5.

2. A candidate for the Graduate Certificate in Academic English shall follow the approved course of study for 16 weeks.

3. Students enrolled for the Graduate Certificate must meet the assessment requirements to complete the programme as a whole.

Graduate Diplomas

Graduate Diploma in Brewing and Fermentation Grad.Dip.B&F.
Graduate Diploma in Commerce Grad.Dip.Com.
Graduate Diploma in Informatics* Grad.Dip.Inf.
Graduate Diploma in Landscape Studies Grad.Dip.L.Studs.
Graduate Diploma in Valuation Grad.Dip.Val.
Graduate Diploma in Viticulture and Oenology Grad.Dip.V.&O.

* This programme is closed.

1. In these regulations the term ‘Graduate Diploma’ means, the Graduate Diploma in Applied Science, the Graduate Diploma in Brewing and Fermentation, the Graduate Diploma in Business and Sustainability, the Graduate Diploma in Commerce, the Graduate Diploma in Informatics, the Graduate Diploma in Landscape Studies, the Graduate Diploma in Property Management, the Graduate Diploma in Recreation Management, the Graduate Diploma in Resource Studies, the Graduate Diploma in Tourism Management, the Graduate Diploma in Valuation, and the Graduate Diploma in Viticulture and Oenology.

2. Before entry to a course of study for a Graduate Diploma, every candidate shall have:
   (1) (a) qualified for the award of an appropriate degree of an accredited higher education institution in New Zealand; or
   (b) been admitted with equivalent status (ad eundem statum) as entitled to proceed to a Graduate Diploma; and
   (2) been approved as a candidate for a Graduate Diploma by the Vice-Chancellor.

3. Notwithstanding the provisions of 2 above, the Vice-Chancellor may admit as a candidate for a Graduate Diploma a person with appropriate qualifications who is not qualified under Regulation 2, but may require such a candidate to undertake a course of study, prescribed for the purpose of the Academic Board, either as a prerequisite to or concurrently with the course of study for the Graduate Diploma. In either case, the prerequisite or corequisite course must be passed before the graduate diploma may be awarded.

4. Every candidate for a Graduate Diploma shall follow a course of study for not less than two full-time semesters equivalent and shall pass the appropriate examinations.
5. (1) The course of study of every candidate for a Graduate Diploma shall be subject to the approval of the Academic Board.

Note: The criterion for approval is the coherence of the course of study.

(2) (a) With the exception of the Graduate Diplomas listed in 5(3), the course of study for a Graduate Diploma shall comprise 120 credits with a minimum of 75 credits at the 300-level. These 75 credits at the 300-level shall be chosen for their coherence and a minimum of 60 of those credits shall normally be taken from the relevant undergraduate programme unless otherwise specified in the schedule to these regulations.

(b) The remaining credits, including no more than 15 credits at 100-level, may be chosen from the Schedule of Bachelor’s Degree Courses offered at Lincoln University to ensure coherency of the student’s overall course of study.

(3) The courses of examination for the Graduate Diplomas in Business and Sustainability, Property Management and Valuation are set out in the schedule to these regulations.

(4) With the permission of the Academic Board, a candidate may substitute for up to 30 credits at the 300-level appropriate credits at the 600-level.

(5) With the permission of the Academic Board, a candidate may substitute for 30 credits at the 300-level, where appropriate, a dissertation constituting 40 credits at the 600-level.

6. A candidate who completes the course of study for a Graduate Diploma with outstanding merit may be awarded the diploma with distinction.

7. A candidate who completes a Graduate Diploma and subsequently enrols in a degree at Lincoln University may transfer to the degree any credits taken at the appropriate level and passed as part of the course of study for the graduate diploma, provided that:

(1) the diploma has not been presented to the candidate; or

(2) if the diploma has been presented to the candidate, then the candidate surrenders the diploma and the award of the diploma is removed from the candidate’s record.

Schedule to the Regulations for Graduate Diplomas

Part I: Graduate Diploma in Applied Science

At least 60 credits for the Graduate Diploma in Applied Science shall be chosen from the 300-level courses listed in the schedules to the regulations for the degrees of:

- Bachelor of Agricultural Science;
- Bachelor of Science;
- Bachelor of Viticulture and Oenology.
Part II. Graduate Diploma in Brewing and Fermentation

Notes: (i) With the permission of Academic Board, a candidate who has passed one or more of the courses listed above and who has credited the pass to another programme before entering the Grad.Dip.Prop. Mgt will be required to take, in place of the courses concerned, an appropriate additional course. (ii) Candidates are required to contact Property Group staff for course advice and approval before embarking on their proposed course of study for this Diploma.

Part VIII: Graduate Diploma in Recreation Management

At least 60 credits for the Graduate Diploma in Recreation Management shall be chosen from the 300-level courses listed in the schedules to the regulations for the degree of:

- Bachelor of Sport and Recreation Management; or
- Any other 300-level RECN coded course;

Part IX: Graduate Diploma in Resource Studies

At least 60 credits for the Graduate Diploma in Resource Studies shall be chosen from the 300-level courses listed in the schedules to the regulations for the degree of:

- Bachelor of Environmental Management;

Part X: Graduate Diploma in Tourism Management

At least 60 credits for the Graduate Diploma in Tourism Management shall be chosen from the 300-level courses listed in the schedules to the regulations for the degree of:

- Bachelor of Tourism Management;
Part XI: Graduate Diploma in Valuation

The courses of examination for the Graduate Diploma in Valuation are:

<table>

To complete the Grad.Dip.V.&O. a candidate shall also participate in a multiple-day field tour unless, with the permission of the Academic Board, the tour requirement is waived.

Note: Candidates who have not successfully passed an appropriate 100-level course in chemistry, must complete PHSC 101 in Semester One in order to proceed to wine science courses in Semester Two. A pass in PHSC 101 can be used to meet the requirements of the diploma or candidates may prefer to enrol in PHSC 101 on a Certificate of Proficiency basis, depending on career goals.
Bachelor’s Degrees

Bachelor of Agribusiness and Food Marketing B.A.F.M.
Bachelor of Agriculture B.Agr.
Bachelor of Agricultural Science B.Agr.Sc.
Bachelor of Agricultural Science (Honours) B.Agr.Sc.(Hons)
Bachelor of Commerce B.Com.
Bachelor of Commerce (Agriculture) B.Com.(Ag.)
Bachelor of Commerce (Agriculture and Professional Accounting) BCom(AgProfAcct)
Bachelor of Commerce (Horticulture) B.Com (Hort)
Bachelor of Commerce (Sustainability) B.Com (Sust)
Bachelor of Environmental Management B.E.M.
Bachelor of Environmental Policy and Planning with Honours B.E.P.P.(Hons)
Bachelor of Environment and Society B.E.S.
Bachelor of Land and Property Management B.L.P.M.
Bachelor of Landscape Architecture B.L.A.
Bachelor of Landscape Architecture with Honours B.L.A.(Hons)
Bachelor of Science B.Sc.
Bachelor of Sport and Recreation Management B.S.R.M.
Bachelor of Tourism Management B.Tour.Mgt.
Bachelor of Viticulture and Oenology B.V.& O.

Notes: 1. In the regulations, the word ‘programme’ is taken to mean the degree or other award towards which the student is studying. A student’s ‘course of study’ in a particular year comprises all the ‘courses’ in which the student is registered. Each course has a course code and prescription.
2. In these regulations, unless indicated otherwise by the particular context, the word ‘year’ shall mean a period of 12 months.
3. Attention is drawn to the requirement, set out in Regulation B7 (1) and (2) of the General Course and Examination Regulations, to complete the Learning and Information Skills module and the Respectfully Lincoln workshop. Failure to complete such a programme may result in the University withholding examination results.
Bachelor of Agribusiness and Food Marketing  

B.A.F.M.

1. A candidate for the degree of Bachelor of Agribusiness and Food Marketing shall follow a course of study that complies with these regulations for the equivalent of six semesters of full-time study.

2. (1) The courses of examination for the degree of Bachelor of Agribusiness and Food Marketing are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

   (2) Subject to the provisions of Regulation 3 below, a candidate must complete 45 credits from the Schedule of Prescriptions found elsewhere in this Calendar.

3. (1) To qualify for the degree of Bachelor of Agribusiness and Food Marketing, a candidate shall pass at least 360 credits, including the compulsory courses listed in Schedule A and the elective courses outlined in Schedule B below.

   (2) The 360 credits shall include at least 75 credits at the 300-level.

   (3) A candidate shall be credited with no more than 165 credits at the 100-level.

   Note: Attention is drawn to the requirement, set out in Regulation B7 of the General Course and Examination Regulations, to complete a library orientation programme. Failure to complete such a programme may result in the University withholding examination results.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course of study comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

   In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Agribusiness and Food Marketing that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before admission to the degree of Bachelor of Agribusiness and Food Marketing a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

6. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Agribusiness and Food Marketing such courses and at such level as the Academic Board may determine.

   (2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

      (a) there shall be no relaxation of the number of credits provided for in Regulation 3;

      (b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

      (c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.
7. These regulations came into force on 1 January 2018.

**Schedule B: Elective Courses**

Eight courses (120 credits) chosen from the Schedule of Bachelor’s Degree Courses and subject to Regulation 3(1)

**Practical Work Regulations for B.A.F.M. students**

Before graduating, a student shall complete a period of approved practical work in accordance with the B.A.F.M. Practical Work Handbook.
Bachelor of Agriculture  B.Agr.
Bachelor of Agricultural Science  B.Agr.Sc.
Bachelor of Agricultural Science with Honours  B.Agr.Sc.(Hons)

1. A candidate for the degree of Bachelor of Agriculture shall follow a course of study that complies with these regulations for the equivalent of six semesters’ full-time study. A candidate for the degree of Bachelor of Agricultural Science or Agricultural Science with Honours, shall follow a course of study for the equivalent of eight semesters of full-time study.

2. The courses of examination for the degrees of Bachelor of Agriculture, Agricultural Science, Agricultural Science with Honours, are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedules will apply.

3. (1) (a) To qualify for the degree of Bachelor of Agriculture, a candidate shall pass at least 360 credits. These must include all the courses from Schedule A, and at least 60 credits from Schedule B.

   (b) The 360 credits shall include at least 75 credits at the 300-level.

(2) (a) To qualify for the degree of Bachelor of Agricultural Science a candidate shall pass at least 480 credits. These must include all courses from Schedule A, and at least 60 credits from Schedule B.

   (b) The 480 credits shall include at least 150 credits at the 300-level.

   (c) With the permission of the Academic Board, a candidate for Bachelor of Agricultural Science may substitute up to two courses (40 credits) from the Schedule of Master’s Degree Courses and Prescriptions at the 600-level, for up to two 300-level courses (30 credits).

Note: The substitution of 600-level courses for 300-level courses may increase student workload beyond 1200 hours per year.

(3) (a) To qualify for the degree of Bachelor of Agricultural Science with Honours, a candidate shall pass at least 480 credits. These must include all courses from Schedule A, and at least 60 credits from Schedule B.

   (b) The 480 credits shall include at least 120 credits at the 300-level and at least 60 credits at the 600-level including a dissertation (40 credits).

   (c) With the permission of the Academic Board, a candidate for Bachelor of Agricultural Science with Honours may substitute a course (20 credits) from the Schedule of Master’s Degree Course Prescriptions at the 600-level for one 300-level course (15 credits)

Note: The substitution of 600-level courses for 300-level courses may increase student workload beyond 1200 hours per year

(4) To qualify for the degree of Bachelor of Agriculture, Bachelor of Agricultural Science, or Bachelor of Agricultural Science with Honours, a student shall not be able to credit more than 165 credits at the 100-level.

Note: Candidates who were awarded restricted credits up to and including the 2008 academic year may credit those restricted credits to their degrees in accordance with Regulation C7 of the General Course and Examination Regulations printed in the Lincoln University 2008 Calendar.
4. A personal course of study shall not normally exceed 60 credits in any semester, provided that the Academic Board may, if it thinks fit, approve a course of study comprising more than 60 credits. A course of study comprising more than 75 credits may be approved by the Academic Board in exceptional circumstances only.

In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Agriculture, Bachelor of Agricultural Science, Bachelor of Agricultural Science with Honours that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before any of the degrees listed in Regulation 1 can be awarded, a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

6. (1) A candidate who has passed courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedules to these regulations, may credit, towards any of the degrees listed in Regulation 1, such courses and at such level as the Academic Board may determine.

(2) A candidate, who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulations 3 (1), 3 (2) and 3 (3);

(b) a candidate who passes the 200-level course shall not thereafter be credited with any prerequisite to that course; and

(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.

7. A candidate who has passed at least 360 credits within six semesters of first enrolling for the degree of Bachelor of Agricultural Science at a sufficiently high standard may apply to the Academic Board to enrol for the degree of Bachelor of Agricultural Science with Honours in the seventh semester, and to take an honours examination.

8. (i) The courses for the honours examination comprise 60 credits at the 300-level and 20 credits at the 600-level chosen with the approval of the Academic Board. With the permission of the Academic Board, a candidate for Bachelor of Agricultural Science with Honours may substitute a course (20 credits) from the Schedule of Master's Degree Course Prescriptions at the 600-level for one 300-level course (15 credits).

In addition, candidates for an honours degree shall undertake a project, the written results of which shall be submitted in the form of a dissertation, to the Convenor, Academic Administration Committee, not later than the fourteenth day following the conclusion of the examination session in the semester in which the candidate completes the honours examination. For the purposes of assessing the performance of candidates for the degree, the dissertation shall be regarded as being the equivalent of 40 credits at the 600-level.

(ii) The minimum 120 credits required for honours must be completed within two consecutive semesters, excluding Summer School sessions.
9. (1) Candidates who complete the requirements for the honours examination may be awarded the degree of Bachelor of Agricultural Science with Honours in the First Class or Honours in the Second Class (Division I) or Honours in the Second Class (Division II) or without Honours.

(2) A candidate’s class of honours shall primarily be determined on the performance in the final year of the programme, but account may be taken of the performance throughout the other years of the programme.

(3) A candidate who has been awarded the degree of Bachelor of Agriculture or Bachelor of Agricultural Science shall be ineligible for the award of the degree of Bachelor of Agricultural Science with Honours.

10. (1) These regulations came into force on 1 January 2018.

(2) Any candidate who matriculated before 2018 shall complete the programme under these regulations and shall receive such credit for earlier academic success and be subject to such restrictions as the Academic Board may determine.

**Practical Work Regulations for B.Agr. and B.Agr.Sc. Students**

Before graduating, candidates for B.Agr. and B.Agr.Sc. degrees shall complete 28 weeks of full-time (or pro-rated part-time) practical work experience, after leaving secondary school, in accordance with the following provisions:

1. A minimum of 10 weeks is to be completed on each of a dairy farm and a sheep farm with the balance to be completed on a crop farm, deer farm or horticultural farm or in an allied industry (with a maximum of eight weeks in an allied industry).
   
   Students will normally be required to complete at least 10 weeks of approved farm work before their second academic year.

2. With prior approval of the Academic Board, up to 10 weeks may be credited for practical work in the agricultural servicing sector, including scientific and extension services*. Labour only contracts (e.g. shearing, fencing, truck driving) will not be approved.

   * Fourth year B.Agr.Sc. students may, with permission, do practical work which has direct application to their specialised field of study, for example laboratory-based work. This would normally be allowed only if the student’s farm work requirements (as per section 1 of these regulations) have been completed.

3. With prior approval of the Academic Board, up to 10 weeks of practical work can be completed overseas.

4. With prior approval of the Academic Board, students may, where appropriate, be able
to credit practical work experience from employment on the family farm, for up to two farm types.

5. Students who complete studies at other tertiary institutions that are relevant to the specific programme, and have appropriate learning outcomes, may seek to credit that study towards the practical work requirements for the Lincoln University qualification.

6. Students are required to submit to the Practical Work Coordinator both evidence of work and satisfactory written reports on each component of practical work performed. The deadline for submissions is 31 March following the completion of that component.

   Note: (1) Students wishing to graduate in April in any year must submit confirmation of completed practical work and any reports required under these regulations by the preceding 20 February.

   (2) Any report considered by the Academic Board to be unsatisfactory will be revised and resubmitted.

7. The Academic Board may modify the application of these regulations in particular cases provided a formal request to exercise this discretion is submitted in writing to the Academic Board or delegated authority.
## Bachelor of Commerce

</tbody>
</table>
Schedule of Majors for the Bachelor of Commerce

Accounting and Finance
100-level: ACCT 101, FINC 101
200-level: ACCT 202, ACCT 211, FINC 204, FINC 211
300-level: FINC 304, plus 60 credits at the 300 level with an ACCT or FINC prefix including at least 15 credits with an ACCT prefix and at least 15 credits with a FINC prefix.

Note: Students should seek course advice if they intend to become a member of a professional accounting body.

Food and Resource Economics
200-level: ECON 216, ECON 217, QMET 204
300-level: ECON 325, ECON 326, ECON 327 plus one of ECON 302 or ECON 307

Global Business
200-level: ACCT 202, BMGT 221, BMGT 211, ECON 212
300-level: BMGT 306, BMGT 324 plus two from: BMGT 301, COMM 301, ECON 302, ECON 325, MGMT 340, MGMT 341, MKTG 308, MKTG 333

Hotel and Tourism Management
100-level: TOUR 101
200-level: BMGT 216, BMGT 221, TOUR 202, TOUR 203
300-level: BMGT 322, BMGT 306, MKTG 304, TOUR 303

Mandatory Practical Work Requirement for the Hotel and Tourism Management major
Students must complete 480 hours of practical work in the hotel and or tourism industry and submit a satisfactorily completed Practical Work Journal and Evidence Portfolio.

Individual Major
60 credits at the 300-level comprising 30 credits with the same prefix from any two of the following prefixes: ACCT, BMGT, ECON, FINC, MGMT, MKTG, VAPM.

Marketing
200-level: MKTG 202, MKTG 205
300-level: MKTG 301 and at least three of MKTG 304, MKTG 308, MKTG 311, MKTG 321, MKTG 322, MKTG 333

Note: Either COMM 301, BMGT 315, or RECN 393 Practicum can substitute for one (1) 300-level MKTG coded courses.

Supply Chain Management
200-level: BMGT 201, BMGT 211, MKTG 210
300-level: BMGT 308, BMGT 314, MKTG 323
Schedule to the Regulations for the Degree of Bachelor of Commerce

Bachelor of Commerce (Agriculture)  

B.Com.(Ag.)

1. A candidate for the degree of Bachelor of Commerce (Agriculture) shall follow a course of study that complies with these regulations for the equivalent of six semesters full-time study.

2. (1) The courses of examination for the degree are set out in the schedule to these regulations and in the schedules for the degree of Bachelor of Commerce. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

   (2) Subject to the provisions of Regulation 3 below and with the approval of the Academic Board, a maximum of 90 credits from the schedules of bachelor’s degree course prescriptions found elsewhere in this Calendar may be substituted for courses of the schedules to the regulations for the degree of Bachelor of Commerce.

3. (1) To qualify for the degree of Bachelor of Commerce (Agriculture) a candidate shall pass at least 360 credits, including the compulsory courses listed in Schedule A below.

   (2) The 360 credits shall include at least 75 credits at the 300-level.

   (3) A candidate shall be credited with no more than 165 credits at the 100-level.

   Note: Attention is drawn to the requirement, set out in Regulation B7 of the General Course and Examination Regulations, to complete a library orientation programme. Failure to complete such a programme may result in the University withholding examination results.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester. The Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

   In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Commerce (Agriculture) that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before admission to the degree of Bachelor of Commerce (Agriculture) a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

6. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Commerce (Agriculture) such courses and at such level as the Academic Board may determine.

   (2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

      (a) there shall be no relaxation of the number of credits provided for in Regulation 3;

      (b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

      (c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.
7. (1) These regulations came into force on 1 January 2018.
   (2) Any candidate who registered in a degree of Bachelor of Commerce (Agriculture) before 1 January 2018 may elect to complete the course under these regulations or under the regulations printed in the Lincoln University 2017 Calendar.

Practical Work Regulations for BCom.(Ag)

Before graduating, a student shall complete a period of approved practical experience after leaving school in accordance with the following provisions:

1. Candidates for the degree of B.Com.(Ag.)
   
   (1) No fewer than 30 weeks of full-time practical work must be completed in approved businesses associated with primary production.
   
   (2) At least 20 weeks must be undertaken in production-based enterprises.
   
   (3) A maximum of 15 weeks may be undertaken for any one employer.
   
   (4) At least 10 weeks must be undertaken for any one employer.
   
   (5) Up to four weeks may be credited for accredited skills courses.
Bachelor of Commerce
(Bachelor of Commerce (Agriculture and Professional Accounting))

1. A candidate for the degree of Bachelor of Commerce (Agriculture and Professional Accounting) shall follow a course of study that complies with these regulations for the equivalent of eight semesters full-time study.

2. (1) The courses of examination for the degree are set out in the schedule to these regulations and in the schedules for the degree of Bachelor of Commerce. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

(2) Subject to the provisions of Regulation 3 below and with the approval of the Academic Board, a maximum of 90 credits from the schedules of bachelor's degree course prescriptions found elsewhere in this Calendar may be substituted for courses of the schedules to the regulations for the degree of Bachelor of Commerce.

3. (1) To qualify for the degree of Bachelor of Commerce (Agriculture and Professional Accounting) a candidate shall pass at least 480 credits, including the compulsory courses listed in Schedule A below.

(2) The 480 credits shall include at least 105 credits at the 300-level.

(3) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Attention is drawn to the requirement, set out in Regulation B7 of the General Course and Examination Regulations, to complete a library orientation programme. Failure to complete such a programme may result in the University withholding examination results.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester. The Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Commerce (Agriculture and Professional Accounting) that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before admission to the degree of Bachelor of Commerce (Agriculture and Professional Accounting) a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

6. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Commerce (Agriculture and Professional Accounting) such courses and at such level as the Academic Board may determine.

(2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulation 3;

(b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and
(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.

7. These regulations came into force on 1 January 2019.

Practical Work Regulations for Bachelor of Commerce (Agriculture and Professional Accounting)

Before graduating, a student shall complete a period of approved practical experience after leaving school in accordance with the following provisions:

1. Candidates for the degree of Bachelor of Commerce (Agriculture and Professional Accounting)
   - (1) No fewer than 30 weeks of full-time practical work must be completed in approved businesses associated with primary production.
   - (2) A maximum of 15 weeks may be undertaken with any one employer.
   - (3) At least 10 weeks must be undertaken with any one employer.
   - (4) Up to four weeks may be credited for accredited skills courses.
Bachelor of Commerce (Horticulture)  

BCom(Hort)

1. A candidate for the degree of Bachelor of Commerce (Horticulture) shall follow a course of study that complies with these regulations for the equivalent of six semesters full-time study.

2. (1) The courses of examination for the degree are set out in the schedule to these regulations and in the schedules for the degree of Bachelor of Commerce. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

(2) Subject to the provisions of Regulation 3 below and with the approval of the Academic Board, a maximum of 90 credits from the schedules of bachelor’s degree course prescriptions found elsewhere in this Calendar may be substituted for courses of the schedules to the regulations for the degree of Bachelor of Commerce.

3. (1) To qualify for the degree of Bachelor of Commerce (Horticulture) a candidate shall pass at least 360 credits, including the compulsory courses listed in Schedule A below.

(2) The 360 credits shall include at least 75 credits at the 300-level.

(3) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Attention is drawn to the requirement, set out in Regulation B7 of the General Course and Examination Regulations, to complete a library orientation programme. Failure to complete such a programme may result in the University withholding examination results.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester. The Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Commerce (Horticulture) that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before admission to the degree of Bachelor of Commerce (Horticulture) a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

6. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Commerce (Horticulture) such courses and at such level as the Academic Board may determine.

(3) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulation 3;

(b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and
(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.

7. These regulations came into force on 1 January 2022.

Practical Work Regulations for Bachelor of Commerce (Horticulture)

Before graduating, a student shall complete a period of approved practical experience after leaving school in accordance with the following provisions:

2. Candidates for the degree of B.Com.(Hort.)
   (1) No fewer than 30 weeks of full-time practical work must be completed in approved businesses associated with primary production.
   (2) At least 20 weeks must be undertaken in production-based enterprises.
   (3) A maximum of 15 weeks may be undertaken for any one employer.
   (4) At least 10 weeks must be undertaken for any one employer.
   (5) Up to four weeks may be credited for accredited skills courses.
Bachelor of Commerce (Sustainability)  BCom(Sust)

1. A candidate for the degree of Bachelor of Commerce (Sustainability) shall follow a course of study that complies with these regulations for the equivalent of six semesters of full-time study.

