

LINCOLN UNIVERSITY

THE C.H. CROKER MEMORIAL SCHOLARSHIP

This award was established in memory of the late C.H. Croker and is intended to recognise students enrolled in agricultural based programmes at Lincoln University who come from the Wairarapa region.

Charles Harry (Geof) Croker Dip VFM. FNZIV. JP.

Geof was a widely respected rural valuer, farm consultant and farmer based in the Wairarapa for more than 38 years.

After attending Palmerston North Boys High School from 1945-48 Geof was selected as a Lincoln College Rural Field Cadet for a period of 5 years. He played for the College 1st XV from 1952-53 and completed a diploma in Valuation & Farm Management in 1953. He then worked as a Field Supervisor in the North Auckland Maori Affairs Department and later as a stock agent for Wright Stephensons based in Whangarei. He married Dorothy in 1956.

Geof had always held a strong ambition to go farming and in 1957 took up a position as shepherd on Waorongomai Station in the Wairarapa which he held for 2 years before moving to manage Pukeokahu Station, a 2200ha hill country property north east of Taihape. In 1961 he achieved his ambition to farm on his own account by purchasing 380ha of reverted hill country in North Wairarapa. He also began practicing as a rural valuer and farm supervising consultant and registered as a valuer in 1963. He was awarded a Fellowship of the NZ Institute of Valuers in 1979 and registered as a farm management consultant shortly after that when The Society of Farm Management first introduced registration.

After fully developing his North Wairarapa property he sold it in 1974 and purchased two hill country properties in South Wairarapa. He actively farmed both properties while continuing to operate his valuation and farm management practice which by 1995 had included full supervision and development responsibilities for at least eight large Wairarapa stations. In 1982 he began scaling down his own farming operation in order to assist his two sons into farming and six years later gave up active farming altogether to concentrate solely on his valuation and farm consultant activities.

Geof was highly regarded by the legal and farm management fraternity whose opinion was widely sought to arbitrate in farm estate litigation and advise on management issues. He was a member of the Wellington Land Valuation Tribunals and was active in the community being elected as a South Wairarapa councilor in 1987. He was appointed a Justice of the Peace in 1988 and successfully completed the advanced Judicial course and became actively engaged in District Court bench duties. Throughout his life he supported his local Church and was a vestryman for most of that time.

Geof retired in 1997 and moved to Wanganui to be closer to grandchildren and ran a few sheep and cattle on a 2ha lifestyle block while developing his interest in dog trialing. He died on 12th August, 2000, aged 69.
