Doctor of Philosophy (PhD) at Lincoln University

New Zealand’s leading land-based university
Why a Lincoln University PhD?

Top 26% of all universities globally*

Best lecturer to student ratio in New Zealand

17th rated for small universities in the world*

*2023 QS World University rankings

Through our own research, as well as our collaborations with the world leading research institutes such as Plant & Food Research and AgResearch, we have more academics producing more world-class research than any other New Zealand university relative to size

46th globally ranked* for research, teaching and commitment towards SDG Goal 2 (zero hunger)

*THE impact rankings 2022

51st in 2021 UI GreenMetric World University Rankings measuring sustainability

Most successful research university in New Zealand in terms of research income per full-time academic staff member
As a PhD student, you’ll belong to one of our faculties and be supported by committed staff, and have the opportunity to work closely with academics, industry, iwi and government and benefit from an environment that challenges and rewards in many ways.

Within an individually designed three-year research programme, not requiring course work, we help you to reach new levels of thinking, study and research and work closely with your supervisory research team to identify your goals and monitor your progress. And you’ll have plenty of contact with industry experts and specialists in your area of study.

We also have a PhD student networking group on campus where students get together regularly to meet students from other faculties and research centres.

Lincoln University Centres of Excellence

Our Centres of Excellence address questions representing Lincoln University’s contribution to a grand challenge confronting society.

- Designing Future Productive Landscapes
- Food for Future Consumers
- Sustainable Tourism for Regions, Landscapes and People (CoEST)
- One Biosecurity Research, Analysis and Synthesis (COBRAS)
- Transformative Agribusiness

Postgraduate School

Lincoln University also co-hosts a joint postgraduate school within Food Transitions 2050, a new strategic partnership initiative between five research organisations located in the Canterbury region: AgResearch, Manaaki Whenua - Landcare Research, Plant & Food Research, Lincoln University and the University of Canterbury.

The school is a virtual community of PhD students and their university/Crown Research Institute (CRI) supervisory teams, conducting cross-disciplinary research to support the transition of our regional, national and international food systems to a future, more sustainable, state.

Doctoral Scholarships

A Lincoln University Doctoral Scholarship is one of the most prestigious in Aotearoa New Zealand.

It will help you to further expand your knowledge and potential through PhD study and research and is awarded purely on your academic ability and study achievements to date.

Four Doctoral scholarships are offered annually.

Scholarship value is $28,000 annually for a maximum of three years, paid in fortnightly instalments, plus tuition fees.

Applications close 1 October.

Research Opportunities

We lead research and development for the benefit of the primary sector, and own nine farms and host 17 research centres to provide an environment that enables students and researchers to grow into their potential

**PhD entry requirements**

An appropriate and relevant postgraduate Honours or Master’s degree awarded with at least second-class honours, division one or equivalent (a grade average of a B+ or higher).

In addition, your previous qualification must include a significant research component, such as a project, dissertation or thesis, requiring at least 40 credit equivalents of research skills in your previous qualification.

If English is not your first language, you will need to provide evidence that you are able to meet the English language requirements for admission to Lincoln. If you don’t currently have this, you can provide it to us later.

**English for Academic Purposes (EAP)**

EAP can be undertaken on-campus or online via Zoom, to prepare you for successful postgraduate study.

The programme will give you the skills you need for future study or a career, and to meet the English language entry requirements for our academic programmes. You will not be required to sit any other test, such as IELTS or TOEFL.

**Tuition Fees**

Domestic fee PhD - per 120 credits NZD$7650.

You may apply for admission at any time during the year, from here or overseas, but you must commence your study in New Zealand.

International PhD students are usually eligible for domestic fees. You must be living in New Zealand to be classified as a domestic student and pay domestic tuition fees. If you don’t meet the domestic tuition criteria, international tuition fees will apply.

In addition to Domestic Tuition Fees, there is also an annual Student Services Fee.

International students will need to be able to meet living costs of approximately NZD$20,000 per year. They are also required to have approved medical and travel insurance.

Accommodation is not covered in study fees.

**Intake semesters**

PhD students can start at any time during the year where there is mutual agreement with your supervisor and you are not restricted to semester starts.

**How to apply**

The first step is to ensure that you meet the entry criteria. Find out here www.lincoln.ac.nz/phd

Confirm that your research area can be catered for at Lincoln University by checking the list of available supervisors here www.lincoln.ac.nz/supervisors

**Lincoln and the Canterbury region**

**Welcome to Canterbury**

Our campus is located in the Lincoln township, on the Canterbury plains.

Lincoln is small and very friendly. It boasts local pubs, great cafés and eateries, shops and even its own farmers and craft market.

Twenty minutes away is Ōtautahi Christchurch, which is transforming itself into one of the world’s most sustainable cities. Its rapidly evolving culture and energy makes it ideal for students.

And no more than a couple of hours from Ōtautahi Christchurch, Canterbury offers a huge range of exciting recreational options in areas of incredible natural beauty – you can bungy jump, hike, ski, mountain bike, raft, surf, swim, play golf, shop, visit wineries and gardens, and so much more.

**Choosing Lincoln University**

At Lincoln, we’ve got a solid reputation for offering the finest, most industry-relevant learning programmes. And we’d like to make you a part of that.

As New Zealand’s leading land-based university, our specialised subject areas are all about harnessing the value of the land to help make the world a better place.

We’re the smallest university in New Zealand, which means a more personal learning environment, extra face time with lecturers and a friendly atmosphere.