2. (1) The courses of examination for the degree of Bachelor of Commerce (Sustainability) are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

(2) Subject to the provisions of Regulation 3 below, a candidate must complete 45 credits from the Schedule of Bachelor’s Degree Course Prescriptions found elsewhere in this Calendar.

3. (1) To qualify for the degree of Bachelor of Commerce (Sustainability), a candidate shall pass at least 360 credits, including the compulsory courses listed in Schedule A and the elective courses outlined in Schedule B below.

(2) The 360 credits shall include at least 105 credits at the 300-level.

(3) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Attention is drawn to the requirement, set out in Regulation B7 of the General Course and Examination Regulations, to complete the Learning and Information Skills module. Failure to complete such a programme may result in the University withholding examination results.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course of study comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Agribusiness Sustainability that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Agribusiness Sustainability such courses and at such level as the Academic Board may determine.

(2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulation 3;

(b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.
6. These regulations came into force on 1 January 2023.

**Schedule B: Elective Courses**

Three courses (45 credits) chosen from the Schedule of Bachelor’s Degree Courses and subject to Regulation 3(1)

*These courses are pending approval.*
Bachelor of Environmental Management B.E.M.

1. A candidate for the degree of Bachelor of Environmental Management shall follow a course of study that complies with the regulations for the equivalent of six semesters of full-time study.

2. The courses of examination for the degree of Bachelor of Environmental Management are set out in the schedule to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedule will apply.

3. To qualify for the Bachelor of Environmental Management, a candidate shall pass a minimum of 360 credits, including all the courses from Schedule A to these regulations. The remaining courses may be chosen from the Schedule of Bachelor’s Degree Course Prescriptions offered at Lincoln University.

   (1) The 360 credits shall include at least 75 credits at the 300-level.
   (2) A candidate shall be credited with no more than 165 credits at the 100-level.

   Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range of 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

4. The personal course of study of any candidate shall comprise up to 60 credits in any semester, provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits. A course comprising more than 75 credits may be approved by the Board in exceptional circumstances only.

   In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Environmental Management that does not conform in every detail to the requirements set out in these regulations or in the schedule to these regulations.

5. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses in the schedules may credit towards the Bachelor of Environmental Management such courses, and at such levels, as the Academic Board may determine.

   (2) A candidate who has achieved sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

      (a) there shall be no relaxation to the requirements of Regulation 3, save for any exemption(s) for the Schedule A courses; and
      (b) a candidate who is credited with a 200-level course shall not thereafter be credited with any prerequisite to that course; and
      (c) a candidate who fails the 200-level course but, in the opinion of the examiners, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.

6. These Regulations came into effect from 01 January 2023.

Schedules to the Regulations for the Degree of Bachelor of Environmental Management
All courses are the equivalent of 15 credits unless otherwise stated.

* Pending approval
Bachelor of Environmental Policy and Planning with Honours  

B.E.P.P.(Hons)

1. A candidate for the degree of Bachelor of Environmental Policy and Planning with Honours shall follow a course of study that complies with the regulations for the equivalent of eight semesters of full-time study.

2. The courses of examination for the degree of Bachelor of Environmental Policy and Planning with Honours are set out in the schedule to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedule will apply.

3. To qualify for the Bachelor of Environmental Policy and Planning with Honours, a candidate shall pass a minimum of 480 credits, including all the courses from Schedule A to these regulations. The remaining courses may be chosen from the Schedule of Bachelor’s Degree Course Prescriptions offered at Lincoln University.

   (1) The 480 credits shall include at least 75 credits at the 300-level and 120 credits at the 600-level.

   (2) A candidate shall be credited with no more than 165 credits at the 100-level.

   (3) Candidates for the Bachelor of Environmental Policy and Planning with Honours shall normally be expected to successfully complete all courses in each year, in order to proceed to the subsequent year.

4. The personal course of study of any candidate shall comprise up to 60 credits in any semester, provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits. A course comprising more than 75 credits may be approved by the Board in exceptional circumstances only.

   In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Environmental Policy and Planning with Honours that does not conform in every detail to the requirements set out in these regulations or in the schedule to these regulations.

5. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses in the schedules may credit towards the Bachelor of Environmental Policy and Planning with Honours such courses, and at such levels, as the Academic Board may determine.

   (2) A candidate who has achieved sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

      (a) there shall be no relaxation to the requirements of Regulation 3, save for any exemption(s) for the Schedule A courses; and

      (b) a candidate who is credited with a 200-level course shall not thereafter be credited with any prerequisite to that course; and

      (c) a candidate who fails the 200-level course but, in the opinion of the examiners, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.
6. The degree of Bachelor of Environmental Policy and Planning may be awarded with honours in the First Class, or Honours in the Second Class (Division 1), or Honours in the Second Class (Division 2) or Honours in the Third Class.

7. The class of Honours awarded shall be determined on the performance of the candidate in the following courses: ERST 604, ERST 635, LWST 602, and either ERST 698 or ERST 699 and two 600-level electives. The specified courses will normally be completed within one academic year. The grade for any course used in the calculation of Honours is the grade achieved in the student’s first attempt at the course. If a candidate fails a 600-level course, they will need to repeat that course in order to be eligible for the degree. Such candidates will only be eligible for the award of third class honours.

8. Notes: (1) Candidates must normally have passed the group work component and achieve a B+ grade (or better) in SOCI 314 or substantively equivalent course with an assessed group work component.

   (2) Candidates must achieve a B+ average (or better) in the BEPP 300-level compulsory courses to enrol in the 600-level courses.

   (3) Candidates graduating with the Degree of Bachelor of Environmental Policy and Planning with Honours may be eligible for Graduate Membership with the New Zealand Planning Institute.

Bachelor of Environment and Society  

This programme is closed to new entrants from 2023.

1. A candidate for the degree of Bachelor of Environment and Society shall follow a course of study that complies with these regulations for the equivalent of six semesters of full-time study.

2. The courses of examination for the degree of Bachelor of Environment and Society are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedules will apply.

3. (1) Programmes of study for the degree shall be offered in the following named majors: GIS and Environmental Informatics (Closed to new entrants from 2017)  
Land and Society (Closed to new entrants from 2017)  
Māori and Indigenous Environmental Management (Closed to new entrants from 2017)  
Water Management (Closed to new entrants from 2019)  
The requirements for the award of the degree in each of the named majors are set out in the schedules to these regulations.

4. (1) To qualify for the award of the degree of Bachelor of Environment and Society, a candidate shall pass at least 360 credits including at least 75 credits at the 300-level. Candidates must pass all of the courses of Schedule A, Part I and satisfy the requirements of at least one of the named majors listed in Schedule A, Part II to these regulations. The remaining courses shall be chosen from the Schedule of Bachelor’s Degree Courses found elsewhere in this calendar.

(2) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

5. (1) The personal course of study of each candidate each year shall require the approval of the Academic Board.

(2) The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

(3) (a) In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Environment and Society that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

(b) Notwithstanding Regulation 4.(1) above, and providing for Regulation 5.(3) (a) above, a candidate who is permitted by the Academic Board to complete the degree without meeting the requirements of a named major must also obtain the approval of the Programme Academic Coordinator for the proposed programme of study. Such a candidate shall be eligible for the award of the Bachelor of Environment and Society degree without a named major.
Schedule to the Regulations for the Degree of Bachelor of Environment and Society

All courses are the equivalent of 15 credits unless otherwise stated.

Bachelor of Land and Property Management  

B.L.P.M

1. A candidate for the degree of Bachelor of Land and Property Management shall follow a course of study that complies with these regulations for the equivalent of eight semesters of full-time study.

2. The courses of examination for the degree are set out in the schedules for the degree of Bachelor of Land and Property Management. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in those schedules will apply.

3. (1) To qualify for the degree of Bachelor of Land and Property Management, a candidate shall pass at least 480 credits as listed in Schedule A and the mandatory requirements of either the Rural Valuation major or the Urban Valuation and Property Management major as set out in Schedule B below.

   (2) A candidate shall be credited with no more than 210 credits at the 100-level.

   (3) The 480 credits shall include at least 120 credits at the 300-level.

4. Candidates for the Bachelor of Land and Property Management degree must include in their course of study additional elective courses listed in the Schedule of Bachelor’s Degree Course Prescriptions found elsewhere in this Calendar.

5. The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course of study comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

   In a particular case the Academic Board may approve a course of study for a particular candidate for the degree of Bachelor of Land and Property Management that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

6. Before admission to the degree of Bachelor of Land and Property Management a candidate shall complete, to the satisfaction of the Academic Board, a period or periods of approved practical work after leaving school.

7. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedule to these regulations may credit towards the degree of Bachelor of Land and Property Management such courses and at such level as the Academic Board may determine.

   (2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved course may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

      (a) there shall be no relaxation of the number of credits provided for in Regulation 3;

      (b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

      (c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such
8. These regulations came into force on 1 January 2019.

Note: Students seeking registration by the Valuers’ Registration Board and the Property Institute of New Zealand must seek course advice.

Practical Work Regulations for B.L.P.M. Students

Before graduating, candidates for the B.L.P.M. degree are required to complete periods of work experience:

1. The Bachelor of Land and Property Management has a standard requirement of 12 weeks’ practical work experience in approved property sector businesses.

2. Students undertaking the rural major are required to undertake an additional 18 weeks’ work experience in approved agribusiness value chain businesses including half that time in agricultural production based enterprises.

3. With the approval of the Academic Board, part of that requirement can be completed overseas.

4. Students who complete studies at other tertiary institutions that are relevant to this programme may seek to credit that study towards the work experience requirements for the Lincoln University qualification.

5. Students are required to submit to the Practical Work Coordinator both evidence of work and satisfactory written reports on each component of practical work performed. The deadline for submissions is 31 March following the completion of that component.

   Note: (1) Students wishing to graduate in April in any year must submit confirmation of completed practical work and any reports required under these regulations by the preceding 20 February.

   (2) Any report considered by the Academic Board to be unsatisfactory will be revised and resubmitted.

6. The Academic Board may modify the application of these regulations in a particular case provided a formal request to exercise discretion is submitted in writing to the Academic Board or delegated authority.
Bachelor of Landscape Architecture  B.L.A.
Bachelor of Landscape Architecture with Honours  B.L.A.(Hons)

Part I Undergraduate Entry

1. A candidate for the degree of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours, other than a candidate to whom the provisions of Part II apply, shall follow a course of study as laid down in these regulations for the equivalent of eight semesters of full-time study.

2. The courses of examination and the courses of study for the degrees of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours are as set out in Schedule A to these regulations. Unless the Academic Board determines otherwise, the prerequisites set out in the schedule shall apply.

3. (1) 1. To qualify for the degree of Bachelor of Landscape Architecture / Bachelor of Landscape Architecture with Honours, a candidate shall pass at least 480 credits as listed in Schedule A to these regulations.

2. A candidate shall be credited with no more than 165 credits at the 100-level.

(2) The Academic Board, may, in relation to any candidate who passes only some of the courses of a year, credit those courses to the candidate's record and may when doing so prescribe a composite programme wherein the candidate shall take the remaining courses of that year together with such courses of succeeding years as it may think fit. A candidate must pass each course of the prescribed composite programme.

(3) In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

4. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in Schedule A to these regulations may credit towards the degree of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours such courses at such level as the Academic Board may determine.

(2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

(b) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course, shall be given such credit as the Academic Board may determine.
5. The degree of Bachelor of Landscape Architecture may be awarded with Honours in the First Class, Honours in the Second Class (Division I) or Honours in the Second Class (Division II) or without Honours.

6. The class of honours awarded shall be determined on the performance of the candidate in the following courses: LASC 318, LASC 415, LASC 406 (30 credits), LASC 409 (30 credits) and two other courses at the 300-level or above. The grade for any of the courses used in the calculation of honours is the grade achieved in the student’s first attempt at that course. The courses specified above will normally be completed within two academic years.

(a) Notwithstanding regulation 6. above, candidates who complete required courses towards their degree at an institution other than Lincoln University and find that they therefore have an insufficient number of Lincoln-graded credits at the 300-level or above may be permitted to have their class of honours determined on the performance of the candidate in the following courses: LASC 318, LASC 415, LASC 406 and LASC 409, plus up to one further 300-level or above Lincoln graded course if available.

7. Before admission to the degree of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours, a candidate shall complete to the satisfaction of the Academic Board a period or periods of approved practical work.

Part II Graduate Entry

1. A candidate for graduate entry to the degree of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours, other than a candidate to whom the provisions of Part I apply, shall, before entry upon the course of study for the degree, have been approved as a candidate by the Academic Board and fulfil one of the following conditions:

(a) qualify for award of a degree of an accredited higher education institution in New Zealand; or
(b) have been admitted with equivalent status (ad eundem statum) as entitled to proceed to the degree of Bachelor of Landscape Architecture.

Note: Entry to the graduate entry Bachelor of Landscape Architecture programme is based on demonstration of aptitude and potential in landscape architecture through any one of the following means: submission of a portfolio, achievement of B- or better in one of DESN 102, or DESN 103 or a level in a design-based course judged by the Dean, Faculty of Environment, Society and Design to be the equivalent to a B- pass in one of DESN 102, or DESN 103.

2. A candidate for the degree of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours who qualifies for entry under this part of these regulations, shall follow a course of study as laid down in these regulations for no fewer than four semesters.

3. The courses of the Graduate Entry examination and the courses of study for the degrees of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours are as set out in Schedule B to these regulations. Unless the Academic Board determines otherwise, the prerequisites set out in the schedule shall apply.

4. (1) There shall be two examinations for the degrees of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours called, respectively, the First and Second Professional Years. Except with the approval of the Academic Board and subject to these regulations, a candidate shall present all the courses of each examination in the same year.

(2) The Academic Board may, in relation to any candidate who passes only some of
the courses of an examination, credit those courses to the candidate's record and may when doing so prescribe a composite examination wherein the candidate shall take the remaining courses of that examination together with such courses of succeeding examinations as it may think fit. A candidate must pass each course of the prescribed composite examination.

(3) In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

5. (1) A candidate who has passed a course or courses of the Schedule B to these regulations, other than LASC 215, 216, 406 or 409, shall substitute for that course or for those courses, other courses chosen, with the approval of the Academic Board, from the Schedule of Bachelor's Degree Courses found in this Calendar.

(2) A candidate who has been credited with passes, at another university or institution of higher learning, in courses judged by the Academic Board to be substantially equivalent to a course or courses of Schedule B to these regulations, other than LASC 215, 216, 316, 406 or 409, shall substitute for that course or for those courses, other courses chosen, with the approval of the Academic Board, from the Schedule of Bachelor's Degree Courses found in this Calendar.

6. The degree of Bachelor of Landscape Architecture may be awarded with Honours in the First Class, or Honours in the Second Class (Division I) or Honours in the Second Class (Division II) or without Honours.

7. The class of honours awarded shall be determined on the performance of the candidate in the following courses: LASC 318, SOCI 314 or LASC 415, LASC 406 (30 credits), LASC 409 (30 credits) and two other courses at the 300-level or above. The grade for any of the courses used in the calculation of honours is the grade achieved in the student's first attempt at that course. The courses specified above will normally be completed within two academic years.

8. Notwithstanding regulation 7. above, candidates who complete required courses towards their degree at an institution other than Lincoln University and find that they therefore have an insufficient number of Lincoln-graded credits at the 300-level or above may be permitted to have their class of honours determined on the performance of the candidate in the following courses: LASC 318, SOCI 314 or LASC 415, LASC 406 and LASC 409, plus up to one further 300-level or above Lincoln graded course if available.

Professional Accreditation

The B.L.A. (undergraduate entry) and B.L.A. (graduate entry) are fully accredited by the New Zealand Institute of Landscape Architects (NZILA) as meeting the academic requirements for graduate membership of the Institute. NZILA has reciprocity with equivalent professional bodies in Australia and Hong Kong. The B.L.A. is also accredited by the Singapore Institute of Landscape Architects.
Schedules to the Regulations for the Degree of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours

Note:
Progression to the First Professional Year will depend upon students reaching a satisfactory standard in the Intermediate Year of the B.L.A., as specified in the B.L.A. Schedule. A satisfactory standard will normally be reached if students gain either:
- a clear pass in not less than seven courses from the Intermediate Year of the B.L.A., and with at least a B- average in DESN 102 and 103; or
- a clear pass in not less than six courses from the Intermediate Year of the B.L.A. with at least a B- average in those six courses, and with at least a B- average in DESN 102 and 103.

Practical Work Regulations for B.L.A. and B.L.A.(Hons) Students

1. Part I – Undergraduate Entry

Before graduating, candidates for the degrees of Bachelor of Landscape Architecture or Bachelor of Landscape Architecture with Honours shall complete 12 weeks practical experience, in accordance with the following provisions:

(i) not less than six weeks shall be spent engaged in an approved office based professional practice, ideally in an aspect of landscape design; and

(ii) not less than three weeks shall be spent engaged in an approved aspect of landscape implementation.

Note: this regulation only applies to those students who complete the Bachelor of Landscape Architecture under the 2014 regulations.

2. Part II – Graduate Entry

Before graduating, candidates for the degree of Bachelor of Landscape Architecture and Bachelor of Landscape Architecture with Honours shall complete three weeks approved practical experience employed in an aspect of landscape implementation.

Note: (1) This regulation only applies to those students who complete the Bachelor of Landscape Architecture under the 2014 regulations.

(2) The regulations for B.L.A. programme come into force on 1 January 2014. The regulations for the B.L.A.(Graduate Entry) programme come into force on 1 January 2015; all candidates for the B.L.A.(Graduate Entry) programme who commence their studies in 2014 shall follow the 2013 regulations.

3. All Students

(i) With prior approval of the Academic Board, students may credit practical work undertaken overseas.

(ii) Practical work completed before enrolment for the degree may also be considered for credit towards a student’s practical work record.

(iii) Students who complete studies at other tertiary institutions that are relevant to the specific programme, and have appropriate learning outcomes, may seek to credit that study towards the Practical Work requirements for the Lincoln University qualification.

(iv) Every student must complete a statement of work performed after each period of employment or for any practical work which is to be credited to a practical work record. This statement, on the form prescribed, must be presented to the appropriate Practical Work Coordinator by 31 March following the completion of the work.

(v) Before graduating, all students must present to the appropriate Practical Work Coordinator, a professional development manual that includes completed practical work statements, and a record of their attendance on at least one landscape field tour, verified by the tour leader.

(vi) The Academic Board may modify the application of these regulations in particular cases provided a formal request to exercise this discretion is submitted in advance to the Academic Board or delegated authority.

Note: (i) Final year students wishing to graduate in April in any year must submit statements of completed practical work and any other requirement of these regulations by the preceding 20 February.

(ii) Practical work shall be undertaken in accordance with the guidelines published in the B.L.A. practical work handbook.
Bachelor of Science  B.Sc.

1. A candidate for the degree of Bachelor of Science shall follow a course of study that complies with these regulations for the equivalent of six semesters full-time study.

2. The courses of examination for the degree of Bachelor of Science are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedules will apply.

3. (1) Programmes of study for the degree shall be offered in the following named majors:
   - Brewing and Fermentation
   - Conservation and Ecology
   - Environmental Science
   - Food Science

   The requirements for the award of the degree in each of the named majors are set out in the schedules to these regulations.

   (2) Notwithstanding Regulation 4.(1) below, a candidate who intends to complete the degree without meeting the requirements of a named major must obtain the approval of an Academic Coordinator for the proposed course of study. In this case, the course of study is referred to as an ‘Individual Major’.

4. (1) To qualify for the award of Bachelor of Science, a candidate shall pass at least 360 credits including 75 credits at the 300-level. At least 60 credits at the 300-level must be from Schedule A, Part II. Candidates must pass all the courses of Schedule A, Part I and satisfy the requirements of at least one of the named majors listed in the Schedule of Majors for the B.Sc. or an individual major. The remaining courses may be chosen from the Schedule of Bachelor’s Degree Courses, found elsewhere in this calendar.

   (2) A candidate shall be credited with not more than 165 credits at the 100-level.

   Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

5. The personal course of study of each candidate each year shall require the approval of the Academic Board. In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Science that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

6. (1) A candidate who has passed in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedules to these regulations, may credit, towards the Bachelor of Science degree, such courses and at such level as the Academic Board may determine.

   (2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:
(a) there shall be no relaxation of the number of credits provided for in Regulations 4.(1) and 4.(2);
(b) a candidate who passes the 200-level course shall not thereafter be credited with any prerequisite to that course; and
(c) a candidate who fails the course but in the opinion of the examiner attains the standard of a pass in a prerequisite to that course, shall be given such credit as the Academic Board may determine.

7. These regulations came into force on 1 January 2014.

Any candidate who registered in the degree of Bachelor of Science before 1 January 2018 may elect to complete the programme under these regulations, or under the regulations printed in the Lincoln University 2017 Calendar.

Schedule of Majors for the Bachelor of Science

Note: Students may elect to fulfil the requirements of one of the majors listed or may develop their own course of study under the INDIVIDUAL MAJOR. Students wishing to develop their own major must have the approval of an Academic Coordinator.

**Brewing and Fermentation**
100-level: BIOS 110, PHSC 101, FOOD 101
200-level: QMET 201, FERM 201, FERM 202, BICH 207, ENGN 230
300-level: FERM 301, FERM 302, FERM 303

**Conservation and Ecology**
100-level: BIOS 110, ECOL 103, ENSC 101 plus one of ANSC 105 or PLSC 104
200-level: QMET 201, ECOL 202, ECOL 204, ECOL 293
300-level: ECOL 302, ECOL 309, SCIE 393 plus two of ERST 310, ENTO 304, LASC 312, PLPT 305, PLPT 306, PLSC 325

**Environmental Science**
100-level: BIOS 110, ECOL 103, ENSC 101, PHSC 101, PHSC 103, SOSC 106
200-level: QMET 201, ENSC 201, SOSC 222, SOSC 223, WATR 202
300-level: SCIE 393, ENSC 301, ENSC 306 and one course with an, ECOL, ERST, MAST, SOSC, or WATR prefix

**Food Science**
100-level: FOOD 101, BIOS 110, PHSC 101
200-level: FOOD 201, FERM 202, FOOD 202, ENGN 230, QMET 201, BICH 207
  * Transitional approval
300-level: FOOD 301, FOOD 302, FOOD 303, FOOD 306, FOOD 399

**Individual Major**

With the approval of Academic Board, students may choose any combination of courses that meet their interests and fulfil prerequisite requirements and the regulations for award of the B.Sc. The regulations require a minimum of 75 credits at the 300-level from the schedules to these regulations, with a maximum of 165 credits at the 100-level, and at least 60 of the 300-level credits from Schedule A. An individual major must have an area of focus. This will normally be provided by a coherent area of study defined by courses taken at the 300-level. In general an area of focus should normally be defined by a minimum of three 300-level courses with the same prefix.
Schedules to the Regulations for the Bachelor of Science

All courses are the equivalent of 15 credits unless otherwise stated.

Bachelor of Sport and Recreation Management  

1. A candidate for the degree of Bachelor of Sport and Recreation Management shall follow a course of study that complies with these regulations for the equivalent of six semesters full-time study.

2. The courses of examination for the degree of Bachelor of Sport and Recreation Management are set out in the schedules to these regulations. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedules will apply.

3. (1) To qualify for the degree of Bachelor of Sport and Recreation Management, a candidate shall pass at least 360 credits, including all courses from Schedule A to these regulations. The remaining courses shall be chosen from the Schedule of Bachelor’s Degree Course Prescriptions, offered at Lincoln University.

(2) The 360 credits shall include at least 75 credits at the 300-level chosen from the schedules to these regulations.

(3) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

In a particular case the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Sport and Recreation Management that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. (1) A candidate who has been credited with passes in courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedules to these regulations may credit towards the degree of Bachelor of Sport and Recreation Management such courses and at such level as the Academic Board may determine.

(2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulation 3;

(b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course, shall be given such credit as the Academic Board may determine.

6. These regulations came into force on 1 January 2018.
## Schedules to the Regulations for the Degree of Bachelor of Sport and Recreation Management

All courses are the equivalent of 15 credits unless otherwise stated.

The remaining credits may be chosen from any of the Bachelor’s degree courses.

**Practicum Regulations for B.S.R.M. Students**

From 2014, RECN 393 replaced the previous practicum requirements of the B.S.R.M. For those students who commenced the B.S.R.M. before 2014, the practicum requirements of this degree are as follows: before graduating, a student shall complete a period of approved practicum, normally after enrolling in the programme, in accordance with the B.S.R.M. Practical Work Handbook.
Bachelor of Tourism Management B.Tour.Mgt.

1. A candidate for the degree of Bachelor of Tourism Management shall follow a course of study that complies with these regulations for the equivalent of six semesters of full-time study.

2. The courses for the examination for the degree of Bachelor of Tourism Management are set out in the schedules to these regulations and in the schedule of Bachelor’s degree courses found elsewhere in this calendar. Unless deemed otherwise by the Academic Board, the prerequisites, restrictions and recommended preparations set out in these schedules will apply.

3. (1) To qualify for the degree of Bachelor of Tourism Management a candidate shall pass at least 360 credits, including all the courses of Schedule A. The remaining courses shall be chosen from the Schedule of Bachelor’s Degree Course Prescriptions found elsewhere in this Calendar.

(2) The 360 credits shall include at least 75 credits at the 300-level.

(3) A candidate shall be credited with no more than 165 credits at the 100-level.

Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

4. The personal course of study of any candidate shall comprise up to 60 credits in any one semester provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits in any one semester. A course comprising 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Tourism Management that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. (1) A candidate who has been credited with passes from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedules to these regulations may credit towards the degree of Bachelor of Tourism Management such courses and at such level as the Academic Board may determine.

(2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

(a) there shall be no relaxation of the number of credits provided for in Regulation 3;

(b) a candidate who is credited with the course shall not thereafter be credited with any prerequisite to that course; and

(c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course, shall be given such credit as the Academic Board shall determine.

Bachelor of Viticulture and Oenology  B.V.& O.

1. A candidate for the degree of Bachelor of Viticulture and Oenology shall follow a course of study that complies with these regulations for the equivalent of six semesters full-time study.

2. The courses of examination for the degree of Bachelor of Viticulture and Oenology are set out in the schedules to these regulations. Unless otherwise decided by the Academic Board, the prerequisites, restrictions and recommended preparations set out in the schedules will apply.

3. (1) To qualify for the degree of Bachelor of Viticulture and Oenology a candidate shall pass at least 360 credits including all the courses in Schedule A to these regulations. The remaining courses shall be chosen from the Schedule of Bachelor’s Degree Course Prescriptions found elsewhere in this Calendar.

   (2) The 360 credits shall include at least 75 credits at the 300-level.

   (3) A candidate shall be credited with no more than 165 credits at the 100-level.

   (4) To complete the B.V.& O. candidates shall also participate in a multiple-day field tour unless, with permission of the Academic Board, the tour requirement is waived.

   Note: Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their degree according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

4. A personal course of study shall not normally exceed 60 credits in any semester, provided that the Academic Board may, if it thinks fit, approve a course comprising more than 60 credits. A course of study comprising more than 75 credits may be approved by the Academic Board in exceptional circumstances only.

   In a particular case, the Academic Board may approve a course of study for a candidate for the degree of Bachelor of Viticulture and Oenology that does not conform in every detail to the requirements set out in these regulations or in the schedules to these regulations.

5. Before the degree can be awarded, a candidate shall complete, to the satisfaction of the Academic Board, a period of 18 weeks of approved practical work after leaving school.

6. (1) A candidate who has passed courses from any university or other place of learning which are substantially equivalent in subject matter and standard to courses listed in the schedules to these regulations, may credit, towards this degree, such courses and at such level as the Academic Board may determine.

   (2) A candidate who has achieved a sufficient standard at level 3 of the New Zealand National Certificate of Educational Achievement, in an approved subject may, subject to the approval of the Academic Board, be exempted from one or more of the 100-level courses of Schedule A. Such a candidate may enrol in one or more 200-level courses without having passed the appropriate prerequisite to that course provided that:

   (a) there shall be no relaxation of the number of credits provided for in Regulation 3;

   (b) a candidate who passes the 200-level course shall not thereafter be credited with any prerequisite to that course; and

   (c) a candidate who fails the course but, in the opinion of the examiner, attains the standard of a pass in a prerequisite to that course shall be given such credit as the Academic Board may determine.
7. (1) These regulations came into force on 1 January 2018.

(2) Any candidate who matriculated before 2018 shall complete the programme under these regulations and shall receive such credit for earlier academic success and be subject to such restrictions as the Academic Board may determine.

*WINE 201 may be taken concurrently with PLPT 323
**WINE 303 may be taken concurrently with WINE 301
Practical Work Regulations for B.V. & O. Students

Before graduating, candidates for the B.V. & O. Degree shall complete 18 weeks of approved practical work normally after enrolling in the course and since leaving school.

1. A minimum of six weeks must be completed in each of a commercial vineyard and a commercial winery.

2. The remaining weeks may be completed in either of the categories in 1 above, or in an allied industry.

3. With the approval of the Academic Board students may have practical work experience completed overseas credited to their work experience record.

4. Students who complete studies at other tertiary institutions that are relevant to the specific programme, and have appropriate learning outcomes, may seek to credit that study towards the Practical Work requirements for the Lincoln University qualification.

5. Students are required to submit a satisfactory report on each period of practical work by 31 March following completion of the work experience.

6. Students wishing to graduate in April in any year, must submit confirmation of completed practical work and any statements required under these regulations by the preceding 20 February.
Schedule of Additional Majors and Minors

In addition to the requirements for a degree, students may choose to complete the requirements of an additional major and/or minor from the schedule below.

Note there are restrictions on double counting courses at the 300-level:

1. For degrees that do not contain named majors, any course required to be taken from the degree's own schedules to meet the 300-level requirement of the degree may not be credited to meet the requirements of any additional major or minor.

Any course credited at the 300-level to an additional major or minor may not be credited towards any other additional major or minor.

These restrictions apply to the following degrees:

- Bachelor of Agribusiness and Food Marketing
- Bachelor of Agriculture
- Bachelor of Agricultural Science
- Bachelor of Commerce (Agriculture)
- Bachelor of Commerce (Agriculture and Professional Accounting)
- Bachelor of Commerce (Horticulture)
- Bachelor of Environmental Management
- Bachelor of Landscape Architecture
- Bachelor of Sport and Recreation Management
- Bachelor of Tourism Management
- Bachelor of Viticulture and Oenology

2. For degrees that do contain named majors, any course credited at the 300-level to a major or minor may not be credited to any other major or minor.

This restrictions applies to the following degrees:

- Bachelor of Commerce
- Bachelor of Environment and Society
- Bachelor of Land and Property Management
- Bachelor of Science

Schedule of Bachelor’s Degree Course Prescriptions

Note: The inclusion of a course in this Schedule does not guarantee that it will be offered in 2023. Whilst this information is correct at the time of printing, it is possible that some changes to course details may be made after this date. Examination dates and times will be published on the Lincoln University website at the end of week five of each semester.

Unless otherwise stated, all undergraduate courses are worth 15 credits with an EFTS value of 0.125.

Academic English

ACEN 103 Academic Communication For Undergraduates
An introduction to discipline-specific writing and communication.
Semesters: One, Two and November Summer School
Examiner: T. Bui, University Studies and English Language Division

ACEN 301 Academic English For Postgraduate Study (45 credits)
Speaking, listening, reading and writing skills in the context of academic preparation for postgraduate study, together with an introduction to academic research in English.
Restrictions: EAP 001, EAP 002, EAP 003, EAP 004. Enrolment in this course is restricted to students enrolled in the Graduate Certificate in Academic English. (EFTS Value: 0.375)
Note: The Restrictions do not apply to students currently enrolled in the Certificate in English for Academic Purposes who wish to transfer to the Graduate Certificate in Academic English.

ACEN 302 Further Academic English For Postgraduate Study
Further speaking, listening, reading and writing skills in the context of academic preparation for postgraduate study.
Restrictions: EAP001, EAP002, EAP003, EAP004. Enrolment in this course is restricted to students enrolled in the Graduate Certificate in Academic English.
Note: The Restrictions do not apply to students currently enrolled in the Certificate in English for Academic Purposes who wish to transfer to the Graduate Certificate in Academic English.

ACEN 303 Academic Skills For Postgraduate Study
Advanced English-language learning in the context of research and study skills for successful postgraduate study.
Co-requisite: ACEN 301 or ACEN 302
Restrictions: Enrolment in this course is restricted to students enrolled in the Graduate Certificate in Academic English.
**Accounting**

**ACCT 101 Accounting Fundamentals**
A general introduction to financial accounting concepts and techniques, and their application to various forms of business organisation.

Restrictions: ACCT 103 or COMM 112  
Semester: Two  
Examiner: G. Hao, Department of Financial and Business Systems

**ACCT 202 Management Accounting**
An examination of how management can develop accounting information systems to meet specific decision requirements, particularly those related to cost management.

Prerequisite: Four 100-level courses including COMM 112  
Semester: Two  
Examiner: C. Beattie, Department of Financial and Business Systems  
Note: this course includes a field trip.

**ACCT 203 Accounting Information Systems**
A study of the operation, management and control of information systems that support business activities, with a focus on accounting information and computerised systems.

Prerequisite: ACCT 101  
Semester: One  
Examiner: P. Benbow, Department of Financial and Business Systems

**ACCT 211 Financial Accounting**
An overview of the New Zealand external reporting environment, including a detailed study of selected financial reporting areas with reference to international accounting standards.

Prerequisites: ACCT 101  
Semester: One  
Examiner: G. Hao, Department of Financial and Business Systems  
Note: this course includes a field trip.

**ACCT 302 Auditing**
An examination of the audit process and role of auditors.

Prerequisites: ACCT 203 and ACCT 211  
Restriction: FIAC 302  
Semester: One  
Examiner: M. Zhang, Department of Financial and Business Systems

**ACCT 306 Taxation**
A study of taxation concepts and principles relevant to New Zealand taxpayers.

Prerequisites: COMM 112 or ACCT 103 or MGMT 202 or ACCT 101  
Recommended Preparation: MGMT 202 or COMM 112  
Semester: One  
Examiner: M. Zhang, Department of Financial and Business Systems
ACCT 308 Advanced Management Accounting
Integration of various organisational and behavioural theories providing a basis for the selection and development of management accounting information systems for organisations.

Prerequisites: ACCT 202
Semester: One
Examiner: Refer to the Head of Department of Financial and Business Systems

Note: this course includes field trips.

ACCT 310 Advanced Financial Accounting
An advanced study of the recording and reporting of selected financial accounting issues with an emphasis on group financial statements.

Prerequisite: ACCT 211
Restriction: ACCT 210
Semester: Two
Examiner: C. Cheong, Department of Financial and Business Systems

Note: this course includes a field trip.

Pathway Certificate for MPA Entry

ACCT 120 CPA Foundations of Accounting (10 credits)
An introduction to financial accounting concepts and techniques and how they are applied to different business entities.

Prerequisite: Eligibility to enrol in the Pathway Certificate for MPA Entry.
Semester: One (term 1), Two (term 1)
Examiner: G. Hao, Department of Financial and Business Systems

ACCT 121 CPA Economics and Markets (10 credits)
Introduction to microeconomics concepts, macroeconomic concepts and statistical analysis tools.

Prerequisite: Eligibility to enrol in the Pathway Certificate for MPA Entry
Semester: One (term 1) and Two (term 1)
Examiner: B. Hu, Department of Global Value Chains and Trade

ACCT 220 Fundamentals of Business Law (10 credits)
Legal systems including the law of contracts, torts, trusts, agency, and the responsibilities and risks that arise in business, with particular regard to the New Zealand law relating to corporate entities.

Restriction: LWST 114, LWST 201
Semester: One (term 2) and Two (term 2)
Examiner: A. MacDonald, Department of Financial and Business Systems

Note: this course is normally only available to students who are eligible for the Pathway Certificate for MPA Entry programme.

ACCT 221 CPA Management Accounting (10 credits)
An examination of how management accounting supports decision making through a range of tools and techniques.

Prerequisite: Eligibility to enrol in the Pathway Certificate for MPA Entry.
Semester: One (term 2) and Two (term 2)
Examiner: C. Beattie, Department of Financial and Business Systems
ACCT 222 CPA Business Finance (10 credits)
An examination of business finance, treasury finance, and the analysis and management of an entity's financial position, portfolio and short and long term financials.
Prerequisite: Eligibility to enrol in the Pathway Certificate for MPA Entry
Semester: One (term 1) and Two (term 1)
Examiner: C. Cheong, Department of Financial and Business Systems

ACCT 320 CPA Financial Accounting and Reporting (10 credits)
The application of international accounting standards to the preparation, presentation, analysis and interpretation of financial statements for companies.
Prerequisite: Eligibility to enrol in the Pathway Certificate for MPA Entry, and ACCT 120.
Semester: One (term 2) and Two (term 2)
Examiner: G. Hao, Department of Financial and Business Systems

Agriculture

AGRI 393 Agricultural Practicum
Development and extension of knowledge and information obtained during the compulsory practical work requirement of the Bachelor of Agriculture and the Bachelor of Agricultural Science degrees.
Prerequisite: Five 200-level courses
Restriction: Restricted to B.Agr. and B.Agr.Sc. students. To be taken in Year 3 or Year 4 of degree.
Semester: One
Examiner: L. Condron, Department of Soil and Physical Sciences

Animal Science

ANSC 105 Animal Science
An introduction to the structure and function of vertebrate animals with emphasis on mammals. Examination of the scientific principles of homeostasis, reproduction, lactation, nutrition and growth.
Restrictions: RECN 104, ANSC 121
Semester: Two
Examiner: S. Slow, Department of Agricultural Sciences

ANSC 207 Animal Health
A study of the diseases of animals that may constrain product quality or quantity, compromise welfare or be transmitted to humans.
Prerequisite: ANSC 105
Recommended Preparation: ANSC 213, BIOS 110
Restrictions: BIOS 209, ANSC 210
Semester: Two
Examiner: J. Gibbs, Department of Agricultural Sciences
ANSC 213 Livestock Production Science
Determine the genetic potential for productivity in flocks and herds. The scientific principles of nutrition, reproduction, growth, animal welfare and health utilised in capturing the potential of animal production systems. Field studies of aspects of commercial livestock production systems.
Prerequisites: ANSC 105
Restriction: ANSC 203
Semester: One
Examiner: A. Greer, Department of Agricultural Sciences
Note: this course includes a field trip.

ANSC 312 Dairy Production Science
The science underpinning New Zealand dairy production. Use of the scientific literature to justify and evaluate current and future nutrition, reproduction and lactation of dairy cattle. The history and structure of the New Zealand dairy industry; genetic trends and milk quality.
Prerequisites: ANSC 213
Recommended Preparation: ANSC 207
Restrictions: ANSC 272
Semester: One
Examiner: R. Bryant, Department of Agricultural Sciences

ANSC 314 Meat and Wool Production Science
The science that underpins the production of meat and wool in New Zealand sheep, beef and deer farming systems. The use of the scientific literature to explore the role of genetics and nutrition in determining the quality and quantity of the meat and wool produced. The importance of reproduction, animal health and welfare in meat and wool production.
Prerequisites: ANSC 213
Recommended Preparation: ANSC 207
Restrictions: ANSC 271, 273, 311, 313
Semester: Two
Examiner: P. Gregorini, Department of Agricultural Sciences

ANSC 319 Animal Physiology
An advanced study of mammalian physiology, with emphasis on regulation of reproduction, lactation and growth, and of the processes underlying pain, stress and welfare of animals. Attention is placed on current research and its implications for humans, production animals, feral animals and wildlife.
Prerequisites: Four 200-level courses
Recommended Preparation: ANSC 105, ANSC 213
Restrictions: ANSC 323, ANSC 346
Semester: Two
Examiner: O. Al Marashdeh, Department of Agricultural Sciences
ANSC 327 Animal Nutrition, Biochemistry and Metabolism
An advanced study of mammalian nutrition, metabolism and nutritional biochemistry, including principles of nutrient supply and demand in animals. Rumen function, fermentative and enzymic digestion. Nutrient absorption. Carbohydrate, protein, lipid, mineral and vitamin metabolism and biochemistry, and approaches to estimating nutrient requirements at various stages of animal life cycles.
Prerequisite: ANSC 213
Recommended Preparation: BICH 207
Restriction: ANSC 325
Semester: One
Examiner: J. Gibbs, Department of Agricultural Sciences

Biochemistry

BICH 207 Biochemistry II
A study of the function of biologically important substances, their role in the major metabolic processes of cells and whole organisms and their relationship to cellular structure and function.
Prerequisites: BIOS 110 or PHSC 101
Restriction: BICH 201
Semester: One
Examiner: H. Lee, Department of Wine, Food and Molecular Biosciences

BICH 301 Advanced Biochemistry
A study of key topics in biochemistry including structure and function of proteins, their compartmentalisation and transport within cells and the regulation of metabolism in plant and animal systems with an emphasis on emerging technologies and practical applications.
Prerequisite: BICH 207
Recommended Preparation: GENE 201
Restrictions: BICH 326
Semester: Two
Examiner: H. Lee, Department of Wine, Food and Molecular Biosciences

Biological Science

BIOS 110 Biological Sciences
An introduction to the diversity of micro-organisms, fungi and invertebrates and their life strategies with specific reference to the biological basis of control of harmful organisms and conservation and exploitation of beneficial organisms; an introduction to biochemistry, cell and molecular biology.
Restriction: BIOS 111
Semester: One
Examiner: E. Jones, Department of Pest Management and Conservation
BIOS 273 The Science and Practice of Organics
A study of the role of organic production science and practice in modern agriculture, focusing on the ecological basis for organic growing, market considerations and environmental awareness within farming systems.
Prerequisites: Four 100-level courses
Semester: One
Examiner: Refer to the Head of Department, Pest Management and Conservation
Note: This course is not offered in 2023.

BIOS 304 Toxicology
Prerequisites: One of ANSC 105, BIOS 110 or PHSC 101, plus four 200-level courses from the B.Sc., B.Agr.Sc.or B.V.&O schedules.
Recommended Preparation: ANSC 207
Note: This course is not offered in 2023.

Business Management

BMGT 116 Principles of Management
The introduction to basic functions of management: planning, organising, leading and controlling.
Restrictions: BMGT 101, COMM 110
Semester: One
Examiner: A Brien, Department of Global Value Chains and Trade

BMGT 201 Sustainable Sourcing
An examination of the concepts and practices of local, national and global sourcing and the procuring of inputs and material to support value-creating activities.
Prerequisites: Four 100-level courses
Recommended Preparation: COMM 110 or COMM 114
Semester: One
Examiner: R. Radics, Department of Global Value Chains and Trade

BMGT 211 Productivity Management
An introduction to designing, managing and controlling the core transformation process in organisations in a lean-focussed, managerial decision-making context.
Prerequisites: Four 100-level courses, including one of COMM 111, QMET 103, QMET 201, or QMET 204
Semester: Two
Examiner: M. Vidwans, Department of Global Value Chains and Trade
BMGT 216 Food and Beverage Management
The study of underlying theories and concepts of commercial (hotel) food and beverage management.
Prerequisites: Four 100-level courses
Recommended Preparation: TOUR 101
Restriction: MGMT 313
Semester: One
Examiner: A. Brien, Department of Global Value Chains and Trade
Notes: This course may include an optional international field tour.
This course alternates with BMGT 322. Contact the Examiner to confirm the current offering.

BMGT 221 Organisation and Human Resource Management
The value that organisation, management, leadership and human capital add to organisational success in land-based industries in a global environment.
Prerequisites: Four 100-level courses
Recommended Preparation: BMGT 116
Semester: One
Examiner: Refer to the Head of Department of Global Value Chains and Trade

BMGT 222 Managing People
Planning, leading, organising and controlling human resources in a global business environment.
Prerequisites: Four 100 level-courses
Recommended preparation: BMGT 116
Restrictions: COMM 201
Semester: Two
 Examiner: M. Vidwans, Department of Global Value Chains and Trade

BMGT 301 Business and Sustainability
Development of business and sustainability theory. Implications for business of pursuing sustainability goals. Measuring and monitoring sustainability in business, supply chains and related institutions.
Prerequisites: BMGT 116 or BMGT 101 or COMM 110; and two 200-level courses
Recommended Preparation: PHSC 104
Restriction: ERST 312
Semester: One
Examiner: J Heyl, Department of Global Value Chains and Trade

BMGT 306 Business Strategy
A study of administrative processes under conditions of uncertainty including integrating analysis and policy determination at the overall management level.
Prerequisites: Four 200-level courses
Restriction: MGMT 326
Semester: One
Examiner: H. Ahmed, Department of Global Value Chains and Trade
BMGT 308 Supply Chain System Optimisation
Methods for the design, measurement, and optimisation of complex supply chain systems to achieve strategic objectives.
Prerequisites: QMET 103 or COMM 111 or QMET 201 or QMET 204; plus four 200-level courses
Recommended Preparation: BMGT 201, BMGT 211, MKTG 210
Semester: Two
Examiner: R. Radics, Department of Global Value Chains and Trade.

BMGT 314 Quality Systems
An examination of the theories and philosophies, and qualitative and quantitative techniques used to manage and control quality in modern organisations.
Prerequisites: QMET 103 or COMM 111 or QMET 201 or QMET 204; plus four 200-level courses
Semester: One
Examiner: R. Radics, Global Value Chains and Trade

BMGT 315 Project Planning and Management
Project planning including the development of project management practices and techniques. A detailed case study in a selected discipline.
Prerequisites: Four 200-level courses
Restrictions: MGMT 315, 505, 506
Semester: Two
Examiner: H. Ahmed, Department of Global Value Chains and Trade
Notes: This course includes a field trip

BMGT 321 Entrepreneurship and Small Business Management
A consideration of the major theoretical issues in entrepreneurship and small business management, and enterprise development and management.
Prerequisites: Four 200-level courses
Examiner: Refer to the Head of Department of Global Value Chains and Trade

BMGT 322 Accommodation Management
Theories, concepts and practice of accommodation management.
Prerequisite: Four 200-level courses
Recommended Preparation: TOUR 101
Restriction: MGMT 313
Semester: One
Examiner: A. Brien, Department of Global Value Chains and Trade
Notes: i. This course includes a field trip.
ii. This course alternates with BMGT 216. Contact the Examiner to confirm the current offering.

BMGT 323 Business Information Systems
The interactions between business strategic objectives and process and modern information based technologies.
Prerequisites: Four 200-level courses
Recommended Preparation: BMGT 101 or COMM 111
Semester: Two
Examiner: Refer to the Head of Department, Financial and Business Systems
Note: This course is not offered in 2023.
**BMGT 324 International Management**  
An examination of the particular issues and theories associated with the formulation and implementation of international business strategies with a focus on cultural effects on transnational business.  
Prerequisites: Four 200-level courses  
Restriction: BMGT 313  
Semester: Two  
Examiner: Refer to the Head of, Department of Global Value Chains and Trade

**Commerce**

**COMM 111 Introductory Statistics**  
An introduction to statistics with an emphasis on practical applications and problem solving in commerce.  
Recommended Preparation: LINC 102A/C/E  
Restriction: QMET 103, QMET 201  
Semester: Two  
Examiner: K. Bicknell, Department of Global Value Chains and Trade

**COMM 112 Financial Information For Business**  
The application and analysis of financial information in a business context.  
Restriction: ACCT 103  
Semester: One  
Examiner: Refer to the Head of Department of Financial and Business Systems

**COMM 301 Integrated Business Analysis**  
A case-based multi- and inter-disciplinary analysis of commercial and business activities seeking whole value chain solutions, integrating the skills and knowledge students have developed throughout their university studies.  
Prerequisites: Maturity prerequisite developed through the completion of at least 240 credits of prior study.  
Semester: Two  
Examiner: Refer to the Head of Department of Global Value Chains and Trade  
Note: This course is not offered in 2023.

**Computing (Information Technology)**

**COMP 112 Problem Solving and Data Management**  
An introduction to common software tools, including GIS. Social impacts of information technology. Principles of data management.  
Restrictions: COMP 101, COMP 111  
Semester: Two  
Examiner: S. Long, School of Landscape Architecture  
Note: This course is not offered in 2023.

**COMP 203 Problem Solving with End User Tools**  
End user application software and its use to effectively solve a variety of real problems.  
Prerequisites: COMP 101 or COMP 111  
Semester: Two
Note: This course is not offered in 2023.

**COMP 205 Development of Effective Programs**
Program development from problem definition to user interface design and testing in an object-oriented environment.
Prerequisites: COMP 102 or COMP 111
Semester: Two
Examiner: P. Anthony, School of Landscape Architecture

Note: This course is not offered in 2023.

**COMP 307 End User Computing**
The advanced use of end user software for developing reliable applications for use within an organisation and deployment over the internet. Current issues in end user computing.
Prerequisite: COMP 203
Semester: One

Note: This course is not offered in 2023.

**COMP 308 Computer Modelling And Simulation**
Prerequisites: COMP 203
Semester: Two
Examiner: D. Kulasiri, Department of Wine, Food and Molecular Biosciences

Note: This course is not offered in 2023.

**COMP 317 Development of Data-Driven Systems**
Analysis, design and implementation of data-driven systems.
Prerequisite: COMP 203
Restrictions: COMP 302 and COMP 303
Semester: Two
Examiner: Refer to the Dean, Faculty of Environment, Society and Design

Note: This course is not offered in 2023.

**COMP 319 Robotic and Autonomous Platforms**
Development and evaluation of robotic and autonomous platforms for land-based applications.
Prerequisites: COMP 205 and ENGN 201
Semester: One
Examiner: Refer to the Dean, Faculty of Environment, Society and Design.

Note: This course is not offered in 2023.

**COMP 322 Mobile and Web Applications**
Development of software applications for the web and mobile devices.
Prerequisites: COMP 203 and COMP 205
Semester: Two
Examiner: Refer to the Dean, Faculty of Environment, Society and Design

Note: This course is not offered in 2023.
**Design**

**DESN 101 Digital Tools for Design**
Introduction to a range of software applications used in design, including CAD, GIS, graphics and image editing.

Restrictions: LASC 111  
Semester: One  
Examiner: D. Royds, School, Landscape Architecture

**DESN 102 Introduction to 3D Design**
An introduction to 3D design and problem solving, including skills in creative and lateral thinking.

Restrictions: LASC 108  
Semester: Two  
Examiner: N. Toueir, School of Landscape Architecture

Note: This course includes a field trip.

**DESN 103 Visual Communication**
An introduction to the communication of design ideas using a range of graphic formats.

Restrictions: LASC 109  
Semester: One  
Examiner: J. Rae, School of Landscape Architecture

**DESN 104 History of Design and Culture**
A comparative international review of the historical relationship between design and culture, with particular reference to urban design history and its relevance to contemporary design and practice.

Restrictions: LASC 210  
Semester: Two  
Examiner: J. Bowring, School of Landscape Architecture

**DESN 301 Design Theory**
Critical approaches to design theory and design methods.

Prerequisite: LASC 218  
Restrictions: LASC 310  
Semester: Two  
Examiner: J. Bowring, School of Landscape Architecture

**Ecology**

**ECOL 103 Ecology I: New Zealand Ecology and Conservation**
An introduction to the sciences of ecology and conservation biology, with an emphasis on New Zealand ecosystems and their plants, animals, and fungi.

Semester: Two  
Examiner: T. Curran, Department of Pest Management and Conservation

Note: This course includes field trips.
ECOL 202 Biological Diversity
The nature of biodiversity and its importance to the natural world and to people. The roles representative organisms play in the functioning of ecosystems. A critical examination of these roles in the maintenance of a functional and healthy environment.

Prerequisites: Any four 100-level courses
Recommended Preparation: One or more of BIOS 110, ECOL 103 or PHSC 107
Restriction: BIOS 211
Semester: One
Examiner: J. Sullivan, Department of Pest Management and Conservation

Note: This course includes a field trip and a field tour.

ECOL 203 Ecology and Behaviour
Interactions among organisms within and between species, with a focus on population ecology and animal behaviour.

Prerequisites: ECOL 103
Restrictions: ECOL 311
Recommended Preparation: QMET 201, ECOL 202, ECOL 293
Semester: Two
Examiner: Refer to the Head of Department, Pest Management and Conservation

Note: This course is not offered in 2023.

ECOL 204 Molecular Ecology and Evolution
The principles, concepts, and methodology of genetics and evolutionary biology, particularly as they apply to the field of ecology. The application of these principles for solving practical problems in conservation and wildlife management.

Prerequisites: Either (a) four 100-level courses including PHSC 107, or (b) any five 100-level courses
Restrictions: BIOS 112, BIOS 201, ECOL 311
Recommended Preparation: ECOL 103, GENE 201
Semester: One
Examiner: A. Paterson, Department of Pest Management and Conservation

Notes: This course includes a field trip

ECOL 293 Field Ecology Methods
The theory and practice of ecological field research methods. Includes extensive hands-on experience with industry-standard techniques for monitoring, managing and restoring biodiversity.

Prerequisites: One of: ECOL 103, PHSC 107 or BIOS 110
Recommended Preparation: ECOL 202
Semester: Two
Examiner: J. Sullivan, Department of Pest Management and Conservation

Note: This course includes a field trip.

ECOL 302 Applied Ecology and Conservation
Application of ecological principles to the conservation and management of ecosystems, communities and species.

Prerequisites: ECOL 103 plus four 200-level courses
Semester: Two
Examiner: J. Ross, Department of Pest Management and Conservation

Note: This course includes a field trip.
**ECOL 308 Ecology III: Advanced Ecology**
Advanced methodology and theory for animal and plant ecology. Application of ecological methods for the analysis and interpretation of populations, communities and ecosystems.

Prerequisites: ECOL 203  
Recommended Preparation: ECOL 393, QMET 201  
Restriction: ECOL 303  
Semester: Two  
Examiner: Refer to the Head of Department of Pest Management and Conservation  
Notes:  
(i) this course includes a field trip  
(ii) this course is not offered in 2023.

**ECOL 309 Agroecology**
The science of sustainable agriculture, focusing on current issues in the agricultural environment and the role of ecosystem functions and services. Alternative approaches to ensuring the sustainability of future farming practices.

Prerequisites: Five 200-level courses  
Recommended Preparation: Any of BIOS 111, 273, ECOL 201, ECOL 202, ECON 217, ERST 204, PHSC 104  
Semester: Two  
Examiner: N. Dickinson, Department of Pest Management and Conservation  
Notes: This course includes a field trip

**Economics**

**ECON 113 Economies and Markets**
How markets operate at the microeconomic and macroeconomic levels.

Restrictions: COMM 113, ECON 110, ECON 111  
Semester: One and Summer Semester  
Examiner: A. Renwick, Department of Global Value Chains and Trade

**ECON 204 Resource Economics**
Property rights, externalities and common property resources. The role of public and private sectors in natural resources management. Economic analysis of resource use (e.g. land, water, fisheries) and resource use issues (e.g. pollution, population growth, congestion).

Prerequisite: ECON 110 or COMM 113 or ECON 113  
Semester: One  
Examiner: Refer to the Head of Department, Global Value Chains and Trade  
Note: This course is not offered in 2023.

**ECON 211 Land Economics**
The analysis of population demographics, land resource quality, property rights and economic factors to explain and predict land use.

Prerequisite: ECON 110 or COMM 113 or ECON 113  
Recommended Preparation: VAPM 101  
Semester: One  
Examiner: D. Dyason, Department of Land Management and Systems
ECON 212 International Trade
International Trade and its interaction with the domestic economy and business.
Prerequisites: Four 100-level courses including COMM 113 or ECON 113 or ECON 101
Restriction: COMM 203
Semester: Two
Examiner: N. Ratna, Department of Global Value Chains and Trade

ECON 215 Managerial Economics
Business decision making within the firm, markets reacting to supply and demand forces, the consequences of alternative market structures and interactions between the public and private spheres.
Prerequisite: Either ECON 104 or ECON 111
Restrictions: ECON 201, 207, 214, FORS 203
Semester: Two
Examiner: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

ECON 216 Macroeconomic Issues and Policies
Macroeconomic principles, issues and policies.
Prerequisites: ECON 110, COMM 113 or ECON 113
Restrictions: ECON 202
Semester: One
Examiner: P. Vatsa, Department of Global Value Chains and Trade

ECON 217 Markets, Firms and Consumers
The application of economic principles to land-based products and industries. Theories of production, consumption, price determination, market structure, decisions under uncertainty, policy analysis and the sustainable use of resources.
Prerequisites: ECON 110 or ECON 111, COMM 113 or ECON 113
Recommended Preparation: COMM 110, COMM 112 and COMM 114
Restrictions: ECON 214 and ECON 215
Semester: Two
Examiner: W Yang, Department of Global Value Chains and Trade

ECON 302 International Economics
Contemporary theoretical perspectives on the structure and performance of world trade in products, services, capital and other factor flows including migration. Examples from a range of countries of the interrelationships between commercial and policy linkages within countries and their international trade sector.
Prerequisite: One 200-level course with an ECON prefix; and one of COMM 203 or ECON 212
Semester: Two
Examiner: P. Vatsa, Department of Global Value Chains and Trade
**ECON 307 Econometrics**
A comprehensive treatment of the general linear regression model as used in the analysis of non-experimentally generated sample data. Asymptotic distribution theory; principles of maximum-likelihood estimation and testing; generalised least squares; non-linear least squares; specification and empirical analysis of partial-adjustment models, qualitative-dependent-variable models and simultaneous-equation models. Diagnostic testing and model-specification analysis.
Prerequisites: QMET 201 or QMET 204
Semester: One
Examiner: B. Hu, Department of Global Value Chains and Trade

**ECON 309 Advanced Microeconomics**
Analysis of resource-allocation theory and policy; theories of consumer and producer optimisation; models of market structure; welfare economic theory and policy; general equilibrium theory.
Prerequisites: ECON 215
Restriction: ECON 203
Semester: One
Examiner: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

**ECON 323 Game Theory and Strategic Behaviour**
An overview of the game theory foundations of strategic thinking in the context of business and economic phenomena.
Prerequisites: Four 200-level courses
Restriction: ECON 215
Semester: Two
Examiner: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

**ECON 324 Economic Policy**
A critical analysis of the principles and rationale for public sector activity, focused on topical microeconomic issues and policies.
Prerequisites: COMM 113 or ECON 113; plus four 200-level courses
Recommended Preparation: ECON 215
Semester: One
Note: This course is not offered in 2023.

**ECON 325 The Economics of Food Markets and Policy**
The economic investigation of important contemporary issues affecting global food markets; and the consequences of economic and government policy on outcomes.
Prerequisite: COMM 113 or ECON 113; plus four 200-level courses
Semester: Two
Examiner: A. Renwick, Department of Global Value Chains and Trade
**ECON 326 The Economics of Natural Resources and the Environment**  
An analysis of the economic concepts of resource scarcity, market failure, sustainability, property rights and common property resources; and the consequence of economic and government policy on outcomes.  
Prerequisites: COMM 113 or ECON 113; plus four 200-level courses  
Restrictions: ECON 314  
Semester: One  
Examiner: K. Bicknell, Department of Environmental Management

**ECON 327 The Economics of Development**  
The analysis of how poverty, population, technology, trade and other economic factors affect development, with an emphasis on policy formulation and implementation.  
Prerequisites: COMM 113 or ECON 113; plus four 200-level courses  
Recommended Preparation: ECON 217  
Semester: Two  
Examiner: N. Ratna, Department of Global Value Chains and Trade

**Engineering**

**ENGN 105 Building Construction**  
An introduction to building form, function, construction methods, materials and relevant New Zealand legislation.  
Recommended Preparation: VAPM 101  
Semester: One  
Examiner: Refer to the Head of Department of Land Management and Systems  
Note: This course includes a field trip.

**ENGN 106 Land Surfaces, Water and Structures**  
An introduction to a range of engineering design concepts applied to structures and land surfaces.  
Restriction: ENGN 103  
Semester: Two  
Examiner: J. Rae, School of Landscape Architecture  
Note: This course includes two field trips.

**ENGN 201 Precision Agriculture**  
Introduction to the concepts and methods in using information technologies for monitoring and management of crops, pastures and animals on a range of farming enterprises.  
Prerequisites: Five 100-level courses  
Semester: One  
Examiner: M. Kularathna, Department of Pest-Management and Conservation.

**ENGN 230 Food Engineering**  
Prerequisite: Five 100-level courses  
Semester: Two  
Examiner: L. Kumar, Department of Wine, Food and Molecular Biosciences
ENGN 232 Building Facilities Management
Issues and analytical techniques relating to the facilities infrastructure of real property.
Prerequisite: ENGN 105
Recommended Preparation: VAPM 201
Restriction: ENGN 229
Semester: Two
Examiner: Refer to the Head of Department of Land Management and Systems
Note: This course includes a field trip.

ENGN 276 Agricultural Engineering
The design and management of agricultural and horticultural projects in land, water, machinery and structures engineering.
Prerequisite: Four 100-level courses
Semester: One
Examiner: M.Safa, Department of Land Management and Systems

ENGN 333 Water Science and Technology II
Further practical applications of water science and technology. A critical consideration and design of irrigation systems. Assessment of wastewater treatment systems. The design and critical analysis of wastewater management methods. Assessment of the technology available for the mitigation of water resources hazards.
Prerequisite: ENGN 233 or ENGN 366
Recommended Preparation: ENGN 233
Semester: Two
Note: This course is not offered in 2023.

ENGN 361 Winery Equipment and Structures
Legal requirements for wineries. Buildings and equipment used for processing, fermentation and storage. Operational organisation in the winery.
Prerequisite: WINE 202
Restrictions: PHSC 503, PHSC 316
Semester: One
Examiner: Refer to the Head of Department, Wine, Food and Molecular Biosciences

ENGN 366 Water Resources And Hazards
Natural functions of water in forming and moving through the landscape. Assessment of surface and ground water resources, and of water-related hazards; management of water use and mitigation hazards.
Prerequisite: One of ENGN 233, PHSC 204, 205, 206, SOSC 223.
Recommended Preparation: Two of ENGN 233, PHSC 204, 205, 206, SOSC 223.
Restrictions: ENGN 365, 371 Semester: One
Note: This course is not offered in 2023.
Entomology

ENTO 304 Insect Ecology and Diversity
Interactions of insects with their environment - the ecology, behaviour and systematics of insects, particularly those of economic or conservation interest.
Prerequisites: BIOS 110
Semester: One
Examiner: C. Vink, Department of Pest Management and Conservation

Environmental and Resource Studies

ERST 201 Environmental Analysis
Analysis of the links between biological, physical and social factors that constitute resource and environmental issues. Uses and limitations of systems thinking and holistic understanding. Global, national and regional examples of environmental analysis.
Prerequisites: Four 100-level courses
Semester: Two and Full Summer School
Examiner: C. Rosin, Department of Tourism, Sport and Society

ERST 202 Environmental Analysis with Geographic Information Systems
The use of Geographic Information Systems in spatial analysis, land-use planning, design and decision making. The cartographic representation of those findings.
Prerequisites: Five 100-level courses
Recommended Preparation: COMP 101 or COMP 111, DESN 101 or LASC 111
Semester: One
Examiner: C. Doscher, School of Landscape Architecture

ERST 203 Environmental Monitoring and Resource Assessment
Environmental monitoring for resources management, theory and practice with emphasis on water, legislative requirements, state of the environment reporting and natural resource accounting.
Prerequisites: Five 100-level courses
Recommended Preparation: BIOS 109, BIOS 110, PHSC 102, plus one of MAST 104, 112, 115
Semester: One
Examiner: S. Urlich, Department of Environmental Management
Note: this course includes field trips.

ERST 205 Principles of Urban and Regional Planning
Historical context of urban and regional planning, theoretical and methodological approaches to planning, the legal and legislative apparatus of planning and planning issues in a regional context.
Prerequisites: Five 100-level courses
Recommended Preparation: One of LASC 101, SOCI 115, 116 or VAPM 101
Restriction: SOCI 207
Semester: Two
Examiner: R. Montgomery, Department of Environmental Management
Note: This course includes a field trip.
ERST 302 Environmental Policy
The analysis of environmental policy: issues, approaches and tools.
Prerequisites: ERST 201, plus one of SOCI 114, SOCI 117 or SOCI 205
Semester: Two
Examiner: Refer to the Head of  Department of Environmental Management

ERST 310 GIS and Applications in Natural Resource Analysis
Use of GIS and spatial analysis tools for resource applications, problem solving, decision-making and planning for environmental issues and sustainable management of natural resources.
Prerequisite: ERST 202
Recommended Preparation: COMP 102
Semester: Two
Examiner: C. Doscher, School of Landscape Architecture
Note: This course includes a field trip.

ERST 313 Catchment Management
A critical examination of water-people-land relationships and issues at the catchment scale. Local and international experiences and perspectives on catchment management.
Prerequisites: Five 200-level courses including ERST 203
Restriction: ERST 311
Semester: Two
Examiner: S. Urlich, Department Environmental Management
Note: This course includes a field trip.

ERST 314 Programming and Customisation with GIS
Programming and customisation of Geographic Information Systems (GIS) applications; automation of geoprocessing workflows.
Prerequisites: COMP 205 and ERST 202
Semester: One
Note: This course is not offered in 2023.

ERST 330 Risk and Resilience
A critical evaluation of the theory, policy and planning practice associated with risk management and resilience thinking.
Prerequisites: Five 200-level courses
Recommended Preparation: ERST 101, LINC 101 or LINC 102
Semester: One
Examiner: R. Montgomery, Department of Environmental Management

ERST 340 Environmental Planning
Theories and methods of environmental and natural resource planning.
Prerequisite: One of ERST 201, 205 or SOCI 207
Restriction: LASC 309
Semester: One
Examiner: H. Rennie, Department of Environmental Management
Environmental Science

**ENSC 101 Introduction to Earth and Ecological Sciences**
An introduction to the basic concepts necessary for a scientific understanding of the physical structure of the planet Earth and the life it supports.

Restriction: PHSC 105, PHSC 107
Semester: One
Examiner: C. Smith, Department of Soil and Physical Sciences and A. Paterson, Department of Pest Management and Conservation

**ENSC 201 Environmental Analytical Methods**
Chemical properties of biologically important elements, and the principles and application of analytical methods for measurement of physical, chemical and microbiological properties of soils and freshwaters.

Prerequisites: BIOS 110, PHSC 101
Restriction: PHSC 102, PHSC 107, PHSC 210
Recommended Preparation: PHSC 103
Semester: One
Examiner: T. Clough, Department of Soil and Physical Sciences

**ENSC 301 Climate Change and Land Use**
The science that underpins our understanding of climate change; the effects of climate change on New Zealand’s land use; mitigation of future greenhouse gas emissions and building future resilience in land systems.

Prerequisites: One ECOL, ENSC, PHSC or SOSC course at 100-level; and five 200-level courses
Restrictions: PHSC 302, PHSC 318
Recommended Preparation: SOSC 106 or PHSC 107 or LINC 101; any ENSC, PHSC, SOSC or WATR prefix at 100 or 200-level
Semester: Two
Examiner: T. Clough, Department of Soil and Physical Sciences

Fermentation

**FERM 201 Principles of Malting And Brewing**
The principles of malting and brewing and basic quality assessment of beer by chemical and sensory means.

Prerequisites: Four 100-level courses including BIOS 110 or FOOD 101.
Restrictions: BICH209
Semester: One
Examiner: L Serventi, Department of Wine, Food and Molecular Biosciences

**FERM 202 Principles and Applications of Microbial Fermentation**
Understanding the extensive use of micro-organisms in fermentation processes, covering food production, food processing, food additives and other biotechnological applications. Food innovation using microbial biotechnology.

Prerequisites: Four 100-level courses including BIOS 110 or FOOD 101.
Restrictions: FOOD 304
Semester: One
Examiner: S On, Department of Wine, Food and Molecular Biosciences
**FERM 301 Brewing and Fermentation Technology**
The theory and principles of brewing and fermentation, from a chemistry and physico-chemistry perspective. Fundamental knowledge of the chemical theory and principles that underpin brewing and fermentation processes. Technology enabling industrial scale processes. Aspects of fermented beverages and other fermented food products from raw materials through processing towards the final product.
Prerequisites: BICH 207, FERM 201, FERM 202
Semester: One
Examiner: TBA

**FERM 302 Brewing and Fermentation Design**
Production design in a work-integrated learning environment to produce a brewed or fermented product, including selection of raw materials and ingredients, appropriate technology and ideal outcomes. A preliminary trial will be used to test the design.
Prerequisites: FERM201 and FERM202
Recommended Preparation: BICH 207, ENGN230
Semester: One
Examiner: TBA

**FERM 303 Brewing and Fermentation Implementation**
Use New Zealand best industry practice to produce a new / novel, brewed and / or fermented commercially viable beverage product. Understand and apply production and planning techniques of fermented beverage manufacture.
Prerequisites: FERM2 302
Recommended Preparation: FERM 201, FERM 301
Semester: Two
Examiner: L. Vanhanen, Department of Wine, Food and Molecular Biosciences

**Finance**

**FINC 101 Finance Fundamentals**
An examination of the time value of money theory, its application and the fundamental role it plays within the financial environment.
Semester: Two
Examiner: L. Ho, Department of Financial and Business Systems

**FINC 204 Financial Management**
The nature of interest, capital budgeting, leasing, working capital management, introduction to dividend policy and capital structure.
Prerequisite: Four 100-level courses
Recommended Preparation: ACCT 103 or COMM 112 or FINC 101
Semester: One
Examiner: W. Yang, Department of Financial and Business Systems
Note: this course includes a field trip.
**FINC 211 Investments**
The study and application of efficient market hypotheses, asset pricing models, portfolio theory, stocks, bonds and derivatives.
Prerequisites: FINC 101; plus one of QMET 103 or COMM 111 or QMET 201 or QMET 204
Recommended Preparation: FINC 204
Semester: Two
Examiner: W. Yang, Department of Financial and Business Systems
Note: this course includes a field trip.

**FINC 304 Corporate Financial Strategy**
The study of investment, financing and operating decisions that have value creation implications for profit seeking firms.
Prerequisites: FINC 204
Recommended Preparation: ACCT 202, FINC 211
Semester: Two
Examiner: W. Yang, Department of Financial and Business Systems
Notes: this course includes a field tour

**FINC 305 Investment Management**
An examination of institutions and instruments used in investment portfolio management and techniques for investment performance evaluation.
Prerequisites: FINC 211
Semester: One
Examiner: L. Ho, Department of Financial and Business Systems

**FINC 307 International Finance**
An examination of the global financial environment and exchange rate theory, currency risk exposure management and foreign investment decisions.
Prerequisites: FINC 204
Recommended Preparation: FINC 211
Semester: Two
Examiner: Z. Li, Department of Financial and Business Systems

**FINC 310 Financial Institutions and Markets**
The examination of financial markets, the role and function of central banks, commercial banks, and non-bank financial institutions, including rural banking.
Prerequisites: FINC 211
Restriction: FIAC 310
Semester: One
Examiner: Z. Li, Department of Financial and Business Systems

**FINC 312 Commodity Risk Management**
An examination of derivative instruments with a focus on various different commodities including agricultural commodities and energy.
Prerequisites: FINC 211
Semester: Two
Examiner: C. Nguyen, Department of Financial and Business Systems
**Food Science**

**FOOD 101 Food Quality and Consumer Acceptance**
The nature of food and the functions of its chemical components. The biological availability of food components and recommended dietary requirements. Dietary attitudes and changes in demand, nationally and internationally. Defining food quality for the consumer. The relationship between the consumer perception of food quality and its nutritional value. Effects of agricultural practices on the composition of foods.

Restriction: BICH 101 and BICH 103  
Semester: Two  
Examiner: D. Torrico, Department of Wine, Food and Molecular Biosciences

**FOOD 201 Processing Food for Consumers**

Prerequisite: FOOD 101  
Recommended Preparation: FOOD 101, PHSC 103  
Restrictions: BICH 203, BIOS 210  
Semester: One  
Examiner: K. Burrow, Department of Wine, Food and Molecular Biosciences  
Note: this course includes field trips.

**FOOD 202 Food Safety and Microbiology**

Prerequisite: BIOS 110  
Recommended Preparation: PHSC 101 or BICH 104  
Restriction: MICR 203  
Semester: One  
Examiner: S. On, Department of Wine, Food and Molecular Biosciences  
Note: This course is not offered in 2023

**FOOD 301 Food Product Innovation and Quality**
Food composition, consumer acceptability, product innovation and process evaluation. Food innovation within the global food industry.

Prerequisite: FOOD 201  
Recommended Preparation: FOOD 101  
Semester: One  
Examiner: L. Serventi, Department of Wine, Food and Molecular Biosciences

**FOOD 302 Advanced Food Processing**
Advanced studies of evaporation, drying, freezing and chilling, heat exchangers and separation techniques used in the food industry. Introductory non-Newtonian fluid technology; advanced packaging; data collection and use in the factory.

Prerequisite: FOOD 201  
Recommended Preparation: ENGN 230  
Restriction: BICH 329  
Semester: Two  
Examiner: L. Kumar, Department of Wine, Food and Molecular Biosciences
FOOD 303 Food Biochemistry and Biotechnology
Chemical and biochemical components of food, their relationship to nutritional quality and their impact on human health. Biochemistry of flavour, storage and biotechnology processes on the value of food, plant and horticultural products with emphasis on post harvest changes. Utilisation of by-products from the food industry.
Prerequisite: BICH 207
Restriction: BICH 334
Semester: Two
Examiner: K. Burrow, Department of Wine, Food and Molecular Biosciences

FOOD 305 Sensory Science and Its Applications
The study of sensory science and its applications for understanding the quality of foods and beverages, and the relationship between product’s characteristics and consumer’s acceptability.
Prerequisite: FOOD 101
Recommended Preparation: QMET 201
Semester: Two
Examiner: D. D. Torrico, Department of Wine, Food and Molecular Biosciences

FOOD 306 Food Safety: Microbial Pathogens and HACCP
A comprehensive overview of micro-organisms and their toxins involved in foodborne disease and spoilage; environmental hazards that threaten food safety; and the principles of HACCP.
Prerequisite: FERM 202
Restrictions: FOOD 202
Semester: One
Examiner: S. On, Department of Wine, Food and Molecular Biosciences

Forestry
FORS 201 Forest Biology and Silvics
Prerequisite: One of BIOS 109, ECOL 103, HORT 106 or PLSC 104
Semester: One
Notes:  (i) this course includes a field trip.
(ii) this course is not offered in 2023.

FORS 202 Forest Utilisation
A study of the forest industry including harvesting, transport, processing and manufacturing with particular reference to New Zealand.
Prerequisites: Five 100-level courses
Recommended Preparation: One of ECON 101, 105 or 110
Semester: Two
Notes:  (i) this course includes a field trip.
(ii) this course is not offered in 2023.
**FORS 204 World Forestry**
A critical examination of forestry concepts, wood utilisation and organisation of the forest industry. Tropical, temperate and boreal forests: area, location, species, uses, production and trade. Current issues in forestry, with particular reference to tropical forestry and its economic sustainability in Sarawak and similar climatic areas.

Prerequisites: Five 100-level courses including at least one of FORS 101, PLSC 104, SOSC 106
Recommended Preparation: FORS 101

Note: this course is offered only on the campus of the Sarawak Timber Association.

**FORS 270 Applied Agroforestry**
The characteristics of trees suitable for landscape, conservation, shelter or timber production on New Zealand farms. Woodlots, management and harvesting; design and maintenance of shelter, landscape and conservation plantings; safety, economic and legal issues.

Prerequisite: PLSC 104
Recommended Preparation: MGMT 103
Restriction: FORS 201
Semester: One
Examiner: J. Knook, Department of Land Management and Systems

Note: this course includes field trips.

**FORS 305 Forestry in Sarawak**
A critical examination of the inter-relationships between forest types, ecology and environment and forest uses in Sarawak. An evaluation of the history of forestry in Sarawak and its relationship to the current organisation. Analysis of legal and institutional structures influencing forestry in Sarawak.

Prerequisites: Five 200-level courses from ECOL 201, FORS 201, 202, 204, PLSC 201, 204, or SOSC 224
Recommended Preparation: FORS 202, 204, SOSC 224, ECON 217

Notes: (i) this course is offered only on the campus of the Sarawak Timber Association. (ii) this course is not offered in 2023

**FORS 307 Tropical Forest Biology and Silviculture**
Natural forest silviculture with particular reference to tropical forests; silvicultural systems and management approaches; plantation silviculture – characteristics and site requirements of major tree species, tree nutrition, and plantation establishment and management. The relationship of silviculture to economics, harvesting, wood quality and forest protection. Identification and silvics of major tree and timber species. Hazard management.

Prerequisites: Five 200-level courses, including one of ECOL 201, FORS 201, 204, HORT 209, PLSC 201 or 204.
Recommended Preparation: FORS 201, 204
Restriction: FORS 303

Notes: (i) this course is offered only on the campus of the Sarawak Timber Association. (ii) this course is not offered in 2023.
FORS 308 Forest Planning and Utilisation
Modern mensuration and inventory techniques. Cartography, GIS and remote sensing for forest planning, road layout, skid trail planning, and coupe and block design. Computer modelling and optimisation in forest planning.
Prerequisites: FORS 201, 202
Recommended Preparation: ERST 202
Notes: (i) this course is offered only on the campus of the Sarawak Timber Association.
(ii) this course is not offered in 2023.

FORS 309 Forest Economics and Policy
A critique of economic concepts and techniques as they apply to forestry. Application of economic principles and development of analytical techniques for dealing with current forestry issues.
Prerequisite: ECON 214 or FORS 203
Recommended Preparation: One of FORS 201, 202, or 204, ECON 217
Notes: (i) this course is offered only on the campus of the Sarawak Timber Association.
(ii) this course is not offered in 2023.

FORS 310 Forest Management
The analysis of current issues in forestry management, including forestry planning, government policies, optimal rotation and forest valuation.
Prerequisites: Four 200-level courses including at least one of ECOL 201, ERST 201, FORS 270, MGMT 201, MGMT 214, PLSC 201, PLSC 204
Recommended Preparation: FORS 201 or FORS 270
Semester: One
Examiner: Refer to the Head of Department, Land Management and Systems
Note: This course is not offered in 2023.

FORS 311 Wood Products Markets and Marketing
The analysis of current issues in the production, trade and marketing of forest products, including demand for wood products, international trade, corporate strategy and forest products marketing.
Prerequisites: One of ECON 101, 105 or 110, plus four 200-level courses
Recommended Preparation: ECON 217 and FORS 202
Restrictions: FORS 301, 302
Semester: Two
Note: This course is not offered in 2023.

FORS 312 Agroforestry Systems
The assessment, comparison and evaluation of agroforestry systems. Assessing the economic implications of forestry systems as well as the social and environmental impacts of land use decisions. Prerequisites: Four 200-level courses
Recommended Preparation: FORS 270 Semester: Two
Examiner: J. Knook, Department of Land Management and Systems
Note: this course includes field trips.
Genetics

GENE 201 Genetics
An introduction to the genetics of plants, animals and microbes of relevance to agricultural production systems; including classical, molecular and quantitative genetics. An introduction to breeding.
Prerequisites: Five 100-level courses
Recommended Preparation: ANSC 105, BIOS 110 and PLSC 104
Restrictions: BIOS 201, PHSC 207, BICH 321
Semester: One
Examiner: C. Winefield, Department of Wine, Food and Molecular Biosciences

GENE 301 Applied Genetics and Breeding
The application of genetics to the breeding of plants, animals and microbes of relevance to agricultural production systems. The practical and applied uses of molecular genetics and gene technology, and a major project on a breeding topic of the student’s choice.
Prerequisites: GENE 201
Recommended Preparation: BICH 207, one of ANSC 213 or PLSC 204
Restrictions: BICH 321, ANSC 340, PLSC 332
Semester: Two
Examiner: J. Hickford, Department of Agricultural Sciences

Horticulture

HORT 106 Horticultural Science I
An introduction to horticultural science, plant propagation and the diversity of horticultural plants.
Restrictions: HORT 105, 210
Note: This course is not offered in 2023.

HORT 107 Introduction to Horticulture
An introduction to the horticultural industry and the range of NZ horticultural systems emphasising the scientific, technological, environmental and socio-economic relationships involved.
Semester: One
Examiner: M. Rombach, Department of Land Management and Systems
Note: this course includes field trips.

HORT 214 Horticulture Production Systems
An examination of the practices and procedures used in producing selected horticulture crops.
Prerequisite: One of BIOS 109, FORS 101, HORT 106, or PLSC 104
Recommended Preparation: HORT 106
Restrictions: HORT 209, 213
Examiner: Refer to the Head of Department, Wine, Food and Molecular Biosciences
Notes: (i) this course includes a field trip.
(ii) this course is not offered in 2023.
HORT 222 Principles of Propagation and Nursery
The principles and practices of plant propagation and container growing.
Prerequisites: Four 100-level courses
Semester: One
Examiner: J. Reader, Department of Land Management and Systems
Note: this course includes field trips.

HORT 271 Applied Amenity Horticulture
Application and analysis of the principles and practices associated with plant selection, establishment, care and maintenance for horticulture purposes, including turf and arboriculture.
Prerequisite: Four 100-level courses
Restrictions: HORT 071
Semester: One
Examiner: J Reader, Department of Land Management and Systems
Note: this course includes field trips.

HORT 272 Fruit Crop Production
The principles and practices of commercial fruit crop establishment and production. Important fruit crops and their crop management.
Prerequisites: Four 100-level courses
Restriction: HORT 072
Semester: Two
Contact Person: J. Reader, Department of Land Management and Systems
Note: this course includes field trips.

HORT 325 Environmental Horticulture
Analysis of parks and garden plants and their uses. Selection, site constraints and purpose. New Zealand plants in isolation, human settlement and the importation of plants. The establishment and maintenance of turf and trees.
Prerequisites: One of ECOL 201, HORT 210, PLSC 201, LASC 206 plus one other course with a HORT, LASC or PLSC prefix at the 200-level.
Examiner: Refer to the Head of Department, Wine, Food and Molecular Biosciences
Notes:  
(i) this course includes a field trip.
(ii) this course is not offered in 2023.

HORT 330 Fruit and Vegetable Science and Technology
A critical examination of the science and technology of fruit and vegetable cropping.
Prerequisites: Two courses at the 200-level with a PLSC, HORT or FORS prefix
Recommended Preparation: HORT 210, 213, 214, QMET 201, SOSC 224
Restriction: HORT 323, HORT 329
Semester: Two
Examiner: C. Kaiser, Department of Agricultural Sciences
Landscape Architecture

LASC 206 Landscape Planting Practice
Landscape planting implementation strategies, practice methods and techniques; implementation documentation.
Prerequisites: LASC 211 and LASC 215
Recommended Preparation: One of ECOL 103, ECOL 202, HORT 106, PHSC 107, PLSC 104
Semester: Two
Examiner: G. Lawson, School of Landscape Architecture
Note: this course includes a field trip.

LASC 211 Planting Design and Management
Approaches to planting design and management; plant materials and sources.
Prerequisites: Five 100-level courses, including one of DESN 102, 103, LASC 108, 109, 110
Recommended Preparation: ECOL 103, PHSC 105, or PHSC 107
Semester: One
Examiner: N. Toueir, School of Landscape Architecture
Note: This course includes a field trip.

LASC 215 Landscape Analysis, Planning and Design (30 credits)
Techniques of landscape analysis and design. The statutory and policy context of site design.
Prerequisite: Entry to the first professional year of the B.L.A. Restriction: LASC 214
Semester: One
Examiner: N Toueir, School of Landscape Architecture (EFTS value: 0.250)
Notes: (i) Progression to the first professional year will depend upon students reaching a satisfactory standard in the intermediate year of the B.L.A., as specified in the B.L.A. Schedule. A satisfactory standard will normally be reached if students gain either:
• A clear pass in not less than seven courses from the intermediate year of the BLA, and with at least a B- average in DESN 102 and DESN 103; or
• A clear pass in no less than six courses from the intermediate year of the BLA with at least a B- average in those six courses, and with at least a B- average in DESN 102 and DESN 103.
(ii) This course includes an overnight field trip.

LASC 216 Site Design
Landscape site planning and design.
Prerequisite: LASC 215
Restriction: LASC 203
Semester: Two
Examiner: D Royds, School of Landscape Architecture

LASC 217 Design Details
Design characteristics of materials and landscape structures, design implications of engineering options and constraints, stormwater management best practice.
Prerequisite: ENGN 106
Recommended Preparation: DESN 102, DESN 103 or LASC 108, LASC 109
Restriction: LASC 205
Semester: One
Examiner: J. Rae, School of Landscape Architecture
LASC 218 Landscape and Culture
The relationships between people and the landscape, and the implication of those relationships on the landscape's form.
Prerequisite: Four 100-level courses
Recommended Preparation: DESN 104
Restriction: LASC 101
Semester: Two
Examiner: M. Abbott, School of Landscape Architecture
Note: This course includes a field trip.

LASC 230 Food Landscapes
Relationships between landscapes, food, people, and sense of place, at a range of scales.
Prerequisite: Three 100-level courses
Semester: November Summer School
Note: This course is not offered in 2023.

LASC 312 Landscape Ecology
Theory and techniques in landscape ecology and their applications in design.
Prerequisites: Either a) PHSC 107 plus one of LASC 211, ECOL 201, ECOL 202, or b) both PHSC 105 and ECOL 103 plus one of LASC 211, ECOL 201, ECOL 202
Recommended Preparation: ECOL 201, ECOL 202, ERST 201, LASC 211, SOSC 223
Semester: Two
Examiner: W. McWilliam, School of Landscape Architecture
Note: This course includes a field trip.

LASC 316 Innovative Design (A)
Exploration of design as a creative and innovative process in one of a range of settings typically including options such as urban design, land-art and the Māori cultural landscape.
Prerequisite: LASC 203 or LASC 216
Semester: One
Examiner: M. Abbott, School of Landscape Architecture

LASC 318 Landscape Assessment And Planning
A critical examination of landscape assessment procedures and their application to landscape planning within a statutory context.
Prerequisite: Either a) one of ERST 201, ERST 205 or LASC 210, or b) both LASC 218 and LASC 321
Recommended Preparation: DESN 103
Semester: One
Examiner: G. Lawson, School of Landscape Architecture

LASC 319 Innovative Design (B)
Exploration of design as a creative and innovative process in one of a range of settings typically including options such as urban design, digital studio, and the Māori cultural landscape.
Prerequisite: LASC 203 or LASC 216
Semester: January Summer School
Examiner: Refer to the Head of School of Landscape Architecture
Note: This course is not offered in 2023.
LASC 321 Urban Design
Preparation of urban design concepts and plans for local and neighbourhood development.
Prerequisites: LASC 216 or ERST 205
Recommended Preparation: ERST 201, SOCI 214, LASC 215
Semester: One
Examiner: A. Wesener, School of Landscape Architecture

LASC 322 Sustainable Design and Planning (30 credits)
The investigation and design application of concepts of landscape sustainability, at a range of scales.
Prerequisite (Undergraduate Entry): LASC 316
Prerequisite (Graduate Entry): LASC 215 (with a B- of higher); or LASC 316
Restriction: LASC 320
Semester: Two
Examiner: W. McWilliam, School of Landscape Architecture (EFTS value: 0.250)
Note: This course includes a field trip.

LASC 393 Practicum: Applied Landscape Practice
Community engagement, consultation and practical implementation of a small landscape project. Aspects considered include community engagement strategies; workshop facilitation; negotiation and conflict resolution; project planning; pre-contract practice; cost feasibility and estimates; health and safety requirements; building and resource consents; tool, materials and equipment procurement; site preparation and landscape construction.
Prerequisites: LASC 206 and LASC 217
Recommended Preparation: LASC 216
Semester: One
Examiner: D. Royds, School of Landscape Architecture

LASC 401 Advanced Design Theory
Advanced studies in the critical interpretation of the designed environment; contemporary developments in design theory.
Prerequisites: Five 300-level courses
Recommended Preparation: LASC 310, or any two 300-level courses with an ERST, LASC or SOCI prefix
Semester: Two
Examiner: A. Wesener, School of Landscape Architecture
Note: This course is not offered in 2023.

LASC 406 Complex Design (30 credits)
The application of contemporary developments in landscape design theory and practice to complex site planning, design and implementation.
Prerequisite: LASC 320 or LASC 322
Semester: One
Examiner: A. Wesener, School of Landscape Architecture (EFTS value: 0.250)
LASC 409 Major Design (30 credits)
A complex design exercise illustrating all aspects of landscape site planning and design.
Prerequisites: LASC 406 plus one of DESN 301 or LASC 310
Restriction: LASC 408
Semester: Two
Examiner: G. Lawson, School of Landscape Architecture (EFTS value: 0.250)

LASC 410 Design Critique
Methods of advanced critical enquiry into design.
Prerequisites: Five 300-level courses
Recommended Preparation: LASC 310, or any two 300-level courses with an ERST, LASC or SOCI prefix
Restriction: LASC 614
Semester: One
Examiner: J. Bowring, School of Landscape Architecture

LASC 415 Landscape Architecture Professional Practice
A critical study of issues in the provision of professional services in landscape architecture.
Prerequisite: LASC 393
Restrictions: SOCI 314; Enrolment in this course is restricted to students enrolled in the BLA programme.
Semester: 2
Examiner: D. Royds, School of Landscape Architecture

Law Studies

LWST 114 Introduction to Commercial Law
The legal framework; an introduction to business, contact, employment, privacy and property laws; the concept of agency and the nature of torts.
Restrictions: COMM 114, LWST 101
Semester: One
Examiner: A. MacDonald, Department of Financial and Business Systems

LWST 201 Commercial Law I
An examination of company law and advanced contractual and consumer law issues.
Prerequisite: LWST 101 or COMM 114 or LWST 114
Semester: Two
Examiner: A. MacDonald, Department of Financial and Business Systems

LWST 202 Law for Agriculture and Horticulture
An introduction to legal concepts and processes, contracts, secured transactions, business organisation, financial planning, insolvency and agricultural law relevant to farm management.
Prerequisites: Four 100-level courses
Restriction: COMM 114 or LWST 101
Semester: Two
Note: This course is not offered in 2023.
LWST 203 Property Law
The definition and context of New Zealand law relating to property.
Prerequisites: COMM 114 or LWST 101 or LWST 114
Recommended Preparation: VAPM 101
Restriction: LWST 303
Semester: Two
Examiner: S. Rose, Department of Land Management and Systems

LWST 206 Transport Law
Analysis of law affecting the carriage of goods and passengers by air, sea and land transport in New Zealand. International conventions and law relating to marine and aviation transport. Applications and case studies.
Prerequisites: Four 100-level courses
Restriction: LWST 309
Semester: Two
Examiner: Refer to the Head of Department, Global Value Chains and Trade
Note: This course is not offered in 2023.

LWST 302 Resource Management Law
New Zealand resource management law, its development and application.
Prerequisites: Four 200-level courses
Recommended Preparation: ECON 211, LWST 101 or COMM 114, LWST 203
Semester: One
Examiner: J. Thomson, Department of Land Management and Systems

Lincoln University Courses

LINC 101 Land, People and Economies
An introduction to the fundamental principles and multiple dimensions of people-land relationships.
Restriction: ERST 101
Semester: One
Summer School: November
Examiners: T Maxwell, Department of Agricultural Sciences and S. Page, Department of Environmental Management

LINC 102 (A, C, E) Research And Analytical Skills
Introduction to the research process and statistical, interpretive and communication strategies associated with evidence based decision making.
Restrictions: Students may credit one only of LINC 102A, LINC 102C or LINC 102E
Recommended preparation: There is no expectation of prior skills and knowledge other than that required for University Entrance. The students’ abilities with numerical, reading and writing literacies will be assessed early in the semester by means of online quizzes, and supportive learning activities will be available to address areas of learning deficit.
Note: This course is not offered in 2023.
LINC 201 Sustainable Futures
A critical discussion of sustainability issues in a contemporary global framework with an interdisciplinary focus on global sustainable futures with reference to social, environmental, cultural and economic aspects of sustainability.

Prerequisites: LINC 101 plus four 100-level courses
Recommended Preparation: LINC 102
Semester: Two
Summer School: November
Examiner: C. Rosin, Department of Tourism, Sport and Society.

Management

MGMT 103 Primary Industry Systems
An introduction to the breadth and complexity of agricultural, horticultural, forestry and food systems, emphasising the scientific, technological, environmental and socio-economic interrelationships involved.

Semester: One
Examiner: A. Bailey, Department of Land Management and Systems
Note: This course includes field trips.

MGMT 106 Global Food Systems
An introduction to national and international food systems from bio-physical inputs to consumer markets, and the key socio-economic and regulatory factors that influence those food systems.

Semester: One
Examiner: S. Lucock, Department of Agribusiness and Markets

MGMT 201 Principles of Agricultural Systems
The farm as a bio-economic system employing the basic resources of land, labour, capital, management and technology. The personal factor in management; practical integration of biologically-based husbandries into agricultural systems; comparative analysis techniques; agricultural systems planning and resource allocation; land tenure. Case study investigation of management principles as applied to agricultural systems.

Prerequisites: Four 100-level courses
Recommended Preparation: ANSC 105, MGMT 103, PLSC 104, SOSC 106
Semester: One
Examiner: V. Westbrooke, Department of Land Management and Systems
Note: i. A regional study tour is an integral part of this course. Participation in interdisciplinary studies is required.
   ii. This course includes field trips.

MGMT 202 Analysis of Agricultural Systems
Analysis and assessment of agricultural systems performance. Agricultural systems planning and resource allocation, sources and uses of finance; taxation and staffing. Underpinned through case study investigations of agricultural systems.

Prerequisite: MGMT 201 or 214
Restriction: MGMT 216
Semester: Two
Examiner: J. Kambuta, Department of Land Management and Systems
Note: This course includes field trips.
MGMT 203 Agricultural Systems and Sustainability
Studies of the sustainable use and management of land with an emphasis on the rationale and balance between technical, social, economic and environmental considerations; issues in rural resource management.
Prerequisites: Four 100-level courses
Recommended Preparation: One of ECOL 103, ERST 101, MGMT 103
Restriction: ERST 204
Semester: Two
Examiner: A. Bailey, Department of Land Management and Systems
Note: this course includes field trips.

MGMT 214 Horticultural Systems
An integrated study of horticultural production and management systems. Case studies of selected systems to emphasise the role of management and the interdependence of biological, production, economic and marketing factors.
Prerequisites: Four 100-level courses
Recommended preparation: MGMT 103, PLSC 104
Semester: One
Examiner: G. Jain, Department of Land Management and Systems
Note: this course includes field trips and a field tour.

MGMT 216 Horticultural Management Analysis
An introduction to horticultural management planning and analysis techniques. Case studies of selected horticultural business systems.
Prerequisite: MGMT 201 or 214
Restriction: MGMT 202
Semester: Two
Examiner: C. Kerr, Department of Land Management and Systems
Note: this course includes a field trip.

MGMT 222 The Agribusiness Environment
An introduction to the operation and interdependence of the various components of the agribusiness chain for selected New Zealand sourced products.
Prerequisites: Four 100-level courses
Recommended preparation: MGMT 103 or MGMT 106
Semester: Two
Examiner: S. Lucock, Department of Agribusiness and Markets

MGMT 223 The Food Regulatory Environment
An examination of the law, regulatory frameworks, processes and policies related to the production, processing and exporting of agrifood, including international conventions.
Prerequisites: Four 100-level courses
Restriction: LWST 205
Semester: One
Examiner: L. Cong, Department of Agribusiness and Markets.
MGMT 303 Managing Change in Rural Business
The farm as a strategic business unit and its relationship to the agricultural sector, its local rural community, the environment and society. The impact of changes in, and responses to, the farm operating environment. The synthesis of new land based systems, their productivity and sustainability, and the establishment of new business entities. Case studies of farm/rural business innovation, entrepreneurship and system modification.
Prerequisites: Five 200-level courses  
Recommended Preparation: MGMT 103 or 203  
Examiner: Refer to the Head of Department, Land Management and Systems
Notes: (i) this course includes field trips.  
(ii) this course is not offered in 2023.

MGMT 314 Management of Cooperatives
A critical examination of cooperative principles, the development of cooperative thought and the nature of cooperative organisations.
Prerequisites: Five 200-level courses including MKTG 201, plus one of BMGT 206, MGMT 222
Recommended Preparation: One of ECON 104, 111, 214, 215
Semester: Two
Note: This course is not offered in 2023.

MGMT 316 Analysis and Planning In Agricultural Systems
The analysis of management decisions and production systems in agricultural systems. Application of strategic management and analysis for efficient resource use.
Prerequisite: MGMT 202 or MGMT 216
Semester: One
Examiner: B. Greig, Department of Land Management and Systems
Notes: i. Case studies, a personal farm study and a regional study tour are integral parts of this course.  
ii. This course includes a field trip.

MGMT 317 Development and Investment In Agricultural Systems
A practical approach to entrepreneurship, development and investment in agricultural systems. Financial analysis of agricultural systems.
Prerequisite: MGMT 316
Semester: Two
Examiner: B. Greig, Department of Land Management and Systems
Notes: i. Case studies, a personal farm study and a regional study tour are integral parts of this course.  
ii. This course includes a field trip.

MGMT 318 Opportunity Analysis in Agricultural Systems
An in-depth case study of the concepts and analytical techniques that can be applied to a new venture situation in rural business as applied to an agriculture, horticulture or forestry system.
Prerequisite: MGMT 202 or 216
Semester: One
Examiner: D. Smith, Department of Land Management and Systems
MGMT 328 Horticultural Management A
Analysis of horticultural business systems including case studies of business development and management. Studies of national and regional horticulture industry issues, including a regional study tour.
Prerequisites: 240 credits
Recommended Preparation: BMGT 215, MGMT 214, 216
Restriction: MGMT 320
Semester: One
Examiner: Refer to the Head of Department, Land Management and Systems
Notes: (i) this course includes field trips and a regional tour.
(ii) this course is not offered in 2023.

MGMT 340 Agribusiness Strategic Management
A comparative and critical study of agribusiness structures and strategies at the levels of the firm, value chain and industry.
Prerequisite: MGMT 222
Semester: Two
Examiner: N. Lees, Department of Agribusiness and Markets

MGMT 341 Integrated Agribusiness and Food Marketing Strategy
An advanced study of national and international food value chains.
Semester: Two
Examiner: N. Lees, Department of Agribusiness and Markets
Note: This course is normally available only to students who are in their final semester of the Bachelor of Agribusiness and Food Marketing degree.

MGMT 343 Consultancy and Extension for Agribusiness Systems
The practice and theory of consultancy, extension and evaluation in an agribusiness context. Includes decision making, co-innovation, technology adoption, group facilitation, development of extension and evaluation plans and consultancy processes.
Prerequisites: Four 200-level courses
Semester: Two
Examiner: V. Westbrooke, Department of Land Management and Systems

MGMT 344 Strategic Management in Wine and Horticultural Business Systems
Application, analysis, and evaluation of strategic and organisational concepts applied to the wine / horticultural industry. This includes selected wine / horticultural business case studies and a field trip.
Prerequisites: Four 200-level courses
Restrictions: MGMT 325, MGMT 329
Examiner: M. Rombach, Department of Land Management and Systems
Māori Studies

MAST 104 Te Tiriti O Waitangi (The Treaty of Waitangi)
An introduction to the Treaty of Waitangi and its application to contemporary Aotearoa/New Zealand society.
Restrictions: MAST 112, 115
Semester: One
Examiner: Refer to the Head of Department of Tourism, Sport and Society

MAST 106 Ngā Tikanga Māori (Māori Cultural Studies)
An introduction to Māori culture and society.
Semester: Two
Examiner: Refer to the Head of Department of Tourism, Sport and Society
Note: this course includes a field trip

MAST 120 Mahika Kai
An overview of traditional and contemporary mahika kai.
Semester: Two
Note: This course is not offered in 2023

MAST 121 Te Pia I
An introduction to Te Reo Māori listening, speaking, reading, writing and comprehension.
Restrictions: MAST118
Semester: One
Examiner: Refer to the Head of Department, Tourism, Sport and Society

MAST 122 Te Pia II
The further development of Te Reo Māori listening, speaking, reading, writing and comprehension.
Prerequisite: MAST 121
Restrictions: MAST119
Semester: Two
Examiner: Refer to the Head of Department, Tourism, Sport and Society

MAST 206 Whakatakoto Kaupapa (Māori Planning and Development)
An introduction to Māori approaches to planning and policy making and strategies for Māori development and advancement.
Prerequisite: One of MAST 104, 112, or 115
Restriction: MAST 205
Semester: One
Examiner: D. Jolly, Department of Environmental Management

MAST 210 Te Ao Marama (Māori Identity and Philosophies)
Characteristics of Māori identity as a philosophical and cultural construct.
Prerequisite: MAST 106
Recommended Preparation: MAST 104, 119
Restrictions: MAST 105, 207
Semester: Two
Note: This course is not offered in 2023.
MAST 319 Te Kaitiakitaka (Māori Environmental Management)
A critical analysis of the relationship between the Treaty of Waitangi and environmental management in Aotearoa/New Zealand.
Prerequisites: Either: MAST 205 or 206, or: one of MAST 104, 112, or 115 plus one of ECON 204, ERST 201, or LWST 302
Restriction: MAST 307
Semester: Two
Examiner: D. Jolly, Department of Environmental Management

MAST 321 Māori Landscape Design, Hoa Whenua Māori
Landscape architectural design and development in a Māori cultural context.
Prerequisites: LASC 203 or LASC 216, plus MAST 210
Recommended Preparation: MAST 206
Semester: One
Examiner: Refer to the Head of School, Landscape Architecture
Notes: (i) This course includes a field tour.
   (ii) This course is not offered in 2023.

MAST 323 Te Waka Here (Māori and Indigenous Planning and Policy)
Māori and Indigenous planning, policy analysis and impact assessment.
Prerequisites: MAST 104 and MAST 206
Recommended Preparation: MAST 106
Semester: Two
Note: This course is not offered in 2023.

Marketing

MKTG 115 Principles of Marketing
An introduction to processes for creating, communicating, delivering, and pricing products that have value for customers, clients, partners, and society at large.
Recommended preparation: COMM 113 or ECON 113
Restrictions: MKTG 101, MKTG 201, COMM 202
Semester: Two
Examiner: Refer to the Head of Department of Agribusiness and Markets

MKTG 202 Social Marketing and Ethics
Application of the marketing process to shaping behaviours and attitudes relevant to social goods.
Prerequisites: Four 100-level courses
Restrictions: MKTG 102
Semester: One
Examiner: Refer to the Head of Department of Agribusiness and Markets

MKTG 205 Consumer Behaviour
The examination of consumer behaviour, including how individual, sociocultural, and environmental factors influence consumer decisions and behaviours.
Prerequisite: Four 100-level courses including MKTG 115
Semester: Two and January Summer School
Examiner: S. White, Department, Department of Agribusiness and Markets
**MKTG 210 Logistics Management**
A supply chain view of the functions of logistics that are critical to managing the value chain. The course covers operational logistics issues such as distribution, transport, inventory and warehousing management with particular emphasis on the integration of all functions.
Prerequisites: Four 100-level courses
Semester: One
Examiner: M. Umar, Department of Global Value Chains and Trade

**MKTG 301 Marketing Analytics and Research**
Translation of a management problem into a research question; collection of relevant data; analysis and report. Limitations, biases and practical guidelines from the theory.
Prerequisites: MKTG 205 plus one of MKTG 101, MKTG 102, MKTG 115; or COMM 202 and one of COMM 111 or QMET 103 or QMET 201 or QMET 204
Semester: One
Examiner: D. Dean, Department of Agribusiness and Markets

**MKTG 304 Services Marketing**
Marketing management as applied to service organisations. Understanding the differences between marketing services and products. Developing strategies to market services successfully.
Prerequisites: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Semester: Two
Examiner: M. Clemes, Department of Agribusiness and Markets

**MKTG 308 Marketing of New Zealand Products and Services**
An analysis of strategic marketing management as it relates to the marketers of New Zealand products and services.
Prerequisites: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Recommended Preparation: MKTG 205
Semester: Two
Examiner: Refer to the Head of Department, Agribusiness and Markets

**MKTG 311 Product Design**
A project-based course covering key design and development principles including identifying product opportunities, assessing customer needs, concept generation, industrial design, and designing for the environment.
Prerequisites: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Semester: One
Examiner: Refer to the Head of Department of Agribusiness and Markets

**MKTG 321 Promotion Management**
The development, evaluation and management of the promotions mix. An analysis of each of the individual components of the mix. Advertising, sales promotions, personal selling, direct marketing and publicity, and studying their importance in strategic marketing.
Prerequisite: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Recommended Preparation: MKTG 205
Semester: Two
Examiner: Refer to the Head of Department of Agribusiness and Markets
**MKTG 322 Retailing and Sales Management**
A critical examination of marketing strategy implementation at the point of sale. For Business-to-Business situations, this encompasses the organisation and management of sales programmes and for Business-to-Consumer situations, this is accomplished through retailing.

Prerequisites: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Recommended Preparation: MKTG 205
Semester: One
Examiner: D. Dean, Department of Agribusiness and Markets

**MKTG 323 Supply Chain Management**
A critical examination of the issues related to moving goods from source of supply through the finished goods distribution channel to the final consumer. Particular focus on supply chain structure, process management, value-creating activities of the firm, managerial issues spanning organisations and supply chain competitiveness.

Prerequisite: Four 200-level courses
Semester: One
Examiner: M. Wilson, Department of Global Value Chains and Trade

**MKTG 333 International Brand Management**
An integrative approach to facilitate understanding of the development and evolution of international brand management.

Prerequisites: MKTG 205 or COMM 202 or MKTG 115; and two 200-level courses
Recommended Preparation: MKTG 205, COMM 110, COMM 203
Semester: One
Note: This course is not offered in 2023.

**Philosophy**

**PHIL 103 Philosophy and Critical Thinking**
A survey of philosophical methods and problems including critical thinking and argument, scepticism and knowledge, the nature of the mind, personal identity, freewill, and the existence of god.

Restrictions: PHIL 101 and PHIL 102
Semester: Two
Examiner: G. Tavinor, Department of Tourism, Sport and Society

**PHIL 304 Social and Environmental Ethics**
A theoretical and applied examination of issues in social and environmental ethics; the origin and nature of morality; ethics and natural environments; ethics and animals; research ethics.

Prerequisites: Four 200 level courses
Recommended Preparation: PHIL 101 or PHIL 103
Restrictions: PHIL 202 and PHIL 203
Semester: Two
Examiner: G. Tavinor, Department of Tourism, Sport and Society
Note: This course is not offered in 2023.
Physical Science

PHSC 101 Chemistry IA
An introduction to atomic theory and periodicity; chemical quantities and equilibria. Organic chemistry.
Semester: One and January Summer School
Examiner: N. Lehto, Department of Soil and Physical Sciences

PHSC 103 Environmental Physics
The interaction of energy (heat and radiation) and water on the atmosphere and on land. Practical applications of physics to environmental and land management issues including measurements, uncertainty assessment, calculations and units.
Semester: Two
Examiner: Refer to the Head of Department of Soil and Physical Sciences

PHSC 211 Land, Water and Atmosphere
Chemical and physical processes that affect environmental quality and thence the productivity of land and water. An understanding and critical appraisal of greenhouse gasses, soil and water contamination. This course includes both applied chemistry and applied physics.
Prerequisite: PHSC 101
Recommended preparation: PHSC 103
Restrictions: PHSC 204, PHSC 209
Semester: One
Examiner: Refer to the Head of Department of Soil and Physical Sciences
Note: This course is not offered in 2023.

Plant Protection

PLPT 203 Plant Pest Management
The biology of plant pests, including micro-organisms, insects, vertebrate, and invertebrate animals and plants, that damage, destroy or contaminate plants or plant communities within crops, natural or urban ecosystems. Strategies for management of pests.
Prerequisite: BIOS 110 plus three 100-level courses
Restrictions: MICR 325, PLPT 202, 320, 323
Semester: Two
Examiner: M. Kularathna, Department of Pest Management and Conservation

PLPT 305 Plant Diseases
Plant diseases and the growth, development and morphology of key microorganisms. The interaction of microorganisms with plants in natural and managed ecosystems, including production systems. The challenges posed by plant pathogens and foreign invasive species, and benefits accrued from selected symbionts.
Prerequisite: Four 200-level courses
Recommended preparation: PLPT 203
Restrictions: MICR 328
Semester: One
Examiner: Refer to the Head of Department of Pest Management and Conservation
Note: This course is not offered in 2023.
PLPT 306 Sustainable Plant Protection
An advanced study of the strategies available for sustainable plant production in managed ecosystems. Specific emphasis is on pest and disease control, development and implementation of innovative management programmes for pest and disease control and emerging threats.
Prerequisite: Four 200-level courses
Recommended preparation: PLPT 203
Restrictions: PLPT 325 and PLPT 326
Semester: Two,
Examiner: E. Jones, Department of Pest Management and Conservation

PLPT 323 Grape Pest and Disease Management
The biology of grapevine pests and diseases. Interaction of pest and disease development with environmental factors, crop growth stages and viticulture practices. Effective integrated pest and disease management including a range of cultural, physical and chemical control methods.
Prerequisites: BIOS 110 and WINE 201*
Recommended Preparation: WINE 202
Restrictions: PLPT 203
Semester: One
Examiner: Refer to the Head of Department of Pest Management and Conservation
* WINE 201 may be taken concurrently with PLPT 323.

Plant Science

PLSC 104 Plant Science I
An introduction to the structure and function of higher plants.
Semester: Two
Examiner: C. Kaiser, Department of Agricultural Sciences

PLSC 201 Plant Science II: Plant Function
An examination of the essential features of plant function and practical implications of this knowledge.
Prerequisite: One of BIOS 109, BIOS 110, HORT 106 or PLSC 104
Restriction: HORT 209
Semester: Two
Examiner: R. Hofmann, Department of Wine, Food and Molecular Biosciences

PLSC 204 Plant Production Systems
Principles of crop and pasture production, pasture species, establishment and management. The management and production of the major forage and cash crops in New Zealand.
Prerequisite: PLSC 104
Recommended Preparation: SOSC 106
Semester: One
Examiner: D. Moot, Department of Agricultural Sciences
Note: This course includes a field trip and field tour.
PLSC 320 Crop Science
An examination of the major characteristics of agricultural plant communities (including crop, forest, horticulture and pasture examples) that contribute to their productivity. Analysis of the importance of plant growth regulation, edaphic and environmental requirements for growth and interplant competition.
Prerequisites: One of FORS 201, WINE 201, 214, PLSC 201, 204, plus four 200-level courses from the B.Sc., B.Agr.Sc. or B.V.& O. schedules
Recommended Preparation: PLSC 204
Semester: One
Examiner: M. Andreucci, Department of Agricultural Sciences

PLSC 321 Pasture Agronomy
Advanced studies of pasture and/or crop production.
Prerequisites: PLSC 204 or two courses with an ECOL, FORS, HORT or PLSC prefix at the 200-level
Semester: Two
Examiner: A. Black Department of Agricultural Sciences

PLSC 325 Environmental Plant Biology
A study of plant interactions with their environment, with emphasis on factors that enhance or limit plant production and quality. Application of this knowledge both in practice and in the understanding of biological systems. New technologies and practical work that engages students in the process of research.
Prerequisites: PLSC 201 or two courses with a BICH, ECOL, GENE, PLSC or WINE prefix
Semester: Two
Examiner: R. Hofmann, Department of Wine, Food and Molecular Biosciences

PLSC 331 Seed Technology
A study of the principles and practice of seed crop management and technology.
Prerequisites: Five 200-level courses including at least one with a HORT or PLSC prefix, or FORS 201
Recommended Preparation: One of FORS 201, HORT 214, PLSC 201 or 204
Semester: Two
Examiner: J. Hampton, Department of Agricultural Sciences

Psychology

PSYC 101 Introduction to Psychology
An introduction to the study of psychology, its basic concepts, theories and approaches. The study of individual human behaviour including an examination of sensation, perception, cognition, learning, personality and developmental processes.
Semester: One
Examiner: K. Moore, Department of Tourism, Sport and Society

PSYC 102 Introduction to Social Psychology
An introduction to human social behaviour emphasising the interactions between individuals and groups. Social cognition; person perception, attributions, attitudes, social judgement biases. Group behaviour; group influence, in groups and outgroups, group processes.
Semester: Two and November Summer School
Examiner: G. Steel, Department of Tourism, Sport and Society
**PSYC 202 Motivation and Participation**
An examination of psychological theories of motivation. Explanations of human participation in a range of social groups and activities.
Prerequisite: Five 100-level courses
Recommended Preparation: PSYC 101 and 102
Semester: Two
Examiner: Refer to the Head of Department of Tourism, Sport and Society

**PSYC 203 Environmental Psychology**
An introduction to the complex psychological interactions that occur between human beings and the environments they inhabit. Topics include environmental perception and cognition, environmental values, pro-environmental behaviour, psychological aspects of nature, and work, learning and leisure environments.
Prerequisites: Five 100-level courses
Recommended preparation: PSYC 101, PSYC 102
Semester: Two
Examiner: G. Steel, Department of Tourism, Sport and Society
Note: This course is not offered in 2023

**PSYC 302 Social Psychology of Wellbeing**
An advanced study of the social psychology of human wellbeing including its determinants, measurement, biological, social and cultural contexts and relationship to social trends and issues.
Prerequisites: PSYC 202 or MKTG 205, or: four 200-level courses, at least two with a PSYC, RECN or SOCI prefix
Recommended Preparation: Two of PSYC 101, 102, RECN 201, 210, SOCI 204, 207
Semester: Two
Examiner: K. Moore, Department of Tourism, Sport and Society

**Quantitative Methods**

**QMET 101 Elements of Mathematics**
Introductory mathematics covering topics of algebra, equations, functions, graphs, systems of equations, matrices, introduction to calculus, differentiation, curve sketching and basic optimisation. Applications from business and economics.
Restriction: QMET 105
Semester: Two
Note: This course is not offered in 2023.

**QMET 102 Calculus: Concepts and Applications**
An introduction to calculus and its application to problems from the natural sciences and commerce.
Semester: One
Note: This course is not offered in 2023.
QMET 201 Biometrics
Populations and samples, estimation, analysis of variance, experimental design, regression, correlation and covariance, contingency tables, sampling methods. An introduction to computers and package usage.

Prerequisites: Five 100-level courses
Semesters: Two and January Summer School
Examiner: J. Tanner, Department of Agricultural Sciences

QMET 204 Analytics and Statistics for Business
Practical analytics and statistical tools and techniques to retrieve, visualise, analyse, and communicate data; transform data into actionable insights to inform data-driven decisions.

Prerequisite: QMET 103 or COMM 111
Restriction: QMET 201
Semester: Two
Examiner: P. Vatsa, Department of Global Value Chains and Trade

QMET 205 Mathematical Modelling and Quantitative Risk Analysis
Matrix methods to solve systems of algebraic equations, transformation matrices and eigenvalue problems. Solving single and multiple 1st order differential equations. Probability distributions and quantitative risk analysis by Monte Carlo simulation.

Prerequisite: QMET 102
Restriction: QMET 203
Semester: One
Examiner: D. Kulasiri, Department of Wine, Food and Molecular Biosciences

Note: This course is not offered in 2023.

QMET 306 Experimentation
The practical application of experimental method, design and analysis allowing students to gain experience and skills in understanding experimental techniques, data collection, statistical analysis and presentation. Interpretation of results and reference searching to allow communication of experimental results in written, verbal and graphic forms.

Prerequisites: Either: four 200-level courses including QMET 201; or: four 200-level courses plus QMET 103 or COMM 111.
Restriction: QMET 301
Semester: One
Examiner: J. Tanner, Department of Agricultural Sciences

QMET 307 Applied Statistical Methods
The theory, use and applications of advanced statistical methods, with particular emphasis on ANOVA, advanced experimental design and non-linear response curves.

Prerequisite: QMET 201
Recommended Preparation: QMET 203 or QMET 205
Semester: Two

Note: This course is not offered in 2023.
Recreation

RECN 110 Concepts in Sport and Recreation
An introduction to sport and recreation concepts, organisation, frameworks and sector roles. Professional development for sport and recreation management.
Restrictions: RECN 108 and RECN 109
Semester: One
Examiner: T. Kavanagh, Department of Tourism, Sport and Society

RECN 111 Professional Studies in Sport & Recreation Management
An introductory examination of leadership, management and work practices in the sport and recreation sectors.
Restrictions: RECN 108 and RECN 109
Semester: Two
Examiner: T. Kavanagh, Department of Tourism, Sport and Society
Note: this course includes a field trip.

RECN 213 Event Planning
An introduction to the principles and practices involved in the organisation and planning of events at a local, community level.
Prerequisites: Five 100-level courses
Recommended Preparation: One of BMGT 101, COMM 110, MKTG 101, MKTG 102, or RECN 110
Restriction: RECN 212
Semester: One
Examiner: C. Elliot, Department of Tourism, Sport and Society
Note: this course includes a field trip.

RECN 215 Adventure Tourism and Outdoor Recreation
An analysis of recreation and adventure in nature-based settings, including the sociological, social- psychological and social-geographical aspects of outdoor and adventure recreation, tourism and sport.
Prerequisites: One of RECN 109, 110 or TOUR 101, or: Five 100-level courses
Recommended Preparation: One of RECN 109, 110 or TOUR 101
Restriction: RECN 302
Semester: Two
Examiner: E. Stewart, Department of Tourism, Sport and Society

RECN 216 Principles of Physical Activity, Exercise and Health
An examination of the relationships between physical activity, exercise, fitness and health. The acute and chronic effects of exercise on human functioning and disease.
Prerequisites: Five 100-level courses
Recommended preparation: RECN 110, RECN 111
Semester: One
Examiner: M. Hamlin, Department of Tourism, Sport and Society
**RECN 217 Sport and Society**
The changing roles, expectations and organisation of sport. Relationships between changes in sport and changes in society. A critical reflection on the place of sport in contemporary society.

Prerequisite: Five 100-level courses  
Recommended preparation: RECN 110  
Restrictions: RECN 338  
Semester: Two  
Examiner: G. Ryan, Department of Tourism, Sport and Society

**RECN 341 Recreation and Tourism in Protected Natural Areas**
An examination of the human dimensions of protected natural area management, within the context of parks, recreation and tourism.

Prerequisites: Five 200-level courses, including one with a RECN or TOUR prefix  
Recommended Preparation: One of ECOL 103 or PHSC 107, BIOS 110 or 112, plus one of RECN 209, RECN 215 or TOUR 202  
Restrictions: RECN 327, RECN 302  
Semester: One  
Examiner: S. Espiner, Department of Tourism, Sport and Society  
Note: this course includes a field trip.

**RECN 343 Sport and Recreation Management**
Analysis of sport and recreation issues. The application of management principles to unique aspects of sports and recreation management, within the community, and at national and international levels.

Prerequisite: RECN 110 plus four 200-level courses  
Recommended Preparation: BMGT 101 or COMM 110  
Restriction: RECN 322  
Semester: One  
Examiner: C. Elliot, Department of Tourism, Sport and Society

**RECN 344 Event Management**
The management of events at a range of scales. Professional and strategic approaches to event management processes, from conceptualisation to evaluation. Event management theory and research.

Prerequisites: Five 200-level courses  
Recommended Preparation: One of BMGT 101, COMM 113 or ECON 113, COMM 110, MKTG 101, MKTG 102, plus one of RECN 213 or TOUR 202  
Restriction: MGMT 326  
Semester: One  
Examiner: Refer to the Head of Department of Tourism, Sport and Society  
Note: This course includes a field trip.

**RECN 345 Fundamentals of Sport and Exercise Science**
The science that underpins sport and exercise performance, including the theory and principles of training, the physiological consequences of playing and training for sport and the energy systems used during sport and exercise.

Prerequisites: Four 200-level courses  
Recommended Preparation: RECN 216  
Restriction: RECN 342  
Semester: One  
Examiner: M. Hamlin, Department of Tourism, Sport and Society
RECN 393 Practicum: Practical Experience in Sport and Recreation Management
Practical involvement in the sport and recreation industry.
Prerequisite: RECN 111 plus four 200-level courses
Recommended Preparation: RECN 213
Semester: Two
Examiner: C. Elliot, Department of Tourism, Sport and Society

Science

SCIE 393 Advanced Field Research
A field based approach to research; projects range from ecological research in a variety of ecosystems to addressing environmental issues using knowledge of key soil and water processes and the concept of sustainability in land management use. How to design a research project, collect and analyse data, application of models within a problem-based learning framework. How to communicate findings in oral and written form.
Prerequisites: Five 200-level courses, including at least one with an ECOL, PHSC, SOSC or WATR prefix.
Recommended Preparation: One from ECOL 293, PHSC 103, PHSC 210, PHSC 211, SOSC 106, SOSC 222, SOSC223, SOSC 224, WATR201, WATR 202.
Semester: One
Examiners: T. Curran and N Wells, Faculty of Agriculture and Life Sciences
Note: this course includes a field trip.

Social Science

SOCI 116 Society, Culture and Environment
An introduction to the workings of society including the impacts of various societal and global understandings and processes on the environment and society.
Restrictions: Both SOCI 114 and SOCI 115, but not SOCI 114 or SOCI 115 alone.
Semester: One
Examiner: R. Kerr, Department of Tourism, Sport and Society

SOCI 117 Introduction to New Zealand Government and Public Policy
How governments make decisions about law, regulation, policy and policy implementation. The role of public debate of these government decisions. How these decision patterns, implementation complexities and public debates affect day-to-day life in New Zealand.
Restrictions: SOCI 114, 205
Semester: Two
Examiner: G. Ryan, Department of Tourism, Sport and Society

SOCI 204 Research Methods
An introduction to social science research methods including both quantitative and qualitative methods with an emphasis on the design, implementation and analysis of survey research, participant observation and the interviewing and the integration of methods. Ethics in social science research.
Prerequisites: Five 100-level courses
Recommended Preparation: QMET 101 or COMM 111, plus one of SOCI 116 or SOCI 117
Semester: One
Examiner: G. Degarege, Department of Tourism, Sport and Society
**SOCI 214 The Living City**
The modern history of urbanisation and contemporary urban form, function and transformation. The contribution of human geography, sociology, political science, economics, planning and design to an understanding of the city.

Prerequisites: SOCI 116 or five 100-level courses
Recommended Preparation: SOCI 116
Restriction: ERST 304
Semester: Two
Examiner: G. Tavinor, Department of Tourism, Sport and Society

**SOCI 219 Themes In New Zealand History**
An examination of key social, political, environmental and economic developments in Aotearoa/New Zealand history from Polynesian settlement to the late twentieth century.

Prerequisite: Four 100-level courses
Recommended preparation: SOCI 116 and SOCI 117
Restrictions: SOCI 218
Semester: Two
Examiner: Refer to the Head of Department of Tourism, Sport and Society.

Note: This course is not offered in 2023.

**SOCI 303 International Rural Development**
International development in relation to rural communities in New Zealand and less developed countries. Strategies for sustainable rural community development: participatory development (including gender issues), poverty reduction and food security, rural micro-enterprise, adult education, extension, aid and aid programmes.

Prerequisites: Five 200-level courses
Semester: Two
Examiner: Refer to the Head of the Department of Tourism, Sport and Society

Notes: (i) This course includes a field trip
(ii) This course is not offered in 2023.

**SOCI 314 Professional Practice**
A critical study of issues in the provision of professional services in environmental management, planning and policy.

Prerequisites: Five 200-level courses
Restrictions: SOCI 315, LASC 415
Semester: Two
Examiner: Refer to the Head of Department, Environmental Management

Notes: This course is best taken in the third year of study.

**SOCI 315 Policy and Practice**
A critical study of processes involved in the development and implementation of policy and professional services in the recreation, sport, tourism and social sectors.

Prerequisites: Five 200-level courses
Restrictions: SOCI 314, RECN 214
Semester: Two
Examiner: R. Kerr, Department of Tourism, Sport and Society
SOCI 316 The Global Countryside
An exploration of the impact of globalisation on rural areas and small towns, and the responses of those who live, work and play in these locations.
Prerequisites: Four 200-level courses including one with a SOCI, ERST, LASC, RECN or TOUR prefix
Recommended Preparation: One of LINC 101, LINC 201, SOCI 116 or SOCI 214
Restriction: SOCI 308
Semester: Two
Note: This course is not offered in 2023.

Soil Science

SOSC 106 Soil Science I
An introduction to the principles of soil science. An outline of the properties of soil which are important to sustainable land use and environmental protection. Topics include: soil formation, soil as part of an ecosystem, soils in the New Zealand landscape, soil physical conditions, plant nutrient requirements, availability of soil nutrients, soil reactions, nutrient cycling, basic fertiliser forms and soil fertility concepts.
Semester: Two
Examiner: H. Di, Department of Soil and Physical Sciences

SOSC 222 Soil Science II
Prerequisite: SOSC 106
Recommended Preparation: PHSC 101
Semester: Two
Examiner: L. Condron, Department of Soil and Physical Sciences
Note: this course includes a field trip.

SOSC 223 Physical Landscapes: Formation and Function
Processes of landscape change, with a focus on catchments. Geomorphology, rate of landscape change, erosion, sedimentation, and natural hazards.
Prerequisite: One or more of PHSC 105, PHSC 107 or SOSC 106
Semester: Two
Examiner: P. Almond, Department of Soil and Physical Sciences
Note: this course includes a field trip.

SOSC 224 Soil Management
Prerequisite: SOSC 106
Semester: One
Examiner: H. Di, Department of Soil and Physical Sciences
Note: this course includes a field trip.
**SOSC 301 Advanced Soil Science**
Prerequisite: SOSC222 or SOSC224
Restrictions: SOSC342, SOSC343, PHSC318
Semester: Two
Examiner: P. Almond and L. Condron, Department of Soil and Physical Sciences

**SOSC 340 Advanced Soil Management**
Advanced methods of soil management. Sustainable soil management practices. Advanced principles and practices of soil and fertiliser management in agriculture and horticulture.
Prerequisite: SOSC 222 or 224
Semester: One
Examiner: J. Moir, Department of Soil and Physical Sciences

**Tourism**

**TOUR 101 Introduction to Tourism**
An introduction to the tourism industry including discussion of tourism’s global, national and regional significance, its various contributing industry sectors and the major development and management issues.
Restrictions: RECN 101, 102, 107
Semesters: One and January Summer School
Examiner: J. Fountain, Department of Tourism, Sport and Society

**TOUR 202 Tourism Systems**
Analysis of historical, cultural and political factors that contribute to tourism growth and decline. Analysis of the processes and impacts (social, environmental, economic) of tourism planning and development and application of these studies within New Zealand.
Prerequisites: Five 100-level courses including one of COMM 113 or ECON 113, ECON 110, RECN 110 or TOUR 101
Recommended Preparation: One of COMM 113 or ECON 113, ECON 110, RECN 110 or TOUR 101
Semester: Two
Examiner: D. Fisher, Department of Tourism, Sport and Society

**TOUR 203 Tourist Behaviour**
Social scientific perspectives on tourist behaviour, including tourist motivation and decision making, critical components of a tourist destination, attraction or event experience, and satisfaction and recollection of the tourist encounter.
Prerequisites: Five 100-level courses
Recommended Preparation: At least one course with a TOUR or PSYC prefix
Restrictions: TOUR 301
Semester: One
Examiner: D. Fisher, Department of Tourism, Sport and Society
Note: this course includes a field trip

**TOUR 303 Destination Planning and Development**
A critical examination of the planning and development of destinations for tourism and recreation. The role of national and local government in destination planning, and requirements and methods of public participation.
Prerequisites: TOUR 202 or five 200-level courses
Recommended Preparation: SOCI 204, SOCI 117, TOUR 201, TOUR 202
Restriction: TOUR 302
Semester: Two
Examiner: G. Degarege, Tourism, Sport and Society
Note: this course includes a field trip.

**TOUR 304 Heritage Interpretation for Tourism & Recreation**

Theories of interpretation and human development and learning theories appropriate for interpretation. Communication and media effectiveness, and the role of interpretation in heritage protection and management, and the tourist experience.

Prerequisites: Four 200-level courses
Recommended preparation: At least two courses with a TOUR or RECN prefix
Restriction: RECN 209
Semester: One
Examiner: S. Espiner, Department of Tourism, Sport and Society
Note: this course includes a field trip

**Valuation and Property Management**

**VAPM 101 Introduction to Property**

An introduction to urban and rural property. The physical, legal and economic characteristics of rural and urban property and their markets. The principles of value and property investment. The role of property professionals.

Semester: Two
Examiner: G. Squires, Department of Land Management and Systems

**VAPM 201 Principles of Urban Property Management**

Introduction to the theory, techniques and applications of urban property management.

Prerequisites: Four 100-level courses or VAPM 101
Recommended Preparation: VAPM 101, ENGN 105
Semester: One
Examiner: G. Squires, Department of Land Management and Systems
Note: this course includes field trips.

**VAPM 205 Real Estate Marketing and Management**

Legal, ethical, functional and managerial issues relating to real estate marketing and brokerage.

Prerequisites: Four 100-level courses or VAPM 101
Recommended Preparation: VAPM 101, ENGN 105
Semester: One
Examiner: J. Vesey, Department of Land Management and Systems

**VAPM 207 Applied Urban Valuation**

Application of the principles of valuation with an emphasis on urban valuation methodologies.

Prerequisite: VAPM 209
Recommended Preparation: ENGN 105, VAPM 101
Semester: Two
Examiner: M. Dow, Department of Land Management and Systems
Note: this course includes field trips.

**VAPM 208 Applied Rural Valuation**
Application of the principles of valuation with an emphasis on rural valuation methodologies.
Prerequisites: VAPM 209
Recommended Preparation: VAPM 101, ENGN 105 or MGMT 103
Semester: Two
Examiner: E. Percy, Department of Land Management and Systems

Note: this course includes field trips.

**VAPM 209 Principles Of Property Valuation**
The principles of the valuation of all major forms of real estate, industry structure, valuation standards and methodologies.
Prerequisite: VAPM 101 or four 100-level courses
Recommended preparation: VAPM 101, ENGN 105
Restrictions: Students who complete VAPM 207 or VAPM 208 prior to 2020 are restricted from VAPM 209
Semester: One
Examiner: E. Percy, Department of Land Management and Systems

Note: this course includes field trips.

**VAPM 308 Property Analytical Methods**
The application of research processes to property markets. The sourcing and analysis of market data.
Prerequisites: ECON 211 or any 200-level VAPM course
Recommended Preparation: 200-level VAPM course/s, ECON 211, MGMT 201, MGMT 214
Semester: One
Examiner: D. Dyason, Department of Land Management and Systems

Note: this course includes field trips.

**VAPM 309 Property Investment and Portfolio Analysis**
The analysis of individual property investments and property investment portfolios from both a financial and strategic point of view.
Prerequisites: VAPM 310
Recommended Preparation: VAPM 308
Semester: Two
Examiner: D. Dyason, Department of Land Management and Systems
VAPM 310 The Valuation of Investment Property
Application of the principles and methodologies for the valuation of urban investment property.
Prerequisites: FINC 101 plus one of VAPM 207 or VAPM 208
Recommended Preparation: VAPM 201, MGMT 201
Semester: Two
Examiner: M. Dow, Department of Land Management and Systems
Note: this course includes field trips.

VAPM 311 Urban Valuation
The study of advanced valuation theory and techniques applied in an urban context.
Prerequisite: VAPM 310
Recommended Preparation: VAPM 308
Semester: Two
Examiner: Refer to the Head of Department of Land Management and Systems
Note: this course includes field trips.

VAPM 312 Rural Valuation
The study of advanced valuation theory and techniques applied in a rural context.
Prerequisite: VAPM 310
Recommended Preparation: VAPM 308 and MGMT 102 or MGMT 216
Semester: Two
Examiner: E. Percy, Department of Land Management and Systems
Note: this course includes field trips.

VAPM 313 Property and Facilities Management
Strategic and sustainable facilities management applied to investment and corporate real estate assets.
Prerequisites: VAPM 201
Recommended Preparation: ECON 211, ENGN 232, VAPM 308 and VAPM 310
Semester: One
Examiner: Refer to the Head of Department of Land Management and Systems
Note: this course includes field trips.

VAPM 314 Property Development
The study and analysis of property development.
Prerequisites: VAPM 308
Recommended Preparation: LWST 302, VAPM 310
Semester: Two
Examiner: G. Squires, Department of Land Management and Systems
Note: this course includes field trips.
Water Resource Management

WATR 201 Freshwater Resources
Charterisation and assessment of freshwater resources and current stresses upon these. Topics will include: characteristics and vulnerability of the hydrological cycle, aquatic processes and aquatic ecosystems, cultural values, hazards, anthropogenic use, stresses and their effects on water quality, quantity, ecosystem health/diversity and future use, resource limitations and connections to economy, tools and techniques for resource assessment.
Prerequisites: Five 100-level courses
Semester: Two
Examiner: S. MacDonall, Department of Environmental Management

WATR 202 Water on Land: Quality and Quantity
Physical and chemical characterisation of the use of freshwater resources in agriculture. The methods of characterising and understanding the availability and the quality of surface and groundwater and their role in the environment. Special consideration is given to the requirements of the agricultural industry with regards to water availability and quality, and the effects that different forms of agriculture can have on the resource.
Prerequisite: Five 100-level courses, including one with a PHSC or SOSC prefix. Recommended preparation: PHSC101, PHSC103 and SOSC106
Semester: One
Examiner: N. Lehto, Department of Soil and Physical Sciences

WATR 203 Freshwater Science Field Skills
You will learn basic field and lab skills required to measure aspects of freshwater ecosystems, including physical habitats, water chemistry, algae, aquatic plants, freshwater invertebrates, and fish.
Prerequisites: You must satisfy the following requirement(s): EITHER a minimum of 60 credits from any 100, 200 or 300-level course; and a minimum of 15 credits from a course with either a BIOS, ECOL, PHSC, or WATR prefix; OR: an equivalent qualification or experience in a relevant field as determined by the course examiner.
Semester: November Summer School
Examiner: I. Barrett, Waterways Centre

WATR 301 Water Resource Management
Management of freshwater resources and current issues relating to the use of water. Topics will include: frameworks for water management, reconciling economic, environmental, social and cultural needs, conflicts over water resource use, legislative requirements, hazard management and mitigation, and future water uses.
Prerequisites: Three 200-level courses
Semester: One
Examiner: E. Challies, Department of Environmental Management
Note: This course includes a half-day field trip.

WATR 302 Water on Land: Application and Management
Application of surface and groundwater models for water management; irrigation concepts and technologies; impacts of agricultural land use; agricultural waste management.
Prerequisite: WATR201 or WATR 202
Recommended preparation: PHSC103
Semester: Two
Examiner: Refer to the Head of Department, Environmental Management
Note: This course is not offered in 2023
**Winegrowing**

**WINE 101 Introduction to the Winegrowing Industry**
An introductory examination of the grape and wine industry including production, marketing and tourism, with a New Zealand focus. Covered are the basics of grape growing and wine making, wine styles, current state of the industry, wine marketing and wine tourism.

Semester: Two
Examiner: O. Schelezki, Department of Wine, Food and Molecular Biosciences

Note: this course includes a field trip.

**WINE 201 Viticulture I**
Grapevine growth habit, form and cropping, physiology of vegetative growth, fruit development and maturation, nutrition and water relations. Role of rootstocks and cultivars and the interaction with macro-, meso- and micro-climates.

Prerequisites: WINE 101 and one of HORT 106 or PLSC 104
Recommended Preparation: SOSC 106
Restriction: HORT 212
Semester: One
Examiner: A. Parker, Department of Wine, Food and Molecular Biosciences

Note: this course includes a field tour.

**WINE 202 Principles of Wine Science**
The principles of wine science, including discussion of the physical and chemical properties of processing juice and wine, wine microbiology, fermentation, finishing, stabilisation and basic quality assessment by chemical and sensory means. Aspects of ‘cool climate’ wine-making.

Prerequisites: PHSC 101, WINE 101
Recommended Preparation: BIOS 110 Restriction: PHSC 208
Semester: One
Examiner: B. Tian, Department of Wine, Food and Molecular Biosciences

Note: (i) this course includes practical winemaking activities.
(ii) this course includes a field trip.

**WINE 301 Viticulture II**
Decision-making in the vineyard with emphasis on grapevine pruning and training, flowering, photosynthesis and the development of fruit flavour, aroma compounds and other phenolics. Strategic approaches to optimising vine performance and fruit composition.

Prerequisite: WINE 201
Restriction: HORT 327
Semester: Two
Examiner: A. Parker, Department of Wine, Food and Molecular Biosciences

**WINE 302 Wine Quality Assessment**
Wine quality assessment by sensory and chemical methods. Sensory analysis and the interpretation of results from taste panels.

Prerequisite: WINE 202
Restriction: PHSC 317
Semester: Two
Examiner: B. Tian, Department of Wine, Food and Molecular Biosciences
WINE 303 Science of Grapes and Wine
Current issues in the science of grapes and wine and practical experience with a viticulturally-based trial.
Prerequisites: WINE 201, 301
Recommended Preparation: PLPT 323 or PLSC 201 plus three other 200-level courses
Restriction: HORT 328
Semester: One
Examiner: Refer to the Head of Department, Wine, Food and Molecular Biosciences
Note: WINE 303 can be taken concurrently with WINE 301.
Note: This course is not offered in 2023.

WINE 304 Wine Chemistry and Technology
Prerequisite: WINE 202 Recommended Preparation: BICH 207
Restriction: BICH 335
Semester: Two
Examiner: L. Dias Araujo, Department of Wine, Food and Molecular Biosciences

(PREFIX) 393 Practicum: Practical Experience
Practical involvement in an agribusiness or commerce organisation.
Semester: Two
Notes: (i) The (PREFIX) 393 course can only be taken with prior approval of the Faculty Dean. Availability of suitable projects and supervisors mean places are limited. Students wishing to include (PREFIX) 393 in their programme of study are advised to consult an Academic Advisor as early as possible.
(ii) The reflective report may extend but not duplicate material covered in other courses and may not form the basis of any work submitted for credit in another course. Students must obtain the agreement of a Lincoln University staff member to supervise the placement and the topic must be approved by the student’s Academic Coordinator.
(iii) The prefix will reflect the topic area of the essay.
(iv) The prerequisites must reflect background appropriate to the discipline of the practical involvement and the reflective report.

(PREFIX) 398 Design or Research Essay
A critical examination of information based on a literature review on a selected topic, and the design or research implications of this review.
Prerequisites: Five relevant 200 and/or 300-level courses
Semester: One or Two
Contact Person: Refer to the Dean of the relevant Faculty.
Notes: (i) (PREFIX) 398/399 courses can only be taken with prior approval of the relevant Faculty Dean. Availability of suitable projects and supervisors mean places are limited. Students wishing to include (PREFIX) 398/399 in their programme of study are advised to consult an Academic Advisor as early as possible.
(ii) The research essay may extend but not duplicate material covered in other courses and may not form the basis of any work submitted for credit in another course. Students must obtain the agreement of a Lincoln University staff member to supervise the essay and the topic must be approved by the student’s Academic Coordinator.
(iii) The prefix will reflect the topic area of the essay.
**PREFIX 399 Research Placement**

Participation in a research project in collaboration with either an external organisation (in the public or private sector), or a researcher at Lincoln University, and submission of a research report reviewing pertinent literature and documenting the research undertaken and any conclusions reached.

**Prerequisites:** Five relevant 200 and/or 300-level courses
**Semester:** One or Two
**Contact Person:** Refer to the Dean of the relevant Faculty.

**Notes:**
(i) (PREFIX) 398/399 courses can only be taken with prior approval of the relevant Faculty Dean. Availability of suitable projects and supervisors mean places are limited. Students wishing to include (PREFIX) 398/399 in their programme of study are advised to consult an Academic Advisor as early as possible.
(ii) The criterion for admission to a research placement is normally a B average or higher in the prerequisite courses.
(iii) The research placement may extend but not duplicate material covered in other courses and may not form the basis of any work submitted for credit in another course. Students must obtain the agreement of a Lincoln University staff member to supervise the placement, and if appropriate, the agreement of an external organisation or individual to supervise the work and the topic must be approved by the student’s Academic Coordinator.
(iv) The prefix will reflect the topic area of the research project.
(v) The prerequisites must reflect background appropriate to the discipline of the research placement.

**Micro-Credential**

**SOSC 901 Soil Skills For Professionals 1: Profile Description and Interpretation**

Specific soil description knowledge, skills and interpretation in a practical setting; interpersonal and team skills.

**NZQF Level:** 7
**Credit:** 5

**Recommended Preparation:** foundation level of soil science knowledge (SOSC 106 or equivalent) **Contact Person:** C. Smith, Department of Soil and Physical Sciences

**Notes:**
(i) This is not normally credited to a qualification
(ii) The teaching period is outside the semester timetable.
(iii) Refer to the Contact Person in the first instance for enrolment advice.
Diploma Programmes

Diploma in Agriculture  Dip.Agr.
Diploma in Commerce  Dip.Com.
Diploma in Farm Management  Dip.Farm.Mgt.
Diploma in Horticulture  Dip.Hort.
Diploma in Organic Agri-Food Production*  Dip.OA-FP
Diploma in University Studies  Dip.U.S

* This programme is not offered in 2023

General Regulations for the Diplomas in Agriculture, Horticulture, Organic Husbandry, Farm Management, Horticultural Management and Organic Agri-Food Production

1. In these regulations, unless the context otherwise requires:
   ‘Diploma’ means the Diploma in Agriculture, Diploma in Horticulture, Diploma in Farm Management, Diploma in Horticultural Management and Diploma in Organic Agri-Food Production.

2. A candidate for the Diploma in Agriculture, Diploma in Horticulture or Diploma in Organic Agri-Food Production shall:
   (1) produce evidence of having been awarded Sixth Form Certificate or NCEA level 2 to a standard satisfactory to the Academic Board;
   (2) have completed to the satisfaction of the Academic Board a period or periods of practical work and, unless the Academic Board determines otherwise, have completed to the satisfaction of the Board a course of prescribed assignments; and
   (3) follow a course of study for not less than one year and pass the appropriate examinations.

3. A candidate for the Diploma in Farm Management or Diploma in Horticultural Management shall:
   (1) have met the requirements for the Diploma in Agriculture, Diploma in Horticulture, Diploma in Organic Husbandry, or with the approval of Academic Board an equivalent qualification;
   (2) have completed to the satisfaction of the Academic Board a period or periods of practical work and, unless the Academic Board determines otherwise, have completed to the satisfaction of the Board a course of prescribed assignments; and
(3) follow a course of study for not less than one year and pass the appropriate examinations.

Note: Candidates who have not completed in full the requirements of the Lincoln University entrance qualification may, with the approval of Academic Board, commence a composite course of study, wherein the candidate shall take the remaining subjects of the entrance qualification together with courses of the succeeding diploma.

4. (1) To qualify for the award of the diploma, a candidate shall be required to pass all the courses for the diploma.

(2) The personal course of study of any candidate shall comprise up to 60 credits in any one semester, provided that the Academic Board may, if it thinks fit, approve a course of study comprising more than 60 credits in any one semester. A course comprising more than 75 credits in any one semester may be approved by the Academic Board in exceptional circumstances only.

5. With the approval of Academic Board, a candidate for the Diploma in Farm Management or the Diploma in Horticultural Management may substitute up to 30 credits from courses listed in the Schedule of Bachelor’s Degree Courses at 100 or 200-level, for courses in the Schedule of Elective Courses.

6. Up to and including 2008, students were awarded a restricted pass (C- grade) for marks in the range 47%-49%. With the introduction of a new grading scale in 2009, the restricted pass was abolished. Students who were awarded a restricted pass prior to 2009 may credit it to their diploma according to the limitations placed on restricted passes as printed in the 2008 Lincoln University Calendar.

7. Candidates who have taken a course or courses for a university degree or diploma, or for a qualification deemed by the Academic Board to be equivalent thereto, substantially equivalent to a course prescribed by a diploma, and have reached a standard therein acceptable to the Academic Board, may be exempted from examination in such courses, subject to such conditions (if any) as the Academic Board may determine.

8. A diploma may be awarded with distinction.

9. All candidates for the Diploma in Organic Agri-Food Production must participate in Skills for Success, a programme of academic support which includes literacy, numeracy and study skills, concurrent with the schedule of courses.

Candidates for the Diploma in Organic Agri-Food Production whose academic progress is subject to review may be required to participate in the supplementary study management programme Skills for Degree, upon direction by the Academic Coordinator, University Studies.

10. The Vice-Chancellor, on the recommendation of the Academic Board, may relax or modify the application of the regulations for a diploma where undue hardship may be caused.

11. (1) These regulations came into force on 1 January 2005.

(2) Any candidate who has enrolled at Lincoln University for a diploma before 1 January 2005 shall complete the course of study under these regulations and shall be granted such credit and shall be subject to such restrictions as the Academic Board may determine.
Schedule to the Regulations for the Diplomas in Agriculture, Horticulture, Farm Management and Horticultural Management

All courses are the equivalent of 15 credits unless otherwise stated.

Part I: Diploma in Agriculture
The courses for the Diploma in Agriculture are:

or another Level 5 course with the permission of the Academic Coordinator.
Practical Work Regulations for the Agriculture and Horticulture Diplomas

1. It is a requirement of the various undergraduate diplomas awarded by the University, that candidates for these diplomas shall complete to the satisfaction of the Academic Board a period or periods of approved practical work.

2. Students who have completed their studies at other tertiary institutions that are relevant to the specific programme and which have appropriate learning outcomes, may seek to credit that study towards the practical work requirements for the Lincoln University qualification. Up to four weeks practical work credit may be awarded to each diploma for successful completion of accredited skills courses.

3. Details of the format of the Practical Work Reports required are set out in the Practical Work Handbooks, which will be provided to students after registration. Completed Practical Work Reports must be submitted to the Practical Work Coordinator not later than 31 March following the period of Practical Work. Any report considered by the Academic Board to have not met the required standard will be required to be revised and resubmitted. Any student wishing to graduate at the annual Graduation Ceremony must completed their Practical Work, and submit any Practical Work Report and Practical Work Record Sheets required by the preceding 20 February.

4. The Academic Board may, in relation to any candidate, approve practical work experience that does not in every particular satisfy the requirements of these regulations. Applications for special approval under this regulation are to be submitted in writing to the Academic Board or delegated authority.

5. **Diploma in Agriculture, Diploma in Horticulture, Diploma in Organic Agri-Food Production**

   Candidates for these diplomas shall complete 12 weeks of ‘full-time’ practical work, or an approved ‘part-time’ equivalent. The practical work must be spent on at least two different enterprise types with a minimum of four weeks (‘full-time’ equivalent) on one enterprise type. Students must complete at least half of this practical work in New Zealand.

6. **Diploma in Farm Management and Diploma in Horticultural Management**

   Candidates for these diplomas shall complete 44 weeks of ‘full-time’ practical work, or an Approved ‘part-time’ equivalent, in addition to the requirements for the Diplomas in Agriculture or Horticulture. This practical work must be completed on at least two different enterprise types, with a minimum of 22 consecutive weeks of ‘full-time’ work completed on one enterprise. Normally this practical work will be completed before the start of the diploma. Students must complete at least half of this practical work in New Zealand.
General Regulations for the Diploma in Horticultural Business

Note: The Diploma in Horticultural Business is an online qualification

Before entry to a course of study for the diploma, a candidate shall hold a University Entrance qualification, or equivalent.

A candidate for the diploma shall follow a course of study for not less than one year and completed to the satisfaction of the Academic Board.

To qualify for the award of the diploma, a candidate shall be required to pass all the courses for the diploma as listed in the Schedule of Courses to these Regulations.

1. The diploma may be awarded with Distinction.
2. These regulations came into force from 1 January 2021.

2023 Programme for the Diploma in Horticultural Business

**Term One: Tuesday 7 February - Friday 14 April**
HORT 108 Introduction to Horticultural Management
MGMT 107 Horticultural Resource Planning: Production and Labour Management

**Term Two: Monday 24 April - Friday 30 June**
MKTG 103 Horticultural Supply Chain Management
MKTG 104 Horticultural Marketing

**Term Three: Monday 10 July - Friday 15 September**
MKTG 105 Global Trends and New Market Opportunities in Horticulture
MKTG 106 Innovation and New Product Opportunities in Horticulture

**Term Four: Monday 25 September - Friday 1 December**
MGMT 108 Horticultural Financial Management
MGMT 109 Business Planning and Legislation in Horticulture
General Regulations for the Diplomas in Applied Science, Commerce and Natural Resources

1. In these regulations, unless the context otherwise requires:

2. Before entry to a course of study for the diploma, an applicant shall hold an entrance to university qualification.

3. A candidate for the diploma shall follow a course of study, as laid down in these regulations, for not less than two semesters.

4. (1) The courses of examination for the diplomas are: 120 credits chosen from the appropriate schedule listed below. It should be noted that the prerequisites set out in the degree schedules will apply.
   (2) With the permission of the Academic Board, a candidate may substitute for courses listed in the appropriate schedules up to 45 credits from courses listed in the schedules to other degree programmes found elsewhere in the Calendar.

5. (1) A candidate who completes the diploma and who subsequently enrols in a Bachelor’s degree at Lincoln University may credit to the degree up to 30 credits of those passed as part of the course of study for the diploma.
   (2) Subject to (a) and (b) below, and with the permission of the Academic Board, a candidate who completes the diploma at a sufficiently high standard and who subsequently enrols in a Bachelor’s degree at Lincoln University may credit to the degree any courses taken at the appropriate level of those passed as part of the course of study for the diploma provided that:
      (a) the diploma has not been presented to the candidate; or
      (b) if the diploma has been presented to the candidate, then the candidate surrenders the diploma and the award of the diploma is removed from the candidate’s record.

Schedule to the Regulations for the Diplomas in Applied Science, Commerce and Natural Resources

Part I: Diploma in Applied Science
The courses for the Diploma in Applied Science are:
120 credits at the 100 or 200-level chosen from courses listed in the schedules to the regulations for the degree of:
  • Bachelor of Agricultural Science
  • Bachelor of Science

Part II: Diploma in Commerce
The courses for the Diploma in Commerce are:
120 credits at the 100 or 200-levels chosen from courses that have the following prefix: ACCT, BMGT, COMM, ECON, FINC, LINC, MGMT, MKTG, VAPM.

Part III: Diploma in Natural Resources
The courses for the Diploma in Natural Resources are:
120 credits at the 100 or 200-level chosen from courses listed in the schedules to the regulations for the degree of:
• Bachelor of Environment and Society
• Bachelor of Environmental Management
• Bachelor of Environmental Policy and Planning
• Bachelor of Landscape Architecture
• Bachelor of Sport and Recreation Management
• Bachelor of Tourism Management

General Regulations for the Diploma in University Studies

1. Before entry to a course of study for the Diploma in University Studies, an applicant shall be approved as a candidate by the Vice-Chancellor.
   (a) In determining admission, the Vice-Chancellor will take account of each applicant’s previous studies and other indicators of potential for successful study.
   (b) Every candidate shall satisfy the Vice-Chancellor of his or her English language proficiency.

2. A candidate for the diploma shall follow a course of study, as laid down in these regulations, for not less than two semesters.

3. With the approval of the Academic Board, a candidate completing a three-semester programme may substitute for level 4 courses listed in the schedule up to 30 credits at level 4 from courses listed in the schedule to the Certificate in University Studies, provided these credits have not previously been awarded for the Certificate.

4. (1) In order to qualify for the award of the diploma, a candidate enrolled in the three-semester programme must gain at least 50% in LUAC 010, achieve at least 50% for a further 30 credits at level 4 from the schedule or approved substitutes, and at least 50% for a further 135 credits at level 5 from the schedule.
   (2) A candidate enrolled in the two-semester programme must achieve 50% or higher in 120 credits at level 5 from the schedule.

5. A candidate who completes the diploma and who subsequently enrols in a Bachelor’s degree at Lincoln University may credit to the degree up to 135 level 5 credits of those passed as part of the course of study for the diploma.

Course Prescriptions for the Diplomas in Agriculture, Horticulture, Horticultural Management, Farm Management and Organic Agri–Food Production

Note: The inclusion of a course in this Schedule does not guarantee that it will be offered in 2023. This information is correct at the time of printing; it is possible that some changes to course details may be made after this date. Examination dates and times are published on the Lincoln University website at the end of week five in each semester.

Unless otherwise stated, these courses are worth 15 credits with an EFTS value of 0.125.

Animal Science

ANSC 021 Livestock Production Systems
Evaluation of the physical and environmental factors influencing animal production systems. An understanding of variation in performance within and between populations of farmed livestock. Seasonal operations and management of animals.
Semester: Two
Contact Person: Refer to the Head of Department of Agricultural Sciences

ANSC 071 Beef and Deer Production
A study of the practical management systems and underpinning theory involved in the nutrition, reproduction, growth and health of beef cattle and deer. Factors affecting level of production.
Semester: Two
Contact Person: Refer to the Head of Department of Agricultural Sciences

ANSC 072 Dairy Production
A study of the concepts and management systems involved in the nutrition, breeding, reproduction, carcase growth and development of dairy cattle, and the factors influencing performance. Factors affecting milk quality.
Semester: One
Contact Person: O. Al-Marashdeh, Department of Agricultural Sciences

ANSC 073 Sheep Production
A study of the concepts and management systems involved in the nutrition, breeding, reproduction, animal health, carcase growth and development, wool growth and the factors influencing performance.
Semester: One
Contact Person: Refer to the Head of Department of Agricultural Sciences
**Biological Science**

**BIOS 021 Plant and Animal Health**
An introduction to the biology and management of pest and pathogenic organisms of horticultural and agricultural crops and pastures. Introduction to agrichemicals, their safe and efficient use. Common diseases of farmed livestock, principles of disease prevention, treatments and control.

Restriction: BIOS 022
Semester: Two
Contact Person: Refer to the Head of Department of Pest Management and Conservation

**BIOS 022 Plant Health**
An introduction to the biology and management of pest and pathogenic organisms of horticultural and agricultural crops. Introduction to agrichemicals, their safe and efficient use. Common pests and diseases in horticultural crops, their development, spread and control.

Restriction: BIOS 021
Semester: Two
Contact Person: Refer to the Head of Department of Pest Management and Conservation

**BIOS 023 Plant and Animal Health For Organics**
An introduction to the biology and control of insects, plant diseases and weeds and to disease prevention and animal health of farmed livestock, in the context of organic primary production.

Restrictions: BIOS 021, BIOS 022
Semester: Two
Contact Person: Refer to the Head of Department of Pest Management and Conservation

Note: This course is not offered in 2023.

**BIOS 073 The Science and Practice of Organics**
A study of the role of organic production science and practice in modern agriculture, focusing on the ecological basis for organic growing, market considerations and environmental awareness within farming systems.

Semester: One
Note: This course is not offered in 2023.

**Computing and Communication**

**COMP 021 Computing and Communication**
Computing, communication and study skills necessary for successful university study at diploma level.

Semester: One
Contact Person: R. Moreham, School of Landscape Architecture
Engineering

ENGN 023 Engineering I
An introduction to some engineering applications. Structures, materials and building technology, water technology, land information systems and surveying, machines and electricity, engineering impacts and hazards.
Semester: Two
Contact Person: M. Safa, Department of Land Management and Systems

ENGN 076 Engineering II
The development and management of agricultural and horticultural water resources, machinery, fencing and crop support structures.
Semester: One
Contact Person: M. Safa, Department of Land Management and Systems

Forestry

FORS 070 Applied Agroforestry
The characteristics of trees suitable for landscape conservation, shelter or timber production on New Zealand farms. Woodlots, management and harvesting; design and maintenance of shelter, landscape and conservation plantings; safety, economic and legal issues.
Semester: One
Contact Person: J. Knook, Department of Land Management and Systems
Note: This course includes field trips.

Horticulture

HORT 022 Propagation and Nursery
The principles and practices of plant propagation and container growing.
Restriction: HORT 021
Semester: One
Contact Person: J. Reader, Department of Land Management and Systems
Note: This course includes field trips.

HORT 071 Amenity Horticulture
The principles and practices associated with plant selection. Establishment, care and maintenance for amenity horticulture purposes. Turf and arboriculture.
Semester: One
Contact Person: J. Reader, Department of Land Management and Systems
Note: This course includes field trips.

HORT 072 Fruit Crop Production
The principles and practices of commercial fruit crop establishment and production. Important fruit crops and their crop management
Semester: Two
Contact Person: J. Reader, Department of Land Management and Systems
Note: This course includes field trips.
Management

MGMT 024 Farm Management Systems A
An introduction to the principles of commercial management, production economics and enterprise budgeting. An introduction to New Zealand farming systems and the multi-disciplinary nature of agriculture. A series of field case studies.
Restrictions: MGMT 021, 023
Semester: One
Contact Person: C. Trotter, Department of Land Management and Systems
Note: This course includes field trips.

MGMT 025 Farm Management Systems B
An introduction to the principles of financial management in agriculture, including investment analysis, land purchase, debt servicing and accounting. An introduction to specific pastoral and arable systems in New Zealand agriculture. A series of field case studies.
Restrictions: MGMT 021, 023
Semester: Two
Contact Person: C. Trotter, Department of Land Management and Systems
Note: This course includes field trips.

MGMT 026 Horticultural Management Systems A
An introduction to the principles of commercial management, production economics and enterprise budgeting. An introduction to a range of horticultural enterprise systems. Identification of the major components in different horticultural enterprise systems and the relationships between them. A series of field case studies.
Restrictions: MGMT 022, 023
Semester: One
Contact Person: Refer to the Head of Department of Land Management and Systems
Note: This course includes field trips.

MGMT 027 Horticultural Management Systems B
An introduction to the principles of financial management in horticulture, including investment analysis, land purchase, debt servicing and accounting. The study of horticultural production and management systems. A series of field case studies of selected horticultural enterprise systems.
Restrictions: MGMT 022, 023
Semester: Two
Contact Person: G. Jain, Department of Land Management and Systems
Note: This course includes field trips.

MGMT 028 Organics Management
A practical and theoretical introduction to crop management, marketing and certification in the context of organic primary production.
Recommended preparation: BIOS023 and/or SOSC021
Semesters One and Two
Note: This course is not offered in 2023.
**MGMT 072 Horticultural Management** (60 CREDITS)
Analysis and planning in horticultural business enterprises; case studies of selected horticultural businesses and organisations. Reviews of industry organisations and contemporary industry issues. Labour management, employment relations and issues. Aspects of land law relevant to horticulture.
Restrictions: MGMT 071, 078, 079
Semesters One and Two
Contact Person: C. Kerr, Department of Land Management and Systems
Note: this course includes field trips and a field tour. (EFTS value: 0.500)

**MGMT 073 Farm Management** (60 CREDITS)
Land purchase and ownership; financial management including budgeting and credit control; development planning and financing; investment analysis; risk and uncertainty; micro-computer use; decision modelling and business forecasting; servicing and political organisations; taxation management; machinery ownership: financing and replacement; the management of labour.
Semesters One and Two
Contact Person: D. Smith, Department of Land Management and Systems
Note: this course includes field trips and a field tour. (EFTS value: 0.500)

**Plant Science**

**PLSC 021 Plant Studies**
Semester: Two
Contact Person: J. Reader, Department of Land Management and Systems

**PLSC 024 Plant Husbandry**
Structure and function of agriculturally important plants. Farming systems in New Zealand and the role of pastures and crops in those systems. Factors affecting yield, quality and management of pastures and crops.
Semester: One
Contact Person: B. McKenzie, Department of Agricultural Sciences

**PLSC 071 Annual Crop Production**
Principles of intensive crop production with specific examples taken from general, new and novel crops as well as a selection of either vegetable or field crops.
Semester: One
Contact Person: P. Hendricks, Department of Agricultural Sciences
PLSC 074 Pasture Management
Factors affecting pasture supply to grazing animals. Factors affecting the harvest and utilisation of pasture by grazing animals. Grazing systems. Feed planning and feed deficit management. Pastures for intensive and extensive grazing systems. Weed control in pastures. Pasture conservation.
Semester: Two
Contact Person: A. Black, Department of Agricultural Sciences

Science

SCIE 024 Introduction to Organics
An introduction to the principles, development and practice of organics in the context of modern primary production.
Semester: Two
Restrictions: BIOS 073

Soil Science

SOSC 021 Soils and Soil Management
An introduction to the nature and properties of soils. Soil descriptions and resource information. Soil-plant-animal relationships. Factors influencing chemical and physical aspects of soil fertility and techniques for managing them.
Semester: One
Contact Person: R. McLenaghen, Department of Soil & Physical Sciences
Diploma in Horticultural Business Course Prescriptions

All courses are worth 15 credits with an EFTS value of 0.125

**HORT 108 Introduction to Horticultural Management**
Introduction to the horticultural industry, horticultural systems and strategic horticultural business management.

Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.

Examiner: M Rombach, Department of Land Management and Systems

Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

**MGMT 107 Horticultural Resource Planning: Production and Labour Management**
An introduction to the four functions of management, planning, organising, leadership and control and their application in the horticultural industry.

Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.

Examiner: A Bailey, Department of Land Management and Systems

Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

**MGMT 108 Horticultural Financial Management**
The use of financial information for decision-making in the horticultural sector.

Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.

Examiner: B Greig, Department of Land Management and Systems

Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

**MGMT 109 Business Planning and Legislation in Horticulture**
Preparation of a practical strategic business plan for a horticultural business.

Prerequisites: HORT 108, MGMT 107, MKTG 103, MKTG 104, MKTG 105 and MKTG 106

Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.

Examiners: A Bailey, Department of Land Management and Systems

Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.
MKTG 103 Horticultural Supply Chain Management
An introduction to supply and value chain management in the horticultural sector.
Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.
Examiner: M. Rombach, Department of Land Management and Systems
Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

MKTG 104 Horticultural Marketing
An introduction to the strategic use of marketing and communication tools in horticulture.
Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.
Examiner: D Dean, Department of Agribusiness and Markets
Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

MKTG 105 Global Trends and New Market Opportunities in Horticulture
The influence of international trends in the political, cultural and regulatory environment on horticultural businesses.
Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.
Examiner: T Baird, Faculty of Agribusiness and Commerce
Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.

MKTG 106 Innovation and New Product Opportunities in Horticulture
Drivers of innovation and the application of innovation in the horticultural sector.
Restriction: Enrolment in this course is restricted to students enrolled in the Diploma in Horticultural Business programme.
Examiner: H. Gow, Department of Agribusiness and Markets
Note: This course is taught fully online. All materials and assessments are online. Students are asked to ensure they have the appropriate technology requirements to be able to access this course.
Diploma in University Studies
Course Prescriptions

LUAC 010 Academic Communication and Study Skills
Language, research and writing skills for successful study, in the context of practical
study skills for academic success and lifelong learning.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restriction: LUFS 019, SOCI 063

LUAC 011 Mathematics and Statistics for Tertiary Study 2
Algebra, calculus and their application. Statistics and their critical use.
Restrictions: LUFS 010, LUFS 022

LUAC 012 Business and Economics
An introduction to the world of business, financial information and microeconomics.
Restrictions: LUFS 013, LUFS 016

LUAC 013 Science for Tertiary Study
Principles of chemistry, physics and biology and their application to real-world situations.
Restriction: LUFS 026

LUAC 014 Te-Tū-Ā-Uri: Introduction to Māori Culture and Society
An overview of Māori culture and its expression in contemporary Aotearoa/New Zealand
society, together with an introduction to the Treaty of Waitangi.
Restrictions: LUFS 028, LUFS 031
Note: This course is not offered in 2023.

LUAC 015 Land and Environment
An introduction to land and environment in the context of Aotearoa/New Zealand.
Restriction: LUFS 025
Certificate Programmes

Certificate in Commerce  Cert.Com.
Certificate in University Studies  Cert.U.S.
Pathway Certificate for MPA Entry

The Advanced Certificate in University Studies is an exit qualification for students enrolled in the Diploma of University Studies. Students will not normally enrol directly in the Advanced Certificate.

1. Before entry to a course of study for the Advanced Certificate in University Studies, an applicant shall be approved as a candidate by the Vice-Chancellor.
   a. In determining admission, the Vice-Chancellor will take account of each applicant's previous studies and other indicators of potential for successful study.
   b. Every candidate shall satisfy the Vice-Chancellor of his or her English language proficiency. A candidate for the Advanced Certificate in University Studies shall follow the approved course of study for one semester.

2. With the approval of the Academic Board, a candidate may substitute for courses listed in the schedule up to 30 credits at level 4 from courses listed in the schedule to the Certificate in University Studies, provided these credits have not previously been awarded for the Certificate.

3. In order to qualify for the award of the certificate, a candidate must gain at least 50% in LUAC 010, achieve at least 50% for a further 30 credits at level 4 from the schedule or approved substitutes, and at least 50% for a further 15 credits at level 5.

4. In order to qualify for the award of the certificate, a candidate must gain at least 50% in LUAC 010, achieve at least 50% for a further 30 credits at level 4 from the schedule or approved substitutes, and at least 50% for a further 15 credits at level 5.

5. (1) Students who successfully complete the Advanced Certificate programme will be granted admission ad eundem statum to degree study.
   (2) A candidate who completes the Advanced Certificate in University Studies and who subsequently enrolls in a Bachelor’s degree at Lincoln University may credit to the degree the 15 credits passed at level 5 for the certificate.

Pathway Certificate for MPA Entry

(Level 6 certificate)

1. Every candidate for the Pathway Certificate for MPA Entry shall fulfil the following conditions:
   a. possess a New Zealand level 7 Bachelor’s degree or recognised equivalent, with a B average or better;
   b. possess IELTS 6.5 (no individual band less than 6.0);
   c. may be required to meet the eligibility requirements of CPA Australia for admission to the CPA Foundation Programme embedded in this qualification.

2. A candidate enrolled in the Pathway Certificate for MPA Entry may also be required to enrol in the relevant CPA Australia’s Foundation courses and make the appropriate payment for such enrolment to CPA Australia.

3. The course of study of every candidate for the Pathway Certificate for MPA Entry shall comprise 60 credits and shall not be less than one full-time semester.

4. A candidate who has been admitted to the Pathway Certificate for MPA Entry shall pass examinations in the courses listed in Schedule A to these Regulations. This may include the relevant CPA Foundation Examinations conducted by CPA Australia.

5. This programme is a pathway into the Master of Professional Accounting (CPA) programme, and therefore entry is restricted to students intending to enrol in the Master of Professional Accounting (CPA) programme.

Notes:  

i. All courses are valued at 10 credits each.

ii. Course details are listed in the Schedule of Bachelor’s Degree Course Prescriptions.
Course Prescriptions for the Certificate and Advanced Certificate in University Studies.

LUAC 001 Language and Writing for Tertiary Study
English language for tertiary study, with introductory academic writing and research skills.
Prerequisite: IELTS 5.0 with no individual component less than 5.0
Restrictions: LUFS 004, LUFS 019, LUAC 010

LUAC 002 Mathematics and Statistics for Tertiary Study 1
Basic mathematical skills in algebra for tertiary study and an introduction to the calculation and summarisation of statistical data.
Prerequisite: IELTS 5.0 with no individual component less than 5.0
Restrictions: LUFS 010, LUFS 022, LUAC 011

LUAC 003 Communication and Information Technology
The practical development of communication, learning and study skills for academic success, together with information technology for tertiary study.
Prerequisite: IELTS 5.0 with no individual component less than 5.0
Restrictions: LUFS 001, LUFS 007

LUAC 004 Environments, Economies and Numeracies
An introduction to environmental studies and economics for tertiary study, together with fundamental numeracy and geometry.
Prerequisite: IELTS 5.0 with no individual component less than 5.0
Restrictions: LUFS 010, LUFS 016, LUFS 025, LUAC 011, LUAC 012, LUAC 015

LUAC 005 Te Tuatea: Introduction to Mahika Kai
An introduction to mahika kai and key related concepts and locations.
Note: This course is not offered in 2023.

LUAC 010 Academic Communication and Study Skills
Language, research and writing skills for successful study, in the context of practical study skills for academic success and lifelong learning.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restrictions: LUFS 019, SOCI 063

LUAC 011 Mathematics and Statistics for Tertiary Study 2
Algebra, calculus and their application. Statistics and their critical use.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restrictions: LUFS 010, LUFS 022

LUAC 012 Business and Economics
An introduction to the world of business, financial information and microeconomics.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restrictions: LUFS 013, LUFS 016
**LUAC 013 Science for Tertiary Study**
Principles of chemistry, physics and biology and their application to real-world situations.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restriction: LUFS 026

**LUAC 014 Te-Tū-Ā-Uri: Introduction to Maori Culture and Society**
An overview of Māori culture and its expression in contemporary Aotearoa/New Zealand society, together with an introduction to the Treaty of Waitangi.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restriction: LUFS 028, LUFS 031
Notes:  
i. This course includes a field trip
   ii. This course is not offered in 2023

**LUAC 015 Land and Environment**
An introduction to land and environment in the context of Aotearoa/New Zealand.
Prerequisite: IELTS 5.5 or equivalent with no less than 5.5 for reading and writing
Restriction: LUFS 025
Equal Opportunities
Lincoln University is committed to a policy of equal opportunity in the provision of education and employment. The University seeks to provide equal access and encouragement in areas of recruitment, enrolment, selection, promotion, conditions of employment and career development. The aim is to enable people to pursue their education and careers without their opportunities being reduced by factors that are irrelevant to the requirements of these studies and careers, for example: race, gender, marital or parental status, age, religious or political beliefs, country of origin, physical disability and sexual orientation.

The University is committed to monitoring the application of equality of opportunity.

Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021
Lincoln University has agreed to observe and be bound by the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 published by the Ministry of Education. Copies of the Code are available on request from this institution or from the New Zealand Ministry of Education website at www.nzqa.govt.nz/assets/Providers-and-partners/Code-of-Practice-NZQA.pdf

Immigration
Full details of visa and permit requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available through Immigration New Zealand, and can be viewed on its website at www.immigration.govt.nz.

Eligibility for Health Services
Most international students are not entitled to publicly funded health services while in New Zealand. If international students receive medical treatment during their visit, they may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on its website at www.health.govt.nz.

Accident Insurance
The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but international students may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at www.acc.co.nz.

Medical and Travel Insurance
International students must have appropriate and current medical and travel insurance while studying in New Zealand.
Summer School
Lincoln University offers some courses over the summer period. The Summer School comprises two five week teaching periods, commencing in early November and early January respectively. Some taught Masters courses may be offered over the combined November and January Summer School sessions.

Courses for Summer School will be advised on the Lincoln University website.

Scholarships
Particulars of scholarships may be found on our website www.lincoln.ac.nz/scholarships. Details of the regulations for the awards administered by Universities New Zealand may be found at their website: www.universitiesnz.ac.nz.

The names of scholarships and prize winners are listed in the annual graduation booklet.

Residential Accommodation
Applications for residential accommodation open on 1 August and close on 1 October. Students can apply online at www.lincoln.ac.nz. Offers of place are sent in early October and students must respond within two weeks.
